			In order to comply with the Tribal Consultation requirement of Section 1902(a)(73) of the Social Security Act and Federal Regulation, 42 CFR 431.12(b), Alabama Medicaid Agency will seek the advice on a regular on-going basis from designees of Indian health programs whether operated by the Indian Health Service (HIS), Tribes or Tribal organizations under the Indian Self-Determination and Education Assistance Act (ISDEAA), or Urban Indian Organizations under the Indian Health Care Improvement Act (IHICA). Section 2107 (e) (I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program (CHIP). In Alabama the CHIP program is administered through the Alabama Department of Public Health. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.
			The Poarch Band of Creek Indians is the only federally recognized Indian Tribe in the state of Alabama.
			The State will advise either per certified letter or by an expedited process of email and fax on matters related to Medicaid and for consultation on all State Plan Amendments, waiver proposals, waiver extensions, waiver amendments, waiver renewals, proposals for demonstration projects and any other changes that would affect the Tribe prior to submission to CMS.
			It will be the standard operating procedure of the Alabama Medicaid Agency to give 30 day written notice to the Tribal Chair prior to any submission to CMS. This notice will be sent by certified mail. The Tribe will be allowed 30 calendar days from the date of the receipt of the notice to respond.

1.5 Pediatric Immunization Program

(MB)

1928 of the Act 1.

The State has implemented a program for the distribution of pediatric vaccines to programregistered providers for the immunization of federally vaccine-eligible children in accordance with section 1928 as indicated below.

- a. The State program will provide each vaccineeligible child with medically appropriate vaccines according to the schedule developed by the Advisory Committee on Immunization Practices and without charge for the vaccines.
- b. The State will outreach and encourage a variety of providers to participate in the program and to administer vaccines in multiple settings, e.g., private health care providers, providers that receive funds under Title V of the Indian Health health Care Improvement Act, programs or facilities operated by Indian tribes. and maintain a list of program-registered providers.
- With respect to any population of vaccinec. eligible children a substantial portion of whose parents have limited ability to speak the English language, the State will identify programregistered providers who are able to communicate with this vaccine-eligible population in the language and cultural context which is most appropriate.
- d. The State will instruct program-registered providers to determine eligibility in accordance with section 1928(b) and (h) of the Social Security Act.
- The State will assure that no program-registered e. provider will charge more for the administration of the vaccine than the regional maximum established by the Secretary. The State will inform program-registered providers of the maximum fee for the administration of vaccines.
- f. The State will assure that no vaccine-eligible child is denied vaccines because of an inability to pay an administration fee.

| Section 1902(a)(42)(B)(i)<br>of the Social Security Act | _     | The State has established a program under which it will contract with one<br>or more recovery audit contractors (RACs) for the purpose of identifying<br>underpayments and overpayments of Medicaid claims under the State plan<br>and under any waiver of the State plan.                                                                                                                                                                                                                                               |
|                                                         | X     | The State is seeking an exception to establishing such program for the following reasons:                                                                                                                                                                                                                                                                                                                                                                                                                                |
|                                                         |       | The State is seeking an exception to 42 CFR §455.502(b), the<br>Medicaid Recovery Audit Contractor (RAC) program. The<br>State did not procure a vendor in response to the Medicaid<br>RAC Services Request for Proposals issued on June 1, 2017,<br>August 7, 2019, and May 6, 2022. Alabama believes that<br>potential bidders are not bidding on the Request for Proposal<br>because RACs are paid on a contingency fee basis, and it does<br>not appear to be enough of an incentive to take on the RAC<br>contract. |
| Section 1902(a)(42)(B)(ii)(I)<br>of the Act             |       | The State/Medicaid agency has contracts of the type(s) listed in section 1902(a)(42)(B)(ii)(I) of the Act. All contracts meet the requirements of the statute. RACs are consistent with the statute.                                                                                                                                                                                                                                                                                                                     |

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State/Territory: Alabama

<u>Citation (s)</u> 42 CFR 433.36 (c) 1902(a) (18) and 1917(a) and (b) of The Act

- 4.17 Liens and Adjustments or Recoveries
  - (a) <u>Liens</u>

X

- The State imposes liens against an individual's real property on account of medical assistance paid or to be paid. The State complies with the requirements of section 1917 (a) of the Act and regulations at 42 CFR 433.36 (c)-(g) with respect to any lien imposed against the property of any individual prior to his or her death on account of medical assistance paid or to be paid on his or her behalf.
- \_\_\_\_\_ The State imposes liens on real property on account of benefits incorrectly paid.
- X The State imposes TEFRA liens 1917 (a) (1) (B) on real property of an individual who is an inpatient of a nursing facility, ICF/MR, or other medical institution, where the individual is required to contribute toward the cost of institutional care all but a minimal amount of income required for personal needs.

The procedures by the State for determining that an institutionalized individual cannot reasonably be expected to be discharged are specified in Attachment 4.17-A. (NOTE: If the State indicates in its State Plan that it is imposing TEFRA liens, then the State is required to determine whether an institutionalized individual is permanently institutionalized and afford these individuals notice, hearing procedures, and due process requirements.)

The State imposes liens on both real and personal property of an individual after the individual's death.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

#### State/Territory: Alabama

#### 4.17 (b) Adjustments or Recoveries

#### (3) (Continued)

Limitations on Estate Recovery - Medicare Cost Sharing:

(i) Medical assistance for Medicare cost sharing is protected from estate recovery for the following categories of dual eligibles: QMB, SLMB, QI, QDWI, QMB+, SLMB+. This protection extends to medical assistance for four Medicare cost sharing benefits: (Part A and B premiums, deductibles, coinsurance, co-payments) with dates of service on or after January 1,2010. The date of service for deductibles, coinsurance, and copayments is the date the request for payment is received by the State Medicaid Agency. The date of service for premiums is the date the State Medicaid Agency paid the premium.

(ii) In addition to being a qualified dual eligible the individual must also be age 55 or over. The above protection from estate recovery for Medicare cost sharing benefits (premiums, deductibles, coinsurance, co-payments) applies to approved mandatory (i.e., nursing facility, home and community-based services, and related prescription drugs and hospital services) as well as optional Medicaid services identified in the State plan, which are applicable to the categories of duals referenced above.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State/Territory: <u>Alabama</u> 4.39 (Continued)

- Except for residents identified in Х (f) 42 CFR 483.118(c)(1), the State mental health or mental retardation authority makes categorical determinations that individuals with certain mental conditions or levels or severity of mental illness would normally require specialized services of such an intensity that a specialized services program could not be delivered by the State in most, if not all, NFs and that a more appropriate placement should be utilized.
  - (g) The State describes any categorical determination it applies in <u>ATTACH-</u> MENT 4.39-A.

6.3 State Financial Participation

(a) State funds are used in both assistance and administration.

- X State funds are used to pay all of the non-Federal share of total expenditures under the plan.
- There is local participation. State 11 funds are used to pay not less than 40 percent of the non-Federal share of the total expenditures under the plan. There is a method of apportioning Federal and State funds among the political subdivisions of the State on an equalization or other basis which assures that lack of adequate funds from local sources will not result in lowering the amount, duration, scope or quality of care and services or level of administration under the plan in any part of the State.
- (b) State and Federal funds are apportioned among the political subdivisions of the State on a basis consistent with equitable treatment of individuals in similar circumstances throughout the State.

## Section 7 – General Provisions 7.4. Medicaid Disaster Relief for the COVID-19 National Emergency

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 et seq.), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and waivers will no longer be available, upon termination of the public health emergency, including any extensions.

The State Medicaid agency (agency) seeks to implement the policies and procedures described below, which are different than the policies and procedures otherwise applied under the Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof), or for any shorter period described below:

Describe shorter period here.

NOTE: States may not elect a period longer than the Presidential or Secretarial emergency declaration (or any renewal thereof). States may not propose changes on this template that restrict or limit payment, services, or eligibility, or otherwise burden beneficiaries and providers.

## **Request for Waivers under Section 1135**

X\_\_\_\_ The agency seeks the following under section 1135(b)(1)(C) and/or section 1135(b)(5) of the Act:

- a. <u>X</u> SPA submission requirements the agency requests modification of the requirement to submit the SPA by March 31, 2020, to obtain a SPA effective date during the first calendar quarter of 2020, pursuant to 42 CFR 430.20.
- <u>X</u> Public notice requirements the agency requests waiver of public notice requirements that would otherwise be applicable to this SPA submission. These requirements may include those specified in 42 CFR 440.386 (Alternative Benefit Plans), 42 CFR 447.57(c) (premiums and cost sharing), and 42 CFR 447.205 (public notice of changes in statewide methods and standards for setting payment rates).

c. <u>X</u> Tribal consultation requirements – the agency requests modification of tribal consultation timelines specified in [insert name of state] Medicaid state plan, as described below:

Alabama Medicaid is requesting, for any state plan submitted related to the COVID-19 emergency declared by the President or Secretary, the ability to give tribal notice at the time the State Plan is filed with CMS.

# Section 7 – General Provisions 7.4. Medicaid Disaster Relief for the COVID-19 National Emergency

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 et seq.), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and waivers will no longer be available, upon termination of the public health emergency, including any extensions.

The State Medicaid agency (agency) seeks to implement the policies and procedures described below, which are different than the policies and procedures otherwise applied under the Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof), or for any shorter period described below:

Describe shorter period here.

NOTE: States may not elect a period longer than the Presidential or Secretarial emergency declaration (or any renewal thereof). States may not propose changes on this template that restrict or limit payment, services, or eligibility, or otherwise burden beneficiaries and providers.

1. Effective February 1, 2022, the Alabama Medicaid Agency rescinds the election at item E.2.a and E.2.b of section 7.4 (approved on April 13, 2020 in SPA AL-20-0006) of the disaster state plan amendment (SPA), which provided a \$20.00 per diem add-on uniformly for all nursing home facilities and an additional cleaning fee for the Medicaid portion of the actual costs incurred for facilities with COVID-19 patients or staff. The \$20.00 add-on has been incorporated in the actual per diem rates under the regular state plan effective February 1, 2022 based upon a full year of COVID-19 cost data included in each facilities' June 30, 2021 cost report. The \$20.00 add-on was not offset in deriving the February 1, 2022 per diem rates. The cleaning fee cost has also been absorbed in the cost reports. Providers were notified of their individual rates effective February 1, 2022 in accordance with normal rate setting process outlined in the regular state plan.

# Section 7 – General Provisions 7.4. Medicaid Disaster Relief for the COVID-19 National Emergency

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 et seq.), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and waivers will no longer be available, upon termination of the public health emergency, including any extensions.

The State Medicaid agency (agency) seeks to implement the policies and procedures described below, which are different than the policies and procedures otherwise applied under the Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof), or for any shorter period described below:

The flexibilities described in this SPA shall be implemented throughout the duration of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof).

NOTE: States may not elect a period longer than the Presidential or Secretarial emergency declaration (or any renewal thereof). States may not propose changes on this template that restrict or limit payment, services, or eligibility, or otherwise burden beneficiaries and providers.

# **Request for Waivers under Section 1135**

X The agency seeks the following under section 1135(b)(1)(C) and/or section 1135(b)(5) of the Act:

- a. \_\_X\_\_ SPA submission requirements the agency requests modification of the requirement to submit the SPA by March 31, 2020, to obtain a SPA effective date during the first calendar quarter of 2020, pursuant to 42 CFR 430.20.

# Section 7 – General Provisions 7.4. Medicaid Disaster Relief for the COVID-19 National Emergency

On March 13, 2020, the President of the United States issued a proclamation that the COVID-19 outbreak in the United States constitutes a national emergency by the authorities vested in him by the Constitution and the laws of the United States, including sections 201 and 301 of the National Emergencies Act (50 U.S.C. 1601 et seq.), and consistent with section 1135 of the Social Security Act (Act). On March 13, 2020, pursuant to section 1135(b) of the Act, the Secretary of the United States Department of Health and Human Services invoked his authority to waive or modify certain requirements of titles XVIII, XIX, and XXI of the Act as a result of the consequences COVID-19 pandemic, to the extent necessary, as determined by the Centers for Medicare & Medicaid Services (CMS), to ensure that sufficient health care items and services are available to meet the needs of individuals enrolled in the respective programs and to ensure that health care providers that furnish such items and services in good faith, but are unable to comply with one or more of such requirements as a result of the COVID-19 pandemic, may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse. This authority took effect as of 6PM Eastern Standard Time on March 15, 2020, with a retroactive effective date of March 1, 2020. The emergency period will terminate, and waivers will no longer be available, upon termination of the public health emergency, including any extensions.

The State Medicaid agency (agency) seeks to implement the policies and procedures described below, which are different than the policies and procedures otherwise applied under the Medicaid state plan, during the period of the Presidential and Secretarial emergency declarations related to the COVID-19 outbreak (or any renewals thereof), or for any shorter period described below:

N/A

NOTE: States may not elect a period longer than the Presidential or Secretarial emergency declaration (or any renewal thereof). States may not propose changes on this template that restrict or limit payment, services, or eligibility, or otherwise burden beneficiaries and providers.

# **Request for Waivers under Section 1135**

<u>X</u> The agency seeks the following under section 1135(b)(1)(C) and/or section 1135(b)(5) of the Act:

- a. X SPA submission requirements the agency requests modification of the requirement to submit the SPA by March 31, 2020, to obtain a SPA effective date during the first calendar quarter of 2020, pursuant to 42 CFR 430.20.
- <u>X</u> Public notice requirements the agency requests waiver of public notice requirements that would otherwise be applicable to this SPA submission. These requirements may include those specified in 42 CFR 440.386 (Alternative Benefit Plans), 42 CFR 447.57(c) (premiums and cost sharing), and 42 CFR 447.205 (public notice of changes in statewide methods and standards for setting payment rates).
- c.  $\underline{X}$  Tribal consultation requirements the agency requests modification of tribal consultation timelines specified in Alabama Medicaid state plan, as described below:

TN: <u>AL-23-0001</u> Supersedes TN: <u>NEW</u> Approval Date: <u>3/03/2023</u> Effective Date: <u>3/01/2020</u>

Alabama Medicaid is requesting, for any state plan submitted related to the COVID-19 emergency declared by the President or Secretary, the ability to give tribal notice at the time the State Plan is filed with CMS.

Dear Mr. Royal:

I am providing you copies of the letter from Governor Guy Hunt appointing Carol A. Herrmann, Commissioner, as his Designee to process State Plan Amendments from this agency.

This action is based on the October 21, 1988 federal regulation as stated in 42 CFR Section 430.12(b)(2)(i) which states "submission is not required if the Governor's designee is the head of the Medicaid Agency."

Please place these copies in your files for future reference concerning State Plan Amendments. Your cooperation is appreciated.

GOVERNOR'S OFFICE

December 9, 1988

GUY HUNT GOVERNOR

> Ms. Carol A. Herrmann Commissioner Alabama Medicaid Agency 2500 Fairlane Drive Montgomery, AL 36130

Dear Ms. Herrmann:

Federal regulations require that state Medicaid agencies operate under a federally approved State Plan which reflects the characteristics of the particular state's Medicaid program. Heretofore, there were no exceptions to the requirement in 42 C.F.R. Section 430.12 (b)(1)(i) which states "the Medicaid agency must submit the State plan and State plan amendments to the State Governor or his designee for review and comment before submitting them to the HCFA regional office."

Effective October 21, 1988, federal regulations included an exception to that requirement as stated in 42 C.F.R. Section 430.12 (b)(2)(1). This stated "submission is not required if the Governor's designee is the head of the Medicaid agency."

Since I know that you keep me informed on all significant developments in Medicaid, I am pleased to expedite our administrative actions by naming you as my Designee to process the State Plan Amendments without sending them to my office for review and comment.

If any further action is appropriate, please let me know.

#### STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT STATE OF ALABAMA

## Eligibility Determination Staff and Functions

There are four agencies in Alabama that certify individuals for Medicaid. These agencies certify certain groups of individuals for Medicaid based on their circumstances.

These agencies are:

The Social Security Administration (SSA),

The Alabama Department of Public Health (ADPH),

The Department of Human Resources (DHR), and

The Alabama Medicaid Agency (AMA).

The Social Security Administration certifies individuals for the following programs: Alabama is a Section 1634 state and accepts Social Security Administration's eligibility determination for aged, blind, or disabled persons who have low income that may qualify for cash assistance through the Supplemental Security Income (SSI) program. Individuals eligible for Supplemental Security Income (SSI) are automatically eligible for Medicaid.

#### STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

#### STATE OF ALABAMA

Definition of a Health Maintenance Organization

Within the guidelines of 42 CFR §434.20(c) and Alabama Department of Public Health Administration Code Rule 420-5-6.01 - 420-5-6.15 the definition of a Health Maintenance Organization, herein abbreviated as HMO, means a licensed entity which provides, either directly, or through arrangements, those health care services, medical assistance, and rehabilitation services which enrollees might reasonably require in order to be maintained in good health.

Such HMO services shall be provided to each enrollee on a capitation fee basis. Such HMO services shall include, but not be limited to, the following, wherever provided:

- 1. Medical assessment and evaluation
- 2. Physician services; which shall include consultant and physician referral services
- 3. Inpatient and outpatient hospital services
- 4. Medically necessary emergency health services
- 5. Diagnostic laboratory and diagnostic and therapeutic radiologic services
- 6. Home Health services
- 7. Preventive health services; which shall include periodic health evaluations for adults, Early and Periodic Screening, Diagnosis, and Treatment (EPSDT), and immunizations and may include voluntary family planning

In addition an HMO must meet at least the following requirements:

- (1) The HMO makes the services it provides to its Medicaid enrollees as accessible to them (in terms of timeliness, amount, duration, and scope) as those services are to non-enrolled Medicaid recipients within its service area.
- (2) The HMO makes provision, satisfactory to the Medicaid Agency, against the risk of insolvency, and assures that Medicaid enrollees will not be liable for its debts if it does become insolvent, and;
- (3) Be organized primarily for the purpose of providing health care services.

Condition or Requirement

An applicant or recipient must also cooperate in establishing the paternity of any eligible child and in obtaining medical support and payments for himself or herself and any other person who is eligible for Medicaid and on whose behalf the individual can make an assignment; except that individuals described in §1902(1)(1)(A) of the Social Security Act (pregnant women and women in the post-partum period) are exempt from these requirements involving paternity and obtaining support. Any individual may be exempt from the cooperation requirements by demonstrating good cause for refusing to cooperate.

An applicant or recipient must also cooperate in identifying any third party who may be liable to pay for care that is covered under the State Plan and providing information to assist in pursuing these third parties. Any individuals may be exempt from the cooperation requirements by demonstrating good cause for refusing to cooperate.

42 CFR 435.910

 Is required, as a condition of eligibility, to furnish his/her social security account number (or numbers, if he/she has more than one number).

<sup>&</sup>lt;u>/ X /</u> Assignment of rights is automatic because of State law.

State: Alabama Citation Condition or Requirement 42 CFR 435.711 С. Financial Eligibility 435.721,435.831 For individuals who are AFDC or SSI recipients, the income and resource levels and methods for determining countable income and resources of the AFDC and SSI program apply, unless the plan provides for more restrictive levels and methods than SSI for SSI recipients under section 1902(f)of the Act, or more liberal methods under section 1902(r)(2) of the Act, as specified below. For individuals who are not AFDC or SSI recipients in a non-section 1902(f) State and those who are deemed to be cash assistance recipients, the financial eligibility requirements specified in this section C apply. Supplement 1 to ATTACHMENT 2.6-A specifies the income levels for mandatory and optional categorically needy groups of individuals, including individuals with incomes related to the Federal income poverty level--pregnant women and infants or children covered under sections 1902(a)(10)(A)(i)(IV), 1902(a)(10)(A)(i)(VI), 1902(a)(10)(A)(i)(VII) and 1902(a)(10)(A)(ii)(IX) of the Act and aged and groups of gualified Medicare beneficiaries and Qualified Disabled Working Individuals covered under section 1902(a)(10)(E)(i) and 1902(a)(10)(E)(ii) of the Act.

Handling of Excess Income - Spend-down for the Medically Needy in All States and the 435.831 Categorically Needy in 1902(f) States Only Medically Needy a. (1)Income in excess of the MNIL is considered as available for payment of medical care and services. The Medicaid agency measures available income for periods of month(s) (not to exceed 6 months) to determine the amount of excess countable income applicable to the cost of medical care and services. (2)If countable income exceeds the MNIL standard, the agency deducts the following incurred expenses in the following order: (a) Health insurance premiums, deductibles and coinsurance charges. (b) Expenses for necessary medical and remedial care not included in the plan. (c) Expenses for necessary medical and remedial care included in the plan. Reasonable limits on amounts of expenses expenses deducted from income under

1902(a)(17) of the Incurred expenses that are subject to Act payment by a third party are not deducted unless the expenses are subject to payment by a third party that is a publicly funded program (other than Medicaid) of a State or local government.

a.(2)(a) and (b) above are listed below.

#### Condition or Requirement

Section 12. Pre-OBRA 93 Transfer of Resources -1902(a)(18) Categorically and Medically Needy, Qualified Medicare and 1902(f) of Beneficiaries, and Qualified Disabled and Working the Act Individuals.

The agency complies with the provisions of section 1917 of the Act with respect to the transfer of resources.

Disposal of resources at less than fair market value affects eligibility for certain services as detailed in <u>Supplement 9</u> to <u>Attachment 2.6-A</u>.

1917(c) 13. Transfer of Assets - All eligibility groups

The agency complies with the provisions of section 1917(c) of the Act, as enacted by OBRA 93, with regard to the transfer of assets.

Disposal of assets at less than fair market value affects eligibility for certain services as detailed in <u>Supplement 9(a)</u> to <u>ATTACHMENT 2.6-A</u>, except in instances where the agency determines that the transfer rules would work an undue hardship.

1917(d) 14. Treatment of Trusts - All eligibility groups

The agency complies with the provisions of section 1917(d) of the Act, as amended by OBRA 93, with regard to trusts.

The agency uses more restrictive methodologies under section 1902(f) of the Act, and applies those methodologies in dealing with trusts;

X The agency meets the requirements in section 1917(d)(f)(B) of the act for use of <u>Miller</u> trusts.

The agency does not count the funds in a trust in any instance where the agency determines that the transfer would work an undue hardship, as described in <u>Supplement 10 to ATTACHMENT 2.6-A</u>.

#### Family Needs Allowance

#### Spouse Only

The current Federal Benefit Rate will be used as the needs allowance for the spouse at home. Any income of the spouse at home will be deducted from the standard to determine allocation. If the spouse at home has no income, the standard will be allocated. If the income of the institutionalized spouse is below the standard, the entire income will be allocated except for the protected personal needs allowance and the veterans aid and attendance allowance.

#### Other Family Members

When there are other family members, the AFDC standard will be used. The total number of family members at home will be computed against this table. This standard will be used when there are other family members even though in some instances the needs allowance will be less than that of a spouse only. Any income of the family at home will be deducted from the standard to determine allocation. If the family at home has no income, the standard will be allocated. If the income of the institutionalized spouse is below the standard, the entire income will be allocated except for the protected personal needs allowance and the veterans aid and attendance. The AFDC definition of family units will be used in determining who is a family member.

#### 3. Aged and Disabled Individuals

The levels for determining income eligibility for groups of aged and disabled individuals under the provisions of section 1902(m)(1) of the Act are as follows: (as per P.M.93-5 5/93

Based on \_\_\_\_\_ percent of the official Federal income poverty line.

| Family Size | Income Level |
|-------------|--------------|
| 1           | \$           |
| 2           | \$           |
| 3           | \$           |
| 4           | \$           |
| 5           | \$           |

In an individual receives a title II benefit, any amount attributable to the most recent increase in the monthly insurance benefit as a result of a title II COLA is not counted as income during a "transition period" beginning with January, when the title II benefit for December is received, and ending with the last day of the month following the month of publication of the revised annual Federal poverty level.

For individuals with the title II income, the revised poverty levels are not effective until the first day of the month following the end of the transition period.

For individuals not receiving title II income, the revised poverty levels are effective no later than the beginning of the month following the date of publication. Revision: HCFA-PM-91-4 August 1991

#### State: Alabama

# REASONABLE LIMITS ON AMOUNTS FOR NECESSARY MEDICAL OR REMEDIAL CARE NOT COVERED BY MEDICAID OR ANY THIRD PARTY

CITATION 435.725(C) (4) (ii) A deduction will be allowed from an individual's income for incurred expenses for medical or remedial care that are not subject to payment by a third party, including (1) Medicare and other health insurance premiums, deductibles, or coinsurance charges; and (2) medically necessary medical or remedial care recognized under State law but not covered under the State's Medicaid plan, subject to reasonable limits the agency may establish on amounts of these expenses.

The State sets reasonable limits as follows:

A deduction for expenses incurred for medically necessary non-covered medical or remedial care will be allowed based on the lesser of the Medicaid rate, the Medicare rate, or reasonable and customary charges.

A deduction for incurred medically necessary non-covered medical or remedial care expenses will be allowed when the bill is incurred during a period which is no more than three months prior to the month of current application.

The deduction for medical and remedial care expenses that were incurred as the result of a transfer penalty period is limited to zero.

A deduction for initial or replacement dentures will be allowed for those meeting Agency established medical necessity criteria.

A deduction for hearing aids will be allowed for those meeting Agency established medical necessity criteria.

### MORE LIBERAL METHODS OF TREATING INCOME UNDER SECTION 1902(r)(2) OF THE ACT\*

 $\overline{//}$  Section 1902(f) State  $\overline{/X/}$  Non-Section 1902(f) State

The consideration of in-kind support and maintenance in the income calculation is waived for determining eligibility of individuals and couples as Qualified Medicare Beneficiaries and Specified Low Income Medicare Beneficiaries.

Fluctuating income may be averaged for the past six months and projected for twelve months for determining eligibility of individuals and couples as Qualified Medicare Beneficiaries and Specified Low Income Medicare Beneficiaries.

Income will not be deemed from parents to pregnant women in determining the eligibility of individuals as pregnant women, infants, and children with income under the Federal Poverty Level.

For children under age 19 covered under the provisions of section 1902(a)(10)(A)(ii)(I), the following more liberal income methodologies are used to determine eligibility:

- All applicants and recipients with earnings will receive the earned income disregard of \$30 and a 1/3 of the remainder for 12 consecutive months.
- Net income for self-employment and farming will be calculated using Schedule C and Schedule F respectively.
- \$1 will be disregarded for all applicants and recipients.

\*More liberal methods may not result in exceeding gross income limitations under section 1903(f).

### MORE LIBERAL METHODS OF TREATING RESOURCES UNDER SECTION 1902(r)(2) OF THE ACT

Medicaid will not consider resources of a person equal to the amount of long-term care insurance benefit payments in determining Medicaid eligibility when the long-term care insurance policy covers at least the first three years of nursing home care and/or home health care services.

The exclusion shall be for the life of the purchaser provided he or she maintains obligations pursuant to the long-term care insurance policy.

Insurance benefit payments made on behalf of a claimant, for payment of long-term care services, shall be considered to be expenditures of resources as required for eligibility for medical assistance to the extend that the payments are all of the following:

- (1) For services Medicaid approves or covers for its recipients.
- (2) In an amount not in excess of the charges of the health services provider.
- (3) For nursing home care and/or home health care services.
- (4) For services provided after the person meets the coverage requirements for long-term care benefits established by the agency for this program.

For children under age 19 covered under the provisions of section 1902(a)(10)(A)(ii)(I), all resources are excluded.

### STATE LONG-TERM CARE INSURANCE PARTNERSHIP

1902(r)(2) The following more liberal methodology applies to individuals who are 1917(b)(1)(C) eligible for medical assistance under one of the following eligibility groups:

Institutionalized individuals

An individual who is a beneficiary under a long-term care insurance policy that meets the requirements of a "qualified State long-term care insurance partnership" policy (partnership policy) as set forth below, is given a resource disregard as described in this amendment. The amount of the disregard is equal to the amount of the insurance benefit payments made to or on behalf of the individual. The term "long-term care insurance policy" includes a certificate issued under a group insurance contract.

- X The Alabama Medicaid Agency (Agency) stipulates that the following requirements will be satisfied in order for a long-term care policy to qualify for a disregard. Where appropriate, the Agency relies on attestations by the Alabama Department of Insurance Commissioner (Commissioner) or other State official charged with regulation and oversight of insurance policies sold in the state, regarding information within the expertise of the Alabama Department of Insurance.
  - The policy is a qualified long-term care insurance policy as defined in section 7702B(b) of the Internal Revenue Code of 1986.
  - The policy meets the requirements of the long-term care insurance model regulation and long-term care insurance model Act promulgated by the National Association of Insurance Commissioners (as adopted as of October 2000) as those requirements are set forth in section 1917(b)(5)(A) of the Social Security Act.

### STATE LONG-TERM CARE INSURANCE PARTNERSHIP

- The policy was issued no earlier than the effective date of this State Plan amendment.
- The insured individual was a resident of a Partnership State when coverage first became effective under the policy. If the policy is later exchanged for a different long-term care policy, the individual was a resident of a Partnership State when coverage under the earliest policy became effective.
- The policy meets the inflation protection requirements set forth in section 1917(b)(1)(C)(iii)(IV) of the Social Security Act.
- The Commissioner requires the issuer of the policy to make regular reports to the Secretary that include notification regarding when benefits provided under the policy have been paid and the amount of such benefits paid, notification regarding when the policy otherwise terminates, and such other information as the Secretary determines may be appropriate to the administration of such partnerships.
- Alabama does not impose any requirement affecting the terms or benefits of a partnership policy that the state does not also impose on non-partnership policies.
- The Alabama Department of Insurance assures that any individual who sells a partnership policy receives training, and demonstrates evidence of an understanding of such policies and how they relate to other public and private coverage of long-term care.
- The Agency provides information and technical assistance to the Alabama Department of Insurance regarding the training described above.

#### TRANSFER OF ASSETS

- 1917(c) The agency provides for the denial of certain Medicaid services by reason of disposal of assets for less than fair market value.
  - Institutionalized individuals may be denied certain Medicaid services upon disposing of assets for less than fair market value on or after the look-back date.

The agency withholds payment to institutionalized individuals for the following services:

Payments based on a level of care in a nursing facility;

Payments based on a nursing facility level of care in a medical institution;

Home and community-based services under a 1915 waiver.

- 2. Non-institutionalized individuals:
  - The agency applies these provisions to the following noninstitutionalized eligibility groups. These groups can be no more restrictive than those set forth in section 1905(a) of the Social Security Act:

The agency withholds payment to non-institutionalized individuals for the following services:

Home health services {section 1905(a)(7)}

Home and community care for functionally disabled and elderly adults {section 1905(a)(22)};

Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

The following other long-term care services for which medical assistance is otherwise under the agency plan:

#### TRANSFER OF ASSETS

- 3. <u>Penalty Date</u>--The beginning date of each penalty period imposed for an uncompensated transfer of assets is:
  - \_\_\_\_\_ the first day of the month in which the asset was transferred;
  - $\underline{X}$  the first day of the month following the month of transfer.
- 4. <u>Penalty Period Institutionalized Individuals</u>--In determining the penalty for an institutionalized individual, the agency uses:
  - X The average monthly cost of a private patient of nursing facility services in the agency;
  - \_\_\_\_ The average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized.

# 5. <u>Penalty Period - Non-institutionalized Individuals-</u>

The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual including the use of the average monthly cost of nursing facility services;

\_\_\_\_\_ imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:

#### TRANSFER OF ASSETS

- 6. Penalty period for amounts of transfer less than cost of nursing facility care-
  - a. Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency:
    - $\underline{X}$  does not impose a penalty;

imposes a penalty for less than a full month, based on the proportion of the agency's private nursing facility rate that was transferred.

- b. Where an individual makes a series of transfers, each less than the private nursing facility rate for a month, the agency:
  - $\underline{X}$  does not impose a penalty;
    - imposes a series of penalties, each for less than a full month.
- 7. <u>Transfers made so that penalty periods would overlap-</u> The agency:
  - <u>X</u> totals the value of all assets transferred to produce a single penalty period;
  - \_\_\_\_\_ calculates the individual penalty periods and imposes them sequentially.
- 8. <u>Transfers made so that penalty periods would not overlap-</u> The agency:
  - X assigns each transfer its own penalty period;
  - \_\_\_\_\_ uses the method outlined below:

Approval Date 05/17/2004

Effective Date 07/01/2004

State:\_\_\_\_\_ALABAMA

#### TRANSFER OF ASSETS

- 9. <u>Penalty periods transfer by a spouse that results in a</u> penalty period for the individual--
  - (a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

\* Any remaining penalty period will be divided equally between the two spouses beginning the month the Community Spouse becomes Medicaid eligible as an institutional or home and community based waiver services recipient.

\* If there is an odd number of months remaining in the penalty period the spouse institutionalized first will serve a penalty one month longer than the other spouse.

\* The total penalty imposed on both spouses cannot exceed the length of the penalty originally imposed on the individual.

- (b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.
- 10. <u>Treatment of income as an asset</u>--When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.
  - \_\_\_\_ The agency will impose partial month penalty periods.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

#### TRANSFER OF ASSETS

11. Imposition of a penalty would work an undue hardship --The agency does not apply the transfer of assets provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:

Upon a determination of a transfer of assets for less than fair market value that requires imposition of a transfer penalty the Agency will:

- 1. Send written notices which informs the individual and authorized representative (if one) of the transfer penalty; and
- 2. Send a copy of the Administrative Code Rule 560-X-25-.09 which informs the individual and authorized representative of the right to request an undue hardship exemption; and
- 3. Send a copy of the notice which informs the individual and authorized representative (if one) of the right to appeal the decision made by the Alabama Medicaid Agency.
- 4. The written request for an undue hardship exemption must be received by Medicaid within 60 days from the date the notice of action is mailed. The District Office will gather all pertinent information/documentation and forward to the Central Office with an interpretation request form.
- 5. The appropriate Director of Beneficiary Services will review all pertinent information/documentation to determine if the criteria for an undue hardship exemption have been met.
- 6. The individual and authorized representative (if one) will be notified in writing within 45 days of receipt of the request for exemption of the Agency's determination of whether undue hardship criteria have been met. If the undue hardship exemption is denied, another copy of Administration Code Rule 560-X-25-.09 and another copy of the notice of appeal rights will be sent.

