I. Background

The Alabama Medicaid Agency (Agency) is requesting proposals from Vendors with expertise for a plan to provide external quality review for the seven Primary Care Case Management entities (PCCM-e) contracted to provide care management activities to Alabama Medicaid recipients. Services required are outlined through this Request for Proposal (RFP). The Code of Federal Regulations (CFR), 42 Part 438, subpart E, provides that contracts with managed care organizations must conduct external quality review, using a third-party External Quality Review Organization (EQRO). External quality review is defined by the CFR as “the analysis and evaluation by an EQRO, of aggregated information on quality, timeliness, and access to the health care services that [a] Managed Care Organization (MCO), Prepaid Inpatient Health Plan (PIHP), Prepaid Ambulatory Health Plan (PAHP), Primary Care Case Management (PCCM) entity, or their contractors furnish to Medicaid beneficiaries.” (42 C.F.R. § 438.320). A technical report is to be prepared annually by the EQRO defining methodologies used to evaluate managed care organizations (MCOs), detailing the evaluation and its outcomes, and providing recommendations for improvement. The projected implementation date of the RFP is November 11, 2024.

Currently, the Agency uses a third-party EQRO to provide external quality review and conduct the following activities on an annual basis:

1. Review, within the previous three-year period, to determine compliance with State standards for access to care, structure and operations, and quality measurement and improvement.
2. Validation of performance measures.
3. Validation of Quality Improvement Projects (QIPs).
4. Review of Compliance with Medicaid and CHIP Managed Care Regulations.

Alabama Coordinated Health Network (ACHN) Program

The Agency submitted a plan to Centers for Medicare and Medicaid Services (CMS) and was granted approval of a Section 1915(b) Waiver to implement a consolidated care coordination system to address issues with the health status of Medicaid recipients and the level of quality of existing services. The majority of recipients covered by Medicaid in Alabama are children, and addressing their care is important. A significant number of recipients suffer high rates of chronic conditions such as heart related conditions, asthma, hypertension, diabetes, and obesity.

Alabama has room to improve:

1. Maternity outcomes in Alabama are less than optimal, and preterm birth rates and infant mortality are higher than the national average.
2. Obesity is an issue across the country, but particularly in Alabama.
3. The use of illegal drugs and the inappropriate use of legal substances, such as alcohol and tobacco, is a national crisis and is an issue in Alabama.

The Agency previously operated statewide Patient 1st, Health Home, Maternity Care, and Plan First Programs for the state’s Medicaid recipients. Care coordination services were provided to recipients in each of these programs, linking recipients to appropriate services. The Agency consolidated these separate care coordination programs into a single program that will allow the Agency and providers a more

effective platform for service delivery and improved quality. The background and history of the programs are as follows:

1. Patient 1st was a traditional Medicaid Primary Care Case Management (PCCM) model. The Agency contracted directly with physicians throughout the state who agreed to serve as Primary Medical Providers (PMP). The PMP provided necessary medical services directly or through the referral process.
2. The Health Home Program was approved by CMS in 2012 to provide support services to recipients in twenty-one (21) counties under the Affordable Care Act Section 2703. The program expanded statewide on April 1, 2015. PMPs contracted with the Health Homes, to provide PCCM services to Health Home enrollees. Through this program, Care Coordination was available to enrollees who have or who are at risk of having certain chronic conditions: asthma, diabetes, cancer, hepatitis C, COPD, HIV, mental health conditions, substance use disorders, transplants, sickle cell, BMI >25, and/or heart disease.
3. The Maternity Care Program began in 1988 under the authority of a CMS 1915(b) waiver to address Alabama's high infant mortality, the high drop-in delivery rate and the lack of delivering healthcare professionals participating in the Medicaid Program. The Agency had fourteen (14) districts, twelve (12) of which had a primary Vendor who contracted for maternity services and provided care coordination for maternity enrollees.
4. The Plan First Program was implemented in 2000 based on the need for continued family planning services to individuals who would have otherwise lost eligibility. Services under this Program are designed to reduce unintended pregnancies and improve the well-being of children and families in Alabama by extending Medicaid eligibility for family planning services to eligible women (between the ages of 19 and 55) and men (ages 21 and over) whose income is at or below one hundred forty-one percent (141%) of the Federal Poverty Level (FPL). A standard income disregard of five percent (5%) of the FPL is applied if the individual is not eligible for coverage due to excess income. Services under the Plan First Program include care coordination, coverage of various types of birth control methods, office visits, HIV counseling, labs, and sterilizations. Men can receive a vasectomy, vasectomy related services, and vasectomy related care coordination.

