

ACT Waiver

The ACT Waiver will provide services to individuals with disabilities or long-term illnesses who currently reside in an institution and who desire to transition to a home or community based setting. A second target population would be individuals currently being served on one of Alabama's other HCBS waivers whose condition is such that their current waiver is not meeting their needs and admission to an institution would be imminent if the ACT Waiver was not an option to meet their needs in the community. The ACT Waiver also will offer a consumer-directed option, which will give individuals the opportunity to have greater involvement, control, and choice in identifying, accessing, and managing long-term services and community supports.

Target Group:

- Individuals with disabilities or long term illnesses currently residing in an institution

ACT Waiver services:

- Case Management
- Transitional Assistance Services
- Personal Care
- Homemaker Services
- Adult Day Health
- Infestation Control
- Home Delivered Meals
- Skilled/Unskilled Respite
- Skilled Nursing
- Adult Companion Services
- Home Modifications
- Assistive Technology
- Personal Emergency Response Systems (PERS) –Installation/Monthly Fee
- Medical Equipment Supplies and Appliances
- Personal Assistant Service (PAS)

How will the Consumer-Directed option work?

The consumer-directed option allows self-direction of Personal Care, Personal Assistance, Homemaker, Unskilled Respite, and Companion Services.