#### TRANSFER OF ASSETS

7. Upon notification by the individual or authorized representative (if one) of a request to appeal a denial of an undue hardship exemption a fair hearing will be scheduled in accordance with chapter three of the Alabama Medicaid Agency's Administrative Code.

The following criteria will be used to determine whether the agency will not count assets transferred because the penalty would work an undue hardship:

In situations where an individual has admitted that an asset has been transferred for less than fair market value for the purpose of obtaining Medicaid benefits the Agency may still grant an exemption from the transfer of asset penalty where the individual demonstrates by clear and convincing evidence that the imposition of such a penalty will cause the individual to suffer undue hardship. Undue hardship will only be considered in extreme cases where the individual has been denied admission to or discharged from an institutional facility or denied home and community based waiver services which are necessary to preserve the individual's life. Undue hardship does not exist where a transfer penalty causes an individual to restrict their lifestyle but would not place the individual at serious risk of being deprived of care of services necessary to sustain life.

In determining the existence of undue hardship the Agency will consider all circumstances involving the transfer and the situation of the individual, including, but not limited to, the following:

1. Whether the individual has been determined to be a person in need of care and protection pursuant to the Adult Protective Services Act, Code of Alabama 1975, section 38-9-1, et seq.

2. Whether the individual or his representative has exhausted all reasonable efforts to obtain a return of or compensation for the transferred asset, including voiding the transfer pursuant to Code of Alabama 1975, section 35-1-2 or section 8-9-12, or pursuing any other criminal or civil action available to recover the asset; and

#### TRANSFER OF ASSETS

3. Whether the individual was defrauded of the transferred asset, which is documented by a court action or an official police report; and

4. Whether the individual or his representative has exhausted all reasonable efforts to meet the individual's needs from other available sources.

2. Non-institutionalized individuals:

\_\_\_\_ The agency applies these provisions to the following noninstitutionalized eligibility groups. These groups can be no more restrictive than those set forth in section 1905(a) of the Social Security Act:

The agency withholds payment to non-institutionalized individuals for the following services:

Home health services (section 1905(a)(7));

Home and community care for functionally disabled elderly adults (section 1905(a)(22));

Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

- 4. <u>Penalty Period Institutionalized Individuals</u>--In determining the penalty for an institutionalized individual, the agency uses:
  - X the average monthly cost to a private patient of nursing facility services in the State at the time of application;

\_\_\_\_\_ the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized at the time of application.

# <u>Penalty Period - Non-institutionalized Individuals</u>-The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;

- \_\_\_\_ imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:
- 6. Penalty period for amounts of transfer less than cost of nursing facility care--

Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency imposes a penalty for less than a full month, based on the option selected in item 4.

The state adds together all transfers for less than fair market value made during the look-back period in more than one month and calculates a single period of ineligibility, that begins on the earliest date that would otherwise apply if the transfer had been made in a single lump sum.

- 7. <u>Penalty periods transfer by a spouse that results in a penalty period for the individual--</u>
  - (a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.
  - (b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.
- 8. Treatment of a transfer of income-

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

For transfers of individual income payments, the agency will impose partial month penalty periods using the methodology selected in 6. above.

For transfers of the right to an income stream, the agency will base the penalty period on the combined actuarial value of all payments transferred.

#### 9. Imposition of a penalty would work an undue hardship--

The agency does not impose a penalty for transferring assets for less than fair market value in any case in which the agency determines that such imposition would work an undue hardship. The agency will use the following criteria in making undue hardship determinations:

Application of a transfer of assets penalty would deprive the individual:

- (a) Of medical care such that the individual's health or life would be endangered; or
- (b) Of food, clothing, shelter, or other necessities of life.

#### 10. Procedures for Undue Hardship Waivers

The agency has established a process under which hardship waivers may be requested that provides for:

- (a) Notice to a recipient subject to a penalty that an undue hardship exception exists;
- (b) A timely process for determining whether an undue hardship waiver will be granted; and
- (c) A process, which is described in the notice, under which an adverse determination can be appealed.

These procedures shall permit the facility in which the institutionalized individual is residing to file an undue hardship waiver application on behalf of the individual with the consent of the individual or the individual's personal representative.

The agency does not apply the trust provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:

Upon a determination that application of the trust provisions will result in the denial of eligibility, the agency will:

1. Send written notices which inform the individual and authorized representative (if one) of the denial; and

2. Send a copy of Administrative Code Rules 560-X-25-.06 and 560-X-25-.09 which informs the individual and authorized representative (if one) that an undue hardship exemption policy exists; and

3. Send a copy of the notice which informs the individual and authorized representative (if one) of the right to appeal the decision made by the Alabama Medicaid Agency.

4. Upon receipt of a request (within 60 days after the date the agency's notice is received) from the individual or authorized representative (if one) for an exemption because of undue hardship, the agency will determine if an undue hardship exemption should be granted. The District Office will gather all pertinent information/documentation and forward to the Central Office with an interpretation request form.

5. The Central Office Certification Support Division Director, the Policy Unit Coordinator, and the Agency Legal Counsel will review all pertinent information/documentation to determine if the criteria for an undue hardship exemption has been met.

6. The individual and authorized representative (if one) will be notified in writing (within 45 days of receipt of the request for exemption) upon a determination of whether undue hardship criteria has been met. If the undue hardship exemption is denied, another copy of Administrative Code Rules 560-X-25-.06 and 560-X-25-.09, and another copy of the notice of appeal rights will be sent.

7. Upon notification by the individual or authorized representative (if one) of a request to appeal a denial of an undue hardship exemption, a fair hearing will be scheduled in accordance with chapter three of the Alabama Medicaid Agency's Administrative Code.

# ELIGIBILITY UNDER SECTION 1925 OF THE ACT TRANSITIONAL MEDICAL ASSISTANCE

The State covers low-income families and children for Transitional Medical Assistance (TMA) under section 1925 of the Social Security Act (the Act). This coverage is provided for families who no longer qualify under section 1931 of the Act due to increased earned income, or working hours, from the caretaker relative's employment, or due to the loss of a time-limited earned income disregard. (1902(a)(52), 1902(e)(1)(B), and 1925 of the Act)

The amount, duration, and scope of services for this coverage are specified in Section 3.5 of this State plan.

For Medicaid eligibility to be extended through TMA, families must have been Medicaid eligible under section 1931 (months of retroactive eligibility may be used to meet this requirement):

X During at least 3 of the 6 months immediately preceding the month in which the family became ineligible under section 1931.

\_\_\_\_\_ For fewer than 3 of the 6 previous months immediately preceding the month in which the family became ineligible under section 1931. Specify:

The State extends Medicaid eligibility under TMA for an initial period of:

<u>6 months</u>. For TMA eligibility to continue into a second 6-month extension period, the family must meet the reporting, technical, and income eligibility requirements specified at section 1925(b) of the Act.

X 12 months. Section 1925(b) does not apply for a second 6-month extension period.

The State collects and reports participation information to the Department of Health and Human Services as required by section 1925(g) of the Act, in accordance with the format, timing, and frequency specified by the Secretary and makes such information publicly available.

#### SECTION 1924 PROVISIONS

A. Income and resource eligibility policies used to determine eligibili ty for institutionalized individuals who have spouses living in the

community are consistent with Section 1924.

- B. In the determination of resource eligibility the State resource standard \$ <u>12,000</u>. Effective 10-1-89 thru 12-31-89. <u>12,516</u> Effective 1-1-90. <u>25,000</u> Effective 4-1-90.
- C. The definition of undue hardship for purposes of determining if institutionalized spouses receive Medicaid in spite of having excess countable resources is described below:

Undue hardship exists when the Agency determines by clear and convincing evidence that the institutionalized spouse lacks the right, authority, or power to access the excess countable resources attributed to such spouse under §1924 (c)(2), and ineligibility for Medicaid benefits will result in non-receipt of necessary medical services.

In determining the existence of "undue hardship" Medicaid will consider all circumstances involving the situation of the individual, including but not limited to the following:

- Whether the individual or his/her representative has exhausted all reasonable efforts to obtain and utilize the resources in question; or
- 2. Whether the individual or his/her representative has exhausted all reasonable efforts to meet his/her needs from all other available sources; or
- 3. Whether the individual has been determined to be a person in need of care and protection pursuant to the Adult Protective Services Act, Alabama Code (1975) §38-9-1, et seq.

### ASSET VERIFICATION SYSTEM

1940(a)1.The agency will provide for the verification of assets for<br/>purposes of determining or redetermining Medicaid eligibility for aged, blind and<br/>disabled Medicaid applicants and recipients using an Asset Verification System<br/>(AVS) that meets the following minimum requirements.

- A. The request and response system must be electronic:
  - (1) Verification inquiries must be sent electronically via the internet or similar means from the agency to the financial institution (FI).
  - (2) The system cannot be based on mailing paper-based requests.
  - (3) The system must have the capability to accept responses electronically.
- B. The system must be secure, based on a recognized industry standard of security (e.g., as defined by the U.S. Commerce Department's National Institute of Standards and Technology, or NIST).
- C. The system must establish and maintain a database of FIs that participate in the agency's AVS.
- D. Verification requests also must be sent to FIs other than those identified by applicants and recipients, based on some logic such as geographic proximity to the applicant's home address, or other reasonable factors whenever the agency determines that such requests are needed to determine or redetermine the individual's eligibility.
- E. The verification requests must include a request for information on both open and closed accounts, going back up to 5 years as determined by the State.

3. Provide the AVS implementation information requested for the implementation approach checked in Section 2, and any other information the agency may want to include.

In order to implement the requirements of an Asset Verification System (AVS), the Alabama Medicaid Agency will select a contractor through the Request for Information (RFI) process. The contractor will have the capacity, requisite experience and expertise to provide the AVS services for the state of Alabama, in accordance with the provisions and requirements set forth in Section 1040 of P.L. 110-252. The contactor will ensure the quality of services provided, take necessary steps to make any corrections noted timely and will meet or exceed specific and measurable performance standards as outlined in the RFI. The system will comply with the national standards prescribed by the Health Insurance Portability and Accountability Act of 1996 and the Balanced Budget Act of 1997 and will be kept in compliance with new and modified requirements.

Alabama will prepare and issue an RFI in July 2013 for the purpose of identifying qualified vendors and gaining an understanding of the cost and system changes that will be necessary to implement in AVS.

- 2) Specialized transportation services are defined as transportation that requires a specially equipped vehicle, or the use of specialized equipment to ensure a child is taken to and from the child's residence to school or to a community provider's office for prior authorized related services:
  - a. Medical Services provided in School: Transportation provided by or under contract with the school, to and from the students place of residence, to the school where the student receives one of the health related services covered by Title XIX;
  - b. Medical Service provided off- site: Transportation provided by or under contract with the school from the students place of residence to the office of a medical provider who has a contract with the school to provide one of the health related services covered by the Title XIX;
    - Transportation from school to the offsite service and back to school is reimbursable. No home to school transportation is reimbursed when the ride is from school to the medical service and back to school.
    - ii. Transportation from school to the offsite medical service and to home is reimbursable if the offsite medical appointment takes place and it is not feasible to return to school in time for child to be transported back home.
- 3) Specialized transportation services will not be Medicaid reimbursable if the child does not receive a Medicaid covered service on the same day. When claiming these costs as direct services, each school district is responsible for maintaining written

documentation, such as a trip log, for individual trips provided. No payment will be made to, or for parents providing transportation.

4) In cases where Personal Care Services are provided as part of the Specialized Transportation Service for a student, the cost of this service is covered under the Personal Care Services benefit described in Section 103.5.5; provided that the personal care service provider meets the qualifications defined in this section.

### 12. **Effective Date: 07/01/91**

(1) <u>General Coverage</u>

Medicaid covers only drugs of participating manufacturers which have entered into and comply with an agreement under Section 1927(a) of the Act which are prescribed for a medically accepted condition. Because of an extenuating circumstance waiver, drugs were covered from non-participating manufacturers through 3-31-91. Single source or innovator multiple source drugs classified by the Food and Drug Administration as 1A are covered if a rebate agreement has not been signed with the manufacturer if the state has made a determination that the availability of the drug is essential to the health of beneficiaries under the State Plan for Medical Assistance and the physician has requested and received prior approval in advance of its dispensing..

### Effective Date: 01/01/06

(2) Medicaid will not cover any Part D drug for full-benefit dual eligible individuals who are entitled to receive Medicare benefits under Part A or Part B.

Medicaid provides coverage, for all pharmacy eligible Medicaid recipients, including full-benefit dual eligible beneficiaries under the Medicare Prescription Drug Benefit (Part D), for the following excluded or otherwise restricted drugs or classes of drugs, or their medical uses – with the exception of those covered by Part D plans as supplemental benefits through enhanced alternative coverage as provided in 42 CFR 423.104 (f) (l) (ii) (A).

### Excluded Drugs

The following outpatient drugs or classes of drugs, or their medical uses are excluded from coverage or otherwise restricted, unless noted:

(a) Agents when used for anorexia, weight loss, or weight gain except for those specified by the Alabama Medicaid Agency.

• Selective covered outpatient drugs for all eligible beneficiaries will be covered as listed on the state's website.

- (b) Agents when used to promote fertility except for those specified by the Alabama Medicaid Agency.

• Selective covered outpatient drugs for all eligible beneficiaries will be covered as listed on the state's website.

- (e) Selective non-prescription covered outpatient drugs for all eligible beneficiaries will be covered as listed on the state's website.
- (f) Covered outpatient drugs which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee.

# 12. Prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in diseases of the eye or by an optometrist.

### 12. a. <u>Prescribed Drugs</u>- Continued

### (3) **<u>Reduction in Coverage</u>**

The number of outpatient pharmacy prescriptions for all recipients except as specified below is limited to four brand name/five total drugs per month per adult recipient effective October 1, 2013. Anti-psychotic, anti-retroviral, and anti-epileptic agents may be paid up to ten prescriptions per month. Drugs dispensed in the Long Term Maintenance Supply program are exempt from the monthly prescription limit. Prescriptions for Medicaid eligible recipients under age 21 in the Child Health Services/Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program and prescriptions for Medicaid eligible nursing facility residents are excluded from these limitations.

Overrides will be granted only in cases in which the prescribing physician documents medical necessity for the recipient to be switched from a product in one of the below named classes to a product within the same therapeutic class in the same calendar month. The first product must have been covered by Medicaid. State coverage may be allowed through overrides of up to ten prescriptions per month for drugs classified by American Hospital Formulary Services (AHFS) or First Data Bank (FDB) Therapeutic Class as Antineoplastic Agents, Antiarrhythmic Agents, Cardiotonic Agents, Miscellaneous Vasodilating Agents, Miscellaneous Cardiac Agents, Nitrates and Nitrites, Alpha Adrenergic Blocking Agents, Beta Adrenergic Blocking Agents, Dihydropyridines, Miscellaneous Calcium Channel Blocking Agents, Diuretics, Angiotensin-Converting Enzyme Inhibitors, Angiotensin II Receptor Antagonists, Mineralocorticoid (Aldosterone) Receptor Antagonists, Central Alpha Agonists, Direct Vasodilators, Peripheral Adrenergic Inhibitors, Miscellaneous Hypotensive Agents, Hemostatics, Calcium Replacements, Electrolyte Depleters, Immunosuppresives, Alpha Glucosidase Inhibitors, Amylinomimetics, Biguanides, Dipeptidyl Peptidase-4 Inhibitors, Incretin Mimetics, Insulins, Meglitinides, Sulfonylureas, Thiazolidinediones, and Miscellaneous Diabetic Agents.

### (4) <u>Coverage of New Drugs</u>

Except for excluded drugs listed in (2) above, Medicaid covers all new drugs after FDA approval and upon notification by the manufacturer of the new drug.

### (5) Confidentiality

Medicaid regards information disclosed by the manufacturers or wholesalers as confidential and will not disclose such information in a form which discloses the identity of a specific manufacturer or wholesaler or prices charged for drugs as required in Section 1927 (b)(3)(D).

### (6) **Reporting**

The state will report to each manufacturer not later than 60 days after the end of each calendar quarter and in a form consistent with the standard format established by the Secretary, utilization data on the total number of dosage units for each covered outpatient drug dispensed during a quarter and shall promptly transmit a copy of the report to the Secretary. 12. Prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in diseases of the eye or by an optometrist.

### a. <u>Prescribed Drugs – Continued</u>

(7) Auditing by Manufacturer

The state permits manufacturers to audit utilization data as stated in (6) above. Adjustments to rebates are made to the extent that information indicates that utilization was greater or less than previously specified.

(8) Prior Approval

The state provides for response by telephone or other communication devices, e.g., fax, within 24 hours of a request for prior approval and provides for the dispensing of at least a 72-hour supply of a covered outpatient prescription drug in an emergency situation.

### (9) <u>Supplemental Rebate Agreements</u>

The state is in compliance with section 1927 of the Social Security Act. The state will cover drugs of federal rebate participating manufacturers. The state is in compliance with reporting requirements for utilization and restrictions to coverage. Pharmaceutical manufacturers can audit utilization data. The unit rebate amount is confidential and cannot be disclosed for purposes other than rebate invoicing and verification.

The state may negotiate brand and/or generic supplemental rebates and value/outcome(s)-based agreement in addition to the federal rebates provided for in Title XIX. Supplemental drug rebate agreements and value/outcome(s)-based agreement between the state and a pharmaceutical manufacturer will be separate from the federal rebates.

A supplemental drug rebate agreement between the state and a drug manufacturer for drugs provided to the Alabama Medicaid population, originally submitted to CMS on August 8, 2003, and an updated version submitted on December 1, 2015, entitled, "State of Alabama Supplemental Drug Rebate Contract," has been authorized by CMS.

A value/outcome(s)-based model agreement between the state and a drug manufacturer for drugs provided to the Alabama Medicaid population, originally submitted to CMS on July 1, 2019, and an updated version submitted on December 1, 2020 entitled, "State of Alabama Value/Outcome(s) Based Agreement," has been authorized by CMS.

Supplemental rebates received by the state in excess of those required under the national drug rebate agreement will be shared with the federal government on the same percentage basis as applied under the national rebate agreement.

All drugs covered by the program, irrespective of a prior authorization agreement, will comply with the provisions of the national drug rebate agreement.

### (10) Preferred Drug List

Pursuant to 42 U.S.C. section 1396r-8 the state is establishing a preferred drug list with prior authorization for drugs not included on the preferred drug list. Prior authorization will be provided with a 24-hour turn-around from receipt of request and a 72-hour supply of drugs in emergency situations as in accordance with provisions of section 1927(d)(5) of the Social Security Act.

Prior authorization will be established for certain drug classes or particular drugs in accordance with federal law.

All drugs covered by the program irrespective of a prior authorization requirement will comply with the provisions of the national drug rebate agreement.

The state will utilize the Drug Utilization Review board to assure that in addition to pricing consideration, preferred drugs are clinically appropriate.

13.d. **Rehabilitative services** will be provided to Medicaid recipients as recommended by a physician or other licensed practitioner on the basis of medical necessity. Although limits are provided for guidance, the limitation(s) noted can be exceeded based on medical necessity. While it is recognized that involvement of the family in the treatment of individuals with mental illness or substance use disorders is necessary and appropriate, provision of services where the family is involved clearly must be directed to meeting the identified recipient's treatment needs. Services provided to non-Medicaid eligible family members independent of meeting the identified recipient's treatment needs are not covered by Medicaid. An asterisk denoting this restriction will appear in each service description that makes reference to a recipient's collateral defined as a family member, legal guardian or significant other. Rehabilitation services that are delivered face to face can either be in person or via telemedicine/telehealth, as approved by the Alabama Medicaid Agency.

To participate in the Alabama Medicaid Program, rehabilitative services providers must meet the following requirements. Service providers must demonstrate that they meet the criteria in either (1), (2), or (3), and both (4) AND (5) below.

- 1. A provider must be certified as a 310-board community mental health center by DMH and must have demonstrated the capacity to provide access to the following services through direct provision or referral arrangements:
  - Inpatient services through referral to community hospitals and through the attending physician for community hospitalizations.
  - Substance abuse services including intensive outpatient services and residential services.
  - Services are not provided in an institution for mental diseases (IMD).
  - Must submit an application to and receive approval from DMH to provide mental health rehabilitative services under the Medicaid Rehabilitative Option program.

### 13. Other Diagnostic, screening, preventive, and rehabilitative services, i.e., other than those provided elsewhere in the plan. ---(Continued)

#### 13.d. Rehabilitative services --- Continued Effective Date: 10/01/23

- 2. For the provision of Substance Abuse Rehabilitative Services an entity:
  - Must be an organization that is currently certified by the Alabama Department of Mental Health (DMH) to provide alcohol and other drug treatment services; and
  - Must submit an application to and receive approval by DMH to provide Substance Abuse Rehabilitative Services under the Medicaid Rehabilitative Option program.
- 3. The Department of Human Resources (DHR), the Department of Youth Services (DYS), Department of Mental Health (DMH) for ASD and the Department of Children's Services (DCS) are eligible to be rehabilitative services providers for children under age 21 if they have demonstrated the capacity to provide an array of medically necessary services, either directly or through contract.

Additionally, DHR may provide these services to adults in protective service status. At a minimum, this array includes the following:

- Individual, group, and family counseling
- Crisis intervention services
- Consultation and education services
- Case management services Assessment and evaluation
- 4. A provider must demonstrate the capacity to provide services off-site in a manner that assures the recipient's right to privacy and confidentiality and must demonstrate reasonable access to services as evidenced by service location(s), hours of operation, and coordination of services with other community resources.
- 5. A provider must ensure that Medicaid recipients receive quality services in a coordinated manner and have reasonable access to an adequate array of services delivered in a flexible manner to best meet their needs. Medicaid does not cover all services listed above, but the provider must have demonstrated the capacity to provide these services.

Services must be provided by practitioners who meet the following qualifications:

#### Rehabilitative Services Professionals are defined as the following:

(33) Intensive Family Intervention by a Multi-Person Team

This service is intended to improve family functioning by clinically stabilizing the living arrangement, promoting reunification, or preventing the utilization of out of home therapeutic venues (i.e. psychiatric hospital, psychiatric residential treatment facilities, or residential treatment services) for the identified youth. Services are delivered by a multi-person team staffed as defined below and are provided primarily to youth in their living arrangement and within the family system. Services are designed to address both the mental health needs of the youth and the interactions among family members that contribute to an unstable living environment as identified in the Individualized Treatment Plan. The service must actively involve the beneficiary in the sense of being tailored to the beneficiary's individual needs. There may be times when, based on clinical judgement, the beneficiary is not present during the delivery of the service, but remains the focus of the service. Any medical or remedial services (provided in a facility, home, or other setting) be recommended by a physician or other licensed practitioner of the healing arts within the scope of their practice under State law, for the maximum reduction of physical or mental disability and restoration of an individual to the best possible functional level.

The clinical admission criteria include the following:

1. A mental illness diagnosis and/or a substance abuse diagnosis and related substantial functional impairment which significantly interferes with the child's role or functioning in the family, school, or community such that traditional outpatient services are not sufficient to meet the need.

2. The youth and/or family has one or more of the following characteristics:

• Insufficient or severely limited resources or skills necessary to cope with the youth's behavioral health crisis

• Are involved in or at serious risk of involvement with the court system

• Have anti-social, aggressive/violent, substance abusing behaviors

• Are at risk of out-of-home placement and require intensive, coordinated clinical and supportive intervention

• Are returning from out-of-home placement where the above behaviors received treatment

The service array, frequency, and duration must conform to the respective team model and include resource coordination/acquisition to achieve the youth's and their family's goals and aspirations of self-sufficiency, resiliency, permanency, and community integration. A variety of services are provided by team members and include the following:

Intake

Individual Counseling

#### Youth and Adult Community-Based Mobile Crisis Response and Stabilization Services

### Community-Based Youth (under the age of 21) and Adults (age 21 or older) Mobile Crisis Response and Stabilization:

Mobile Crisis Teams (MCT) are designed to specifically diffuse and mitigate a behavioral health crisis. MCT services offer community-based interventions to youth and adults and their families experiencing a behavioral health crisis-whether in their homes, schools, or communities. The MCT provides crisis stabilization services to adults, children, and their families/caregivers, experiencing a behavioral health crisis. The MCT may be delivered in-person, in-home, and/or in community settings, and is available within a timely manner. Telemedicine and telephonic support may be provided until an in-person response arrives and or as follow-up post-crisis regarding coordination and referrals.

Services to be provided *may* include:

- Intake Evaluation
- Crisis Intervention
- Behavioral Health Placement Assessment
- Psychoeducational Services
- Individual Counseling
- Family Counseling
- Mental Health Care Coordination
- Peer Support Services
- Mental & Substance Use Disorders Assessment

Response from MCTs is typically in teams of two; however, this may differ if the team is dispatched from a staffed facility or if, as in rural communities, **telemedicine** services are utilized. The two-person team is available **24 hours a day**, **7 days per week** and can travel throughout the state to respond on location. The stabilization service supports the child and or adult's ability to manage daily activities and establishes clear connections to treatment services and community supports to reduce the likelihood of ongoing behavioral health crises. Services may also include follow-up interventions for a period of up to **72 hours** after the initial response that may include, where appropriate, additional MCT and/or behavioral health crisis intervention services and supports as needed to effect symptom reduction and harm reduction. If continued stabilization services are identified after **72 hours**, a stabilization plan must be developed for coordination with referrals for continued stabilization services.

The MCT ("Team") Composition must include a team of at least two of the following licensed and/or credentialed clinician in a supervisory role who has expertise and experience using evidence-based assessment tools with target populations:

- Rehabilitative Service Professional (Masters Level and Above)
- Qualified Mental Health Provider (Bachelors Level)
- Mental Health Certified Youth Peer
- Mental Health Certified Parent Peer
- Certified Recovery Support Specialist

In order to claim enhanced Federal Medical Assistance Percentage (eFMAP) for services using the 'communitybased mobile crisis intervention services' model, the requirements described in section 1947(b) of the Act must be met, including providing services to persons outside of a hospital or other facility setting, through a multidisciplinary team, trained in trauma-informed care, de-escalation strategies, and harm reduction.

AL-23-0009 Attachment 3.1-A Page 6.13g.1

The team must include, at a minimum, at least one individual who may conduct an assessment within their authorized scope of practice under state law and other professionals or paraprofessionals with appropriate expertise in behavioral health care.

Location: Services can be delivered in any setting that is convenient for both the recipient and staff member, that affords an adequate therapeutic environment, and that protects the recipient's rights to privacy and confidentiality.

## Limitations of Services

## 16. Inpatient psychiatric facility services for individuals under 21 years of age.

## Effective Date: 01/01/02

Inpatient psychiatric facility services for individuals under 21 years of age are unlimited if medically necessary and the admission and continued stay reviews meet the approved psychiatric criteria. These days do not count against the inpatient benefit limitations for acute care hospitals. Services may be provided in a hospital or in a psychiatric residential treatment facility that meets the requirements in 42 CFR, Part 441, Subpart D, and Part 483, Subpart G. Detailed information regarding covered services and provider eligibility appears in Chapter 41 of the Alabama Medicaid Agency Administrative Code. Services are limited to recipients under 21 years of age, or if the recipient was receiving services immediately before he reached age 21, to the earlier of the date the recipient no longer requires the services, the date he reaches age 22, or the expiration of covered days.

## 18. Hospice Care (In accordance with section 1905(o) of the Act.)

### Effective Date: 09/09/98

Medicaid will utilize the most recent benefit periods established by the Medicare Program.

## Effective Date: 10/01/90

Hospice care is available under Medicaid for eligible recipients certified as being terminally ill with a medical prognosis that his or her life expectancy is six months or less. Hospice care services within the Alabama Medicaid Program are governed by §1905(o) of the Social Security Act, 42 C.F.R. Part 418 and the Alabama Medicaid Agency Administrative Code. Services must be provided by a Medicare certified hospice program.

The individual must voluntarily elect hospice and file an election statement with a Medicaid participating hospice provider.

Hospice Care is provided independent of standard Medicaid benefits. Eligible individuals electing hospice care waive all rights to services covered under the Medicaid program that are also covered under the Medicare Program related to the treatment of the terminal illness or related condition for which hospice care was elected.

Hospice coverage is available for unlimited days, subdivided into four election periods as follows: two periods of ninety (90) days each, a subsequent period of thirty (30) days, and a subsequent extension period during the individual's lifetime. A recipient may revoke the election of hospice care at any time during an election period. The recipient forfeits coverage for any remaining days in that election period. Medicaid coverage of benefits waived during the election period will be resumed.

A Medicaid beneficiary who resides in a nursing facility may elect hospice services. The hospice must have a contract with each nursing facility to clarify responsibilities.

The following services are covered hospice services subject to limitations in accordance with 42 C.F.R. -418.200 and §1905(o) of the Social Security Act:

- (1) Nursing care
- (2) Medical social services
- (3) Physicians services
- (4) Counseling services

#### TARGETED CASE MANAGEMENT SERVICES Targeted Group 1 Mentally III Adults

#### Target Group (42 Code of Federal Regulations 441.18(8)(i) and 441.18(9)):

Mentally Ill Adults

The population to be served consists of functionally limited individuals 18 years of age or older with multiple needs who have been assessed by a qualified professional and have been found to require mental health case management. Such persons have a diagnosis included in the ICD-10 as appropriate to date of service (other than developmental/intellectual disabilities, autism spectrum disorder, organic mental disorder, traumatic brain injury, or substance abuse), impaired role functioning, and a documented lack of capacity for independently accessing, and sustaining involvement with needed services.

Medicaid recipients may receive TCM services in more than one target group, or case management services from another program if the Agency determines this would not present a duplication of services.

 $\underline{X}$  Target group includes individuals transitioning to a community setting. Case-management services will be made available for up to 180 consecutive days of a covered stay in a medical institution. The target group does not include individuals between ages 22 and 64 who are served in Institutions for Mental Disease or individuals who are inmates of public institutions. (State Medicaid Directors Letter (SMDL), July 25, 2000)

Areas of State in which services will be provided (§1915(g)(1) of the Act):

<u>X</u> Entire State

Only in the following geographic areas:

Comparability of services (§§1902(a)(10)(B) and 1915(g)(1))

Services are provided in accordance with §1902(a)(10)(B) of the Act.

X Services are not comparable in amount duration and scope (§1915(g)(1)).

<u>Definition of services (42 CFR 440.169)</u>: Targeted case management services are defined as services furnished to assist individuals, eligible under the State Plan, in gaining access to needed medical, social, educational and other services. Targeted Case Management includes the following assistance:

- Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social or other services. These assessment activities include:
  - taking the individual's history;

#### State Plan under Title XIX of the Social Security Act State/Territory: <u>Alabama</u>

### TARGETED CASE MANAGEMENT SERVICES Targeted Group 1 Mentally III Adults

- identifying the individual's needs and completing related documentation; and
- gathering information from other sources such as family members, medical providers, social workers, and educators (if necessary), to form a complete assessment of the eligible individual;

Reassessment/follow-up - The case manager shall evaluate through interviews and observations the progress of the client toward accomplishing the goals listed in the case plan at intervals of six months or less. In addition, the persons and/or agencies providing services to the client will be contacted and the results of these contacts, together with the changes in need shown in the reassessments, will be utilized to accomplish any needed revisions to the case plan.

- Development (and periodic revision) of a specific care plan that is based on the information collected through the assessment that
  - specifies the goals and actions to address the medical, social, educational, and other services needed by the individual;
  - includes activities such as ensuring the active participation of the eligible individual, and working with the individual (or the individual's authorized health care decision maker) and others to develop those goals; and
  - identifies a course of action to respond to the assessed needs of the eligible individual;
- Referral and related activities (such as scheduling appointments for the individual) to help the eligible individual obtain needed services including
  - activities that help link the individual with medical, social, educational providers, or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan; and
- Monitoring and follow-up activities:
  - activities and contacts that are necessary to ensure the care plan is implemented and adequately addresses the eligible individual's needs, and which may be with the individual, family members, service providers, or other entities or individuals and conducted as frequently as necessary, and including at least one annual monitoring, to determine whether the following conditions are met:
    - o services are being furnished in accordance with the individual's care plan;
    - o services in the care plan are adequate; and

• changes in the needs or status of the individual are reflected in the care plan. Monitoring and follow-up activities include making necessary adjustments in the care plan and service arrangements with providers.

Monitoring - The case manager will ascertain on an ongoing basis what services have been delivered and whether they are adequate to meet the needs of the client. Adjustments in the plan of care may be required as a result of monitoring.

Case management includes contacts with non-eligible individuals that are directly related to identifying the eligible individual's needs and care, for the purposes of helping the eligible individual access services; identifying needs and supports to assist the eligible individual in obtaining services; providing case managers with useful feedback, and alerting case managers to changes in the eligible individual's needs.

(42 CFR 440.169(e))

#### Qualifications of providers (42 CFR 441.18(a)(8)(v) and 42 CFR 441.18(b)):

1. Target Group 1: Mentally Ill Adults

The case management provider will be either Regional Boards incorporated under

Act 310 of the 1967 Alabama Act who have demonstrated ability to provide

targeted case management services directly, or the Alabama Department of Mental Health (AMDH). Providers. Providers must be certified by the Alabama Department of Mental Health and provide services through a contract with ADMH. Act 310 provides for the formation of public corporation to contract with the Alabama

Department of Mental Health in constructing facilities and operating programs for mental health services. A 310 Board has the authority to directly provide: planning, studies and services for mental illness.

Individual case managers must meet the following qualifications:

(A) At a minimum, a Bachelor of Arts or a Bachelor of Science degree

preferably in a human services related field, or

(B) A registered nurse, and

(C) Training in a case management curriculum provided or approved by the Department of Mental Health and the Alabama Medicaid Agency.

### Freedom of choice (42 CFR 441.18(a)(1):

The State assures that the provision of case management services will not restrict an individual's free choice of providers in violation of section 1902(a)(23) of the Act.

1. Eligible individuals will have free choice of any qualified Medicaid provider within the specified geographic area identified in this plan.