The Agency proposed a system transformation that included the establishment of a managed care system, combining Family Planning care management services, Patient 1st (State Plan Amendment (SPA)) care management services, Health Home (SPA) functions, and Maternity Care (1915(b) Waiver) functions into single, region specific Primary Care Case Management entities (PCCM-e) throughout the state. Intended goals of the transformation include:

1. Creation of a delivery system that allows for seamless care management across eligibility categories and incentivizes quality outcomes;
2. Address statewide and regional health outcome goals;
3. Conduct outcome-focused population management activities;
4. Facilitate timeliness of key health activities (e.g., Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) screenings, flu shots, early entry to prenatal care, care for substance use disorder);
5. Focus on health disparities and social determinants of health in an effort to reduce barriers impacting health outcomes; and

6. Flexibility to address regional quality issues (e.g., asthma in a region due to environmental issues; substance use targeted in a local area where there is a high incidence of neonatal abstinence syndrome (NAS) infants, etc.).

The Agency established the Alabama Coordinated Health Network (ACHN) statewide in 2019 to streamline and increase access to case management and care coordination for Medicaid recipients within a single care coordination delivery system. The ACHN is comprised of seven regions: (Appendix E)

1. Central, which includes the following counties: Autauga, Butler, Chilton, Crenshaw, Dallas, Elmore, Lowndes, Marengo, Montgomery, Perry, and Wilcox.
2. East, which includes the following counties: Blount, Calhoun, Cherokee, Clay, Cleburne, Coosa, DeKalb, Etowah, Randolph, St. Clair, Talladega, and Tallapoosa.
3. Jefferson and Shelby, which includes the following counties: Jefferson and Shelby.
4. Northeast, which includes the following counties: Cullman, Jackson, Limestone, Madison, Marshall, and Morgan.
5. Northwest, which includes the following counties: Bibb, Colbert, Fayette, Franklin, Greene, Hale, Lamar, Lauderdale, Lawrence, Marion, Pickens, Sumter, Tuscaloosa, Walker, and Winston.

VI. Submission Requirements

A. Authority

This RFP is issued under the authority of Section 41-4-110 et. seq. of the Alabama Code and 45 C.F.R. part 75. The RFP process is a procurement option allowing the award to be based on stated evaluation criteria. The RFP states the relative importance of all evaluation criteria. No other evaluation criteria, other than as outlined in the RFP, will be used.

In accordance with 45 C.F.R. part 75, the State encourages free and open competition among Vendors. Whenever possible, the State will design specifications, proposal requests, and conditions to accomplish this objective, consistent with the necessity to satisfy the State’s need to procure technically sound, cost-effective services and supplies.

B. Single Point of Contact

From the date this RFP is issued until a Vendor is selected and the selection is announced by the Project Director, all communication must be directed to the Project Director in charge of this solicitation. **Vendors or their representatives must not communicate with any State staff or officials regarding this procurement with the exception of the Project Director.** Any unauthorized contact may disqualify the Vendor from further consideration. Contact information for the single point of contact is as follows:

D. Questions Regarding the RFP

Vendors with questions requiring clarification or interpretation of any section within this RFP must submit questions and receive formal, written replies from the State. Each question must be submitted to the Project Director via email. Questions and answers will be posted on the website as available.

E. Acceptance of Standard Terms and Conditions

Vendor must submit a statement stating that the Vendor has an understanding of and will comply with the terms and conditions as set out in this RFP. Additions or exceptions to the standard terms and conditions are not allowed.

F. Adherence to Specifications and Requirements

Vendor must submit a statement stating that the Vendor has an understanding of and will comply with the specifications and requirements described in this RFP.

G. Order of Precedence

In the event of inconsistencies or contradictions between language contained in the RFP and a Vendor’s response, the language contained in the RFP will prevail. Should the State issue addenda to the original RFP, then said addenda, being more recently issued, would prevail against both the original RFP and the Vendor's proposal in the event of an inconsistency, ambiguity, or conflict.

H. Vendor’s Signature

The proposal must be accompanied by the RFP Cover Sheet signed in ink by an individual authorized to legally bind the Vendor. The Vendor’s signature on a proposal in response to this RFP guarantees that the offer has been established without collusion and without effort to preclude the State from obtaining the best possible supply or service. Proof of authority of the person signing the RFP response must be furnished upon request.