#### Freedom of Choice Exception (§1915(g)(1) and 42 CFR 441.18(b)):

 $\underline{X}$  Target group consists of eligible individuals with developmental disabilities or with chronic mental illness. Providers are limited to qualified Medicaid providers of case management services capable of ensuring that individuals with developmental disabilities or with chronic mental illness receive needed services:

#### Access to Services (42 CFR 441.18(a)(2), 42 CFR 441.18(a)(3), 42 CFR 441.18(a)(6):

The State assures the following:

- Case management (including targeted case management) services will not be used to restrict an individual's access to other services under the plan.
- Individuals will not be compelled to receive case management services, condition receipt of case management (or targeted case management) services on the receipt of other Medicaid services, or condition receipt of other Medicaid services on receipt of case management (or targeted case management) services; and
- Providers of case management services do not exercise the agency's authority to authorize or deny the provision of other services under the plan.

#### Payment (42 CFR 441.18(a)(4)):

Payment for case management or targeted case management services under the plan does not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.

#### Case Records (42 CFR 441.18(a)(7)):

Providers maintain case records that document for all individuals receiving case management as follows: (i)The name of the individual; (ii) The dates of the case management services; (iii)The name of the provider agency (if relevant) and the person providing the case management service; (iv) The nature, content, units of the case management services received and whether goals specified in the care plan have been achieved; (v) Whether the individual has declined services in the care plan; (vi) The need for, and occurrences of, coordination with other case managers; (vii) A timeline for obtaining needed services; (viii) A timeline for reevaluation of the plan.

#### Limitations:

Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §441.169 when the case management activities are an integral and inseparable component of another covered Medicaid service (State Medicaid Manual (SMM) 4302.F).

#### TARGETED CASE MANAGEMENT SERVICES **Targeted Group 3 Disabled Children**

#### Target Group (42 Code of Federal Regulations 441.18(8)(i) and 441.18(9)):

#### Disabled Children

The population to be served consists of individuals age 0-20 or until the individual reaches age 21 considered to be disabled as defined in the following six subgroups:

(A) Intellectually Disabled/related conditions: (Individuals in this subgroup will be age 0-17.)

Intellectually Disabled - diagnosis must be determined and must include a primary determination of both intellectual and (1)adaptive behaviors indicating the individual's primary problems are due to mental retardation.

- Related conditions individuals who have a severe chronic disability that meets all of the following conditions: (2)(a)
  - It is attributable to:
  - (i) Cerebral palsy or epilepsy; or

Any other condition, other than mental illness, found to be closely related to intellectual disability because this condition (ii) results in impairment of general intellectual functioning or adaptive behavior similar to that of intellectually disabled persons, and requires treatment or services similar to those required for these persons.

It is manifested before the person reaches age 22. (b)

It is likely to continue indefinitely. (c)

(d) It results in substantial functional limitations in three or more of the following areas of major life activity:

- (i) Self-care,
  - Understanding and use of language, (ii)
- Learning, (iii)
- Mobility, (iv)
- Self-direction, (v)

- (10) Orthopedic problems, (such as clubfoot, scoliosis fractures, poliomyelitis);
- (11) Metabolic disorders, (such as panhypopituitarism);
- (12) Neoplasms, (such as leukemia, retinoblastoma); and
- (13) Multisystem genetic disorders, (such as tuberosclerosis, neurofibromatosis).
- (14) Autism Spectrum Disorder for a child or youth ages 0 to 21.
- (E) Developmentally delayed -
  - (1) A child age birth to three years who is experiencing developmental delays equal to greater than 25 percent as measured by appropriate diagnostic instruments and procedures in one or more of the following areas:
    - (a) Cognitive development;
    - (b) Physical development (including vision and hearing);
    - (c) Language and speech development;
    - (d) Psychosocial development; and
    - (e) Self-help skills.
  - (2) One who has a diagnosed physical or mental condition which has a high probability of resulting in a developmental delay.
- (F) Multi-need An individual who has a combination of two or more disabling conditions. Each condition, if considered separately, might not be severe enough to warrant case management, but a combination of the conditions would be of such severity to adversely affect development.

A person in this target group may reside in his/her own home, the household of another, or a supervised residential setting and in total care environments, such as nursing facilities and, hospitals.

Medicaid recipients may receive TCM services in more than one target group, or case management services from another program if the Agency determines this would not present a duplication of services.

 $\underline{X}$  Target group includes individuals transitioning to a community setting. #### Comparability of services (§§1902(a)(10)(B) and 1915(g)(1))

Services are provided in accordance with §1902(a)(10)(B) of the Act.
 Services are not comparable in amount duration and scope (§1915(g)(1)).

<u>Definition of services (42 CFR 440.169)</u>: Targeted case management services are defined as services furnished to assist individuals, eligible under the State Plan, in gaining access to needed medical, social, educational and other services. Targeted Case Management includes the following assistance:

- Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social or other services. These assessment activities include:
  - taking client history;
  - identifying the individual's needs and completing related documentation; and
  - gathering information from other sources such as family members, medical providers, social workers, and educators (if necessary), to form a complete assessment of the eligible individual;

Reassessment/follow-up - The case manager shall evaluate through interviews and observations the progress of the client toward accomplishing the goals listed in the case plan at intervals of six months or less. In addition, the persons and/or agencies providing services to the client will be contacted and the results of these contacts, together with the changes in need shown in the reassessments, will be utilized to accomplish any needed revisions to the case plan.

- Development (and periodic revision) of a specific care plan that is based on the information collected through the assessment that
  - specifies the goals and actions to address the medical, social, educational, and other services needed by the individual;
  - includes activities such as ensuring the active participation of the eligible individual, and working with the individual (or the individual's authorized health care decision maker) and others to develop those goals; and
  - identifies a course of action to respond to the assessed needs of the eligible individual;
- Referral and related activities (such as scheduling appointments for the individual) to help the eligible individual obtain needed services including

activities that help link the individual with medical, social, educational providers, or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan; and

- Monitoring and follow-up activities:
  - activities and contacts that are necessary to ensure the care plan is implemented and adequately addresses the eligible individual's needs, and which may be with the individual, family members, service providers, or other entities or individuals and conducted as frequently as necessary, and including at least one annual monitoring, to determine whether the following conditions are met:
    - o services are being furnished in accordance with the individual's care plan;
    - o services in the care plan are adequate; and
    - changes in the needs or status of the individual are reflected in the care plan.
       Monitoring and follow-up activities include making necessary adjustments in the care plan and service arrangements with providers.

Monitoring - The case manager will ascertain on an ongoing basis what services have been delivered and whether they are adequate to meet the needs of the client. Adjustments in the plan of care may be required as a result of monitoring.

Case management includes contacts with non-eligible individuals that are directly related to identifying the eligible individual's needs and care, for the purposes of helping the eligible individual access services; identifying needs and supports to assist the eligible individual in obtaining services; providing case managers with useful feedback, and alerting case managers to changes in the eligible individual's needs. ### TARGETED CASE MANAGEMENT SERVICES Targeted Group 5 Pregnant Women

<u>Target Group (42 Code of Federal Regulations 441.18(8)(i) and 441.18(9))</u>: The population to be served consists of Medicaid-eligible women in need of maternity and perinatal services.

A person in this target group may reside in her own home, the household of another, or a supervised residential setting and in total care environments, such as nursing facilities, hospitals, and residential programs. Targeted case management services will not be provided to clients receiving case management through a waiver.

X Target group includes individuals transitioning to a community setting. Case-management services will be made available for up to 180 consecutive days of a covered stay in a medical institution. The target group does not include individuals between ages 22 and 64 who are served in Institutions for Mental Disease or individuals who are inmates of public institutions). (State Medicaid Directors Letter (SMDL), July 25, 2000)

Areas of State in which services will be provided (§1915(g)(1) of the Act):

- X Entire State
- \_\_\_\_\_ Only in the following geographic areas:

Comparability of services (§§1902(a)(10)(B) and 1915(g)(1))

- Services are provided in accordance with §1902(a)(10)(B) of the Act.
- X Services are not comparable in amount duration and scope (§1915(g)(1)).

<u>Definition of services (42 CFR 440.169)</u>: Case management services are those services which will assist Medicaid-eligible pregnant women of any age in need of maternity services in gaining access to needed medical, social, educational, and other services.

Case management services are those services which will assist program eligible perinatal women in gaining access to needed medical, social, educational and other services. Perinatal is defined as the period inclusive of pregnancy through two years postpartum, to the child's second birthday. Services to the parent (primary caregiver) could be available during this same two year period following the birth of the child.

- Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social or other services. These assessment activities include
  - taking client history;
  - identifying the individual's needs and completing related documentation; and
  - gathering information from other sources such as family members, medical providers, social workers, and educators (if necessary), to form a complete assessment of the eligible individual;

# TARGETED CASE MANAGEMENT SERVICES Targeted Group 5 Pregnant Women

Reassessment/follow-up - The case manager shall evaluate through interviews and observations the progress of the client toward accomplishing the goals listed in the case plan at intervals of three months or less. In addition, the persons and/or agencies providing services to the client will be contacted and the results of these contacts, together with the changes in need shown in the reassessments, will be utilized to accomplish any needed revisions to the case plan.

- Development (and periodic revision) of a specific care plan that is based on the information collected through the assessment that
  - specifies the goals and actions to address the medical, social, educational, and other services needed by the individual;
  - includes activities such as ensuring the active participation of the eligible individual, and working with the individual (or the individual's authorized health care decision maker) and others to develop those goals; and
  - identifies a course of action to respond to the assessed needs of the eligible individual;
- Referral and related activities (such as scheduling appointments for the individual) to help the eligible individual obtain needed services including
  - activities that help link the individual with medical, social, educational providers, or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan; and
- Monitoring and follow-up activities:
  - activities and contacts that are necessary to ensure the care plan is implemented and adequately addresses the eligible individual's needs, and which may be with the individual, family members, service providers, or other entities or individuals and conducted as frequently as necessary, and including at least one annual monitoring, to determine whether the following conditions are met:
    - o services are being furnished in accordance with the individual's care plan;
    - o services in the care plan are adequate; and
    - changes in the needs or status of the individual are reflected in the care plan. Monitoring and follow-up activities include making necessary adjustments in the care plan and service arrangements with providers.

# TARGETED CASE MANAGEMENT SERVICES **Targeted Group 5 Pregnant Women**

Monitoring - The case manager will ascertain on an ongoing basis what services have been delivered and whether they are adequate to meet the needs of the client. Adjustments in the plan of care may be required as a result of monitoring.

Case management includes contacts with non-eligible individuals that are directly related to identifying the eligible individual's needs and care, for the purposes of helping the eligible individual access services; identifying needs and supports to assist the eligible individual in obtaining services; providing case managers with useful feedback, and alerting case managers to changes in the eligible individual's needs.

(42 CFR 440.169(e))

# Qualifications of providers (42 CFR 441.18(a)(8)(v) and 42 CFR 441.18(b)):

Case management providers must be certified as a Medicaid provider meeting the following criteria:

Demonstrated capacity to provide all core elements of case management: (A)

- (1)assessment,
- (2)care/services plan development,
- linking/coordination of services, and (3)

### TARGETED CASE MANAGEMENT SERVICES Targeted Group 5 Pregnant Women

#### Freedom of choice (42 CFR 441.18(a)(1):

The State assures that the provision of case management services will not restrict an individual's free choice of providers in violation of section 1902(a)(23) of the Act.

- 1. Eligible individuals will have free choice of any qualified Medicaid provider within the specified geographic area identified in this plan.
- 2. Eligible individuals will have free choice of any qualified Medicaid providers of other medical care under the plan.

#### Freedom of Choice Exception (§1915(g)(1) and 42 CFR 441.18(b)):

\_\_\_\_\_ Target group consists of eligible individuals with developmental disabilities or with chronic mental illness. Providers are limited to qualified Medicaid providers of case management services capable of ensuring that individuals with developmental disabilities or with chronic mental illness receive needed services.

#### Access to Services (42 CFR 441.18(a)(2), 42 CFR 441.18(a)(3), 42 CFR 441.18(a)(6):

The State assures the following:

- Case management (including targeted case management) services will not be used to restrict an individual's access to other services under the plan.
- Individuals will not be compelled to receive case management services, condition receipt of case management (or targeted case management) services on the receipt of other Medicaid services, or condition receipt of other Medicaid services on receipt of case management (or targeted case management) services; and
- Providers of case management services do not exercise the agency's authority to authorize or deny the provision of other services under the plan.

#### Payment (42 CFR 441.18(a)(4)):

Payment for case management or targeted case management services under the plan does not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.

#### Case Records (42 CFR 441.18(a)(7)):

Providers maintain case records that document for all individuals receiving case management as follows: (i)The name of the individual; (ii) The dates of the case management services; (iii)The name of the provider agency (if relevant) and the person providing the case management service; (iv) The nature, content, units of the case management services received and whether goals specified in the care plan have been achieved; (v) Whether the individual has declined services in the care plan; (vi) The

**X** Services are not comparable in amount duration and scope (\$1915(g)(1)).

<u>Definition of services (42 CFR 440.169)</u>: Targeted case management services are defined as services furnished to assist individuals, eligible under the State Plan, in gaining access to needed medical, social, educational and other services. Targeted Case Management includes the following assistance:

- Comprehensive assessment and periodic reassessment of individual needs, to determine the need for any medical, educational, social or other services. These assessment activities include
  - taking client history;
  - identifying the individual's needs and completing related documentation; and

#### TARGETED CASE MANAGEMENT SERVICES Targeted Group 8 Individuals who meet the eligibility criteria for the HCBS Technology Assisted (TA) Waiver for Adults

• gathering information from other sources such as family members, medical providers, social workers, and educators (if necessary), to form a complete assessment of the eligible individual;

Reassessment/follow-up – The case manager shall evaluate through interviews and observations the progress of the client toward accomplishing the goals listed in the case plan at intervals of six months or less. In addition, the persons and/or agencies providing services to the client will be contacted and the results of these contracts, together with the changes in need shown in the reassessments, will be utilized to accomplish any needed revisions to the case plan.

- Development (and periodic revision) of a specific care plan that is based on the information collected through the assessment that
  - specifies the goals and actions to address the medical, social, educational, and other services needed by the individual;
  - includes activities such as ensuring the active participation of the eligible individual, and working with the individual (or the individual's authorized health care decision maker) and others to develop those goals; and
  - identifies a course of action to respond to the assessed needs of the eligible individual;
- Referral and related activities (such as scheduling appointments for the individual) to help the eligible individual obtain needed services including
  - activities that help link the individual with medical, social, educational providers, or other programs and services that are capable of providing needed services to address identified needs and achieve goals specified in the care plan; and
- Monitoring and follow-up activities:
  - activities and contacts that are necessary to ensure the care plan is implemented and adequately addresses the eligible individual's needs, and which may be with the individual, family members, service providers, or other entities or individuals and conducted as frequently as necessary, and including at least one annual monitoring, to determine whether the following conditions are met:
    - o services are being furnished in accordance with the individual's care plan;
    - o services in the care plan are adequate; and

#### Supplement 1 to Attachment 3.1-A Page 54

#### State Plan under Title XIX of the Social Security Act State/Territory: <u>Alabama</u>

#### TARGETED CASE MANAGEMENT SERVICES

#### Targeted Group 10 Disabled Children and Severely Mentally Ill Adults High Intensity Care Coordination

#### Freedom of choice (42 CFR 441.18(a)(1):

The State assures that the provision of case management services will not restrict an individual's free choice of providers in violation of section 1902(a)(23) of the Act.

- 1. Eligible individuals will have free choice of any qualified Medicaid provider within the specified geographic area identified in this plan.
- 2. Eligible individuals will have free choice of any qualified Medicaid providers of other medical care under the plan.

#### Freedom of Choice Exception (§1915(g)(1) and 42 CFR 441.18(b)):

Target group consists of eligible individuals with developmental disabilities or with chronic mental illness. Providers are limited to qualified Medicaid providers of case management services capable of ensuring that individuals with developmental disabilities or with chronic mental illness receive needed services

#### Access to Services (42 CFR 441.18(a)(2), 42 CFR 441.18(a)(3), 42 CFR 441.18(a)(6):

The State assures the following:

- Case management (including targeted case management) services will not be used to restrict an individual's access to other services under the plan.
  - Individuals will not be compelled to receive case management services, condition receipt

of case management (or targeted case management) services on the receipt of other Medicaid services, or condition receipt of other Medicaid services on receipt of case management (or targeted case management) services; and

Providers of case management services do not exercise the agency's authority to authorize or deny the provision of other services under the plan.

#### Payment (42 CFR 441.18(a)(4)):

Payment for case management or targeted case management services under the plan does not duplicate payments made to public agencies or private entities under other program authorities for this same purpose.

#### Case Records (42 CFR 441.18(a)(7)):

Providers maintain case records that document for all individuals receiving case management as follows: (i) The name of the individual; (ii) The dates of the case management services; (iii) The name of the provider agency (if relevant) and the person providing the case management service; (iv) The nature, content, units of the case management services received and whether goals specified in the care plan have been achieved; (v) Whether the individual has declined services in the care plan; (vi) The need for, and occurrences of, coordination with other case managers; (vii) A timeline for reevaluation of the plan.

#### Limitations:

Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §441.169 when the case management activities are an integral and inseparable component of another covered Medicaid service (State Medicaid Manual (SMM) 4302.F).

Case management does not include, and Federal Financial Participation (FFP) is not available in expenditures for, services defined in §441.169 when the case management activities constitute the direct delivery of underlying medical, educational, social, or other services to which an eligible individual has been referred, including for foster care programs, services such as, but not limited to, the following: research gathering and completion of documentation required by the foster care program; assessing adoption placements; recruiting or interviewing potential foster care parents; serving legal papers; home investigations; providing transportation; administering foster care subsidies; making placement arrangements. (42 CFR 441.18(c))

FFP only is available for case management services or targeted case management services if there are no other third parties liable to pay for such services, including as reimbursement under a medical, social, educational, or other program except for case management that is included in an individualized education program or individualized family service plan consistent with \$1903(c) of the Act. (\$\$1902(a)(25) and 1905(c)).

#### State of <u>Alabama</u> Self-Directed Personal Assistance Services State Plan Amendment

i. Eligibility

The State determines eligibility for Self-Directed Personal Assistance Services:

- A. \_\_\_\_\_In the same manner as eligibility is determined for traditional State Plan personal care services, described in Item 24 of the Medicaid State Plan.
- B. <u>X</u> In the same manner as eligibility is determined for services provided through a 1915(c) Home and Community-Based Services Waiver.
- ii. Service Package

The State elects to have the following included as Self-Directed Personal Assistance Services:

- A. \_\_\_\_\_ State Plan Personal Care and Related Services, to be self-directed by individuals eligible under the State Plan.
- B. X Services included in the following Section 1915(c) Home and Community-Based Services waiver(s) to be self-directed by individuals eligible under the waiver(s). The State assures that all services in the impacted waiver(s) will continue to be provided regardless of service delivery model. Please list waiver names and services to be included.

The following are the 1915(c) Home and Community-Based Waiver Services to be self-directed: <u>Elderly and Disabled Waiver</u>: Personal Care, Homemaker, Unskilled Respite, and Companion. <u>State of Alabama Independent Living Waiver</u>: Personal Care, Personal Assistance, and Unskilled Respite <u>Alabama Community Transition Waiver</u>: Personal Care, Homemaker, Unskilled Respite, and Companion <u>Technology Assisted Waiver for Adults</u>: Personal Care/Attendant

#### iii. Payment Methodology

<u>X</u> The State will use the same payment methodology for individuals self-directing their PAS under section 1915(j) than that approved for State plan personal care services or for section 1915(c) Home and Community-Based waiver services.

Approval Date: <u>11/19/2020</u>

Effective Date: <u>10/01/2020</u>

- A. \_\_\_\_\_The State will use a different payment methodology for individuals selfdirecting their PAS under section 1915(j) than that approved for State plan personal care services or for section 1915(c) Home and Community-Based waiver services. Amended Attachment 4.19-B page(s) are attached.
- iv. Use of Cash
  - A.  $\underline{X}$  The State elects to disburse cash prospectively to participants selfdirecting personal assistance services. The State assures that all Internal Revenue Service (IRS) requirements regarding payroll/tax filing functions will be followed, including when participants perform the payroll/tax filing functions themselves.
  - B. \_\_\_\_ The State elects not to disburse cash prospectively to participants selfdirecting personal assistance services.
- v. Voluntary Disenrollment

The State will provide the following safeguards in place to ensure continuity of services and assure participant health and welfare during the period of transition between self-directed and traditional service delivery models.

A program participant may elect to discontinue participation in the *Personal Choices* program at any time.

The following procedures serve as safeguards to ensure that the reasons for disenrollment are not related to abuse or similar concerns and that services are not interrupted during the transfer from *Personal Choices* to the participant's traditional waiver program.

It is the responsibility of the participant to initiate voluntary disenrollment by notifying his Counselor of such a decision. The participant may notify the Counselor of his desire to disenroll by phone or e-mail. The Counselor will document in the participant's record, the date of notification by the participant of their decision to disenroll. The Counselor will begin the disenrollment process within **5** business days from the date of notification. A face-to-face contact is required to discuss the following:

- To provide an opportunity for the Counselor to determine if the participant's health, safety, and welfare has been jeopardized during their enrollment
- To minimize unnecessary disenrollment if the Counselor can identify and resolve any problems that would enable continued enrollment and satisfaction with the program or confirm that the reasons for disenrollment cannot be resolved
- To obtain the signature of the participant to attest to his desire to disenroll

Approval Date: <u>4-11-11</u>

- To explain the processes and timeline for transfer back to the traditional service delivery option
- To ascertain the participant's choice of direct service providers
- To discuss the conversion of the individual budget back to traditionally authorized services and make necessary decisions related to accumulated funds

From the receipt of the request for voluntary disenrollment, the timeline for transfer from *Personal Choices* to the traditional waiver, when the participant's health and safety is <u>not</u> in jeopardy, may be from fifteen to forty-five days. The Counselor will have 5 days to begin the process of disenrollment and the transition to the traditional waiver program. The timeline may be extended up to 45 days if requested by the participant.

*Personal Choices* services will continue until transition to the traditional waiver is complete.

Once disenrolled, the participant must continue to receive traditional waiver services for a minimum of three months before re-enrollment in *Personal Choices* can be considered.

- vi. Involuntary Disenrollment
  - A. The circumstances under which a participant may be involuntarily disenrolled from self-directing personal assistance services, and returned to traditional service delivery model are noted below.

At any time that it is determined that the health, safety and well-being of the participant is compromised by continued participation in the *Personal Choices* program, the participant may be returned to the traditional waiver program. Participants will be given an advance notice in writing of their return to the traditional waiver service. Although the decision to involuntarily disenroll the participant from the *Personal Choices* program may be appealed, the participant will begin to receive traditional waiver services until a decision is made on their appeal. The participant/representative has 15 days from the date of notification of disenrollment to file a request for an informal review of this decision. The ADSS or ADRS, respectively, depending upon the traditional waiver the participant is enrolled in, will make a decision within 30 days from receipt of the request for an informal review. If the informal review decision is unfavorable, the participant may appeal the decision within 60 days from the date of the written decision to disenroll the participant from the *Personal Choices* program the participant may appeal the decision within 60 days from the date of the written decision to disenroll the participant from the *Personal Choices Program* based in accordance with established Medicaid Fair Hearings Policy.

TN No. <u>AL-11-005</u> Supersedes TN No. <u>AL-07-002</u>

Approval Date: <u>4-11-11</u>

Effective Date: 04/01/11

Program participants may be involuntarily disenrolled from the program for the following reasons:

1. Health, Safety and Well-being

At any time that the Counselor, the traditional waiver case manager, or the operating agencies determine that the health, safety and well-being of the program participant is compromised or threatened by continued participation in the Personal Choices program, the participant will be disenrolled.

2. Change in Condition

If the participant's ability to direct his/her own care diminishes to a point where they can no longer do so and there is no responsible representative available to direct the care, then the individual will be involuntarily disenrolled from the program.

3. Misuse of Monthly Allocation

If the *Personal Choices* participant/representative choose the cash option and uses the monthly budgeted allocation to purchase items unrelated to personal care needs, fail to pay the salary of an employee, or fail to pay related state and federal payroll taxes, the participant/representative will receive a written warning notifying them that exceptions to the agreed upon conditions of participation are not allowed. The participant will be permitted to remain on the *Personal Choices* program, but will be assigned to a Financial Management Services Agency (FMSA), who will provide bookkeeping services for the participant. The participant/representative will be notified in writing that further failure to misuse funds allocated through the *Personal Choices* program will result in involuntary disenrollment from the program.

# 4. Under-utilization of Budget Allocation

The FMSA is responsible for monitoring on a monthly basis the use of funds received on behalf of program participants. If the participant is underutilizing the monthly allocation or is not using the allocation according to their Personal Support Plans, the FMSA and Counselor will discuss the issues of utilization with the participant/representative. If the health and safety of the participant may be in jeopardy because of the under-utilization of the budget allocation, the participant will be returned to traditional waiver services.

5. Failure to Provide Required Documentation

If a program participant/representative fails to provide required documentation of expenditures and related items as prescribed in the *Personal Choices Roles and Responsibility* tool, a written reminder will be sent from the FMSA to the participant/representative. If the participant/representative continues to fail to provide required documentation after a written notice is given, the individual will be disenrolled from the program.

The participant/representative will receive written advance notification of disenrollment and the reasons for the actions. After disenrollment, the participant/representative cannot utilize funds allocated by the *Personal Choices program*.

B. The State will provide the following safeguards in place to ensure continuity of services and assure participant health and welfare during the period of transition between self-directed and traditional service delivery models.

A program participant may be involuntarily disenrolled as a participant in the *Personal Choices* program if the circumstances specified by the State occur. It is the responsibility of the Counselor to notify the waiver case manager immediately when the participants' health and safety may be jeopardized by their continued enrollment in the *Personal Choices* program. The Counselor will begin the disenrollment process as soon as practicable to ensure the health and safety of the participant and a seamless transition to the traditional waiver.

The waiver case manager must ensure that traditional services are reinstated prior to the discontinuance of the *Personal Choices* program. The waiver case manager will perform a re-assessment of the participant's level of care needs in order to resolve any identified health and safety issues.

The Counselor must make a face-to-face visit to gather the following information in support of the involuntary disenrollment of the participant:

- The extent of the health and safety issue which necessitates the need for involuntary disenrollment
- To identify and resolve any problems that may enable continued enrollment or confirm that the reasons for involuntary disenrollment cannot be resolved
- To obtain the participant's signature acknowledging that they understand that they will no longer be participating in the *Personal Choices* program
- To explain the processes and timeline for transfer back to the traditional waiver program
- To determine the participant's choice of direct service provider agencies
- To discuss the conversion of the individual budget back to the traditional waiver services and make necessary decisions related to accumulated funds

*Personal Choices* services will continue until transition to the traditional waiver is complete.

Once disenrolled, the participant must continue to receive traditional waiver services for a minimum of three months before re-enrollment in *Personal Choices* can be considered.

#### vii. Participant Living Arrangement

Any additional restrictions on participant living arrangements, other than homes or property owned, operated, or controlled by a provider of services, not related by blood or marriage to the participant are noted below.

The State places no additional restrictions on participant living arrangements.

### viii. Geographic Limitations and Comparability

A.  $\underline{\mathbf{X}}$  The State elects to provide self-directed personal assistance services on a statewide basis.

The targeted population for statewide self-directed personal assistance services are participants enrolled in the Alabama Community Transition (ACT) Waiver.

B.  $\underline{\mathbf{X}}$  The State elects to provide self-directed personal assistance services on a targeted geographic basis. Please describe:

The targeted geographic areas for Medicaid-eligible beneficiaries from the Elderly and Disabled (E&D) Waiver are the following ten counties in Alabama: Baldwin, Bibb, Escambia, Fayette, Greene, Hale, Lamar, Mobile, Pickens and Tuscaloosa.

The targeted geographic areas for Medicaid-eligible beneficiaries from the State of Alabama Independent Living (SAIL) Waiver are the following seven counties in West Alabama: Bibb, Fayette, Greene, Hale, Lamar, Pickens, and Tuscaloosa.

- C. \_\_\_\_ The State elects to provide self-directed personal assistance services to all eligible populations.
- D. \_\_\_\_\_ The State elects to provide self-directed personal assistance services to targeted populations. Please describe: Marguerite's comment: This is checked only if the State is targeting a sub-population within the 1915(c) waivers.

To be eligible for *Personal Choices*, the individual must:

- Be currently enrolled in either the E&D, SAIL, or the ACT waiver and meet the medical and financial requirements for participation in those waivers
- Reside in one of the counties served by the E&D or SAIL waivers.

Approval Date: <u>4-11-11</u> Effective Date: <u>04/01/11</u>

To be a participant in *Personal Choices*, the individual/representative must:

- Give informed consent to participate
- Be able to understand the rights, risks, and responsibilities of managing their own care or if unable to make decisions independently have a willing representative who understands the rights, risks and responsibilities of managing the care of the participant with a cash allowance
- Be willing to complete a Personal Support Plan with the help of a counselor.
- E. \_\_\_\_ The State elects to provide self-directed personal assistance services to an unlimited number of participants.
- F. <u>X</u> The State elects to provide self-directed personal assistance services to  $\frac{1,734}{1,734}$  (insert number of) participants, at any given time.

This number represents the approximate number of available slots in the E&D and SAIL waivers in the counties. This number will allow participation in Personal Choices by enrollees of both the EDW and the SAIL waivers. The number of participants enrolled is limited by the number of slots allocated to the counties.

This number also represents 200 statewide participants from the ACT Waiver.

- ix. Assurances
  - A. The State assures that there are traditional personal assistance services, comparable in amount, duration and scope, to self-directed personal assistance services.
  - B. The State assures that there are necessary safeguards in place to protect the health and welfare of individuals provided services under this State Plan Option, and to assure financial accountability for funds expended for self-directed personal assistance services.
  - C. The State assures that an evaluation will be performed of participants' need for personal assistance services for individuals who meet the following requirements:
    - *i.* Are entitled to medical assistance for personal care services under the Medicaid State Plan; or
    - *ii.* Are entitled to and are receiving home and community-based services under a Section 1915(c) waiver; or
    - *iii.* May require self-directed personal assistance services; or
    - *iv.* May be eligible for self-directed personal assistance services.

Approval Date: 4-11-11

AL-11-005 Supplement 2 to Attachment 3.1-A Page 8

- D. The State assures that individuals are informed of all options for receiving selfdirected and/or traditional State Plan personal care services or personal assistance services provided under a Section 1915(c) waiver, including information about self-direction opportunities that is sufficient to inform decision-making about the election of self-direction and provided on a timely basis to individuals or their representatives.
- E. The State assures that individuals will be provided with a support system meeting the following criteria:
  - *i.* Appropriately assesses and counsels individuals prior to enrollment;
  - *ii.* Provides appropriate counseling, information, training and assistance to ensure that participants are able to manage their services and budgets;
  - *iii.* Offers additional counseling, information, training or assistance, including financial management services:
    - 1. At the request of the participant for any reason; or
    - 2. When the State has determined the participant is not effectively managing their services identified in their service plans or budgets.
- F. The State assures that an annual report will be provided to CMS on the number of individuals served through this State Plan Option and total expenditures on their behalf, in the aggregate.
- G. The State assures that an evaluation will be provided to CMS every three years, describing the overall impact of this State Plan Option on the health and welfare of participating individuals, compared to individuals not self-directing their personal assistance services.
- H. The State assures that the provisions of Section 1902(a)(27) of the Social Security Act, and Federal regulations 42 CFR 431.107, governing provider agreements, are met.
- I. The State assures that a service plan and service budget will be developed for each individual receiving self-directed PAS. These are developed based on the assessment of needs.
- J. The State assures that the methodology used to establish service budgets will meet the following criteria:
  - *i*. Objective and evidence based.
  - *ii.* Applied consistently to participants.
  - *iii.* Open for public inspection.
  - *iv.* Includes a calculation of the expected cost of the self-directed PAS and supports if those services and supports were not self-directed.

TN No. AL-11-005 Supersedes TN No. AL-07-002

Approval Date: 4-11-11 Effective Date: 04/01/11

- *v*. Includes a process for any limits placed on self-directed services and supports and the basis/bases for the limits.
- *vi.* Includes any adjustments that will be allowed and the basis/bases for the adjustments.
- *vii.* Includes procedures to safeguard participants when the amount of the limit on services is insufficient to meet a participant's needs.
- *viii.* Includes a method of notifying participants of the amount of any limit that applies to a participant's self-directed PAS and supports.
- *ix.* Does not restrict access to other medically necessary care and services furnished under the plan and approved by the State but not included in the budget.
- x. Service Plan

The State has the following safeguards in place, to permit entities providing other Medicaid State Plan services to be responsible for developing the self-directed personal assistance services service plan, to assure that the service provider's influence on the planning process is fully disclosed to the participant and that procedures are in place to mitigate that influence.

The State delegates the responsibility for developing the self-directed personal assistance service plan to the counselors employed by the designated Operating Agency and does not delegate any portion of that authority to any other Medicaid State Plan service provider.

xi. Quality Assurance and Improvement Plan

The State's quality assurance and improvement plan is described below, including:

- i. How it will conduct activities of discovery, remediation and quality improvement in order to ascertain whether the program meets assurances, corrects shortcomings, and pursues opportunities for improvement; and
- ii. The system performance measures, outcome measures and satisfaction measures that the State will monitor and evaluate.

*Personal Choices* has been designed to promote quality in operations. The Center for Medicare/Medicaid Services' (CMS) Quality Framework is the cornerstone for monitoring and improving the quality of the program. The CMS Quality Framework focuses on a participant-centered foundation that supports access, choice, and the health and safety of the participant. The *Personal Choices* Quality Management Plan integrates the Quality Framework with the Scripps Center *Guide to Quality in Participant Directed Services*, and the Cash and Counseling Performance Indicators.

AL-11-005 Supplement 2 to Attachment 3.1-A Page 10

The essence of this Plan is to identify quality strategies as described in the CMS Quality Framework and then to monitor the status and the effectiveness of the processes through the discovery of problems or concerns; remediation or resolutions of problems identified; and improvement within the program or a reevaluation of program strategies.

### Design Elements of the Quality Management Plan for Personal Choices

### Accountability

The Alabama Medicaid Agency will maintain administrative oversight responsibilities for the Quality Management Plan. The Alabama Department of Senior Services (ADSS) and the ADRS will be responsible for the actual management of quality activities defined in the plan.

The ADSS and ADRS will maintain primary oversight of the following activities and will:

- Monitor the Counselor/FMSA to the degree necessary to ensure compliance with participant direction of their care and appropriate fiscal and programmatic procedures
- Identify modifications and apply edits to the *Personal Choices* data system to create reports, prevent erroneous billing and allow a continual system of review
- Provide support to the Counselor and FMSA to enable effective training.
- Monitor the cost of the *Personal Choices* program by reviewing the Medicaid HCFA-64 report on a quarterly basis.
- Establish a quality improvement process under the leadership of the *Personal Choices* Project Director.
- Develop and submit an annual quality assurance report to CMS.

### Each of the stakeholders also has an integral role to play in quality management. These include the participant, the participant's employees, the Counselor and the FMSA as well as the administering and operating agencies.

### **Quality Improvement Committee**

The Quality Improvement Committee (QIC) will monitor all aspects of quality in the *Personal Choices* program. The QIC includes the participants/representative, the participant's employees, the Counselor, the FMSA as well as representatives from Medicaid, the ADSS, and ADRS staff. This committee will set performance indicators, review program operations and results make recommendations for program changes and develop strategies for program improvement. This committee will meet monthly for the first 6 months and quarterly thereafter.

AL-11-005 Supplement 2 to Attachment 3.1-A Page 11

To achieve an optimal level of quality within this program, substantial involvement from participants and family members is necessary. Therefore, a Local Quality Improvement Committee will be established in the pilot area that will include the *Personal Choices* participants/representatives, family members, employees, Counselors, and FMSA representatives. The ADSS and ADRS staff will attend meetings as needed. The Local Quality Improvement Committee will meet monthly for the first 6 months and quarterly thereafter. The meetings will be "open meetings" that will involve the above committee members as appropriate.

### **Education and Training**

Counselors are required to receive comprehensive, competency-based training from ADSS and ADRS staff or a designee. Once trained, the Counselor will provide a comprehensive, competency-based training to all participants/representative before the individual budget is developed. Outreach and participant/representative education activities will also be provided on an as needed.

Training materials will be developed and modified as needed, based upon the participant's level of competency. The Quality Improvement Committee will review training materials and revise as indicated.

### **Peer Support Group**

*Personal Choices* recognizes the importance of relationships as a measure of quality. A Peer Support Group is offered to allow participants the opportunity to share their experiences and meet other individuals in their community.

### Discovery Elements of the Quality Management Plan for Personal Choices

### Accountability

ADSS and ADRS will monitor all aspects of the *Personal Choices* demonstration project to assure compliance with the project design. The operating agencies will conduct participant surveys to monitor the level and quality of participant direction and the adequacy of the training curriculum to enable successful participant direction. The Project Director or designee will respond to possible quality problems identified through any channel by establishing a Project Team to examine the available data, study the work process in question, and develop a corrective action plan. The Project Team will include a representative from the Medicaid Agency Long Term Care Quality Assurance Division. The Project Director or designee, along with the Project Team will monitor implementation of changes and subsequent data collection to determine whether problems have been resolved.

TN No. <u>AL-11-005</u> Supersedes TN No. <u>AL-07-002</u>

Approval Date: <u>4-11-11</u> Effective Date: <u>04/01/11</u>

### **Performance Indicators**

The Performance Indicators will be used to measure program performance that may occur at the service or provider level. The Performance Indicators are the tools utilized to monitor and track program activities and processes to ensure that participant choice and satisfaction in services and service delivery is achieved. The Performance Indicators are person-centered and focus on positive outcomes for the participants.

The Performance Indicator Reports will describe the results of data gathered using the Performance Indicators, the source of the data, the frequency in which the data is reviewed, and who assists in analyzing the data.

The Performance Indicator Reports will ensure the following key components:

- Enrollment processes are proceeding as planned
- Enrollees receive their first allowance payment timely
- Number of disenrollments are minimized
  - Costs of providing Personal Choices services are comparable with the cost of providing the EDW, SAIL, and ACT Waiver services.
- Participants are satisfied with their care arrangements and paid caregivers
- Unmet needs of participants are reduced
- Participants' health is not adversely affected
  - Reports provide indicators which support the reduction or delay of clients' admissions to nursing homes.

# Remediation and Improvement Elements of the Quality Management Plan for <u>Personal Choices</u>

**Quality Improvement Committee (QIC)** 

### **Incident Management and Abuse Prevention**

The plan for the *Personal Choices* program is defined in policy and is the responsibility of the operating agencies and the Project Director. The procedures are consistent with current Alabama State law and reporting procedures. To further ensure the participants' health and safety, criminal background checks of providers at no cost to the participant will be required.

The Quality Improvement Committee will serve as the Incident Management Review team and will be tasked with the monthly review of all incident reports, develop recommendations or changes to the program, and monitor the program changes to ensure implementation.

All participants, family members, and Counselors will receive training in incident reporting and management before receiving or providing services. The core elements of the training will provide information on reporting abuse, neglect, and exploitation, how participants can report incidents, and to whom to report incidents.

- xii. Risk Management
  - A. The risk assessment methods used to identify potential risks to participants are described below.

#### **Participant Protections**

The Personal Choices program will provide participant protections to include: information to participants, participant training and skills assessment, counseling services, financial management services, development of emergency Back-up plans, development of an incident reporting system and access to program staff. Participants are required to use counseling and financial management services in order to assume responsibility for their care and financial management. The Counselor will train, coach, and provide technical assistance to participants as needed. The training and technical assistance will help participants use the budget to effectively meet their care needs, avoid overspending as well as prevent the under-utilization of their allocated budget.

The FMSA, as the employer agent, will assist participants to pay their employees and assure compliance with state and federal labor and tax laws. The FMSA will provide a method of receiving funds from the state and making the funds available for the participants' budgets.

### Orientation

An orientation to the Personal *Choices Role and Responsibilities tool is* required for all participants prior to the disbursement of the initial monthly budget. The intent of the orientation is to provide participants with the tools they need to effectively and safely manage their services. Counselors will be responsible for providing this mandatory training session for participants enrolled in the program. Participants will receive a program manual to provide additional information to support the training objectives.

During this orientation, risks are identified and risk mitigation plans are developed through the use of three primary tools: 1) the *Personal Choices Roles and Responsibilities*, 2) the *Self-Assessment* and 3) the *Health and Safety Planning Checklist*. In addition, participants are provided the *Support Network Checklist* tool, to assist them in identifying others resources who may be able to provide help and support and thereby also mitigate risk. One of the most important uses of this tool is in the development of a back-up plan but the tool may also be used to address other risk issues.

TN No. <u>AL-11-005</u> Supersedes TN No. <u>AL-07-002</u>

Approval Date: <u>4-11-11</u> Effective Date: <u>04/01/11</u>

### **Back-up Plan**

Personal Support Plans **must** include an emergency backup plan identifying the arrangements that have been made for the provision of services and/or supplies in the absence of critical planned services and supports. Each *Personal Choices* participant is required to develop a Back-up plan as part of his Personal Support Plan. The Back-up plan should describe the alternative service delivery methods that will be used under either of the following circumstances: 1) if the primary employees fail to report for work or otherwise cannot perform the job at the time and place required, 2) if the participant experiences a personal emergency, or 3) if there is a community-wide emergency (e.g., requiring evacuation). The personal emergency portion of the Back-up plan will allow the participant to identify circumstances that would cause an emergency for him based upon his unique needs. The Back-up plan must also address ways to assure that the needs of the individual are met should an unexpected shortage of funds occur. The Back-up Plan should also address if the representative is no longer able to serve as the participant's representative. The Counselor must attest to the viability of the Back-up plan before services can begin and the budget is released.

In the event of a disaster, the *Personal Choices* participant will have access to assistance from the Alabama Emergency Management Agency (EMA). Data will be shared with EMA on all *Personal Choices* participants who are high risk or participants with special needs in order to assure that EMA has expedient access to the participant in a threatening situation.

### **Peer Supports**

Personal Choices participants are encouraged to identify a peer and/or become affiliated with a Peer Group. The Counselor will facilitate linkages to Peer Group. It is the responsibility of the participant to make contact and foster the relationship with a peer group.

### Representatives

Participants may choose to manage their own personal support plans, or may appoint a representative to assist them. Counselors and outreach staff will provide and/or make available education and information to enable either model. All participants have the option of choosing one individual to act as a representative (friend, caregiver, family member, or other person) to assume budget and care management responsibilities.

Representatives may not work for the participant or be paid by the participant with monthly budget funds. Participants may also receive assistance with their *Personal Choices* responsibilities without appointing a friend, caregiver, family member, or other person as a representative, but these individuals cannot sign documents, speak for or otherwise act on behalf of the participant.

AL-11-005 Supplement 2 to Attachment 3.1-A Page 15

B. The tools or instruments used to mitigate identified risks are described below.

There are three levels of risk assessment used to identify potential risks to participants.

### Level 1: HCBS Waiver Assessment

Participants in the *Personal Choices* program must be participants in the E&D, SAIL, or ACT waivers. Therefore, prior to enrollment in the Personal Choices program, each participant will receive an HCBS waiver plan of care based on an assessment of need as determined by the HCBS Waiver Assessment tool that includes an identification of risks and potential mitigation strategies. The waiver case manager will continue to play a role in the participant's overall plan of care through the HCBS traditional waiver, and will continue to assess needs and risks as required by the respective waiver protocol.

### Level 2: Orientation Self Assessment

All participants in *Personal Choices* must take part in an initial orientation prior to the release of the budget. This orientation begins with a self-assessment process, using three tools.

The first tool is the *Personal Choices Roles and Responsibilities*, which provides a detailed description of the roles and responsibilities of the participant in the program including a detailed description of the roles, responsibilities and support functions of the Counselor and FMSA. This document will be thoroughly reviewed with the participant and/or the representative to ensure that there is a clear understanding of the responsibilities related to the health and safety and mitigation of risks to be assumed by the participant.

The second tool is the *Self-Assessment*, which asks participants to indicate their understanding and ability to implement each of the roles and responsibilities detailed in the *Personal Choices Roles and Responsibilities tool*. Depending on the responses, the Counselor and participant will formulate a plan for ensuring the participant can effectively manage each of the roles and responsibilities. Other potential strategies may include additional training and/or the use of an informal or formal representative.

The third tool is the *Health and Safety Planning Checklist*. This instrument lists many common risk factors, ranging from physical and cognitive disabilities to social issues such as isolation. For each identified risk, the participant is alerted to the nature of the potential risk and prompted with examples to develop a plan to mitigate that potential risk.

AL-11-005 Supplement 2 to Attachment 3.1-A Page 16

### Level 3: Ongoing Monitoring by Counselor and FMSA

The Counselor will monitor the Personal Support Plan to ensure that participation in the program does not compromise the health and well being of the participant. The Counselor will initiate contacts to the participant as needed to monitor the quality of self-directed care, to provide support and assistance, and to assure that essential needs are met. These contacts will be conducted as needed, but not less than monthly during the first six months of participation.

The FMSA will document at least monthly amounts spent for each participant/representative receiving an allowance to assure that money is spent on appropriate items identified in the Personal Support Plan, or for items related to personal care needs when discretionary funds are spent. Monitoring may be performed more frequently whenever problems or potential problems are identified. Problems associated with the monthly allowance such as misuse or under-utilization of the funds, failure to pay assistants as required, failure to comply with applicable state and federal employer laws, failure to submit documentation of expenditures, theft of checks mailed to participant/representative or other problems will be reported in writing to the operating agencies immediately.

C. The State's process for ensuring that each service plan reflects the risks that an individual is willing and able to assume, and the plan for how identified risks will be mitigated, is described below.

Individuals who choose to participate in the *Personal Choices* program will be provided with individualized supports to enable them to manage their own services to the largest extent possible.

These supports, and the manner in which they will be delivered, will be generated from a person-centered planning process facilitated by the Counselor utilizing the Self Assessment tool.

The participant/representative will develop a Personal Support Plan to specify how the monthly budget will be used to meet the participant's care needs, and how other identified needs might be met through generic and community supports. Information from the Self Assessment tool that takes place during orientation will serve as a primary source of information regarding potential risks and the plans that are developed to mitigate the risk. The results of this process will be documented in the service plan and updated annually or more frequently if needed.

AL-11-005 Supplement 2 to Attachment 3.1-A Page 17

D. The State's process for ensuring that the risk management plan is the result of discussion and negotiation among the persons designated by the State to develop the service plan, the participant, the participant's representative, if any, and others from whom the participant may seek guidance, is described below.

Counselors will provide support for technical assistance in order to facilitate the development of the risk management plan by the participant/representative, if any, and others from whom the participant may seek guidance.

Counselors will not assume responsibility for developing the risk management plan, but will review and approve the plan to ensure that proposed services are adequate, purchases are cost-effective and related to the participant's needs, and that an emergency Back-up Plan is in place. Additionally, the Counselor will assess the overall Personal Support Plan for potential risks and risk mitigation strategies. The Counselor reviews the proposed personal support plan with the participant/representative and others identified by the participant as a method to assess the participant/representative's ability to assume service management responsibilities and to further generate discussion around risk management.

Name and address of State Administering Agency, if different from the State Medicaid Agency.

# **Regular Post Eligibility**

The state applies post-eligibility treatment of income rules to PACE participants who are eligible under section 1902(a)(10)(A)(ii)(VI) of the Act (42 C.F.R. §435.217 of the regulations). Yes No X.

Post-eligibility for states that have elected to apply the rules to PACE participants

Note: Section 2404 of the Affordable Care Act mandated that, for the five-year period beginning January 1, 2014, the definition of an "institutionalized spouse" in section 1924(h)(1) of the Social Security Act include all married individuals eligible for certain home and community-based services (HCBS), including HCBS delivered through 1915(c) waivers. As of this writing, the ACA provision has been extended through December 31, 2019. This means that married individuals eligibile in the eligibility group described at 42 C.F.R. §435.217 must have their post-eligibility treatment-of-income rules determined under the rules described in section 1924(d). Because states that elect to apply post-eligibility treatment-of-income rules to PACE participants may only do so to the same extent the rules are applied to individuals eligibility under 42 C.F.R. §435.217, application of the post-eligibility treatment-of-income rules must be applied to married individuals receiving PACE services consistent with the provisions described herein under "Spousal post-eligibility" so long as the amendment to section 1924 of the Act made by the ACA remains in effect.

# 1. 1634 and SSI States

The State applies the post-eligibility rules to individuals who are receiving PACE services and are eligible under 42 C.F.R. §435.217 consistent with the rules of 42 C.F.R. §435.726, and, where applicable, section 1924 of the Act. ### **Spousal Post Eligibility**

State uses the post-eligibility rules of Section 1924 of the Act (spousal impoverishment protection) to determine the individual's contribution toward the cost of PACE services if it determines the individual's eligibility under section 1924 of the Act. There shall be deducted from the individual's monthly income a personal needs allowance (as specified below), and a community spouse's allowance consistent with the minimum monthly maintenance needs allowance described in section 1924(d), a family allowance, for each family member, calculated as directed by section 1924(d)(1)(C), and an amount for incurred expenses for medical or remedial care, as specified in the State Medicaid plan. Yes <u>No X</u>

### Note: states must elect the use the post-eligibility treatment-of-income rules in section 1924 of the Act in the circumstances described in the preface to this section.

### II. Rates and Payments

- A. The State assures CMS that the capitated rates will be less than the cost to the agency of providing State plan approved services to an equivalent non-enrolled population group based upon the following methodology. Please attach a description of the negotiated rate setting methodology and how the State will ensure that rates are less than the amount the state would have otherwise paid for a comparable population.

# **RATE METHOD**

### Program of All-inclusive Care for the Elderly (PACE) For Sites Operating Under Medicare and Medicaid Capitation

Alabama uses an actuarial firm to calculate the AWOP.

Alabama's monthly capitation rate for PACE services is set at less than 100% of the AWOP for an equivalent non-enrolled population group.

The AWOP is established by evaluating populations that are at least 55 years old who meet nursing home level of care, and include:

a. Individuals who are residing in nursing homes on a long-term basis, and

b. Individuals who meet the nursing home level of care but are receiving services in a home and community-based setting

The projected nursing home and home and community-based service components plus state plan services are blended to establish an AWOP for Medicaid Only and Dual Eligible populations.

# And

# State Plan Services

State plan services are covered Medicaid services authorized through the State Plan (excluding nursing facility and home-and community-based services).

B. The State Medicaid Agency assures that the rates were set in a reasonable and predictable manner.

C. The State will submit all capitated rates to the CMS Regional Office for prior approval, and will include the name, organizational affiliate of any actuary used, and attestation/description of the capitation rates.

# III. Enrollment and Disenrollment

The State assures that there is a process in place to provide for dissemination of enrollment and disenrollment data between the State and the State Administering Agency. The State assures that it has developed and will implement procedures for the enrollment and disenrollment of participants in the State's management information system, including procedures for any adjustment to account for the difference between the estimated number of participants on which the prospective monthly payment was based and the actual number of participants in that month.

a) Please set forth each service and components of each service (if applicable), along with a description of each service and component service.

# **Intake Evaluation**

Initial clinical evaluation of the recipient's request for assistance. Substance abuse recipients undergo standardized psychosocial assessment. The intake evaluation presents psychological and social functioning, recipient's reported physical and medical condition, the need for additional evaluation and/or treatment, and the recipient's fitness for Medication Assisted Treatment (MAT) services.

# **Medical Assessment and Treatment**

Face-to-face contact with a recipient during which a qualified practitioner provides psychotherapy and/or medical management services. Services may include physical examinations, evaluation of co-morbid medical conditions, development or management of medication regimens, the provision of insight oriented, behavior modifying, supportive, or interactive psychotherapeutic services, or the provision of educational services related to management of an opioid use disorder.

# **Individual Counseling**

The utilization of professional skills by a qualified practitioner to assist a recipient in a face-to-face, one-to-one psychotherapeutic encounter in achieving specific objectives of treatment or care for a mental health and/or an opioid use disorder. Services are generally directed toward alleviating maladaptive functioning and emotional disturbances relative to a mental health and/or opioid use disorder, and restoration of the individua I to a level of functioning capable of supporting and sustaining recovery. Individual Counseling may consist of insight oriented, behavior modifying, supportive, or interactive psychotherapeutic services.

# **Family Counseling**

A recipient focused intervention that may include the recipient, his/her collateral\* and a qualified practitioner. This service is designed to maximize strengths and to reduce behavior problems and/or functional deficits stemming from the existence of an opioid use disorder that interferes with the recipient's personal, familial, vocational, and/or community functioning. Family counseling that involves the participation of a non-Medicaid eligible is for the direct benefit of the beneficiary.

# 1905(a)(29) Medication-Assisted Treatment (MAT)

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Categorically Needy (continued)

The service must actively involve the beneficiary in the sense of being tailored to the beneficiary's individual needs. There may be times when, based on clinical judgment, the beneficiary is not present during the delivery of the service, but remains the focus of the service.

## Group Counseling

The utilization of professional skills by a qualified practitioner to assist two or more unrelated recipients in a group setting in achieving specific objectives of treatment or care for an opioid use disorder. Services are generally directed toward alleviating maladaptive functioning and behavioral, psychological, and/or emotional disturbances, and utilization of the shared experiences of the group's members to assist in restoration of each participant to a level of functioning capable of supporting and sustaining recovery. Group Counseling may consist of insight oriented, behavior modifying, supportive, or interactive psychotherapeutic service strategies.

# **Treatment Plan Review**

Review and/or revision of a recipient's individualized opioid use disorder treatment plan by a qualified practitioner who is not routinely directly involved in providing services to the recipient. This review will evaluate the recipient's progress toward treatment objectives, the appropriateness of services being provided, and the need for a recipient's continued participation in treatment.

# **Opioid Use Disorders Update**

A structured interview process that functions to evaluate a recipient's present level of functioning and/or presenting needs. The assessment is used to establish additional or modify existing diagnoses, establish new or additional goals, assess progress toward goals, and/or to determine the need for continued care, transfer, or discharge.

## **Psychoe ducational Services**

Structured, topic specific educational services provided to assist the recipient and the families\* of recipients in understanding the nature of the identified opioid use disorder, symptoms, management of the disorder, how to help the recipient be supported in the community and to identify strategies to support restoration of the recipient to his/her best possible level of functioning. Services that involve the participation of a non-Medicaid eligible are for the direct benefit of the beneficiary. The service must actively involve the beneficiary in the sense of

being tailored to the beneficiary's individual needs. There may be times when, based on clinical judgment, the beneficiary is not present during the delivery of the service, but remains the focus of the service.

## **Medication Administration**

The administration of medication, including the use of FDA approved medications for the use of opioid use disorders, to recipients who have a diagnosed opioid use disorder. Medication is administered to support the recipient's efforts to restore adequate functioning in major life areas that have been debilitated as a result of opioid addiction. This service includes medication administration and concurrent related medical and clinical services.

## **Peer Support Services**

Peer Support services provides structured, scheduled activities that promote socialization, recovery, self-advocacy, development of natural supports, and maintenance of community living skills, by Certified Recovery Support Specialists. Peer Support service actively engages and empowers an individual and his/her identified supports in leading and directing the design of the service plan and thereby ensures that the plan reflects the needs and preferences of the individua l (and family when appropriate) with the goal of active participation in this process. Additionally, this service provides support and coaching interventions to individua ls (and family when appropriate) to promote recovery, resiliency and healthy lifestyles and to reduce identifiable and increase healthy behaviors intended to prevent relapse and promote long-term recovery. Peer supports provide effective techniques that focus on the individual's selfmanagement and decision making about healthy choices, which ultimately extend the members' lifespan.

Amount, Duration, and Scope of Medical and Remedial Care Services Provided to the Categorically Needy (continued)

<u>X</u> Quantity limits

\_\_\_\_\_ The state does not have drug utilization controls in place.

v. Limitations

Describe the state's limitations on amount, duration, and scope of MAT drugs, biologicals, and counseling and behavioral therapies related to MAT.

All of forms of drugs for MAT that are approved under section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355) and all biologica l products licensed under section 351 of the Public Health Service Act (42 U.S.C. 262) are covered. These drugs may be/are included in the scope of the Preferred Drug List, may require clinical criteria, and may have quantity limitations.

The state's limitations on amount, duration, and scope of MAT drugs, biologicals, and counseling and behavioral therapies related to MAT may be overridden based on medical necessity, and are as follows:

The limits for Medication Administration are hard coded and is only overridden every seven years for "leap year" when there is a day 366. The remaining MAT related services have soft limits that can be overridden for medical necessity. Medical necessity will be established from the recipient's condition at the time of the request, not the diagnosis alone.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

#### STATE OF ALABAMA

Methods For Assuring High Quality of Care

The following methods shall be used by the Alabama Medicaid Agency in administering the Medical Assistance Program to ensure that medical, remedial care, and service provided are of high quality, properly utilized and based on acceptable professional medical standards, State and Federal laws and regulations.

- 1. Fiscal agent will perform quality review and utilization procedures consistent with good business practices to meet Alabama Medicaid requirements. The activities of the fiscal agent will be regularly reviewed through an Alabama Medicaid audit and in depth quality assurance case review on a sample basis.
- 2. Peer Review Committees have been established in Alabama for the purpose of settling disputes related to charges made for professional and other medical assistance services. Problems submitted to Peer Review Committees may originate with the Alabama Medicaid Agency, its fiscal agent, providers and recipients. Additional Peer Review Committees may be established as needed.
  - a. Peer Review Committees act independently of the fiscal agent and representatives of Alabama Medicaid Agency.
  - b. No member of a Peer Review Committee who has an ownership interest in a facility under review will participate in committee action for the facility.
  - c. A member of a Peer Review Committee shall not review a case on which he or a partner or associate is the attending physician or dentist or in which he has had professional responsibility.
  - d. Medical peer review is the responsibility of the Medical Association of the State of Alabama. They sponsor a statewide peer review system for resolution of physician provider problems referred to them by the Alabama Medicaid Agency and others.
  - e. Dental Peer Review Committees shall be maintained in the state according to the districts established by the Alabama Dental Association. These committees shall function as appeal bodies on requests from the Alabama Medicaid Agency, Utilization Review Committees, and patients. Matters not resolved by these committees shall be referred, where possible malpractice is involved, to the State Board of Dental Examiners.

- f. Pharmacy Peer Review Committees are maintained in several districts to ensure adequate coverage of the entire state. Each committee shall have registered active pharmacists who are participants in the state Medicaid drug program, selected by the Alabama Medicaid Agency Pharmaceutical Program Administrator. The committees shall determine whether established drug standards and accepted principles are being followed and aid in monitoring proper drug utilization within the Medicaid pharmacy program. Unusual findings detected by the fiscal agent or the Alabama Medicaid Agency in cost, frequency of service, and volume or quality of drug service, shall be referred to a Pharmaceutical Review Committee, if a satisfactory solution cannot be reached with a pharmacy provider.
- An Optometric Peer Review Committee will be maintained in q. the state by the Alabama Medicaid Agency. The committee shall meet at least twice each calendar year to discuss problems and complaints relative to optometric services within the Alabama Medicaid Program. It shall also function as an appeal body on request of the Alabama Medicaid Agency, optometric providers, and Medicaid recipients. Prior authorization requests from optometrists denied by Alabama Medicaid shall be submitted for consultation to the peer review committee before a final determination is made.
- Each agency, organization, or institution providing care or 3. services in the Alabama Medicaid program, must have a utilization review plan approved by the Alabama Medicaid Agency or its designated agent.
  - The Alabama Medicaid Agency shall have a Utilization Review а. Committee to examine problems brought before it that are related to medical care and services rendered to Medicaid recipients by providers.

Effective Date: 01/01/86

- The Bureau of Licensure and Certification, Department of b. Public Health, has been designated, through an agreement with the Agency, to monitor facility utilization review activities on extended care services.
- с. Utilization review for dental services is a part of the dental professional review program.
- d. The Alabama Medicaid Agency monitors utilization review activities concerned with evaluation and supervision of nursing and other services provided by home health agencies.
- e. Utilization review for pharmaceutical services is a part of the pharmacy professional review program or monitored by

f. Hospital inpatient utilizational review will be the responsibility of the Agency and/or its designated agent.

Effective Date: 10/01/82

- g. Medical review for Skilled and Intermediate Care nursing facilities to include ICF/MR and ICF/MD is the responsibility of the Alabama Medicaid Agency. Independent professional utilization review for Free-Standing ICF/MR and ICF/MD is the responsibility of the Alabama Medicaid Agency.
- 4. Additional procedures for assuring high quality care include the following:
  - a. Patient and provider profiles and other pertinent data will be developed through data processing for the Alabama Medicaid Agency by the fiscal agent. The profiles will be used for program control and reporting purposes.
  - b. Members of the Alabama Medicaid Agency staff shall make scheduled and unscheduled visits, as necessary, to approved Medicaid providers to evaluate medical care and resolve problems that may arise.
  - . Fiscal agent provider relations personnel will help resolve provider claim processing problems.
  - d. A liberal drug formulary published as the Alabama Drug Code Index (ADCI) shall be used. This publication will permit adequate pharmaceutical selections of drugs and their utilization without precipitating undesirable restrictions in the practice of medicine.
  - e. Evaluation and supervision of nursing and other services provided by State Home Health Agencies will be carried out by the Bureau of Public Health Nursing, Alabama Department of Public Health, under an agreement with the Alabama Medicaid Agency. Consultation evaluation and supervision of nursing and other services provided by all other home health agencies will be carried out by the Alabama Medicaid Agency.

Effective Date: 01/01/88

- f. All home health records are subject to on-site audits and in-house reviews by representatives of the Alabama Medicaid Agency.
- 5. The Alabama Medicaid Agency Quality Control unit is responsible for monitoring Medicaid program effectiveness. Through its findings, administrators may identify and eliminate dollar losses by effecting corrective action in program operations

AL-87-26 Attachment 3.1-C Page 4

- a. Alabama Medicaid Agency shall form a Corrective Action Committee to monitor the Medicaid program eligibility, claims processing, and third party liability procedures to identify and eliminate deficiencies in these functions.
- b. The committee shall by July 31st of each year prepare and submit to the Federal Regional Medicaid Director, a report on its error analysis and a corrective action plan.
- 6. A state Medical Care Advisory Committee shall participate with the Commissioner of Medicaid in policy development and program administration, including the seeking of recipient participation in the Alabama Medicaid Program.
  - a. The Commissioner, Alabama Medicaid Agency, shall arrange for committee representation from licensed physicians and others from the health and medical care professions familiar with the medical needs of low income population groups. Representatives of consumer groups and of the public shall be included on the committee.
  - b. The State Health Officer and the Commissioner, Department of Human Resources shall be permanent ex-officio members of the committee.
  - c. The Medical Care Advisory Committee shall meet semi-annually and at other times as required to advise the Commissioner of Medicaid on medical assistance matters brought before it.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT STATE OF ALABAMA METHODS OF PROVIDING TRANSPORTATION

## Effective Date: 02/01/09

The Alabama Medicaid Agency assures that necessary transportation of recipients to and from sources of medical care will be provided as follows:

#### I. <u>Non-emergency Transportation Services - Ambulance:</u>

- A. All non-emergency ambulance services rendered to eligible Alabama Medicaid recipients for trips over 100 miles one way, where medical care is received requires prior authorization. Certification that medical conditions warrant the use of ambulance services are required by the attending physician.
- B. Non-emergency ambulance service is provided to eligible recipients who must be bed-confined or have debilitating physical condition(s) that require travel by stretcher only and require ground transportation to receive medical services.

## Effective Date :\_12/01/14

## II. <u>Non-emergency Transportation Services</u>:

Any appropriate means of transportation which can be obtained without charge through volunteer groups, nonprofit organizations, public services, relatives or other persons is the preferred method of transportation. If transportation is not available without charge, the Alabama Medicaid Agency will make reimbursement for non-emergency transportation, with the exception of ambulance transports, directly to the recipient through an Electronic Benefit Transfer (EBT) system. The state will have on file the rates charged by the major transporters across the state. When a recipient requests assistance, the reimbursements will be issued based on the most cost-effective rate for the appropriate mode of transportation, considering the rates for the particular area and the options available to the requesting recipient.

The NEMT Program provides necessary non-ambulance transportation services to Medicaid recipients. Medicaid pays for rides to a doctor or clinic for medical care or treatment that is covered by Medicaid. The types of transportation being provided are: a) automobile (volunteer driver); b) friends; c) Medicaid recipient's/relative's vehicle; d) wheelchair van services; e) bus (commercial or city transit); f) airplane; and g) train service. Medicaid will not reimburse services if recipient has access to free transportation, except in the case of evident hardship.

NEMT – Call Center and NEMT staff are responsible for screening beneficiaries for eligibility for a ride.

AL-14-011 Attachment 3.1-D Page 1.1

Escorts are covered if their presence is required to assist a recipient during transport while at the place of treatment. Only one escort is covered per recipient in need and the recipient must prove an identifiable need for the escort. The escort cannot be an employee of a NEMT transporter. Medicaid allows escorts for recipients under the age of 21. Escort services are utilized in-state or out of state for recipients over 21 years of age when a physician's statement documents that an escort is required because the recipient is blind, deaf, intellectually disabled or mentally ill or physically handicapped to such a degree personal assistance is necessary.

The recipient or his/her representative arranges the ride by calling the Medicaid toll free number in advance of the need for the ride. Rides can also be arranged through a facility social worker.

A maximum of one round trip may be reimbursed per date of service per recipient, without prior authorized exception. The most inexpensive mode of transportation that meets the recipient's needs must be used. The recipient must be traveling to a Medicaid covered service with a Medicaid provider. Recipients must contact the Agency to request transportation assistance five days prior to the needed transportation or within 24 hours after urgent care appointments. Medicaid does not pay for ride to the emergency room for a problem that can wait until the doctor's office or clinic is open.

For out-of-state transportation, the recipient's physician must provide a statement that justifies the need for out-of-state services and assure that such services cannot be obtained in-state. The NEMT Coordinator requests this information from the recipient's physician. The Coordinator then provides this information to their supervisor who submits it for review to Alabama Medicaid's Medical Review Team who will approve or deny the need for out of state transportation. For long distance travel, the recipient's physician must certify that the treatment is not available locally and the location of the closest available treatment. When overnight travel is necessary, Medicaid pays for meals and lodging for the recipient and one escort (when authorized). Medicaid must receive receipts or confirmation of expenses before reimbursement can be made. Reimbursement will not exceed \$50 per person, per day. NEMT reimbursements will be issued for transportation costs to and from covered necessary medical services for which the recipient has benefits available.

The NEMT system verifies eligibility, appointments, mode of transportation, calculates and issues reimbursements for the trip. NEMT reimburses ambulatory and wheelchair transportation. The least costly mode of transportation appropriate to the needs of the recipient must be used. A tiered fee payment structure is utilized based upon factors such as: mileage; clients physical, mental or medical condition; whether the beneficiary is ambulatory or recumbent; prevailing rates in the region; availability of transportation resources; level of appropriate transportation required; and whether they are transported by a family member, commercial carrier, or ambulance provider. Internal audits are performed by NEMT Staff.

NEMT is provided under the administrative option and is matched at 50%.

III. <u>Non-emergency Transportation Services – Other:</u> Non-Emergency Medical Transportation for clients receiving allowable mental health services at Community Mental Health Centers are provided through contract with the Alabama Department of Mental Health (DMH).

Medicaid reimburses DMH as stated in Attachment 4.19-B, Page 14.a, Section 27.

The Alabama Medicaid Agency attests that all minimum requirements that ensure any provider (including a transportation network company) or individual driver of non-emergency transportation to medically necessary services receiving payments under such plan (but excluding any public transit authority), outlined in 1902(a)(87) of the Consolidated Appropriations Act, 2021 are met.

## IV. Emergency Transportation Services - Ambulance:

All emergency ambulance transportation must be medically necessary and reasonable. No payment may be made for emergency ambulance services if some other means of transportation could be utilized without endangering the recipient's health.