I. Offer in Effect for 90 Days

A proposal may not be modified, withdrawn or canceled by the Vendor for a 90-day period following the deadline for proposal submission as defined in the Schedule of Events, or receipt of best and final offer, if required, and Vendor so agrees in submitting the proposal.

J. State Not Responsible for Preparation Costs

The costs for developing and delivering responses to this RFP and any subsequent presentations of the proposal as requested by the State are entirely the responsibility of the Vendor. The State is not liable for any expense incurred by the Vendor in the preparation and presentation of their proposal or any other costs incurred by the Vendor prior to execution of a contract.

K. State's Rights Reserved

While the State has every intention to award a contract as a result of this RFP, issuance of the RFP in no way constitutes a commitment by the State to award and execute a contract. Upon a determination such actions would be in its best interest, the State, in its sole discretion, reserves the right to:

- Cancel or terminate this RFP;
- Reject any or all of the proposals submitted in response to this RFP;
- Change its decision with respect to the selection and to select another proposal;
- Waive any minor irregularity in an otherwise valid proposal which would not jeopardize the overall program and to award a contract on the basis of such a waiver (minor irregularities are those which will not have a significant adverse effect on overall project cost or performance);
- Negotiate with any Vendor whose proposal is within the competitive range with respect to technical plan and cost;
- Adopt to its use all, or any part, of a Vendor's proposal and to use any idea or all ideas presented in a proposal;
- Amend the RFP (amendments to the RFP will be made by written addendum issued by the State and will be posted on the RFP website);
- Not award any contract.

Vendors must respond to this RFP by utilizing the RFP Cover Sheet to indicate the firm and fixed price for the implementation and updating/operation phase to complete the scope of work.

M. E-Verify Memorandum of Understanding

The proposal response must include an E-Verify Memorandum of Understanding with the Department of Homeland Security.

N. Proposal Format

Proposals must be prepared on standard 8 ½" x 11" paper and must be bound. All proposal pages must be numbered unless specified otherwise. All responses, as well as, any reference material presented, must be written in English.

Proposals must not include references to information located elsewhere, such as Internet websites. Information or materials presented by the Vendor outside the formal response or subsequent discussion/negotiation, if requested, will not be considered, and will have no bearing on any award.

This RFP and its attachments are available on Medicaid's website. The Vendor acknowledges and accepts full responsibility to ensure that no changes are made to the RFP. In the event of inconsistencies or contradictions between language contained in the RFP and a Vendor's response, the language contained in the RFP will prevail. Should Medicaid issue addenda to the original RFP, then said addenda, being more recently issued, would prevail against both the original RFP and the Vendor's proposal.

O. Proposal Withdrawal

The Vendor may withdraw a submitted proposal at any time before the deadline for submission. To withdraw a proposal, the Vendor must submit a written request, signed by a 's representative authorized to sign the resulting contract, to the RFP Project Director. After withdrawing a previously submitted proposal, the Vendor may submit another proposal at any time up to the deadline for submitting proposals.

P. Proposal Amendment

Medicaid will not accept any amendments, revisions, or alterations to proposals after the deadline for submitting proposals unless such is formally requested, in writing, by Medicaid.

Q. Proposal Errors

The Vendor is liable for all errors or omissions contained in their proposals. The Vendor will not be allowed to alter proposal documents after the deadline for submitting proposals. If the Vendor needs to change a previously submitted proposal, the Vendor must withdraw the entire proposal and may submit the corrected proposal before the deadline for submitting proposals.

R. Disclosure of Proposal Contents

Proposals and supporting documents are kept confidential until the evaluation process is complete and a Vendor has been selected. The Vendor should be aware that any information in a proposal may be subject to disclosure and/or reproduction under Alabama law. Designation as proprietary or confidential may not protect any materials included within the proposal from disclosure if required by law. The Vendor should mark or otherwise designate any material that it feels is proprietary or otherwise confidential by labeling the page as "CONFIDENTIAL". The Vendor must also state any legal authority as to why that material should not be subject to public disclosure under Alabama open records law and is marked as Proprietary Information. By way of illustration but not limitation, "Proprietary Information" may include trade secrets, inventions, mask works, ideas, processes, formulas, source and object codes, data, programs, other works of authorship, know-how, improvements, discoveries, developments, designs and techniques.

Information contained in the Pricing Section may not be marked confidential. It is the sole responsibility of the Vendor to indicate information that is to remain confidential. Medicaid assumes no liability for the disclosure of information not identified by the Vendor as confidential. If the Vendor identifies its entire proposal as confidential, Medicaid may deem the proposal as non-compliant and may reject it.