- A. Emergency ambulance services are provided to eligible recipients between:
  - (1) Scene or address of emergency and hospital.
  - (2) Nursing home and hospital.
  - (3) Local hospital and specialized hospital.Example: From Montgomery to University of Alabama Hospital in Birmingham.
- B. Certification that medical conditions warrant the use of ambulance services are required by the attending physician.
- V. <u>Air Transportation Services:</u>
  - A. Air Transportation services are covered for adults and children.
  - B. Air transportation may be rendered only when basic and advanced life support land ambulance services are not appropriate.
  - C. All air transportation services must be approved by Alabama Medicaid prior to payment.

# STANDARDS FOR THE COVERAGE OF ORGAN TRANSPLANT SERVICES

## Effective Date: 02/01/01

Transplant services and associated immunosuppressive drugs are covered by the Alabama Medicaid Agency as defined below:

Group I includes medically necessary corneal transplants and does not require prior approval. These services are limited to routine benefit and payment limitations.

Group II includes medically necessary heart, lung, heart/lung, liver, liver/small bowel, small bowel, kidney, pancreas, and pancreas/kidney transplants. All transplants in this group require prior approval based on medical criteria contained in the Alabama Medicaid Transplant Manual. In order to be approved, transplants must be therapeutically proven effective and considered nonexperimental, and are limited to within the geographic boundaries of the State of Alabama. If there is no instate transplant facility that has the medical expertise/staffing to perform the transplant, Medicaid may approve the transplant to be performed out of state.

Group III includes medically necessary bone marrow transplants which require prior approval. Approval is based on medical criteria contained in the Alabama Medicaid Transplant Manual. Bone marrow transplants must be therapeutically proven effective and considered nonexperimental, and are limited to within the geographic boundaries of the State of Alabama. If there is no instate transplant facility which has the medical expertise/staffing to perform the transplant, Medicaid may approve the transplant to be performed out of state.

Group IV includes any medically necessary nonexperimental EPSDT- referred organ transplants. These include transplants which have been determined to be nonexperimental and necessary to treat or ameliorate a condition identified in a screening.

Procedures must be performed at a transplant center in which transplants are routinely performed by an integrated team of surgeons and medical support staff and which is in compliance with all applicable federal, state or local laws regarding organ acquisition and transplantation, equal access and nondiscrimination.

Payment methodology for bone marrow, liver, liver/small bowel, small bowel, lung, heart/lung, heart, kidney, pancreas, and pancreas/kidney transplants is outlined in Attachment 4.19-B in the State Plan.

As an alternative, Medicaid may use an approved Prime Contractor. Medicaid's approved Prime Contractor will be responsible for the coordination and reimbursement for all Medicaid reimbursable organ transplants with the exception of cornea transplants as described in Attachment 4.19B in the State Plan. The Alabama Medicaid Agency's approved Prime Contractor must meet the following requirements:

- Be certified for participation in the Medicare/Medicaid Program.
- Be licensed as a hospital by the state of Alabama in accordance with current rules contained in the Alabama Administrative Code Chapter 420-5-7.
- 3. Be an established in-state transplant facility.
- 4. Capable of performing all Medicaid-covered transplants with the exception of cornea transplants.
- Have the necessary physicians and other medical support personnel with the expertise to provide coordination and reimbursement for each type of Medicaid-covered transplant.
- Be in compliance with applicable federal, state, or local laws or UNOS guidelines regarding organ acquisition and transplantation, equal access, and nondiscrimination.

4. Cornea Transplant

Although this procedure is technically a transplant, common usage does not ordinarily regard it in the category as true "organ transplants."

It is mentioned here only for completeness and the requirements are only that a defect, diagnosed by an ophthalmologist, exists that can be corrected by a transplant. Nor prior authorization is required. CMS-PM-10120 Date: March 1, 2013

Citation Condition or Requirement Primary Care Case Management a. Payments to Physicians: Providers participating in the Primary Care Case Management program are reimbursed up to \$2.60 per member per month in geographic regions of the State not operating under the Health Home authority. This rate is calculated as follows: 1. A variable rate based on the illness burden of each physician/practice's panel of patients as refleted on the Patient 1<sup>st</sup> Profiler report. Low risk patients which are those identified to have an acuity level of .9 or less are reimbursed \$1.00 per member per month and high risk patients or those that are identified to have an acuity level of greater than .9 are reimbursed \$1.60 per member per month. For providing voice-to-voice access to medical advice and care for enrolled 2. recipients 24 hours a day, seven days a week the provider is reimbursed \$1.00 per member per month. Providers participating in the Primary Care Case management program are reimbursed as follows in geographic regions of the State operating under the Health Home authority: 1. \$.50 per member per month 2. An additional \$8.00 per member per month is reimbursed for those patients identified as having a chronic health condition in accordance with approved State Plan page 3.1-H. Payments for Care Management: b. Providers of care management participating in the Primary Care Case Management program in geographic locations of the State not operating under the Health Home authority are reimbursed upon state-developed fee schedule rates which are the same for both governmental and private providers of case management and care coordination. Governmental providers are settled to cost annually.

Condition or Requirement

Providers of care management services for those patients identified as having a chronic health condition as per the approved State Plan page 3.1-H and who are in geographic locations that are designated as patient care networks are reimbursed \$9.50 per qualified member per month.

Alabama operates a statewide PCCM managed care program for the state's Medicaid citizens. The Patient 1<sup>st</sup> Program began January 1, 1997 under the authority of a 1915(b) waiver and was operational until February 29, 2004. The State chose not to pursue renewal of the program at that time due to administrative and budgetary constraints. By February 2005, the Patient 1<sup>st</sup> Program was re-implemented statewide. The overarching goal of Patient 1<sup>st</sup> is to provide Alabama Medicaid recipients a medical home.

Within the Patient 1<sup>st</sup> Program, patients are assigned to a primary medical provider (PMP). The PMP is responsible for providing directly or through referral, necessary medical care. PMPs are paid a case management fee for each recipient and enhanced case management fees are paid for individual in certain categories. Alabama Medicaid provides feedback to providers in through a variety of reports.

Through Patient 1<sup>st</sup>, providers have access to resources that can enhance their case management. Recipients who qualify for Health Home for Individuals with Chronic Conditions can utilize care management services from the Patient Care Network, Community Mental Health Centers, Substance Abuse Providers and others.

All Patient 1<sup>st</sup> recipients can receive traditional case management for the PCCM program provided through a contract with the Alabama Department of Public Health (ADPH) or the Alabama Department of Human Resources (ADHR). ADPH and ADHR have licensed and trained case managers available throughout the State. Services provided are traditional case management services and include; assistance with understanding program requirements, help with transportation needs, assessment of the home environment and factors that may prevent the patient from being compliant with medical care protocols; mental health issues, child health issues such as understanding the need for preventive care, i.e. immunizations, etc.

Each patient that is referred into the case management system receives a risk assessment. Areas assessed include social supports, community supports, shelter/ nutrition/ communication resources, economic status, education/ language needs, physical health, mental health, parenting history and children's issues. From the risk assessment, a plan of action is developed in conjunction with the patient. Follow-up

|                                       | The Children's Rehabilitation Service (CRS), a division of the Alabama Department of<br>Rehabilitative Service, is a statewide organization of skilled professionals providing<br>quality medical, rehabilitative, coordination, and support services for children with<br>special health care needs and their families. Each of Alabama's 67 counties is served<br>through a network of 15 community-based offices. Any child or adolescent younger<br>than 21 years of age who is a resident of Alabama and has a special health care need is<br>eligible for CRS. In Alabama, the Title V Maternal and Child Health Program is<br>administer by the Alabama Department of Public health. This agency contracts with<br>CRS to administer services to children and youth with special health care needs,<br>making CRS Alabama's Title V Children with Special Health Care Needs Program.<br>There is no automated way to identify these clients. There is a procedure for<br>representatives for these individuals to notify the Patient 1 <sup>st</sup> Program of the need for<br>exemption. It is recognized that these individuals typically have complex medical<br>conditions that are being coordinated by a specialty care provider. |  |  |  |  |

change the PMP selection. PMP change request allow recipients to utilize the new PMP beginning on the day the change is requested. Beginning the PMP assignments the first day of the month following assignment allows the recipient to begin the relationship with the health home sooner while allowing care without referrals during the first month of the initial assignment allows the recipient time to change the PMP assignment. A listing of all providers serving that patient's county is included in the enrollment packet and is maintained on the Agency's website. Providers are also notified on a monthly basis of all patients on their panel including information on those who have been disenrolled. The assignment process takes into account the group practices and/or clinic affiliation.

The State regularly reviews assignments to ensure that the assignment process is working correctly. The assignment reason is compared to the information on file to ensure that the most appropriate assignment algorithm was applied.

ii. the relationship with providers that have traditionally served Medicaid recipients (as defined in H.2.ii).

> Providers with a history of serving Patient 1<sup>st</sup> recipients can request an increase of 25% above these limits. Any expansion above 125% of these limits must be approved by the AMA Medical Director after a review of panel management, recipient outcomes, and area need.

iii. the equitable distribution of Medicaid recipients among qualified MCOs and PCCMs available to enroll them, (excluding those that are subject to intermediate sanction described in 42 CFR 438.702(a)(4)); and disenrollment for cause in accordance with 42 CFR 438.56 (d)(2). (Example: No auto-assignments will be made if MCO meets a certain percentage of capacity.)

#### **Executive Summary**

Summary description including goals and objectives:

The initial Health Home State Plan Amendment was approved effective 7/1/2012 through 6/30/2014 in 21 counties. These Health Homes were named Patient Care Networks of Alabama (PCNA). Due to the success of the program, AMA wants to continue to achieve improved outcomes through expansion of this program statewide and plans to release an RFP to procure additional Health Homes in 2015 for 46 counties. Going forward in this SPA, these lead entities will be referred to as "Health Homes". AMA also plans to add Hepatitis C as a diagnosis.

The lead Health Home entity is a non profit organization that provides care coordination and transitional care services to recipients. Additionally, this entity coordinates health home services with the Health Care Team of Providers including PMPs, FQHCs, RHCs, Alabama Dept of Public Health (ADPH), and Community Mental Health Centers (CMHCs) to provide care coordination, intense case management, transitional care services and medical management of Health Home recipients. The Health Homes will continue to operate under the 1932a authority and Section 2703 of the Patient Protections and the Affordable Care Act.

The State will continue its goals of the original SPA to coordinate with providers in the region and ensure that best practices are being followed in relation to management of chronic diseases; provide care management for health home recipients who are unstable to improve the management of chronic disease or other populations identified by Medicaid; facilitate care between primary care providers and the certified CMHCs, Substance Abuse (SA) providers, or other behavioral health providers for Health Home recipients; and implement initiatives to address Health Home Core Measures.

The Team of Health Care Professionals to provide these services include Physicians, Nurse Care Coordinators, Social Workers, Behavioral Health Professionals, Substance Abuse Providers, ADPH, CMHCs, FQHCs, RHCs, and Pharmacists.

# Health Homes Population Criteria and Enrollment

# **Population Criteria**

The State elects to offer Health Homes services to individuals with:

## **W** Two or more chronic conditions

Specify the conditions included:

- Wental Health Condition
- Substance Abuse Disorder
- 🕡 Asthma
- **Diabetes**
- 🕡 Heart Disease
- BMI over 25

| Other Chronic Conditions              |  |
|---------------------------------------|--|
| Cancer                                |  |
| Cardiovascular Disease                |  |
| Chronic Obstructive Pulmonary Disease |  |
| Hepatitis C Virus                     |  |
| HIV                                   |  |
| Sickle Cell Anemia                    |  |
| Transplants                           |  |

### **One chronic condition and the risk of developing another**

Specify the conditions included:

- Wental Health Condition
- Substance Abuse Disorder
- V Asthma
- **Diabetes**
- 👿 Heart Disease
- BMI over 25

# Other Chronic Conditions

Specify the criteria for at risk of developing another chronic condition:

Alabama will identify individuals with a chronic condition on a monthly basis through analysis of Medicaid claims data for the previous 18 months. However, Transplants will be identified with a look back of Medicaid claims data for five years rather than 18 months. HIV will have a look back of Medicaid claims data of 18 months on the basis for identification medications. In addition, the PMP or local hospital may refer a patient for enrollment.

# One or more serious and persistent mental health condition

Specify the criteria for a serious and persistent mental health condition:

Individuals with a Serious and Persistent Mental Health Condition (SPMH) and Mental Health Condition include mental diseases or mental disorders, such as various psychiatric conditions, usually characterized by impairment of an individual's normal cognitive, emotional, or behavioral functioning, and caused by physiological or psychosocial factors. Diagnoses include schizophrenia and other psychotic disorders, mood disorders, anxiety disorders, attention deficit disorders (ADD/ADHD) and other disorders of childhood or adolescents. Analysis of the Medicaid claims data will be reviewed monthly with a look back to the previous 18 months.

Individuals with SPMH, a mental health condition or a substance use disorder (SA) will be identified based on claims/payment data from Medicaid and/or the Alabama Department of Mental Health (ADMH). Analysis of the Medicaid claims/ADMH payment data will be reviewed monthly with a look back to the previous 18 months. The Executive Director or his/her Quality Care Manager of the Health Home review lists with the Community Mental Health Centers (CMHCs) and SA providers to identify individuals who could benefit from care management and support. State contracts with PMPs and Health Homes for the Patient 1st Program require PMPs and Health Homes to integrate bi-directional access and referrals between CMHCs and SA Providers, and the PMPs and Health Homes.

#### **Geographic Limitations**

#### W Health Homes services will be available statewide

Describe statewide geographical phase in/expansion. This should include dates and corresponding geographical areas that bring the program statewide.

July 1, 2012: Tuscaloosa, Fayette, Pickens, Greene, Hale, Sumter, Lamar, Bibb, Lee, Chambers, Tallapoosa, Coosa, Bullock, Russell, Macon, Limestone, Morgan, Cullman, Madison, Washington and Mobile Counties

#### **Enrollment of Participants**

# Participation in a Health Homes is voluntary. Indicate the method the State will use to enroll eligible Medicaid individuals into a Health Home:

#### Opt-In to Health Homes provider

Describe the process used:

Individuals eligible for health home services have the option to select amongst the Patient 1st Primary Medicaid Providers (PMPs), who are the state's designated PMPs and provide the comprehensive care management. Upon selection of the Patient 1st PMP, the eligible individual will be assigned to the Health Home to which the PMP has a contract. Individuals eligible for health home services have the option to select amongst the Patient 1st PMPs and may change providers at any time. Under the provisions of the SPA, enrollment into Patient 1st for purposes of the Health Home services is voluntary.

In addition to the Health Homes, who can serve all individuals with chronic conditions, the local CMHC is the designated provider for individuals who are eligible for Health Homes services based on a mental health (MH) designation, while the SA provider is the designated Health Home provider based on an SA designation. Individuals with a MH condition will be assigned a care manager from the CMHC when appropriate, but may choose to change care managers within the CMHC. Individuals with an SA condition will be assigned a care manager from the SA Provider when appropriate, but may choose to change care managers within the SA Providers. Health Homes must provide and maintain on file documentation that an enrollee has consented to participate in a Health Home.

#### Automatic Assignment with Opt-Out of Health Homes provider

Describe the process used:

The State provides assurance that it will clearly communicate the opt-out option to all individuals assigned to a Health Home under an opt-out process and submit to CMS a copy of any letter or other communication used to inform such individuals of their right to choose.

The State provides assurance that eligible individuals will be given a free choice of Health Homes providers.

- The State provides assurance that it will not prevent individuals who are dually eligible for Medicare and Medicaid from receiving Health Homes services.
- The State provides assurance that hospitals participating under the State Plan or a waiver of such plan will be instructed to establish procedures for referring eligible individuals with chronic conditions who seek or need treatment in a hospital emergency department to designated Health Homes providers.
- The State provides assurance that it will have the systems in place so that only one 8-quarter period of enhanced FMAP for each Health Homes enrollee will be claimed. Enhanced FMAP may only be claimed for the first eight quarters after the effective date of a Health Homes State Plan Amendment that makes Health Home Services available to a new population, such as people in a particular geographic area or people with a particular chronic condition.
- The State assures that there will be no duplication of services and payment for similar services provided under other Medicaid authorities.

### Supports for Health Homes Providers

Describe the methods by which the State will support providers of Health Homes services in addressing the following components:

- 1. Provide quality-driven, cost-effective, culturally appropriate, and person- and family-centered Health Homes services,
- 2. Coordinate and provide access to high-quality health care services informed by evidence-based clinical practice guidelines,
- 3. Coordinate and provide access to preventive and health promotion services, including prevention of mental illness and substance use disorders,
- 4. Coordinate and provide access to mental health and substance abuse services,

- 5. Coordinate and provide access to comprehensive care management, care coordination, and transitional care across settings. Transitional care includes appropriate follow-up from inpatient to other settings, such as participation in discharge planning and facilitating transfer from a pediatric to an adult system of health care,
- 6. Coordinate and provide access to chronic disease management, including self-management support to individuals and their families,
- 7. Coordinate and provide access to individual and family supports, including referral to community, social support, and recovery services,
- 8. Coordinate and provide access to long-term care supports and services,
- 9. Develop a person-centered care plan for each individual that coordinates and integrates all of his or her clinical and non-clinical health-care related needs and services:
- 10. Demonstrate a capacity to use health information technology to link services, facilitate communication among team members and between the health team and individual and family caregivers, and provide feedback to practices, as feasible and appropriate:
- 11. Establish a continuous quality improvement program, and collect and report on data that permits an evaluation of increased coordination of care and chronic disease management on individual-level clinical outcomes, experience of care outcomes, and quality of care outcomes at the population level.

### **Description:**

Health Home Providers are required to have a documented work experience with the target population; an administrative capacity to insure quality of services in accordance with state and federal requirements; capacity to document and maintain individual case records in accordance with state and federal requirements; demonstrated ability to assure a referral process consistent with Section 1902a(23) of the Social Security Act; allow for free choice of provider; and demonstrated capacity to meet the care management service needs of the target population they are serving. Additionally, Health Homes are required to have an identified member of the team with behavioral health knowledge/expertise to work with the local CMHC and SA providers and include them in their management meetings.

Health Homes will continue the care coordination and transitional care program of qualified staff to meet the needs of patients with chronic conditions to improve medical management, transition from an inpatient or residential setting to the community, and integrate medical and behavioral health care. A person-centered, holistic care plan is developed and integrates all clinical and non-clinical health-care related needs and services.

Health Homes must use information technology systems and processes to integrate and share elements such as demographic data, enrollment data, assessment results, care plans, case notes, claims and pharmacy data. This system must be linked to other databases, systems and the centralized Health Home recipient record that the Health Home uses to maintain information about the recipient. The goal is to integrate the recipient's information in a meaningful way to facilitate care coordination.

In order to ensure the delivery of quality health home services, the Alabama Medicaid Agency (AMA) provides state learning activities for health home providers through regularly scheduled meetings.

#### **Provider Infrastructure**

#### Describe the infrastructure of provider arrangements for Health Homes Services.

Attachment: "Alabama Health Home Care Coordination Model" explains the process for recipients receiving health home services.

The Health Home Services in Alabama are provided by a team of health care professionals from different agencies and health care providers to assure that Health Home recipients are receiving the six core elements of Health Homes. The lead Health Home Entity, currently called Patient Care Network of Alabama coordinates these services to assure that patients are identified and services are provided without duplication. This organization contracts with PMPs as part of the team, and has developed a relationship with FQHCs, RHCs, ADPH, and CMHCs in order to fulfill these goals. The Health Home Entity receives a PMPM for their coordination of these services, leading the medical management/ quality improvement initiatives of the team of health care professionals, as well as care coordination and transitional care services. Staff hired by the lead Health Home Entity to provide services under this PMPM rate include social workers, nurses, pharmacists, and a medical director. The Health Home Entity does not pay a fee to any organization, agency, or PMP for services.

Eligible Team of Health Care Professionals include: Categories of physicians that are authorized under the Alabama Medicaid State Plan as PMP include physicians, Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs). PMPs have direct responsibility to provide comprehensive care management services in coordination with a team of health care professionals who provide the care coordination under the SPA. "Eligible Team of Health Care Professionals" authorized to provide care coordination under SPA include Health Home Care Coordinators, ADPH, and ADMH contracted CMHCs and SA providers. Health Home staff include a medical director, pharmacist, and a nurse or social work care coordinator.

Health Homes are required to have an identified member of their team with behavioral health knowledge/expertise to work with the local CMHC and SA provider and include them in their management meetings. PMPs and Health homes are contractually required to partner with CMHCs.

Services provided by the Health Homes include:

• Comprehensive Care Management: PMPs, which include physicians, FQHCs, and RHCs will provide comprehensive care management by identifying high-risk individuals with chronic conditions and/or a mental health condition to refer for transitional care, care coordination, or other needed services to manage their conditions; outreach services to plan and communicate with other primary specialty care providers regarding patient's care; develop a comprehensive health plan informed by the patient, which integrates care across various systems (MH/SA/Primary Care); and clarify and communicate the patient's preferences to all involved providers while assuring timely delivery of services. • Care Coordination: Care Coordination services are provided by Nurse or Social Work Care Coordinators and Behavioral Health Nurses employed by Health Homes, Community Mental Health Centers (CMHC), or Alabama Department of Public Health (ADPH). Health Home recipients identified with MH/SA diagnoses, or with public health needs receive care coordination from the appropriate agencies. The recipient may change care coordinators by choice at any time within the CMHC, ADPH, or Health Home to best serve their needs. Care coordination is an enrollee-centered, assessment-based interdisciplinary approach to integrating health care and social support services in which an individual's needs and preferences are assessed, a comprehensive care plan developed, and services managed, monitored and reassessed as needed by an identified care coordinator following evidence-based standards of care to the degree possible. In addition to the core elements of care coordination, the care coordinator provides disease management education, medication reconciliation, facilitation of sub-specialty referrals, transitional care interventions, works to ensure appropriate level of care is being provided and unnecessary emergency department visits are avoided, as well as providing education to patients about the importance of a medical home.

• Health Promotion: Health promotion is considered a key component in managing chronic diseases and is provided by the team of Health Care Professionals including physicians, FQHCs, RHCs, Social Workers, Nurses, Behavioral Health, Pharmacists, and Public Health. Information is provided to the health home recipient and reinforced through care management, care coordination, and transitional care in order to prevent adverse outcomes.

• Comprehensive transitional care/ follow-up: Comprehensive transitional care is led by a transitional care nurse or behavioral health nurse, but may include a multidisciplinary team of physicians, social workers, and pharmacists to assist the recipient in safe transitioning of care to the next most appropriate level including movement from inpatient to a nursing facility or home setting. Health home recipients are identified through claims or inpatient facilities and screened for services. The transitional care nurse or team explains health home services to the recipient. If the patient chooses to receive transitional care services, an assessment of the patient's health and psychosocial needs is completed and a care plan developed in order to assist the patient in transitioning to a new level of care. Follow up services are provided in the home or new residential setting by the appropriate health care team member. Care Coordination services may begin simultaneously or following the transitional care services depending on the recipient's needs.

• Patient and family support: Services are provided by all health care team members to provide the patient and family with needed education, information, and resources in order to better manage their chronic conditions.

• Referral to community and social support services: The PMPs, social workers, and nurses identify needs of the patients through their assessments and refer to needed services based on those needs.

#### **Provider Standards**

#### The State's minimum requirements and expectations for Health Homes providers are as follows:

The Alabama Health Home model of service delivery will operate under a "whole-person" approach to care within a culture of continuous quality improvement that looks at all the needs of the person and does not compartmentalize aspects of the person, his or her health, or his or her well-being. Providers of Health Home services will use a person-centered planning approach to identifying needed services and supports, providing care and linkages to care that address all of the clinical and non-clinical care needs of an individual. Members of the "Health Home Team of Health Care Professionals": 1. Must be registered with the State, required to meet state qualifications, and have been provided a state assigned Medicaid Provider ID;

2. Must ensure that care is person-centered, culturally competent and linguistically capable;

3. Provide quality-driven, cost-effective, culturally appropriate, and person- and family-centered health home services;

4. Coordinate and provide access to high-quality health care services informed by evidence-based clinical practice guidelines;

5. Coordinate and provide access to preventive and health promotion services, including prevention of mental illness and substance use disorders;

6. Coordinate and provide access to comprehensive care management, care coordination, and transitional care across settings. Transitional care includes appropriate follow-up from inpatient to other settings, such as participation in discharge planning and facilitating transfer from a pediatric to an adult system of health care;

7. Coordinate and provide access to chronic disease management, including self-management support to individuals and their families;

8. Coordinate and provide access to individual and family supports, including referral to community, social support, and recovery services;

9. Coordinate and provide access to long-term care supports and services;

10. Develop a person-centered care plan for each individual that coordinates and integrates all of his or her clinical and non -clinical health-care related needs and services;

11. Demonstrate a capacity to use health information technology to link services, facilitate communication among team members and between the health team and individual and family caregivers, and provide feedback to practices, as feasible and appropriate; and

12. Establish a continuous quality improvement program, and collect and report on data that permits an evaluation of increased coordination of care and chronic disease management on individual-level clinical outcomes, experience of care outcomes, and quality of care outcomes at the population level.

PMPs and Health Home: The following Alabama standards, which may be met on-site or through coordination and/or offering of these services through partnerships with or in the surrounding community, are addressed through a contract between the State and the Patient 1st PMP and Health Home, and in the contract between the Health Home and their providers. PMPs and Health Homes must sign agreements with the State and each other. Alabama standards may be amended as necessary and appropriate. Standards include:

1. Capacity to provide access to care that includes an in-person, afterhours and telephone. The PMP must provide voice-to-voice access to medical advice and care for enrollees 24 hours a day 7 days a week.

2. Ability to provide comprehensive whole person care that includes a comprehensive health care assessment (including mental health and substance use), coordination and access to preventive and health promotion services, including prevention of mental illness and substance use disorders, medical and health care services informed by evidence-based clinical practice guidelines, mental health, substance abuse, and developmental services, and chronic disease management, including self-management support to individuals and their families, and interventions.

3. Ability to provide continuous personal clinician assignment and clinician care, organization of clinical information, clinical information exchange and specialized care settings.

4. Capability to coordinate and integrate that includes a capacity for population data management; to use health information technology (HIT); to develop a comprehensive health plan for each individual that coordinates and integrates clinical and non-clinical health-care related needs and services; for test and result tracking; to coordinate and provide access to Health Homes and provide comprehensive care management (PMPs), care management (Health Homes), and transitional care across settings (Health Homes and PMPs), and to coordinate and provide access to long-term care supports and services and end of life planning.

5. Capacity to provide culturally appropriate, and person-and family-centered health home services, coordinate and provide access to individual and family supports, including referral to community, social support, and recovery services, and provide a positive experience of care.

Contract Requirements:

1. PMPs must have contracts with AMA and the local Health Home. PMPs must sign agreements that address core competencies. Integration and coordination of services for individuals with MH and/or SA shall be addressed in all contracts (PMP and Health Home), including the requirement for ongoing processes with community providers and other community agencies to coordinate the planning and provision of care management. Alabama standards, which may be met onsite or through coordination and/or offering of these services through partnerships with or in the surrounding community, are addressed through a contract between the State and Patient 1st PMP and the Health Home and in the contract between the Patient 1st, Health Home and their providers. PMPs and Health Homes must sign agreements with the state and each other. Alabama standards may be amended as necessary and appropriate.

2. Health Homes must sign agreements that address core competencies. Integration and coordination of services for individuals with MH and/or SA is addressed in all contracts, including the requirement for ongoing processes with CMHCs and other community agencies to coordinate the planning and provision of care management. In addition, the Health Home team must include a care coordinator with expertise and/or knowledge in behavioral health who will serve as a liaison between the PMP and the CMHC and or SA provider.

3. The CMHC will complete behavioral health screening (non-standardized) for Health Home recipients with substance use diagnoses and determines if individual is eligible for care management through the ADMH SA care management provider. If not eligible, the individual is referred back to the PMP. If the recipient is determined to be "unstable", the Health Home is notified and the individual becomes eligible for care management services through the Health Home. 4. The ADPH provider completes screening (non-standardized) and determines if the individual is eligible for care management through ADPH Care management provider. If not eligible, the individual is referred back to the PMP. If "unstable", the Health Home is notified and the individual becomes eligible for care management services through the Health Home.

O Yes

The State provides an assurance that at least annually, it will submit to the regional office as part of their capitated rate Actuarial certification a separate Health Homes section which outlines the following:

- Any program changes based on the inclusion of Health Homes services in the health plan benefits
- Estimates of, or actual (base) costs to provide Health Homes services (including detailed a description of the data used for the cost estimates)
- Assumptions on the expected utilization of Health Homes services and number of eligible beneficiaries (including detailed description of the data used for utilization estimates)
- Any risk adjustments made by plan that may be different than overall risk adjustments
- How the final capitation amount is determined in either a percent of the total capitation or an actual PMPM

The State provides assurance that it will design a reporting system/mechanism to monitor the use of Health Homes services by the plan ensuring appropriate documentation of use of services.

The State provides assurance that it will complete an annual assessment to determine if the payments delivered were sufficient to cover the costs to deliver the Health Homes services and provide for adjustments in the rates to compensate for any differences found.

#### **Health Homes Payment Methodologies**

The State's Health Homes payment methodology will contain the following features:

**Fee for Service** 

Fee for Service Rates based on:

Severity of each individual's chronic conditions

Describe any variations in payment based on provider qualifications, individual care needs, or the intensity of the services provided:

Some Health Home Recipients receive care coordination services through ADMH or ADPH based on their condition and needs, such as behavioral health, substance use disorders, or issues related to public health. Since this is only a portion of the Health Home population, these providers are paid on a Fee for Service basis through AMA.

The Payment System for services for the Health Homes in Alabama:

Health Homes (Lead Entity): PMPM of \$9.50 monthly from AMA to coordinate services provided by the Team of Health Care Professionals to assure all six core services are provided, lead medical management meetings and Quality Initiatives, and provide care coordination and transitional care services. Private PMPs: PMPM of \$8.50 monthly from AMA to coordinate and through the regional health home entity provide access to comprehensive care management, care coordination services, transitional care, health promotion, individual and family support, and referrals to community and social support services. Care coordination services are provided by the Health Home Entity, ADPH, and the CMHCs.

FQHCs: No additional payment provided. The Providers at FQHCs coordinate and through the regional health home entity provide access to comprehensive care management, care coordination services, transitional care, health promotion, individual and family support, and referrals to community and social support services. The more intensive, health home level of care coordination services are provided by the Health Home Entity, ADPH, and the CMHCs.

RHCs: No payment provided at this time. The Providers at RHCs coordinate and through the regional health home entity provide access to comprehensive care management, care coordination services, transitional care, health promotion, individual and family support, and referrals to community and social support services. The more intensive, health home level of care coordination services are provided by the Health Home Entity, ADPH, and the CMHCs.

ADPH: AMA directly pays Fee for Service on a fee schedule to provide Care Coordination Services to Health Home recipients by nurses and social workers.

CMHCs: AMA directly pays Fee for Service on a fee schedule to provide Care Coordination Services to Health recipients by nurses and social workers.

All Health Home team members will be covered by the PMPM rate described in the Payment Methodology section with the exception of the FQHCs and RHCs. Their current reimbursement under the prospective payment system includes compensation for management of those populations who meet the definition of a chronic health condition. ADPH and ADMH will be reimbursed for health homes services when one of them serves as a care coordination provider.

Capabilities of the team of health care professionals, designated provider, or health team.

Describe any variations in payment based on provider qualifications, individual care needs, or the intensity of the services provided:

Other: Describe below.

Provide a comprehensive description of the rate-setting policies the State will use to establish Health Homes provider reimbursement fee-for-service rates. Explain how the methodology is consistent with the goals of efficiency, economy and quality of care. Within your description, please explain: the reimbursable unit(s) of service, the cost assumptions and other relevant factors used to determine the payment amounts, the minimum level of activities that the State agency requires for providers to receive payment per the defined unit, and the State's standards and process required for service documentation.

**Per Member, Per Month Rates** 

Provide a comprehensive description of the rate-setting policies the State will use to establish Health Homes provider reimbursement fee for service or PMPM rates. Explain how the methodology is consistent with the goals of efficiency, economy and quality of care. Within your description, please explain: the reimbursable

unit(s) of service, the cost assumptions and other relevant factors used to determine the payment amounts, the minimum level of activities that the State agency requires for providers to receive payment per the defined unit, and the State's standards and process required for service documentation.

Private PMPs are provided a monthly payment of \$8.50 if the following requirements are met:

1. The person is identified as meeting Health Home eligibility criteria on the State's MMIS and in the Care Management Information System;

2. The person is enrolled as a Health Home member at the PMP; and

3. At a minimum each individual has received care management monitoring for treatment gaps or another health home service was provided that was documented in the Care Management Information System. The state will provide the Health Home on a monthly basis reports by individual that indicate potential gaps in service delivery. The Health Home on a monthly basis must review each individual's data and where there is a gap in service delivery, take appropriate action or request the PMP to take appropriate action or meet with the patient to assure the providers and/or patients are addressing the identified issue(s).

The Payment System for services for the Health Homes in Alabama:

Health Homes (Lead Entity): PMPM of \$9.50 monthly from AMA to coordinate services provided by the Team of Health Care Professionals to assure all six core services are provided, lead medical management meetings and Quality Initiatives, and provide care coordination and transitional care services.

Private PMPs: PMPM of \$8.50 monthly from AMA to coordinate and through the regional health home entity provide access to comprehensive care management, care coordination services, transitional care, health promotion, individual and family support, and referrals to community and social support services. Care coordination services are provided by the Health Home Entity, ADPH, and the CMHCs.

FQHCs: No additional payment provided. The Providers at FQHCs coordinate and through the regional health home entity provide access to comprehensive care management, care coordination services, transitional care, health promotion, individual and family support, and referrals to community and social support services. The more intensive, health home level of care coordination services are provided by the Health Home Entity, ADPH, and the CMHCs.

RHCs: No payment provided at this time. The Providers at RHCs coordinate and through the regional health home entity provide access to comprehensive care management, care coordination services, transitional care, health promotion, individual and family support, and referrals to community and social support services. The more intensive, health home level of care coordination services are provided by the Health Home Entity, ADPH, and the CMHCs.

ADPH: AMA directly pays Fee for Service on a fee schedule to provide Care Coordination Services to Health Home recipients by nurses and social workers.

CMHCs: AMA directly pays Fee for Service on a fee schedule to provide Care Coordination Services to Health recipients by nurses and social workers.

#### Incentive payment reimbursement

Provide a comprehensive description of incentive payment policies that the State will use to reimburse in addition to the unit base rates. Explain how the methodology is consistent with the goals of efficiency, economy and quality of care. Within your description, please explain: the incentives that will be reimbursed through the methodology, how the supplemental incentive payments are tied to the base rate activities, the criteria used to determine a provider's eligibility to receive the payment, the methodology used to determine the incentive payment amounts, and the frequency and timing through which the Medicaid agency will distribute the payments to providers.

**PCCM Managed Care (description included in Service Delivery section)** 

Risk Based Managed Care (description included in Service Delivery section)

Alternative models of payment, other than Fee for Service or PM/PM payments (describe below)

Tiered Rates based on:

Severity of each individual's chronic conditions

Capabilities of the team of health care professionals, designated provider, or health team.

Describe any variations in payment based on provider qualifications, individual care needs, or the intensity of the services provided:

Rate only reimbursement

Provide a comprehensive description of the policies the State will use to establish Health Homes alternative models of payment. Explain how the methodology is consistent with the goals of efficiency, economy and quality of care. Within your description, please explain the nature of the payment, the activities and associated costs or other relevant factors used to determine the payment amount, any limiting criteria used to determine if a provider is eligible to receive the payment, and the frequency and timing through which the Medicaid agency will distribute the payments to providers.

Explain how the State will ensure non-duplication of payment for similar services that are offered through another method, such as 1915(c) waivers or targeted case management.

Alabama has taken care to ensure the reimbursement model is designed to only fund Health Home Services that are not covered by any of the currently available Medicaid funding mechanisms.

Through the screening assessment process with the enrollees, Health Home staff determine if similar services are being provided under othe Medicaid authorities in order to prevent duplication of services.

The State provides assurance that all governmental and private providers are reimbursed according to the same rate schedule

The State provides assurance that it shall reimburse Health Homes providers directly, except when there are employment or contractual arrangements.

#### **Service Definitions**

Provide the State's definitions of the following Health Homes services and the specific activities performed under each service:

#### **Comprehensive Care Management**

#### **Definition:**

PMPs will provide comprehensive care management to all Health Home eligible by:

1. Identifying high-risk individuals (in addition to the efforts by the state directly to identify high-risk enrollees);

2. Outreach to, plan and communicate with other primary and specialty care providers regarding a patient's care;

3. Developing a comprehensive health plan informed by the patient, which integrates care across various systems (MH/SA/Primary Care); and

4. Clarifying and communicating the patient's preferences to all involved providers while assuring timely delivery of services.

## Describe how health information technology will be used to link this service in a comprehensive approach across the care continuum:

The state currently requires an integrated medical record but not an electronic continuity of care record. When national standards are finalized, One Health Record will use a standardized CCD. Health Homes will be required to use the CCD which is a component of an Electronic Health Record (EHR) for transport of information through the One Health Record. In addition, in order to receive EHR Incentive Payments for meaningful use, providers will need to connect to One Health Record. Thus, One Health Record will become the "norm" for the exchange of health information in Alabama.

In the interim, the state approves web-based tools, such as web-based application, that facilitates the efficient exchange of medical information between physician offices and healthcare facilities. The use of the process is not required, but can take the place of the written referral. The state currently contracts with the University of South Alabama (USA) Center for Strategic Health Innovations (CSHI) to support Patient 1st through a web-based secure management system called Real Time Medical Electronic Data Exchange (RMEDE). Based on Medicaid's paid claims information, the care management system provides a foundation for practice improvement by providing timely reports on select clinical measures that can be addressed with patients through targeted interventions. An Interactive Voice Response (IVR) system allows Patient 1st Health Home patients with chronic diseases to transmit home monitoring information into a care management tool to track and impact key health indicators of their patients with Congestive Heart Failure, Hypertension, and Diabetes.

#### **Care Coordination**

#### **Definition:**

Care Coordination is a enrollee-centered, assessment-based interdisciplinary approach to integrating health care and social support services in which an individual's needs and preferences are assessed, a comprehensive care plan developed, and services managed, monitored and reassessed as needed by an identified care coordinator following evidence-based standards of care to the degree possible. In addition to the core elements of care coordination/care management, the care coordinator provides disease management education, medication reconciliation, facilitation of sub-specialty referrals, transitional care interventions, works to ensure appropriate level of care is being provided and unnecessary emergency department visits are avoided, as well as providing education to patients about the importance of a medical home.

The Health Home Care Coordinator, a member of the Health Home team, provides care management, serves as

a liaison between the family, PMP, other care managers, and Medicaid. Care coordination is assured through care plans that are developed using a team approach. The care plans must have the capacity to accommodate participants with multiple diseases and co-morbidities. The individualized care plan identifies the enrollee, enrollee's caregiver, enrollee's Health Home, specialists and other ancillary providers involved in the participant's care.

## Describe how health information technology will be used to link this service in a comprehensive approach across the care continuum:

The state currently requires an integrated medical record but not an electronic continuity of care record. When national standards are finalized, One Health Record will use a standardized CCD. Health Homes will be required to use the CCD which is a component of an Electronic Health Record (EHR) for transport of information through the One Health Record. In addition, in order to receive EHR Incentive Payments for meaningful use, providers will need to connect to One Health Record. Thus, One Health Record will become the "norm" for the exchange of health information in Alabama.

In the interim, the state approves web-based tools, such as web-based application, that facilitates the efficient exchange of medical information between physician offices and healthcare facilities. The use of the process is not required, but can take the place of the written referral. The state currently contracts with the University of South Alabama (USA) Center for Strategic Health Innovations (CSHI) to support Patient 1st through a web-based secure management system called Real Time Medical Electronic Data Exchange (RMEDE). Based on Medicaid's paid claims information, the care management system provides a foundation for practice improvement by providing timely reports on select clinical measures that can be addressed with patients through targeted interventions. An Interactive Voice Response (IVR) system allows Patient 1st Health Home patients with chronic diseases to transmit home monitoring information into a care management tool to track and impact key health indicators of their patients with Congestive Heart Failure, Hypertension, and Diabetes.

Scope of benefit/service

#### The benefit/service can only be provided by certain provider types.

**Behavioral Health Professionals or Specialists** 

#### Description

1. Screening for clinical depression.

2. Coordination and access to preventive and health promotion services, including prevention of mental illness and substance use disorders.

3. Coordination and access to mental health and substance abuse services.

4. Facilitate communication and coordination between members of the health care team and involving the individual in the decision-making process in order to minimize fragmentation in services.

#### **Nurse Care Coordinators**

#### Description

1. Development of a comprehensive health plan (individualized care plan) that is person centered for each individual and coordinates and integrates all of the individual's clinical and non-clinical health care related needs and services. Development of the comprehensive health plan is collaborative with the enrollee and family or caregiver and using a team approach. The comprehensive health plans must have the capacity to accommodate individuals with multiple diseases and co-morbidities. The comprehensive health plan identifies the individual, caregiver, Health Home, specialists and other ancillary providers involved in the participant's care; 2. Coordination and access to preventive and health promotion services, including prevention of mental illness and substance use disorders;

3. Coordination and access to mental health and substance abuse services;

4. Coordination and access to long-term care supports and services;

5. Management, monitoring and reassessment of an individual as needed by an identified care coordinator following evidence-based standards of care and enrollee-centered, assessment –based interdisciplinary approach to integrating health care and social support services;

6. Traditional case management services through public health, including assistance with understanding program requirements, helping with transportation needs, and assessment of the home environment and factors that may prevent the patient from being compliant with medical care protocols. It also includes mental health, substance abuse and child health issues such as

#### **Health Promotion**

#### **Definition:**

Health Home staff, through Care Coordinators, Behavioral Health Nurses, and Transitional Care Nurses provide disease management education, utilization of services, and the importance of a medical home.

## Describe how health information technology will be used to link this service in a comprehensive approach across the care continuum:

The state currently requires an integrated medical record but not an electronic continuity of care record. When national standards are finalized, One Health Record will use a standardized CCD. Health Homes will be required to use the CCD which is a component of an Electronic Health Record (EHR) for transport of information through the One Health Record. In addition, in order to receive EHR Incentive Payments for meaningful use, providers will need to connect to One Health Record. Thus, One Health Record will become the "norm" for the exchange of health information in Alabama.

In the interim, the state approves web-based tools, such as web-based application, that facilitates the efficient exchange of medical information between physician offices and healthcare facilities. The use of the process is not required, but can take the place of the written referral. The state currently contracts with the University of South Alabama (USA) Center for Strategic Health Innovations (CSHI) to support Patient 1st through a web-based secure management system called Real Time Medical Electronic Data Exchange (RMEDE). Based on Medicaid's paid claims information, the care management system provides a foundation for practice improvement by providing timely reports on select clinical measures that can be addressed with patients through targeted interventions.

Scope of benefit/service

The benefit/service can only be provided by certain provider types.

**Behavioral Health Professionals or Specialists** 

#### Description

1. Coordination and access to preventive and health promotion services, including prevention of mental illness and substance use disorders.

2. Disease management education.

3. Encouragement of the appropriate use of health care services to improve quality of care and maintain cost effectiveness.

4. Adhering to Early and Periodic Screening, Diagnosis, and treatment (EPSDT) requirements.

5. Providing health-promoting lifestyle interventions, such as substance use prevention, smoking prevention and cessation, nutritional counseling, obesity reduction and prevention and increasing physical activity.

6. Support health promotion through the development of a treatment relationship with the individual and the interdisciplinary team of providers.

7. Promoting evidence based wellness and prevention by linking Health Home recipients with resources for smoking cessation, diabetes, asthma and other services based on individual needs and preferences.

#### **Nurse Care Coordinators**

#### Service Definitions

Provide the State's definitions of the following Health Homes services and the specific activities performed under each service:

#### Comprehensive transitional care from inpatient to other settings, including appropriate follow-up

#### **Definition:**

AMA requires that PMPs, and Health Home Care Coordinators, who are social workers or nurses, assist the enrollee in the safe transitioning of care to the next most appropriate level including movement from inpatient to a nursing facility or home setting. PMPs and Health Home Care Coordinators must sign agreements that address core competencies and require the establishment of an ongoing process with community providers and other community agencies to coordinate the planning and provision of care management and other support services for enrollees needing those services. Hospitals have had an ongoing voluntary working relationship with their local Health Homes, but have a bigger incentive to work with the PMPs and PCNAs to arrange appropriate follow-up in order to avoid hospital readmission penalties.

Medicaid enrollees who meet the criteria will be identified through claims, thus the Health Home Care Coordinators and PMP is not dependent on the hospital for identification. There are no formal MOUs, but the state requirements of health home providers are such that they are aware when someone goes into the hospital. The Health Home Care Coordinators have a working relationship with all hospitals in their geographic area. In addition, the Health Home team will include an individual with knowledge/expertise in MH/ SA. Alabama standards, which may be met on-site or through coordination and/or offering of these services through partnerships with or in the surrounding community, are addressed through a contract between the state and Patient 1st PMP and Health Home must sign agreements with the state and each other. Alabama standards may be amended as necessary and appropriate.

## Describe how health information technology will be used to link this service in a comprehensive approach across the care continuum:

The state currently requires an integrated medical record but not an electronic continuity of care record. When national standards are finalized, One Health Record will use a standardized CCD. Health Homes will be required to use the CCD which is a component of an Electronic Health Record (EHR) for transport of information through the One Health Record. In addition, in order to receive EHR Incentive Payments for meaningful use, providers will need to connect to One Health Record. Thus, One Health Record will become the "norm" for the exchange of health information in Alabama.

In the interim, the state approves web-based tools, such as web-based application, that facilitates the efficient exchange of medical information between physician offices and healthcare facilities. The use of the process is not required, but can take the place of the written referral. The state currently contracts with the University of South Alabama (USA) Center for Strategic Health Innovations (CSHI) to support Patient 1st through a web-based secure management system called Real Time Medical Electronic Data Exchange (RMEDE). Based on Medicaid's paid claims information, the care management system provides a foundation for practice improvement by providing timely reports on select clinical measures that can be addressed with patients through targeted interventions. An Interactive Voice Response (IVR) system allows Patient 1st Health Home patients

with chronic diseases to transmit home monitoring information into a care management tool to track and impact key health indicators of their patients with Congestive Heart Failure, Hypertension, and Diabetes.

#### Individual and family support, which includes authorized representatives

#### **Definition:**

Activities within the scope of patient and family support (including authorized representatives):
Alabama requires PMPs to provide patient and family support as appropriate. PMPs must educate and empower the enrollee and the family or caregiver about treatment options, community resources, insurance benefits, psychosocial concerns, and care management, so that timely and informed decisions can be made.
Alabama requires health home care management providers Health Home, CMHCs, SA providers and ADPH) to provide patient and family support as appropriate.

• Alabama specifically requires the PMPs and Health Home Care Coordinators to advocate for both the state and the enrollee to facilitate positive outcomes for the enrollee and where a conflict arises to prioritize the needs of the enrollee.

Provider Type: PMPs, Health Home Care Coordinators, CMHCs, SA Providers, and ADPH

## Describe how health information technology will be used to link this service in a comprehensive approach across the care continuum:

The state currently requires an integrated medical record but not an electronic continuity of care record. When national standards are finalized, One Health Record will use a standardized CCD. Health Homes will be required to use the CCD which is a component of an Electronic Health Record (EHR) for transport of information through the One Health Record. In addition, in order to receive EHR Incentive Payments for meaningful use, providers will need to connect to One Health Record. Thus, One Health Record will become the "norm" for the exchange of health information in Alabama.

In the interim, the state approves web-based tools, such as web-based application, that facilitates the efficient exchange of medical information between physician offices and healthcare facilities. The use of the process is not required, but can take the place of the written referral. The state currently contracts with the University of South Alabama (USA) Center for Strategic Health Innovations (CSHI) to support Patient 1st through a web-based secure management system called Real Time Medical Electronic Data Exchange (RMEDE). Based on Medicaid's paid claims information, the care management system provides a foundation for practice improvement by providing timely reports on select clinical measures that can be addressed with patients through targeted interventions.

Scope of benefit/service

The benefit/service can only be provided by certain provider types.

**Behavioral Health Professionals or Specialists** 

#### Description

Behavioral Health Specialists from the CMHCs, SA and the Health Homes (Care Coordinators) assist patients and families through education to the enrollee and family about treatment options, community resources, and linking to behavioral health care needs.

**Nurse Care Coordinators** 

#### Description

Nurse Care Coordinators in the Health Home (Health Home Care Coordinators) assist patients and families through education of the treatment plan, medical regime, treatement options; and empower the patient and family to be proactive in their care in order to have positive outcomes.

#### Referral to community and social support services, if relevant

#### **Definition:**

Activities within the scope for referral to community and social support services include:

• Where relevant and as appropriate, PMPs and Health Home Care Coordinators are specifically required to establish "an ongoing process with community providers and other community agencies to coordinate the planning and provision of care management and other support services for enrollees needing those services; however, all care management managers may engage in this activity for their specific population. Services include long term care services and support such as housing, home delivered meals, services for individuals with disabilities and adult care.

• For individuals with public health needs, the ADPH will take the lead to assure community and social support services relevant to public health and obtained through the public health infrastructure are available to health home services and enrollees. Since much of the public health infrastructure in Alabama is through the State, the ADPH will coordinate these efforts as a participant in the team.

• Health Homes are required to have a member of their team with expertise/knowledge in MH/SA to assure integration with CMHCs, SA providers and community resources

Provider Types: PMPs, Health Home Care Coordinators, CMHCs, SAs, and ADPH

## Describe how health information technology will be used to link this service in a comprehensive approach across the care continuum.

The state currently requires an integrated medical record but not an electronic continuity of care record. When national standards are finalized, One Health Record will use a standardized CCD. Health Homes will be required to use the CCD which is a component of an Electronic Health Record (EHR) for transport of information through the One Health Record. In addition, in order to receive EHR Incentive Payments for meaningful use, providers will need to connect to One Health Record. Thus, One Health Record will become the "norm" for the exchange of health information in Alabama.

In the interim, the state approves web-based tools, such as web-based application, that facilitates the efficient exchange of medical information between physician offices and healthcare facilities. The use of the process is not required, but can take the place of the written referral. The state currently contracts with the University of South Alabama (USA) Center for Strategic Health Innovations (CSHI) to support Patient 1st through a web-

Patients are referred to Health Homes through inpatient settings, RMEDE, PMPs, or community agencies. Home Health recipients identified in an inpatient setting received transitional care through the Health Homes to assist in returning to a community based setting. Transitional care services include discharge planning, medication reconciliation, referrals to community resources, and education on the recipient's chronic condition and medical care. After the transition to the community, the Transitional Care nurse from the Health Home refers the patient to a Care manager for further assessment. All other Health Home recipients are assessed by the Care Manager after patient accepts services. The objectives of the Health Home Care Management Program are to: a) Develop and implement patient centered holistic plans of care; b) Improve health literacy, health outcomes and self-management' c) Improve utilization of Information Technology resources by participants and providers in Health Home as available: d) Promote effective use of the healthcare system and community resources; e) Reduce the potential for risks of catastrophic or severe illness; f) Prevent disease exacerbations and complications; g) Reduce inappropriate utilization and costs associated with Emergency Department, and hospital inpatient services; h) Work to identify additional key resources and incorporate these into the strategies implemented such as partnerships with ADPH and ADMH: If an eligible Health Home recipient elects not to participate in a Health Home, the Care Manager or Transitional Care Nurse refers the recipient to any needed resources. Health Home recipients are discharged once they no longer choose to participate. See Attachment 3 for a flow chart of the Health Home Process. Medically Needy eligibility groups

All Medically Needy eligibility groups receive the same benefits and services that are provided to Categorically Needy eligibility groups.

- Different benefits and services than those provided to Categorically Needy eligibility groups are provided to some or all Medically Needy eligibility groups.
  - All Medically Needy receive the same services.

There is more than one benefit structure for Medically Needy eligibility groups.

#### Health Homes Monitoring, Quality Measurement and Evaluation

#### Monitoring

## Describe the State's methodology for tracking avoidable hospital readmissions, including data sources and measurement specifications:

Description: For Health Home target members 18 years of age and older, the number of acute inpatient stays during the measurement year that were followed by an acute readmission for any diagnosis within 30 days for each age, gender and total combination.

Measure Specification, including numerator and denominator: Age as of 12/31 of the measurement year by ages 18, 19, 20... up to age 85 and group everyone 85 and above together.

Numerator: The number of Index Hospital Stays with a readmission within 30 days for each age, gender and total combination.

Denominator: The number of Index Hospital Stays for each age, gender and total combination. Frequency: Annual

## Describe the State's methodology for calculating cost savings that result from improved coordination of care and chronic disease management achieved through the Health Homes program, including data sources and measurement specifications.

#### Data Source: Medicaid claims

Specification: Total cost per member per month (PMPM) will be tracked and calculated based on total cost all patients in the Health Home geographical region divided by Total Number Eligible. This is a state specific measure as there is no national measure to use and will be reported monthly per age (<1, 1-5, 6-18, >19) and by median PMPM for providers in region.

Pharmacy cost compared to inpatient and ER cost for targeted medications and diagnosis will also be calculated. The numerator is the total cost of preventative medication and the denominator is the total cost of ER and Inpatient Claims for targeted diagnosis based on Medicaid claims data. A second measure will compare the Patient 1st population with asthma diagnosis costs of all asthma medications to the cost of ER/hospital visits attributed to asthma-related I-CD9 code. The state will move to ICD-10 codes at the appropriate time.

# Describe how the State will use health information technology in providing Health Homes services and to improve service delivery and coordination across the care continuum (including the use of wireless patient technology to improve coordination and management of care and patient adherence to recommendations made by their provider).

The Alabama health information exchange (HIE) initiative, One Health Record®, uses a standardized Continuity of Care Document (CCD) to share a summary of patient data. One Health Record is the gateway for individual or group entities (primary providers, pharmacies, EMTs, hospitals, clinics, organized health systems, payers, consumers for Personal Health Records and government institutions), within the state to connect with other state HIEs and Medicaid agencies, federal agencies, and exchange at the federal level. One Health Record® is part of Alabama's MMIS and will connect to other HIEs throughout Alabama and neighboring states.

The state currently requires an integrated medical record but not an electronic continuity of care record. Patient 1st Providers and Health Homes connected to One Health Record® will have the ability to push and consume a CCD through secure routing and a statewide provider directory. The exchange will enable the providers to pull summaries from disparate sources and create a holistic view of the patient's status and care.

The State currently contracts with the University of South Alabama (USA) Center for Strategic Health Innovations (CSHI) to support Patient 1st through a web-based secure management system called Real Time Medical Electronic Data Exchange (RMEDE). Based on Medicaid's paid claims information, the care management system provides a foundation for practice improvement by providing timely reports on select clinical measures that can be addressed with patients through targeted interventions. An Interactive Voice Response (IVR) system allows Patient 1st Health Home patients with chronic diseases to transmit home monitoring information into a care management tool to track and impact key health indicators of their patients with Congestive Heart Failure, Hypertension, and Diabetes.

#### **Quality Measurement**

- The State provides assurance that it will require that all Health Homes providers report to the State on all applicable quality measures as a condition of receiving payment from the State.
- The State provides assurance that it will identify measureable goals for its Health Homes model and intervention and also identify quality measures related to each goal to measure its success in achieving the goals.

States utilizing a health team provider arrangement must describe how they will align the quality measure reporting requirements within section 3502 of the Affordable Care Act and section 1945(g) of the Social Security Act. Describe how the State will do this:

#### Evaluations

The State provides assurance that it will report to CMS information submitted by Health Homes providers to inform the evaluation and Reports to Congress as described in Section 2703(b) of the Affordable Care Act and as described by CMS.

## Describe how the State will collect information from Health Homes providers for purposes of determining the effect of the program on reducing the following:

Describe how the State will collect information for purpose of informing the evaluations, which will ultimately determine the nature, extent and use of the program, as it pertains to the following:

#### Hospital Admission Rates

Assess hospital admission rates by service (medical, surgical, maternity, mental health and chemical dependency), for acute care hospitals (non-psychiatric hospitals) in the participating health home geographic sites and remainder of state for the chronic conditions identified as eligible for health home services using Medicaid Claims (annual). MMIS claims data will be analyzed using current and new data warehouse and distributed via e-mail or disc distribution. Eligible population will be those 18 years of age and older, age as of 12/31 measurement year and the focus of the collection is the number of acute inpatient stays during the measurement year that were followed by an acute readmission for any diagnosis within 30 days and the predicted probability of an acute readmission.

The state will utilize the quality process and outcome measures described in the SPA to assess quality improvements and clinical outcomes. For registry-based, claims-based and audit-based measures, assessment will occur both at the individual practice level, the Health Home level, at the aggregate level for each geographic area, and for all participating health homes. For claims-based measures, the State will track change over time to assess whether statistically significant improvement has been achieved.

#### Chronic Disease Management

The state will assess the provision of chronic disease management by the PMPs and Networks for individuals with chronic conditions specified within the Health Home Core Set Measures through Medical Claims/Charts.

The care management system tracks referrals to social services and community and social support. One Health Record will provide the infrastructure for PMPs and Health Homes to also connect with state agencies, including Medicaid, ADPH, and ADMH and other health home providers who choose to connect to One Health Record through a state "gateway" that is now available. PMPs and Health Homes will be encouraged to utilize current HIT systems and connect to One Health Record to communicate with patients, family and caregivers in a culturally appropriate manner.

Alabama has established business and technical operational structures to comply with the evaluation reporting requirements including nature, extent, and use of the health home model of service delivery, assessment of program implementation processes and lessons, assessment of quality improvements and clinical outcomes and estimates of cost savings.

MMIS Data can be shared across the systems. It will be analyzed using the current and future state enterprise wide data repository/warehouse system along with other systems as they become available through One Health Record and Medicaid eligibility system enhancements. Chart review replacement will be considered once One Health Record is operational for a year to give all providers the opportunity to fully utilize their EHR systems.

#### Coordination of Care for Individuals with Chronic Conditions

The state will also assess the provision of care coordination services for individuals with chronic conditions specified within this State Plan Amendment based on the measurements presented earlier in this State Plan. The state has already put into place quality measure reporting requirements for health homes that apply to both the PMPs and the Health Homes, including the collection and reporting of data on patient outcomes and the collection of data on patient experience of care. MMIS claims data can be shared across the systems. It will be analyzed using the current and future state enterprise wide data repository/warehouse system along with other systems as they become more readily available through One Health Record and Medicaid eligibility system enhancements. Chart review replacement will be considered once One Health Record is operational for a year to give all providers opportunity to fully utilize their HER systems.

#### Assessment of Program Implementation

The State will monitor implementation through the evaluation process addressed in this State Plan. The Medicaid Agency is also working directly with ADPH, ADMH, etc. and meeting regularly regarding goals established in this State Plan and performance indicators provided elsewhere in this State Plan Amendment.

The State has adopted the Health Home Core Set Measures as defined by CMS. However, the State will be unable to measure the Control of High Blood Pressure and Care Transition – Timely Transmission of Transition Record until HIE is fully operational. Although health information capacity is not currently statewide, implementation has begun.

The State will setup business and technical operational structures to comply with the evaluation reporting requirements, including: nature, extent, and use of the health home model of service delivery, assessment of program implementation processes and lessons learned, assessment of quality improvements and clinical outcomes, and estimates of cost savings. The State will monitor Health Home providers to ensure that Health Home services are being provided that meet the state's Health Home provider standards and CMS' Health Home core functional requirements. Oversight activities will include, but not be limited to contract management, clinical and claims data review and analysis, and other activities defined by the State for Medicaid program integrity and ongoing management.

#### Processes and Lessons Learned

The State will monitor implementation through the evaluation process addressed in this State Plan. The Medicaid Agency is also working directly with ADHR, ADMH, ADPH regarding goals and indicators provided in this State Plan Amendment. Federal requirements are provided in contracts between the State and the Health Homes, and the State and the PMPs.

#### Assessment of Quality Improvements and Clinical Outcomes

The State will utilize the quality process and outcomes measures described in the prior section to assess quality improvements and clinical outcomes based on the Health Home Core Set Measures. For registry-based, claims-based, and audit-based measures, assessment will occur both at the individual practice level, the Health Home level, at the aggregate level for each geographic area, and all participating Health Homes. For claims-based measures, the State will track change over time to assess whether statistically significant improvement has been achieved. The State has adopted the Health Home Core Set Measures as defined by CMS. However, the State will be unable to measure the Control of High Blood Pressure and Care Transition – Timely Transmission of Transition Record until HIE is fully operational. Although health information capacity is not currently statewide, implementation has begun.

The State will setup business and technical operational structures to comply with the evaluation reporting requirements, including: nature, extent, and use of the Health Home model of service delivery, assessment of program implementation processes and lessons learned, assessment of quality improvements and clinical outcomes, and estimates of cost savings.

#### Estimates of Cost Savings

#### The State will use the same method as that described in the Monitoring section.

If no, describe how cost-savings will be estimated.

The State will determine total Cost All Patients in the Region divided by Total Number Eligible reported monthly Per Age (<1, 1-5, 6-18, >19) and also report median PMPM for providers in region as no national measurement is available to match. PMPM amounts for the geographic regions will be compared with projected PMPM to determine cost savings. Through the use of the proposed CHIPRA measures, the adult Medicaid measures and the Meaningful Use measures, the State seeks to align with some of the information, including cost savings, which will be collected for the Report to Congress.

Dear State Medicaid Director:

This letter is the first of several providing policy guidance and clarification for the recent legislative changes under the Balanced Budget Act of 1997. It is critical for Federal and State Governments to work cooperatively to implement these recent legislative changes. I am looking forward to working with States and doing our part in realizing these Congressional health care goals.

The purpose of this letter is to inform you of the elimination of Obstetrical and Pediatric (Ob/Ped) payment rate requirements. Section 4713 of the Balanced Budget Act of 1997 repeals section 1926 of the Social Security Act (Assuring Adequate Payment Levels for Obstetrical and Pediatric Services) and applies to services furnished on or after October 1, 1997.

States will no longer be required to submit a State Plan Amendment (SPA) by April 1 of each year documenting access to Ob/Ped services, but the Health Care Financing Administration (HCFA) is still committed to improving access to care for pregnant women and children. Therefore, we remind you that under Section 1902(A)(30)(a) States' payments must be consistent with efficiency, economy, and quality of care and sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area.

We realize the difficulties that were encountered in obtaining data needed for the Ob/Ped SPAs and appreciate your past efforts. If your staff have questions about this letter, please have them contact your HCFA Regional Office.

# Cooperative Arrangements With Other Agencies

The Alabama Medicaid Agency has cooperative agreements with State Health and Vocational Rehabilitation Agencies, Title V Grantees, Title XIX Statewide Family Planning Project, and participating providers in support of this program that meet the requirements of 42 CFR 431.615. The services administered or supervised by those agencies will be utilized and coordinated with the medical care and services provided by the Alabama Medicaid Agency under the State Plan for Medical assistance. These agreements ensure that:

- 1. Persons eligible for medical care under Title XIX will be informed of rehabilitation and crippled children's services, Title V grantee services, and family planning services that are available to them through State agencies and will be encouraged to use them;
- 2. Personnel of vocational rehabilitation and crippled children agencies and the Family Planning Project will be kept informed of all services available through the medical assistance program, which will permit them to properly counsel their patients;
- 3. Vocational rehabilitation crippled children agencies, Title V grantee agencies and the Statewide Family Planning Project will be reimbursed for the cost of medical and rehabilitative care that is within the purview of the State Plan, in accordance with Federal and State Law and regulations;
- 4. Planning conferences on matters of mutual interests will be conducted at appropriate times;
- 5. Perinatal initiatives are aimed at improving infant morbidity & mortality. Outreach will be targeted in defined regions by Regional Directors;
- 6. Services to children with special needs is being enhanced and accomplished through revisions to the Medicaid/State Department of Education agreement regarding services provided through Children's Rehabilitation Services effective January 1, 1992.

Agreements pertaining to the services cited above and any others that may be added from time-to-time as related to these services will become a part of Attachment 4.16-A.

# PROVIDER AGREEMENT BETWEEN THE ALABAMA MEDICAID AGENCY AND ALABAMA STATE DEPARTMENT OF EDUCATION (Division of Rehabilitation and Crippled Children Service)

WHEREAS, the Alabama Medicaid Agency, hereinafter referred to as Medicaid, has been designated as the agency to administer the Medicaid Program in the State of Alabama under Title XIX of the Social Security Act, and

WHEREAS, the undersigned, the Alabama State Department of Education (Division of Rehabilitation and Crippled Children Service) hereinafter called SDE/CCS, is a duly certified or licensed provider of services and desires to participate in the Medicaid Program;

NOW, THEREFORE, the parties to this agreement hereby agree that SDE/CCS shall participate in the Alabama Medicaid Program for the purpose of providing services and/or goods pursuant to Title XIX of the Social Security Act, as amended, and under the terms and conditions set forth herein.

# SECTION I. (GENERAL)

1. This agreement shall become effective on October 1, 1986, and shall continue until terminated, amended, or revised by either party in accordance with the terms and conditions of this agreement, with the exception that Medicaid may terminate this agreement when it determines that, during the last fiscal year, SDE/CCS has not provided services to Medicaid only recipients in excess of five claims and/or One Hundred Dollars (\$100.00).

2. This agreement may be revised, altered, modified, or amended as required, provided that such is in writing and signed by both parties. This agreement may be terminated by either party upon thirty (30) days' written notice.

3. SDE/CCS shall comply with all the applicable provisions of the Alabama State Plan for Medical Assistance under Title XIX of the Social Security Act, as amended, (hereinafter called the State Plan), and shall follow the procedures established for providing services under the Medicaid Program. SDE/CCS shall comply with all relevant Federal and State laws and regulations and shall follow the best professional practices consistent with reasonable economy.

AL 86-22 Approved 1/7/87 Eff 10/1/86

This agreement is deemed to include the applicable 4. provisions of the State Plan, Alabama Medicaid Administrative Code, and all State and Federal laws and regulations. If this agreement is deemed to be in violation of any of said provisions, then this agreement is deemed amended so as to comply therewith. Invalidity of any portion of this agreement shall not affect the validity, effectiveness, or enforceability of any other provision.

5. SUE/CCS shall maintain records at its normal place of tubicoos sufficient to verify and disclose the full extent of services, equipment, supplies, and/or goods furnished to Medicaid recipients. SDE/CCS agrees that:

- All such records shall be maintained for a. a period of at least three years and one month following the last day of the fiscal year in which the service was rendered. However, if audit, litigation, or other action by or on behalf of the State of Alabama or Federal Government has begun but is not completed at the end of the above time period, or if audit findings, litigation, or other action has not been resolved at the end of the above time period, said records shall be retained until resolution.
- ь. SDE/CCS shall promptly make all such records available for inspection and audit by authorized representatives of the Comptroller General of the United States, the Secretary of Health and Human Services, the Office of Inspector General, the Alabama Medicaid Agency, and appropriate agencies of the State of Alabama. SDE/CCS shall either furnish copies of said records without cost to Medicaid or allow said records to be removed from the facility for reproduction. Such reports and facilities will be available for inspection upon request during regular business hours of SDE/CCS.
- SDE/CCS shall maintain, preserve, and с. provide Medicaid access to all records affecting or reflecting costs of services, equipment, supplies, and/or goods furnished under this agreement.

Ell.

- d. SDE/CCS shall maintain, preserve, and provide Medicaid access to all records showing SDE/CCS's relationship to any brother-sister or parent or subsidiary corporations, partnerships or other form of business ventures.
- b. SDE/CCS agrees:
  - Claims will be submitted in accordance â. with cuidelines established by Medicaid and billing instructions provided by the Medicaid fiscal agent, said instructions being construed to be consistent with the rules and regulations of Medicaid, hereby incorporated by reference. SDE/CCS agrees to accept as payment in full the amount paid by the fiscal agent for a covered service(s), and will make no additional charge or charges for a covered service(s) to a recipient, or sponsor, or family thereof, except the designated and appropriate copayment amount where applicable.
  - b. To pay Medicaid any monies due under Medicaid regulations for payments made on behalf of the patient by third parties. SDE/CCS shall cooperate by obtaining and providing Medicaid with the name, address, and circumstances surrounding third parties who may be liable for payment of services whenever possible. SDE/CCS shall follow all procedures set forth in the Medicaid Agency Administrative Code, Third Party Section, with regard to reporting, billing, and collecting from third parties.