S. Submission of Proposals

Proposals must be sealed and labeled on the outside of the package to clearly indicate that they are in response to 2024-EQRO-01. Proposals must be sent to the attention of the Project Director and received at the Agency as specified in the Schedule of Events. It is the responsibility of the Vendor to ensure receipt of the Proposal by the deadline specified in the Schedule of Events.

T. Copies Required

Vendors must submit one original Proposal with original signatures in ink, one additional hard copy in binder form, plus two electronic copies of the Proposal on CD/DVD or jump drive clearly labeled with the Vendor name. One electronic copy (Word and searchable PDF format) MUST be a complete version of the Vendor's response and the second electronic (searchable PDF format) copy MUST have any information asserted as confidential or proprietary removed. Vendor must identify the original hard copy clearly on the outside of the proposal.

U. Late Proposals

Regardless of cause, late proposals will not be accepted and will automatically be disqualified from further consideration. It shall be the Vendor's sole risk to assure delivery at the Agency by the designated

deadline. Late proposals will not be opened and may be returned to the Vendor at the expense of the Vendor or destroyed if requested.

V. Proposal Clarifications

The Agency reserves the right to request clarifications with any or all Vendors if they are necessary to properly clarify compliance with the requirements of this RFP. The Agency will not be liable for any costs associated with such clarifications. The purpose of any such clarifications will be to ensure full understanding of the proposal. Clarifications will be limited to specific sections of the proposal identified by Medicaid. If clarifications are requested, the Vendor must put such clarifications in writing within the specified time frame.

W. Performance Bond

In order to assure full performance of all obligations imposed on a Vendor contracting with Medicaid, the Vendor will be required to provide a performance guarantee in the amount of \$1,000,000.00. The performance guarantee must be submitted by the Vendor at least ten (10) calendar days prior to the contract start date. Failure of the Vendor to perform satisfactorily shall cause the performance bond to become due and payable to Medicaid. The Chief Financial Officer of Medicaid or his designee shall be the custodian of the performance bond. Said bond shall be extended in the event Medicaid exercises its option to extend the operational contract.

VII. Evaluation and Selection Process

A. Initial Classification of Proposals as Responsive or Non-responsive

All proposals will initially be classified as either "responsive" or "non-responsive." Proposals may be found non-responsive at any time during the evaluation process or contract negotiation if any of the required information is not provided; or the proposal is not within the plans and specifications described and required in the RFP. If a proposal is found to be non-responsive, it will not be considered further.

Proposals failing to demonstrate that the Vendor meets the mandatory requirements listed in Appendix A will be deemed non-responsive and not considered further in the evaluation process (and thereby rejected).

B. Determination of Responsibility

The Project Director will determine whether a Vendor has met the standards of responsibility. In determining responsibility, the Project Director may consider factors such as, but not limited to, the vendor's specialized expertise, ability to perform the work, experience and past performance. Such a determination may be made at any time during the evaluation process and through contract negotiation if information surfaces that would result in a determination of non-responsibility. If a Vendor is found non-responsible, a written determination will be made a part of the procurement file and mailed to the affected Vendor.

C. Opportunity for Additional Information

The State reserves the right to contact any Vendor submitting a proposal for the purpose of clarifying issues in that Vendor’s proposal. Vendors should clearly designate in their proposal a point-of-contact for questions or issues that arise in the State’s review of a Vendor’s proposal.

D. Evaluation Committee

The Project Director will forward this Vendor’s proposal through the supervisory chain to the Commissioner, with documentation to justify the Committee’s recommendation.

The Commissioner will review the Committee’s recommendation as well as the Vendor’s past performance under previously awarded contracts, if applicable. The Vendor whose proposal is determined by the Commissioner to be in the best interests of the State will be recommended as the successful contractor. When the final approval is received, the State will notify the selected Vendor. If the State rejects all proposals, it will notify all Vendors.

Ineligibility and Voluntary Exclusion**

(Derived from Appendix B to 45 CFR Part 76--Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions)

1. By signing and submitting this contract, the prospective lower tier participant is providing the certification set out therein.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this contract was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Alabama Medicaid Agency (the Agency) may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the Agency if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, and voluntarily excluded, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this contract is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this contract that, should the contract be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this contract that it will include this certification clause without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Agency may pursue available remedies, including suspension and/or debarment.