7. SDE/CCS shall comply with Titles VI and VII of the Civil Rights Act of 1964, the Federal Age Discrimination Act, and Section 504 of the Rehabilitation Act of 1973.

3. Neither Medicaid nor SDE/CCS is obligated under this agreement unless and until it is duly executed by its authorized representatives.

TN # 86-22 approved 1/1/87 SSR. 10/1/86

3

9. Medicaid shall make no payment for services rendered in violation of this agreement. Payments made for services rendered in violation of this agreement may be recovered through appropriate administrative and/or legal action.

10. Medicaid's obligation to make payments hereunder is an obligation that is subject to the availability of State and Federal funds appropriated for Medicaid purposes.

dered on a no-cost basis to the general public.

12. SDE/CCS is prohibited from offering incentives (such as discounts, rebates, refunds, or other similar unearned gratuity or gratuities) other than an improvement(s) in the quality of service(s), for the purpose of soliciting the patronage of Medicaid recipients. Should SDE/CCS give a discount or rebate to the general public, a like amount shall be adjusted to the credit of Medicaid on the Medicaid claim form, or such other method as Medicaid may prescribe. Failure to make a voluntary adjustment by SDE/CCS shall authorize Medicaid to recover same by then existing administrative recoupment procedures or legal proceedings.

13. Payment by Medicaid for services furnished under this agreement shall be made in accordance with applicable State and Federal laws, regulations, and limitations. In no event shall the Medicaid payment exceed the amount charged to the general public for the same service.

14. Medicaid recognizes that SDE/CCS is required by various contracts with governmental agencies and others to maintain certain sliding fee scales and fee schedules. Nothing herein shall require SDE/CCS to vary or adjust its rates to Medicaid based upon any fees offered under such sliding scales or schedules, nor shall any fee paid under such contract be deemed to be a "discount" or "rebate."

15. In the event litigation is had concerning any part of this agreement, whether initiated by SDE/CCS or Medicaid, it is agreed that such litigation shall be had and conducted in either the Circuit Court of Montgomery County, Alabama, or the United States District Court for the Middle District of Alabama, Northern Division, according to the jurisdiction of those respective courts. This provision is not intended to, nor shall it operate to, enlarge the jurisdiction of either of said courts, but is merely an agreement and stipulation as to venue.

## SECTION II. (ELECTRONIC MEDIA CLAIMS)

1. Medicaid agrees that SDE/CCS may submit claims for covered services by use of electronic media, to wit: magnetic tape.

2. SDE/CCS hereby agrees to establish and maintain on file the signature of each recipient of services furnished by the SDE/CCL, or when applicable the signature of a responsible percon on behalt of said recipient. Said signature shall be maintained for each claim submitted consistent with Alabama Medicoid Administrative Code Rule 560-N-1-.1., as amended, wherein incorporated by reference.

3. SDE/CCS hereby agrees that the method of electronic media claims submission shall be governed by and submitted under the existing rules, regulations, and policy directives of Medicaid, herein incorporated by reference. SDE/CCS further agrees that said method of electronic media claims submission shall be governed by and submitted under the provisions of the Alabama Medicaid Agency Tape Billing Manual, as amended, herein incorporated by reference.

4. SDE/CCS hereby agrees to and shall be solely responsible for the accuracy and authenticity of said electronic media claims submitted. SDE/CCS shall retain and maintain detailed records, including original source documents which shall fully disclose the nature and extent of the service as reflected in. the electronic media claims submitted for the time period reflected in Section I. 5. a.

5. SDE/CCS hereby certifies that the service described on the electronic media claim was personally rendered by the provider of service or under his personal direction. SDE/CCS further certifies that said service was medically necessary for the diagnosis and treatment of the condition as indicated by the diagnosis and shall maintain records, including source documents to verify such.

# SECTION III. (PHYSICIAN SERVICES)

1. Each physician that renders services in the SDE/CCS clinic must be enrolled as a Medicaid provider with SDE/CCS as the payee.

2. SDE/CCS shall obtain and provide to Medicaid the provider enrollment information necessary for each physician to be enrolled in the Medicaid program with SDE/CCS as the payee. 3. This agreement entitles SDE/CCS to submit claims to Medicaid under the physician's provider number for the following procedure codes, and no others:

## AGREEMENT BETWEEN MEDICAL SERVICES ADMINISTRATION and the STATEWIDE FAMILY PLANNING PROJECT Alabama Department of Public Health

This Agreement supersedes the Agreement between Medical Services Administration and the Statewide Family Planning Project with effective date of October 1, 1975, and all addenda thereto prior to effective date of the here-under Agreement, October 1, 1977.

In accordance with the terms of this agreement, the Statewide Family Planning Project, Alabama Department of Public Health, will provide family planning services, directly or under arrangements with others, to individuals who desire such services and who are eligible under the Alabama State Plan for Medical Assistance under Title XIX of the Social Security Act.

#### I. GENERAL

- A. Contraception: Contraceptive services include any medically approved means furnished or prescribed by or under the supervision of a physician for eligible individuals for purposes of enabling such persons freely to determine the number and spacing of their children, and to prevent the occurrence of unwanted pregnancies.
  - 1. Contraceptive services include:
    - a. Gynecological and obstetrical history with previous contraceptive history, age at menarche, date of last normal menstrual period, gravidity, parity, pregnancy outcome, and other gynecological and obstetrical information which might influence the choice of a method of contraception.
    - b. Medical and surgical history with a systemic review of the following systems: cardiovascular, endocrine, hepatic, renal, hematologic, neoplastic, neurologic, psychiatric and previous contraceptive history.
    - c. Laboratory services including hemoglobin or hemocrit, urinalysis, VDRL, Sickle Cell screening, Papanicolaou smear, pregnancy testing and Gonorrhea Culture.
    - d. The female physical examination includes thyroid palpation, breast examinations and teaching self-breast examination; abdominal palpation, complete pelvic examination including the external genitalia, visualization of cervix, and bimanual, and recto-vaginal examination.
    - e. Male physical examination should emphasize the genital and rectal areas.
    - f. Patient education shall include the importance of family planning for the client and her family; basic male and female reproductive anatomy and physiology; information and teaching on all methods of contraception including hormonal oral contraceptive pills, intrauterine devices, diaphragms, foam, jellies, creams, condoms, coitus interruptus, rhythm,

## Attachment 4.16-A

natural family planning, and male or female sterilization. In addition, information on contraceptive methods' safety, potential side effects, effectiveness, alternatives and correct usage of the method chosen will be provided. Educational literature will be distributed to each patient with detailed information on the contraceptive method prescribed.

- g. Patients' informed consent for voluntary acceptance of the family planning program services must be completed and signed (not applicable for sterilization as another form must be completed.)
- 2. For patients choosing oral contraception who cannot tolerate oral contraceptives furnished by Family Planning clinics, oral contraceptive drugs which are included in the Alabama Drug Code Index may be prescribed for eligible individuals. Physicians may prescribe one month's supply by indicating the unit as 20, 21, or 28; three months' supply by 60, 63, or 84. Six months' supply can be prescribed by prescribing three months' supply and indicating one refill on the prescription.
- 3. Drugs for other treatment which may be required are also covered in the Alabama Drug Code Index for Title XIX Medicaid and physicians may prescribe them for Medicaid-eligible individuals.
- B. Sterilization: Appropriate referrals for sterilization shall be made of persons twenty-one (21) or more years of age who are legally competent to give informed consent, and who voluntarily request such services. Non-emergency and non-therapeutic sterilization, including tubal ligation and vasectomy, of eligible individuals is covered under the Alabama Medicaid program subject to restrictions and special requirements of Part 205, Chapter II, Title 45 of the Code of Federal regulations as amended by paragraph 205.35, effective April 18, 1974, and to established policy of the Medical Services Administration. (See Special Alabama Medicaid Information Letters, FP-76-3 and FP-77-1 and Form S-FP-1 (Rev. 7/76) attached.)
  - C. Infertility Services: Appropriate referrals shall be made of individuals who seek advice concerning infertility. Examinations, counselling, and corrective procedures for infertility problems for eligible individuals are covered under the Alabama Medicaid program.
  - D. Counselling and Referral: Appropriate counselling will be provided and/or indicated referrals made of individuals seeking special services, as sterilization services including vasectomies (See I.B), infertility services, other medical problems and abortions where the life of the mother would be endangered if the fetus were carried to term. The use of Federal XIX funds for payment for abortions applies in the following circumstances:
    - Payment may be made for abortions where the attending physician, on the basis of his or her professional judgment, has certified that the abortion is necessary because the life of the mother would be endangered if the fetus were carried to term.
    - 2. Payment may be made for medical procedures necessary for the termination of an ectopic pregnancy.

- 3. a. payment may be made for the treatment of rape or incest victims by the use of drugs or devices to prevent implantation of the fertilized ovum.
  - b. Treatment of rape or incest victims is limited for these purposes to prompt treatment before the fact of pregnancy is established.
  - c. As in all cases, payment may be made for abortions for rape or incest victims where the physician has certified that the life of the mother would be endangered if the fetus were carried to term.
- 4. Non-therapeutic abortions are not covered services of Alabama Medicaid.
- E. Eligible Individuals: Eligible individuals are those persons of either sex considered to be fertile, including minors who may be sexually active, without regard to marital status who are certified by the Alabama State Department of Pensions and Security to Medical Services Administration as eligible for Medicaid benefits. It is understood that eligibility for Medicaid benefits may be terminated by the Department of Pensions and Security effective at the beginning of any calendar month.
  - F. Voluntary Participation: The acceptance by any individual of family planning information or services shall be voluntary, and without any form of duress or coercion applied to gain such acceptance.

STANDARDS

Family Planning services covered by the terms of this Agreement shall be provided in conformity with the Program Guidelines for Project Grants for Family Planning Services under Section 1001, Public Health Service Act.

## III. SPECIFIC RESPONSIBILITIES OF THE STATEWIDE FAMILY PLANNING PROJECT

- A. The Family Planning Project will offer medically approved methods for family planning, assist each individual in choosing a contraceptive method, provide follow-up and counselling as necessary to assure effective use of chosen method, and offer alternative methods if indicated.
- B. The Family Planning Project will inform Medicaid-eligible persons of the availability of family planning services through mass media, personal contacts, pamphlets, and inter-agency cooperation.
- C. The Family Planning Project will establish and maintain clinic services during evening hours and on Saturdays as the need arises, and as economically feasible.
- D. The Family Planning Project may assist in providing transportation, particularly in rural areas, for individuals who would otherwise be unable to attend family planning clinics or obtain access to referral services. Project employees may assist in providing transportation for patients in need of this service with reimbursement for mileage paid by the Project.
- E. Family Planning services will be under the medical responsibility and supervision of physicians.

- F. The Family Planning Project shall keep such records as are necessary fully to disclose the extent of services provided to eligible individuals and the costs thereof and will furnish the Medical Services Administration or its duly authorized agents with such information regarding payment of claims as may be required from time to time. All records shall be kept for a period of three years.
- G. The records of the Family Planning Project pertaining to this Agreement shall be subject to inspection and audit by representatives of the Comptroller'General of the United States, the Secretary of the Department of Health, Education and Welfare, the Medical Services Administration or its authorized agents, and auditors of the State of Alabama.
- H. The Family Planning Project shall furnish the Medical Services Administration such information as may be required for program evaluation, or to meet reporting requirements of the Department of Health, Education and Welfare, insofar as such information is available to the Family Planning Project.
- I. The Family Planning Project agrees to operate under the provisions of Title VI of the Civil Rights Act of 1964 and the Rehabilitation Act of 1973. Under the provisions of these Acts, any provider of services receiving Federal funds must comply with the intent of these Acts and this means there shall be no discrimination because of race, color, creed, national origin, physical or mental handicap. These Acts also provide for strict compliance and complaint procedures.
- J. The Alabama Statewide Family Planning Project will correct, within ninety (90) days, any significant medical or clinic deficiencies found in the provision of family planning services and reported to Statewide Family Planning Project by the Medicaid representatives. A report will be submitted to Medical Services Administration outlining the corrective measures to be undertaken within 30 days.

#### IV. REIMBURSEMENT

- A. Medical Services Administration through its fiscal agent will reimburse the Statewide Family Planning Project at a negotiated rate per patient clinic visit for family planning services. Such rate will be based on cost related reasonable charges for services provided and will be renegotiated by the contracting parties as cost experience indicates the need for change in the agreed rate.
- B. Reimbursement will be made by Medical Services Administration only if both of the following conditions are met by the Family Planning Project:
  - The Family Planning Project asks every individual served by the program if he has third party benefits for family planning services; and
  - 2. The Family Planning Project bills all third party payers for reimbursable family planning services.

C. Medical Services Administration reserves the right to refuse payment to clinics with reported specific program deficiencies not corrected within ninety (90) days after notice of deficiencies is given to the Statewide Family Planning Project.

4

### V. CLAIMS

Claims will be submitted to Medical Services Administration by computer tape and printout and will include such information as agreed upon by the contracting parties.

#### VI. MISCELLANEOUS TERMS

- A. This Agreement shall be for an initial term of one (1) year from the effective date hereof and shall continue from year to year thereafter unless cancelled by either party at any time upon written notice to the other party given at least (30) days prior to any termination date.
- B. This Agreement may be amended by written agreement duly executed by the parties. No alterations or variations of the terms of this Agreement shall be valid unless made in writing and duly signed by the parties hereto; no oral understandings or agreements not incorporated here in and no alterations or variations of the terms hereof shall be binding on the parties unless so made in writing. Each such amendment shall specify the date its provisions shall be effective as agreed to by the parties.
- C. All provisions of this Agreement are subject to availability of Medicaid funds.

IN WITNESS WHEREOF, this Agreement has been executed by the Medical Services Administration of the Statewide Family Planning Project by their authorized officers with an effective te of October 1, 1977.

## MEMORANDUM

SUBJECT: General Provisions of Section 504 of the Rehabilitation Act of 1973

As part of the Rehabilitation Act of 1973 (Public Law 93-112), Congress enacted Section 504. The Department of Health, Education and Welfare (DHEW) has published regulations (Federal Register, Vol. 42, No. 86, dated Wednesday, May 4, 1977) implementing Section 504, effective June 3, 1977. The regulations provide that:

> "no otherwise qualified handicapped individual in the United States, as defined in section 7(6), shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

The principles developed under the Civil Rights Act of 1964 and Equal Employment endments of 1972 were used as a basis for DHEW's 504 regulations. (Other federal gencies will publish regulations patterned after DHEW's 504 regulations, i.e., Department of Labor, Department of Transportation, Department of Agriculture, etc.).

The procedural provisions applicable to Title VI of the Civil Rights Act of 1964 are applicable to Section 504 of the Rehabilitation Act of 1973. The Department of Health, Education and Welfare will rely on state agencies (i.e., Medicaid, etc.) as it has under Title VI for monitoring compliance by individual providers.

Compliance with the regulations require the following administrative actions:

- 1. Sign and submit an Assurance of Compliance.
- Designate at least one person to coordinate its efforts to comply with DHEW regulations.
- 3. Establish grievance procedures that provide appropriate Due Process (Fair Hearing).
- Adopt and notify public of its policy of nondiscrimination against the handicapped in such a manner so as to ensure that handicapped persons, i.e., blind, deaf, etc., receive such notice.
- 5. Establish administrative procedures to be used in implementing regulation requirements.

- 6. Any program of services must be accessible and provided in such a manner that will:
  - 1. Provide the handicapped an opportunity to receive services provided in a manner that is equal to that of non-handicapped.
  - 2. Provide employment opportunities.

ccessibility is basic to Section 504 and requires the removal of any (structural nd nonstructural) barriers to programs. Compliance with this part requires two elf-evaluations:

- Nonstructural Barriers (policies and practices): Subpart A, Section 84.6(c) requires a self-evaluation of current policies
   and practices for the purpose of modifying existing policies and/ or adopting new policies to comply with this part. This will include, but not limited to, the following areas:
  - a. Recruiting and employment policies.

b. Employee benefit programs.

c. Admitting/acceptance policies.

- d. Internal procedures for communication with persons having impaired hearing or vision.
- Structural Barriers (architectural/physical): Subpart C, Section 84.22(a) requires program accessibility in existing facilities. Paragraph B provides certain (alternatives to structural changes) methods for achieving program accessibility. Paragraph C requires that in the event structural changes are necessary to meet requirements of Paragraph A, a transition plan be developed and include the following:
- a. Identify physical obstacles.
- b. Describe methods to be used in removing these obstacles.
- c. Establish time frame (maximum three years).
- d. Indicate person responsible for implementation of the plan.
- e. Seek assistance of handicapped individuals or organizations in developing this plan.
- f. Maintain copy of plan for public inspection.

#### ALABAMA MEDICAID REGULATIONS 78-1

Section I - Purpose and Content 78-1

- 1. Introduction. ALABAMA MEDICAID REGULATIONS 78-1 supersedes Alabama Medicaid Letters 77-1 and 77-2, which should be destroyed. This edition composed of fifteen (15) sections, is being distributed to County Departments of Pensions and Security, Social Security Administration Offices, MSA Eligibility Section District Offices, and to all groups enumerated in paragraph 3, Format for Alabama Medicaid Regulations. Subsequent regulations which may alter or cancel data contained in these regulations will be designed to refer to specific paragraphs herein. They will be identified so that they may be placed in the appropriate section of the series; however, distribution will be limited to groups having a specific interest in the subject matter. Recipients of the ALABAMA MEDICAID REGULATIONS are urged to maintain them in a loose-leaf book so that they may be readily available for reference.
- 2. <u>Purpose</u>. The ALABAMA MEDICAID REGULATIONS series will be both informative and directive. Content may explain and/or expand other documents such as the Alabama Medicaid Plan, Contracts, and Agreements. They, along with Special Alabama Medicaid Information Regulations, may also pass on information received from Federal and State governmental agencies and report Medicaid contracts or actions which are of interest to the providers of medical services.
- 3. Format for Alabama Medicaid Regulations.

- 4. The Title XIX (Medicaid) Plan for Alabama is the basic document for the Medicaid Program. It will be revised from time to time. It is expected that each revision will completely supersede the specific items in the prior plan because the plan must have received the approval of higher authority before being placed in force. The plan will be given a limited distribution, and persons not receiving copies may always see a copy at the offices of the Medical Services Administration, 2500 Fairlane Drive, Montgomery, Alabama 36130.
- 5. Federal and State Law Applicable to Medicaid. Reference should be made to the State Plan for details. Title XIX of the Social Security Act is the basic law establishing the Medicaid Program. Executive Order Number 51, dated June 16, 1977, signed by the Governor of the State of Alabama designates the Governor's Office as the single State agency to develop and administer the Medicaid Program in the State.
- 6. Management Agencies of the Program.
  - a. The <u>Medical Services Administration</u> (MSA) is the operational unit for the Medicaid Program. All major policy decisions are approved by the Governor's Office.
  - b. Agencies responsible for determining Medicaid eligibility are the <u>Department of Pensions and Security</u>, the <u>Social Security Adminis-</u> <u>tration</u>, and <u>District Offices of Medical Services Administration</u>. The names of eligible individuals and other pertinent data are certified to Medical Services Administration which makes the information available to the fiscal intermediaries to be used in connection with the payment of claims. Areas of responsibility for Medicaid eligibility determination are shown below:
    - (1) Social Security Administration
      - (a) This Federal agency is responsible for the Supplemental Security Income (SSI) Program which is for the aged, blind and disabled. When that agency determines a person to be eligible for SSI, the individual is automatically eligible for Medicaid. Questions about eligibility for the SSI program should be referred to the nearest Social Security Administration Office.
      - (b) SSI eligibles will receive a Medicaid number consisting of thirteen (13) digits beginning with "000." The first twelve (12) digits are located at the top of the white, paper Medicaid Eligibility Card on the line designated "Medicaid Number"; the thirteenth digit is located in the "SUFFIX" column across from

name of the eligible person. See Figure ! on dage I-3, "Medicaid Monthly Eligibility Card."

#### (2)The Department of Pensions and Security

- (a) The Department of Pensions and Security is responsible for making Medicaid eligibility determinations for Eligicertain authorized groups not eligible for SSI. bility for groups services by the Department of Pensions and Security will be made in the County Departments.
- (b) Persons in the groups mentioned below will have the same type of thirteen-digit Medicaid Identification Number in effect prior to January 1, 1974. The first ten (10) digits will appear on the white, paper Medicaid Eligibility Card in the space designated "MEDI-CAID NUMBER;" the last three (3) digits are located in the "SUFFIX" column following the recipient's name. See Figure 2 on Page I-3, "Medicaid Monthly Eligibility Card."
  - Individuals eligible for Aid to Families with 1 Dependent Children.
  - 2 · All persons between eighteen (18) and twenty-one (21) years of age who would be eligible for Aid to Families with Dependent Children except for age and school attendance or failure to register for the Work Incentive Program.
  - All individuals who are eligible, under standards 3 in effect in August 1972, to receive cash assistance under a State public assistance program, except for an increase in income resulting solely from the twenty (20) percent increase in Social Security monthly benefits enacted under Public Law 92-336. These individuals will remain eligible if they continue to meet those standards except for the twenty (20) percent increase in income.
  - Those persons not eligible for Supplemental Secur-4 ity Income who, on December 31, 1973, were in a medical institution, as long as there is a continuing need for the care for the condition for which they were institutionalized and as long as they continue to receive a money payment and meet the standards for financial assistance under an approved State Plan that were in effect on December 31, 1973.

Obsolute 1 to

(3) Medical Services Administration, Eligibility Determination Branch, District Offices - Persons in this group have a Medicaid number identical to that of an SSI recipient except that the agency code shown on the Medicaid card has the district office number in the block labeled "Agency Code" (see Rec'd 10/28/17 ---- 77-6 ----- 16/21 E.S. Apr/18 44 10/.177 Page I-3).

I-5

- (a) Individuals who would be eligible for Supplemental Security Income except for the fact that they are residents of a medical institution for a minimum of thirty (30) consecutive days and have an income of forty-five dollars (\$45.00) or more but not to exceed three hundred thirty-six dollars (\$336.00) per month. (In reality most people with income not in excess of three hundred fifty-six dollars (\$356.00) would be eligible because most people are entitled to a twenty dollar (\$20.00) general income exclusion.)
- Three-months-prior-to-application for persons on SSI. (b)
- All blind, disabled, and aged who are not eligible (c) for Supplemental Security Income who receive a State Supplement from the Department of Pensions and Security under standards of an approved State Plan in effect on December 31, 1973, AND who meet the SSI resource criteria as determined by the District Office.

3

- All individuals who were eligible for SSI on July, (d) 1977, except for the Social Security cost-of-living increase are certified eligible for Medicaid if they continue to meet SSI standards except for the Social Security cost-of-living increase.
- (e) Those persons in a nursing home not eligible for Supplemental Security Income and no longer entitled to a DPS money payment, who, on December 31, 1973, were eligible for aid through the Department of Pensions and Security and have continued to meet all December 31, 1973, eligibility criteria have been Grandfathered and, effective January 1, 1978, will be serviced by District Offices.
- c. The Bureau of Licensure and Certification of the Department of Public Health is responsible for licensing hospitals, skilled nursing facilities, intermediate care facilities and other health facilities. This Bureau also certifies certain of these and other health facilities for participation in the Medicaid Program.
- 7. Fiscal Intermediary. The State agency for administering the Medicaid Program has entered into a contract with Blue Cross and Blue Shield of Alabama, 930 South 20th Street, Birmingham, Alabama 35298, to pay all claims for medical care and services authorized under the Plan.

#### AGREEMENT Between MEDICAL SERVICES ADMINISTRATION And BUREAU OF MATERNAL AND CHILD HEALTH ALABAMA DEPARTMENT OF PUBLIC HEALTH

In accordance with the terms of this Agreement, the Bureau of Maternal and Child Health, Alabama Department of Public Health, will provide prenatal care through-appropriate county health departments or Title V agencies to persons who seek such services and who are eligible for Medicaid benefits under the Alabama State Plan for Medical Assistance, Title XIX of the Social Security Act.

#### I. Eligibility

- Eligible individuals are those persons who are certified by Medical Services Administration as eligible for Medicaid benefits. It is understood that eligibility for Medicaid benefits may be terminated at the end of any calendar month.
- 2. It is incumbent upon the county health departments or Title V agencies to check a person's Medicaid eligibility at the time of each visit for prenatal care. It is understood that if a person is not eligible for Medicaid benefits at the time a service is rendered, payment will not be made by Medical Services Administration for any service provided on that visit.

#### Arrangements for the Provision of Services

The Burcau of Maternal and Child Health will, through written agreements, sub-contract with county health departments or Title V agencies to provide prenatal care to Medicaid eligible persons. All such agreements will cover at least the following items, and will be subject to approval by Medical Services Administration.

- Prenatal care will be provided by or under the supervision of a physician.
- 2. The county health department or Title V agency will have specific arrangements for referral of complicated cases that cannot be adequately handled by the county health department or Title V Agency to hospitals, medical facilities, or private physicians. Applicable portions of patient's records will be available upon request by referred agency if needed.
- 3. The county health department or Title V agency will have arrangements for referral of patients for delivery to the nearest professionally qualified and equipped hospital of patient's and physician's choice to render care for referral diagnosis. Patient's desire must be considered, but must fit guidelines of the nearest hospital designation. Patient's record will be transferred to the hospital to which the patient is referred.

- 2 -

4. The county health department or Title V agency will provide post partum checkups of post partum patients and make appropriate referrals for follow-up on any medical problems identified.

FR 43647, October 1, 1982 42 CFR 433.36 AT-82-29 individual disagrees with this determination, he/she may submit to the agency any credible medical evidence that the individual can reasonably be expected to be discharged and return home, and it will be accepted and considered by the State Agency.

Further, an actual absence from the home will not be considered temporary if the individual has been in the institution for a period in excess of 12 months, although this is a rebuttable presumption.

Each case will be considered individually on its merits. Any adverse decision can be appealed through the State's fair hearing process as described herein above.

No liens or encumbrances of any kind are required from or imposed against the property of an individual because of Medicaid claims paid or to be paid on his or her behalf except as permitted under 42 CFR 433.36. The State may require a lien against the real property of an individual described in paragraphs B.2. and/or B.7. of Attachment 2.2-A of the State Plan who is a patient in a SNF or ICF, if the State has made a medical determination that the individual cannot reasonably be expected to be discharged from the facility and return home; and has determined that the applicant/

FR 43647 October 1, 1982 42 CFR 433.36 AT-82-29 A son or daughter can establish to the agency's satisfaction that he or she has been providing care which permitted the individual to reside at home rather than in an institution (SNF or ICF) by providing the agency with convincing evidence that establishes that fact.

- (7) The State defines "estate" as: An estate consists of real and personal property and other assets as defined by Alabama probate law.
- (8) The State defines "undue hardship" as: The existence of a situation, established by convincing evidence, that the estate subject to recovery is an asset such as a family farm or family business which produces limited income and is the sole income-producing asset of one or more heirs to the estate. The State will waive recovery while such a situation exists. An undue hardship waiver is not available: (a) for individuals with long term care insurance policies who became Medicaid eligible by virtue of disregarding assets because of payments made by a long term care insurance policy or because of entitlement to receive benefits under a long term care insurance policy; or (b) where an individual has created the claimed hardship by resorting to estate planning methods under which the individual illegally divested assets in order to avoid estate recovery.
- (9) The State defines "cost-effective" as: A situation where the State determines that the amount to be recovered exceeds the cost of recovery. The State will determine cost-effectiveness on a case-by-case basis, based on such factors as: the size of the estate; the amount of the State's claim; whether an estate has already been opened by an heir or other creditor; the expected amount of fees for appraisals, filings and other items; and other anticipated legal and administrative costs.

- B. The method used to collect cost sharing charges for categorically needy individuals:
  - Providers are responsible for collecting the cost sharing charges from individuals.
  - The agency reimburses providers the full Medicaid rate for services and collects the cost sharing charges from individuals.
- C. The basis for determining whether an individual is unable to pay the charge, and the means by which such an individual is identified to providers, is described below:

The ability of the recipient to pay copayment will be established on a basis of the following statewide policy:

Providers will ask the recipient "Do you have the ability to pay the co-pay amount?"

The recipient's response will be accepted as conclusive evidence of the ability to pay or not to pay. All providers will be notified of this policy thru a provider notice.

D. Program changes are made to MMIS system to exempt identified clients and services from cost sharing. For American Indians, we are currently exempting based on race code (I). Changes are being made to allow a value code to be placed on the claim form effective by the Provider of Services for those American Indians that present an Active User Letter. This system change should be effective no later than July 1, 2011. All providers are notified of exempted services through a provider notice.

## METHOD FOR PAYMENT OF REASONABLE COSTS INPATIENT HOSPITAL SERVICES

# I. <u>GENERAL PRINCIPLES</u>

# Effective Date: 01/01/02

Inpatient reimbursement rates, including payment for psychiatric services for individuals under 21 and over 65 years of age, and for psychiatric residential treatment services for individuals under age 21, are calculated from cost reports filed in accordance with this plan. The rates will be the lesser of each facility's reasonable costs per day as determined by the method as outlined herein. Payment for transplant service is exempt from Sections I-VIII of this Plan (see Section XX).

# II. <u>DEFINITIONS</u>

(a) <u>Cost Report</u>: A report which details, for purposes of Medicaid reimbursement, the cost of rendering covered services for the fiscal reporting period. The Medicaid Uniform Cost Report contains the forms utilized in filing said cost report.

(b) <u>Accrual Method of Accounting</u>: For Medicaid cost reporting purposes, an allocating of revenues and expenses to the accounting period in which they are incurred. This must be done regardless of when cash is received or disbursed.

(c) <u>Allowable Costs</u>: Costs of services incurred by an efficiently and economically operated hospital which are not otherwise disallowed by the reimbursement principles established in Chapter 23 Hospital Reimbursement Program of the Alabama Medicaid Agency Administrative Code. These principles are a set of rules, regulations, laws, and interpretations which provide direction as to the allowability of costs incurred by hospitals for the inclusion of these costs in their prospective Medicaid inpatient reimbursement rates. These rules, regulations, laws, and interpretations are promulgated by the Alabama Medicaid Agency, and are, in part, based on generally accepted accounting principles and regulations required of the Alabama Medicaid Program by various federal and state laws and regulations.

(d) <u>Reasonable Costs</u>: Necessary and ordinary costs related to patient care which a prudent and costconscious hospital would pay for a given item or service.

(e) <u>Educational Costs</u>: Reasonable costs of approved educational programs of study which have been certified by an appropriate federal, state, or other regulatory body.

#### METHOD FOR PAYMENT OF REASONABLE COSTS INPATIENT HOSPITAL SERVICES

(f) <u>Costs Related to Capital Assets</u>: For purposes of this plan, capital cost shall consist of the following:

- 1. Depreciation -Building and Fixed Equipment Major Moveable Equipment
- 2. Interest -Working Capital

(g) <u>Low Occupancy Adjustment</u>: An adjustment to be computed for those hospitals which fail to maintain the minimum level of occupancy of the total licensed beds. A 70% occupancy factor will apply to hospitals with 100 or fewer beds. An 80% occupancy factor will apply to hospitals with 101 or more beds. Such adjustment will be composed of the fixed cost associated with the excess unoccupied beds and shall be a reduction to Medicaid inpatient cost.

(h) <u>Trend Factors</u>: A statistical measure of the change in costs of goods and services purchased by a hospital during the course of one year. The trend factors to be used for purposes of this plan shall be computed based upon the economic indicators as published by Data Resources, Inc. (DRI).

(i) <u>Patient Day</u>: Any day that a bed is either occupied or reserved for a patient on an authorized and temporary leave of absence from the hospital. The midnight to midnight method must be used for Medicaid reporting purposes.

(j) <u>Approved Capital Expenditure Project</u>: A project for which a Certificate of Need has been issued by the State Health Planning Agency. Such a project may include expansions, renovations, and/or additions to an existing facility. Acquisition of an ongoing facility is not considered an approved capital expenditure project for purposes of revising per diem rates.

Medicaid reserves the right to decline reimbursement of depreciation and interest expense related to asset purchases not previously approved by Medicaid. In addition, Medicaid will not reimburse costs related to new patient care beds which would add to the licensed bed capacity constructed under certificates of need dated on or after October 1, 1983. With respect to replacement beds placed into service on or after October 1, 1983, the hospital must request, in advance of a Medicaid contract application, a determination from Medicaid as to whether the

depreciation, interest, and other capital-related costs of the beds may be included in allowable Medicaid cost. Such replacement beds must have a CON dated prior to October 1, 1983 for actual capital costs to be considered by Medicaid. In those situations regarding replacement bed construction under CONs dated after October 1, 1983, the Agency will continue to recognize allowable capital costs related to the assets before replacement construction. Replacement of equipment is not affected by this limitation.

# Effective Date: 01/01/92

(k) <u>Return on Equity Capital</u> (applicable to proprietary hospitals only): An allowance to proprietary hospitals which is based upon a reasonable return on the invested equity capital related to the provision of necessary patient care. Such allowance shall be eliminated over a three year period. Beginning with the 7/1/88 rate period, payment will be 75% of the amount as normally calculated; 7/1/89, 50%; 7/1/90, 25%, and zero thereafter.

(1) <u>Hospital Group</u>: There are four groups of hospitals for Medicaid rate calculation purposes. The groups are as follows:

(1) Urban: Hospitals located within a Metropolitan Statistical Area (MSA) or the successor of such MSA as defined by the U. S. Bureau of Census.

# Effective Date: 07/01/94

(m) <u>Access Payment</u>: A supplemental payment by the Medicaid program to an eligible hospital for inpatient and outpatient hospital care provided to a Medicaid recipient.

(n) <u>Hospital</u>: For purposes of Medicaid base, access and DSH payments for the period from October 1, 2013, through September 30, 2024, a facility, which is licensed as a hospital under the laws of the State of Alabama, provides 24-hour nursing services, and is primarily engaged in providing, by or under the supervision of doctors of medicine or osteopathy, inpatient services for the diagnosis, treatment, and care or rehabilitation of persons who are sick, injured, or disabled.

(o) <u>Medicare Cost Report</u>: The electronic cost report (ECR) filing of the CMS Form -2552-96 and 2552-10 Hospital and Hospital Health Care Complex Cost Report, as defined in CMS Provider Reimbursement Manual (PRM) 15-II (hereinafter referred to as "CMS Form 2552").

(p) <u>Privately Owned and Operated Hospital</u>: For purposes of Medicaid base per diem, supplemental and DSH payments, a hospital in Alabama other than:

(1) Any hospital that is owned and operated by the federal government;

(2) A hospital that is a state agency or unit of state government, including without limitation a hospital owned by a state agency or a state university;

(3) A hospital created and operating under the authority of a governmental unit which has been established as a public corporation pursuant to Chapter 21 of Title 22, Chapter 51 of Title 22, or Chapter 95 of Title 11, or a hospital otherwise owned and operated by a unit of local government, Alabama Code of 1975 22-21-1.

(4) A hospital that limits services to patients primarily to rehabilitation services as authorized by Alabama Administrative Code 410-2-4-.08; or

A hospital defined as a Long Term Acute Care Hospital by Alabama Administrative Code 410-2-4-.02(8).

(q) <u>Non State Government Owned and Operated Hospital</u>: For purposes of Medicaid base per diem payments, supplemental payments and DSH payments, a hospital in Alabama created or operating under the authority of a governmental unit which has been established as a public corporation pursuant to Ala. Code, Chapter 21 of Title 22 or Chapter 95 of Title 11, or a hospital otherwise owned or operated by a unit of local government pursuant to Alabama Code of 1975 22-21-1.

(r) <u>State Owned or Operated Hospital</u>: For purposes of Medicaid base per diem payments, quarterly adjustment and DSH payments, a hospital in Alabama that is a state agency or unit of state government, including without limitation a hospital owned or operated by a state agency or a state university.

(s) Rehab Hospitals and Long Term Acute care hospitals referenced in paragraph (p)(4) and (p)(5) above are not included in UPL or reimbursed by Medicaid for base payments, access payments under section 4.19-A.

# III. PER DIEM RATE COMPUTATION

(a) The as-filed Medicaid FY cost report will be used to compute a hospital's per diem rate. The cost report shall be desk reviewed and any non reimbursable items will be removed from reported cost prior to calculating a rate.

(b) The per diem rates as calculated by the Alabama Medicaid Agency shall be provided to the hospitals prior to the effective date for their information and review.

(c) The total Medicaid cost from the cost report shall be adjusted as follows:

(1) The medical education cost per diem and the capital-related cost per diem are subtracted from the inpatient hospital cost per diem. The remaining cost per diem is separated into Administrative and General (A & G) and non- Administrative and General per diem components. The components will then be multiplied by the applicable hospital industry trend factor (as adjusted by any relevant trend factor variance). The resulting trended A & G cost per diem will be arrayed within hospital grouping in ascending order. The number of hospitals in each grouping will be multiplied by the applicable percentile to determine the position of the hospital that represents the appropriate percentile. That hospital's cost in each grouping will become the ceiling for that grouping. The ceiling or actual cost per day (whichever is less) will be the adjusted Administrative and General per diem cost. Add the adjusted (if applicable) A & G per diem component cost to the non-administrative per diem component cost.

(2) Capital-Related and Medical Education Costs Per Diem

(A) Adjust capital-related cost for all hospitals per diem be any applicable low occupancy cost per day. (Rural hospitals shall not be subject to a low occupancy adjustment.)

(B) Medical Education cost per diem will be multiplied by the hospital industry medical education costs trend factor.

(3) The total Medicaid per diem cost per day, subject to the overall applicable percentile ceiling, shall consist of:

- (A) Operating costs as adjusted in III(c)(1) above.
- (B) Capital-related cost as determined in III(c)(2) above.

(C) Return on Equity per day, if applicable (for proprietary hospitals). Beginning with the 7/1/88 rate period, payment will be 75% of the amount as normally calculated; 7/1/89, 50%; 7/1/90, 25%, and zero thereafter.

## Effective Date: 07/01/94

(4) The total Medicaid costs per day as determined in III.(c)(3) shall be separated into the applicable hospital groupings. Within the grouping, the total cost per day will be arrayed in ascending order. The number of hospitals in each grouping will be multiplied by the applicable percentile to determine the position of the hospital that represents the appropriate percentile. That hospital's cost in each grouping will be the ceiling for that grouping. Hospitals determined to be unique or rural by the Agency are not subject to these ceilings. Urban I hospitals shall be subject to a 90th percentile ceiling. Urban II, III, and IV hospitals shall be subject to an 80th percentile ceiling.

(5) The lesser of the above-determined ceiling or actual cost per day shall be added to any applicable education cost as adjusted in III(c)(2)(B). The sum shall be a hospital's Medicaid per diem rate for the new period.

(d) The projected trend factor shall be computed on an annual basis and applied to those costs subject to the factor from the mid-point of the hospital's cost report period to the mid-point of the rate period. Adjustments to the trend factor (trend factor variances) shall be calculated as follows:

(1) Adjustments shall be made only for variations from the projected to the actual of greater than one-half of one percent in either direction.

(2) These adjustments shall be made on a prospective basis and shall become a part of the trend factor for the current rate period.

(e) Adjustments to Rates: The prospectively determined individual hospital's reimbursement rate may be adjusted as deemed necessary by the Agency. Circumstances which may warrant an adjustment include, but are not limited, to:

(1) A previously submitted and/or settled cost report is corrected. If an increase or decrease in rate results, any retroactive adjustments shall be applied as of the effective date of the original rate. Any such payment or recoupment will be made in the form of a lump sum amount and/or a rate change.

(2) The information contained in the cost report is found to be intentionally misrepresented. Such adjustment shall be made retroactive to the date of the original rate. This may be considered grounds to suspend the hospital from participation in the Alabama Medicaid Program.

(3) The hospital experiences extraordinary circumstances which may include, but are not limited to, an Act of God, war, or civil disturbance. Adjustments to reimbursement rates may be made in these and related circumstances.

(4) Under no circumstances shall adjustments resulting from paragraphs (1)-(3) above exceed the group ceiling established. However, if adjustments as specified in (1) through (3) so warrant, Medicaid may recompute the group ceiling.

## Effective Date: 10/01/95

(f) Prepaid Health Plan (PHP):

(1) As an alternative to paying a per diem rate to each hospital for inpatient services; hospitals, except for psychiatric hospitals which will continue to be paid fee-for-service, in contiguous counties in a geographical area will form an organization or entity, i.e., a Prepaid Health Plan (PHP) prior to October 1, 1995. The incentive for hospitals to participate in the PHP is the same as other capitation payment systems. The hospitals can eliminate duplica-tion of services and coordinate care. They benefit by cutting costs and coming in under the capitation rate. The PHP would contract with the Alabama Medicaid Agency to provide inpatient hospital services to Medicaid eligibles residing in the PHP's geographic area under a capitated payment arrangement. The PHP will be activated according to the beginning date on its signed contract. The contract between Medicaid and the PHP will require that the PHP pay all hospitals the cost on an efficiently and

economically operated level. Medicaid patients do not lose freedom of choice; however, the networks should structure services to encourage patients to stay within the network. If a patient goes to a hospital outside the network, the network in which the patient resides will pay for the inpatient services. The payment rate would be as described in Section III, pages 4-6 of attachment 4.19-A which will still be calculated by the Alabama Medicaid Agency for all hospitals in the Medicaid Program. Claims for inpatient services will be processed by the Alabama Medicaid Agency and they will generate zero paid Explanation of Payments to the network so they can make payment to the individual hospitals. The PHP will be required to pay rates to all in-state hospitals using identical methodology for hospitals in or out of the PHP. The claims for inpatient services would continue to be processed through the Alabama Medicaid Agency programs for any benefit limitations and for gathering of Medicaid statistical data. The disproportionate share payments for the hospitals in the PHP would be added to the capitated payments.

- (2) Capitation Rate Methodology:
  - (a) The capitated rate would be as follows:

Historical Cost (2)(b)(1)= PaymentEligible Months (2)(b)(2)Per MemberPer Month

(b) The capitation rate methodology will be as follows:

1. The Alabama Medicaid Agency historical inpatient hospital costs will be obtained from Alabama Medicaid paid claims listing for all of the participating hospitals in each geographic PHP. The base period will be July 1, 1993, through June 30, 1994. Base period cost will be trended to current year based upon the economic indicators as published in <u>Health Care Costs by DRI/McGraw-Hill</u> as is the current methodology.

2. Eligible months is defined as the total number of months Medicaid only recipients were certified for Alabama Medicaid eligibility for the base period of July 1, 1993, through June 30, 1994, which will be updated annually, excluding SOBRA adults in maternity waiver counties and Part A Medicare eligibles.

(3) Disproportionate share hospitals payment: The sum of the disproportionate share payments that would be payable to the individual hospitals that are members of the PHP, not to exceed the amount allowed under OBRA '93.

(4) Payments:

(a) The PHP would receive a monthly capitated payment for each eligible, plus the PHP disproportionate share payment.

(b) Alabama Medicaid shall not pay a PHP more for inpatient hospital services under a capitation rate than the cost of providing those services under the regular inpatient hospital payment methodology.

(c) Capitation payments to the plan for all eligible enrollees shall be made monthly. The PHP will receive the monthly capitated payment for each member regardless of utilization of PHP inpatient hospital services as indicated in the capitation rate methodology. The capitation rates are determined using historical costs and historical utilization. They do not exceed Medicare upper limits; therefore, the capitation payments should not exceed Medicare upper limits.

(d) Payments described in Section III,(h), pages 6C and 6D of Attachment 4.19-A will be paid directly to the appropriate hospitals as defined in Section III (h).

(5) Should Medicaid not contract with a PHP, Medicaid will continue paying those hospitals that are not members of a PHP using present per diem methodology on a fee for service basis.

## Effective Date: 06/10/87

(g) Inpatient and outpatient retroactive settlements on amended Medicare/Medicaid cost reports with fiscal years ending prior to October 1, 1984, will no longer be processed for payment by or to the Alabama Medicaid Agency.

## METHOD FOR PAYMENT OF REASONABLE COSTS INPATIENT HOSPITAL SERVICES

Effective Date: 07/01/94

(h) Publicly owned acute care hospitals will be paid an enhanced payment not to exceed Medicare upper limits in the aggregate. The rate will be determined by the following methodology:

(1) Publicly owned acute care hospitals in urban groupings (as indicated in 4.19-A, II (l)(1)(a), page 3) will be paid an amount above any applicable ceilings up to their computed cost, multiplied by Medicaid paid days.

(2) All publicly owned acute care hospitals will be paid an amount determined by: the computed per diem cost multiplied by a percentage determined by the Alabama Medicaid Agency for Medicaid paid days (including Health Maintenance Organization (HMO) and Maternity Waiver days).

(3) All public hospitals will receive an enhanced payment consisting of two tiers for public urban hospitals and one tier for public rural hospitals. The first tier will be to reinstate amounts lost due to the low occupancy adjustment (LOA) and the class ceilings, both administrative and general (A & G) and overall.

# EXAMPLE OF FIRST TIER

Hospital A had an LOA of \$50 per day, A & G of \$100 per day with a class ceiling of \$95 per day, an overall per diem rate of \$700 per day with a class ceiling of \$650 per day. Their enhanced payment would be:

| LOA                        | \$50        |
|----------------------------|-------------|
| A & G ceiling difference   |             |
| (\$100 - \$95)             | \$5         |
| Overall ceiling difference |             |
| (\$700 - \$650)            | <u>\$50</u> |
| Total Enhancement          | \$105       |

Hospital B had an LOA of \$40 per day, A & G of \$90 per day with a class ceiling of \$95 per day, an overall per diem rate of \$652 per day with a class ceiling of \$650 per day. Their enhanced payment would be:

| LOA                        | \$40       |
|----------------------------|------------|
| A & G ceiling difference   |            |
| (\$90 - \$95)              | <b>\$0</b> |
| Overall ceiling difference |            |
| (\$652 - \$650)            | <u>\$2</u> |
| Total Enhancement          | \$42       |

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

## STATE OF ALABAMA

### METHOD FOR PAYMENT OF REASONABLE COSTS INPATIENT HOSPITAL SERVICES

## SECOND TIER

The second tier will be an amount added to each public hospital's per diem rate. This amount will represent a portion of a pool calculated using the Medicare upper payment limit theory, less amounts reimbursed to the public urban hospitals under the first tier explained above.

The total pool will be calculated using the public hospital's total inpatient revenue, less any SNF and non-covered revenues, divided by total revenues, to determine percentage A.

Percentage A will then be multiplied by total expenses, less any SNF and non-covered expenses, to arrive at allowable inpatient costs (AIC).

AIC will then be divided by total adult and boarder inpatient days (days incurred by newborn when mother has been discharged) to determine Medicare costs per day (MCPD).

MCPD will then be multiplied by paid Medicaid days to determine what Medicaid would have paid using Medicare principles.

Paid Medicaid days will then be multiplied by the Medicaid per diem rate (effective July 1 of the current rate year) to determine what Medicaid paid. The aggregate payments using Medicare principles would then be compared to the amount Medicaid paid to determine the upper limit.

The amount determined to be paid under the first tier will then be subtracted from this Medicare upper limit pool. The remainder will be divided by the total estimated Medicaid payments to arrive at the percentage add-on each public hospital would receive.

The Maternity and HMO days are not included in the calculation of the upper payment limit pool. Maternity and HMO days will be included in the enhanced payment calculation, since they are paid Medicaid days and the rates increase when the per diem rates are increased.

## Effective Date: 01/01/95

(i) Acute care hospitals in the unique or specialized hospital group (as defined under paragraph II(1)(3) on page 3 of this State Plan) whose inpatients are predominantly under 18 years of age will be paid an enhanced payment. The rate will be the Medicaid computed per diem rate multiplied by thirty percent for all paid Medicaid days.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT STATE OF ALABAMA <u>METHOD FOR PAYMENT OF INPATIENT HOSPITAL SERVICES</u>

Effective Date: 10/01/23

(j) For the period October 1, 2017, through September 30, 2024, each hospital shall receive an inpatient Medicaid base (per diem) payment, in accordance with the following:

(1) Medicaid shall pay each hospital as a base (per diem) amount for state fiscal year 2024 the greater of the hospitals current per-diem as published for fiscal year 2022 or 68% of total inpatient payments made by Medicaid to each hospital from all sources except DSH payments during state fiscal year 2019, divided by the total paid inpatient hospital days incurred by that hospital in state fiscal year 2019, multiplied by the inpatient hospital days incurred by each hospital during fiscal year 2024.

Effective October 1, 2018, Long Acting Reversible Contraceptives (LARCs) will be reimbursed separately from the inpatient daily per diem rate when the LARC is provided as part of the inpatient obstetrical delivery or in the outpatient setting immediately after discharge. A separate outpatient claim may be submitted by the hospital for reimbursement under the appropriate HCPCS code when the LARC is provided in the inpatient setting immediately after delivery.

(2) Base (per diem) payments for state fiscal year 2024 will not be made to any non state government owned or operated Hospital owned, state owned or operated or privately owned or operated hospital that was in operation during the hospital's fiscal year ending in 2009 that ceases to operate as a hospital, beginning on the date that the facility ceases to operate as a hospital.

(3) Quarterly access payments as outlined in paragraph (k) and (l) on pages 6I through 6J will be distributed as follows:

a. State owned and operated hospitals' inpatient access payments will be distributed first by removing any negative Upper Payment Limit Gap, reallocate any access to ensure the state owned mental health facility does not exceed OBRA payments, reallocate \$27,580,772 and \$59,101,655 to be paid to rural and children hospitals, respectively, in proportion to all rural and children hospitals total upper payment limit and finally reduce any access payments to ensure a payment over billed amount is not made. All remaining access will be allocated based on the hospitals Upper Payment Limit Gap in relation to the total Upper Payment Limit Gap.

b. Non state government owned or operated hospitals' inpatient access payments will be distributed first by removing any negative Upper Payment Limit Gap then reduce any access payments to ensure a payment over billed amount is not made and reallocate \$27,580,772 and \$59,101,655 to be paid to rural and children hospitals, respectively, in proportion to all rural and children hospitals total upper payment limit. All remaining access will be allocated based on the hospitals Upper Payment Limit Gap in relation to the total Upper Payment Limit Gap.

c. Privately owned and operated hospitals' inpatient access payments will be distributed first by paying free standing psychiatric hospitals per paragraph (n) on page 6J, then removing any negative Upper Payment Limit Gap, reallocating \$27,580,772 and \$59,101,655 to be paid to rural and children hospitals, respectively, in proportion to all rural and children hospitals total upper payment limit, and finally reduce any access payments to ensure a payment over billed amount is not made. All remaining access payments will be allocated based on the hospitals Medicaid days in relation to the total Medicaid days. During the period October 1, 2023 through September 30, 2024, Inpatient Access payments for the rate year ending September 30, 2024 to all hospitals shall be limited to an aggregate amount that when added to estimated base payments equals 160% of estimated cost of inpatient services to Medicaid beneficiaries. Any UPL Gap that is not paid to providers through access payments will be allocated to a separate pool that will be paid in a subsequent period in proportion to the hospital that generated the pool.

### STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT STATE OF ALABAMA <u>METHOD FOR PAYMENT OF INPATIENT HOSPITAL SERVICES</u>

(k) For the period October 1, 2023, through September 30, 2024, the amount available for inpatient hospital access payments for state owned or operated hospitals, Non state government owned or operated hospitals', and Privately owned and operated hospitals' that have Medicare payments identified in the CMS Form 2552-10 cost report ended in the rate year one year prior to the beginning of the rate year shall be calculated as follows:

(1) A Medicare per-diem shall be calculated using the CMS Form 2552-10 cost report ended in the rate year one year prior to the beginning of the rate year.

- (a) Medicare Payments are obtained from the following cost report lines:
  - 1. Acute Care Hospitals: Sum of Worksheet E Part A column 1 line 59, Worksheet E-3 Part II column 1 line 12, and Worksheet E-3 Part III column 1 line 13.
  - 2. Critical Access Hospitals: Sum of Worksheet E-3 Part V column 1 line 19 and Worksheet E-3 Part III column 1 line 19.
  - 3. Children's Hospitals: Worksheet E-3 Part I column 1 line 4.
  - 4. Psychiatric Hospitals: Worksheet E-3 Part II column 1 line 12.
- (b) Medicare days are obtained from the following cost report Lines:
  - 1. Acute Care Hospitals: Sum of Worksheet S-3 Part I column 6 lines 14, 16, and 17.
  - 2. Critical Access Hospitals: sum of Worksheet S-3 Part I column 6 lines 14, 16, and 17.
  - 3. Children's Hospitals: sum of Worksheet S-3 Part I column 6 lines 14, 16, and 17
  - 4. Psychiatric Hospitals: sum of Worksheet S-3 Part I column 6 lines 14, 16, and 17.

(2) The Medicare per-diem calculated in the previous step will be multiplied by the Medicaid hospital days obtained from the State's MMIS system for each hospital's discharges during the applicable cost report ended in the rate year one year prior to the beginning of the rate year for claims which would be covered during SFY 2024 to determine the amount Medicare would have paid for Medicaid services. Medicaid utilization impacted by the COVID-19 public health emergency will be adjusted to reflect estimated utilization levels in the rate year prior to the COVID-19 public health emergency.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT STATE OF ALABAMA <u>METHOD FOR PAYMENT OF INPATIENT HOSPITAL SERVICES</u>

(3) The amount Medicare would have paid for Medicaid services will be multiplied by an increase in cost due to the CMS Market Basket Inpatient Hospital PPS (<u>https://www.cms.gov/Research-Statistics-Data-and-Systems/Statistics-Trends-and-Reports/MedicareProgramRatesStats/MarketBasketData</u>) and a separate utilization increase based on change in paid days a linear regression completed for the previous five State Fiscal Years, excluding State Fiscal Years 2020, 2021, and 2022, and the fiscal year ended during the preceding cost reporting year and preceding rate year. Both inflation and utilization will be applied from the mid-point of cost report year to the midpoint of rate year.

(4) The amount determined in this step will be the Upper Payment Limit amount set forth in 42 CFR 447.272. An aggregate Upper Payment Limit amount will be established for State owned and operated hospitals, Non state government owned or operated hospitals, and Privately owned and operated hospitals'.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT STATE OF ALABAMA <u>METHOD FOR PAYMENT OF INPATIENT HOSPITAL SERVICES</u>

(5) The Medicaid allowed amount, for claims included in paragraph (2), was obtained from the MMIS for the same period as outlined in paragraph (1) and includes the utilization adjustment described in paragraph (2). The utilization increase identified in paragraph (3) and the cost report factors in paragraph (3) was applied to the Medicaid allowed amount to standardize all hospital payments to the mid-point of the State Fiscal Year the cost reporting year ends during.

(6) The difference between Medicare Payments for Medicaid Services determined in paragraph (4) and the Medicaid payments in paragraph (5) will be the Upper Payment Limit Gap amount for State owned and operated hospitals, Non state government owned or operated hospitals', and Privately owned and operated hospitals'. The Upper Payment Limit Gap will represent the maximum amount the State shall pay for Access payments to State owned and operated hospitals.

(1) For the period October 1, 2023, through September 30, 2024, the amount available for inpatient hospital access payments for privately owned and operated hospitals and non-state government owned and operated hospitals that do not have sufficient Medicare data to calculate a Medicare per-diem UPL calculation determined from paragraph (4) shall be calculated as follows:

- (1) Data from hospital's CMS Form 2552-10 cost reports that ended in the rate year one year prior to the beginning of the rate year (ex. Cost reports ending in rate year 2017 for the rate year beginning October 1, 2018) will be used to determine the upper payment limit.
- (2) A routine inpatient cost to charge ratio and an inpatient ancillary cost to charge ratio are determined from each cost report by obtaining the following information from the CMS Form 2552-10 cost reports for each hospital:
  - (a.) Inpatient routine cost to charge ratio
    - (i.) Total cost will be accumulated from Worksheet B Part I Column 24 for Lines 30-43.
    - (ii.) Total charges will be accumulated from Worksheet C Part I Column 6 for CMS Lines 30-43.
    - (iii.) Total cost per paragraph (i) will be divided by total charges per paragraph (ii) to determine the inpatient routine cost to charge ratio for each hospital.
  - (b.) Inpatient ancillary cost to charge ratio
    - (i.) Total cost for each of the following centers on Worksheet B Part I is obtained: CMS Lines 50-76.99 and 90-93.99.
    - (ii.) Inpatient charges for each of the following cost centers on Worksheet C Part I Column 6 are obtained: CMS Lines 50-76.99 and 90-93.99.
    - (iii.) Total charges for each of the following cost centers on Worksheet C Part I Column 8 are obtained: CMS Line 50-76.99 and 90-93.99.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT STATE OF ALABAMA METHOD FOR PAYMENT OF INPATIENT HOSPITAL SERVICES

- (iv.) Inpatient charges for each CMS Line in paragraph (ii) will be divided by the total charges for each CMS Line in paragraph (iii) to determine an inpatient percentage of charges.
- (v.) The total cost for each CMS Line in paragraph (i) will be multiplied by the inpatient percentage of charges for each CMS Line in paragraph (iv) to determine the inpatient cost.
- (vi.) Total inpatient cost determined in paragraph (v) will be divided by total inpatient charges from paragraph (ii) to determine an inpatient ancillary cost to charge ratio.
- (c.) For privately owned and operated psych hospitals that do not file a Medicare cost report, the Medicaid submitted cost report will be used as follows:
  - (i.) Total inpatient cost Per Medicaid Worksheet C Column 2 Line 150 and Line 156 through Line 196.
  - (ii.) Total inpatient charges Per Medicaid Worksheet C Column 1 Line 150 and Line 156 through Line 196.
  - (iii.) Total inpatient cost to charge ratio will be paragraph (i) divided by paragraph (ii).
- (3) Inpatient charges will be obtained from the State's MMIS system for each hospital's discharges during the applicable cost report ended in the rate year one year prior to the beginning of the rate year for claims which would be covered during SFY 2024. The inpatient charges will be obtained at the revenue code level. Medicaid utilization impacted by the COVID-19 public health emergency will be adjusted to reflect estimated utilization levels in the rate year prior to the COVID-19 public health emergency.
- (4) Inpatient charges for each hospital with revenue codes 001 through 219 will be multiplied by the inpatient routine cost to charge ratio determined in paragraph (2)(a)(iii) for each hospital to determine the inpatient routine cost.
  - (i.) For privately owned and operated psych hospitals that do not file a Medicare cost report, the MMIS inpatient charges will be multiplied by the cost to charge ratio in paragraph (c) to determine inpatient cost for privately owned and operated psych hospitals.
- (5) Inpatient charges for each hospital with revenue codes 220 through 999 will be multiplied by the inpatient ancillary cost to charge ratio determined in paragraph (2)(b)(vi) for each hospital to determine the inpatient ancillary cost.
- (6) Total inpatient Medicaid cost will be the total of paragraph (4) and (5). The total inpatient Medicaid cost will have the following amounts added:
  - (a.) The Medicaid cost will be increased by the Medicaid inpatient percentage of CRNA cost removed on Worksheet A-8 for each hospital. The Medicaid inpatient percentage is determined by dividing total Medicaid inpatient charges by total charges for the hospital.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT STATE OF ALABAMA METHOD FOR PAYMENT OF INPATIENT HOSPITAL SERVICES

(7) The amount determined in paragraph (6) will be multiplied by an increase in cost due to the CMS Market Basket Inpatient Hospital PPS (<u>http://www.cms.gov/Research-Statistics-Data-and-Systems/Statistics-Trends-and-Reports/MedicareProgramRatesStats/Downloads/mktbskt-actual.pdf</u>) and a separate

utilization increase based on change in paid days a linear regression completed for the previous five State Fiscal Years, excluding State Fiscal Years 2020,2021, and 2022, and the fiscal year ended during the preceding cost reporting year and preceding rate year. Both inflation and utilization will be applied from the mid-point of cost report year to the mid-point of rate year.

(8) The Medicaid cost will be increased by the Medicaid inpatient percentage of the provider assessment paid by each hospital for the State Fiscal Year being calculated. The Medicaid inpatient percentage is determined by dividing total Medicaid inpatient charges from the cost report identified in paragraph (1) by total charges for the hospital from the cost report identified in paragraph (1).

The cost calculated in this paragraph will be the Upper Payment Limit amount set forth in 42 CFR 447.272 for privately owned and operated hospitals. An aggregate Upper Payment Limit amount will be established for each of the following hospital types: Privately owned and operated hospitals and Non-state governmental owned and operated hospitals.

(9) The Medicaid allowed amount for claims included in paragraph (3) was obtained from the MMIS and includes the utilization adjustment described in paragraph (3) to constitute the Medicaid payments for cost reporting periods ending in the rate year one year prior to the beginning of the rate year. The utilization increase identified in paragraph (7) and the cost report factors in paragraph (7) was applied to the Medicaid allowed amount to standardize all hospital payments to the mid-point of the State Fiscal Year including the ending date of the cost reporting year. The standardized Medicaid payments for State Fiscal Year ending in the cost reporting year were multiplied by the utilization increase amount and adjustment factor in paragraph (8) to determine the Medicaid payments for the rate year and the preceding rate year.

(10) The difference between Medicare cost for Medicaid Services determined in paragraph (8) on page 6I.5 and the Medicaid payments in paragraph (9) on page 6I.5 for the rate year will be the Upper Payment Limit Gap that will be used as the limit to the amount of Access payments outlined in paragraph (m) and (n) below.

(m) For the period October 1, 2023, through September 30, 2024, in addition to any other funds paid to hospitals for inpatient hospital services to Medicaid patients, each eligible hospital, excluding free-standing psychiatric hospitals, shall receive inpatient hospital access payments each fiscal year. Inpatient hospital access payments shall include the following:

- (1) An inpatient access payment to hospitals determined on a quarterly basis by the Alabama Medicaid Agency that complies with paragraph (3) below. Aggregate hospital access payments for each category of hospitals will be the amount calculated in paragraph (k)(7) for state owned or operated hospitals and the amount calculated in paragraph (l)(10) for non state government owned and operated hospitals and private hospitals. Annual amount to be paid for each State Fiscal Year will be made as indicated in paragraph (3) on page 6H.
- (2) These additional inpatient hospital access payments shall be made on a quarterly basis.
- (3) The inpatient hospital access payments shall not exceed the annual applicable hospital inpatient upper payment limit Gap for each category of hospitals submitted to CMS.

# IV. PROVIDERS WHICH SERVE A DISPROPORTIONATE NUMBER OF LOW INCOME PATIENTS

Certain payment adjustment shall be provided for hospitals which are determined to be adversely affected because they serve a disproportionate number of low income patients.

(a) In order to be eligible for this payment adjustment, a hospital shall meet the following criteria:

(1) The hospital's Medicaid inpatient utilization rate exceeds one standard deviation above the mean Medicaid inpatient utilization rate of all in-state hospital providers participating in the Alabama Medicaid Program; or

(2) The hospital's low-income inpatient utilization rate exceeds 25 percent; or

(3) Be an acute care teaching hospital operated by a university of the State of Alabama; or

# Effective Date: 10/01/94

(4) Be an acute care publicly owned hospital; or

# Effective Date: 10/01/95

(5) Be an acute care hospital that is a member of a prepaid health plan; or

# Effective Date: 01/01/95

(6) Acute care hospitals in a county, with a population greater than 200,000 (according to the latest U. S. census), without a publicly owned hospital, whose Medicaid utilization exceeds the state wide Medicaid utilization average; or

(7) Acute care hospitals in a county, with a population not less than 75,000 and not greater than 100,000 (according to the latest U. S. census), without a publicly owned hospital, whose Medicaid utilization exceeds one-half of the state wide Medicaid utilization average; and

(8) Effective for services rendered on or after July 1, 1988, the hospital must have at least two (2) obstetricians with staff privileges at the hospital who have agreed to provide non-emergency obstetric services to individuals entitled to such services under the Alabama Medicaid Program. (In the case of a hospital located in an area designated by Medicaid as rural, the term "obstetrician" includes any physician with staff privileges at the hospital to perform non-emergency obstetric procedures.) Hospitals that did not offer routine obstetrical services to the general public as of December 21, 1987, or whose inpatients are predominantly individuals under 18 years of age are exempt from this requirement. Should a hospital begin offering non-emergency OB services on or after December 21, 1987, the requirement to have two obstetricians applies; and

(9) Have a Medicaid inpatient utilization rate of not less than one percent.

# Effective Date: 10/01/93

(b) If the applicable criteria in (a) above are met, then the payment adjustment shall be determined as follows:

(1) A factor of one quarter of one percent for every percentage point the hospital's Medicaid inpatient utilization rate exceeds one standard deviation above the mean Medicaid inpatient utilization rate (with a minimum of one quarter of one percent), or for every percentage point the hospital's Low-Income Utilization Rate exceeds twenty-five percent shall be computed.

(2) The applicable factor from (b)(1) above shall be applied to the hospital's allowable calculated per diem rate (excluding any education cost flow-through). The hospital shall be reimbursed its factored per diem rate plus any applicable education cost flow-through.

(3) In the instance of a hospital meeting two or more of the applicable criteria contained within section (a), two or more factored per diems shall be calculated, using the Medicaid Inpatient Utilization factor and the Low-Income Utilization factor as in (b)(1) above. The hospital shall be reimbursed at the lower of the two factored per diems plus any applicable education cost flow-through.

Disproportionate share payments to any public hospital shall not exceed uncompensated cost of care as defined in OBRA 93.

(c) As an alternative payment method, based upon availability of funds to be appropriated, hospitals that meet the applicable criteria in Section IV(a) above and which do not have their disproportionate share payment included in a capitation payment rate shall be compensated as follows:

(1) Disproportionate share hospitals shall be grouped into eight groups as follows:

Group 1: Acute care hospitals whose inpatients are predominantly under 18 years of age.

Group 2: Acute care publicly owned hospitals.

Group 3: Acute care hospitals located in a rural area and acute care hospitals licensed for one-hundred (100) beds or less and located in a metropolitan statistical area (MSA).

(e) Alabama shall pay these hospitals at least the minimum payment adjustment as specified in Section IV(b) of the State Plan and no more than that determined to be available in IV(c)(2) of this section.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT STATE OF ALABAMA <u>METHOD FOR PAYMENT INPATIENT HOSPITAL SERVICES</u>

Effective Date: 10/01/23

(f) For the period from October 1, 2021, to September 30, 2024, the Alabama Medicaid Agency shall appropriate and expend the full disproportionate share allotment to hospitals under Section 1923(f) (3) of the Social Security Act (the Act) in a manner consistent with the hospital-specific DSH limits under section 1923(g) of the Act.

(1) Payments to disproportionate share hospitals shall be made to all hospitals qualifying for disproportionate hospital payments under Section 1923(d) and 1923(b) of the Social Security Act.

(2) Medicaid shall pay qualifying non-state government and state owned disproportionate share hospitals an amount up to each hospital's allowable uncompensated care cost under the hospital specific DSH limit in Section 1923(g) of the Social Security Act as outlined in Exhibit C. State owned institutions for mental disease shall receive no more than the IMD allotment.

(3) Qualifying non-state government and state owned disproportionate share hospitals as defined on Attachment 4.19-A Page 3A shall receive an amount such that the sum of inpatient hospital payments, outpatient payments, and disproportionate share hospital cost do not exceed each hospital's DSH limit under 1923(g) of the Social Security Act. Medicaid cost for these services shall be allowable cost determined in accordance with the Medicare Principles of Reimbursement, the applicable CMS 2552 and the DSH final rule effective January 19, 2009 which states on page 77913 "(t)he treatment of inpatient and outpatient services provided to the uninsured and the underinsured…must be consistent with the definition of inpatient and/or outpatient services under the approved Medicaid State Plan."

(4) Eligible hospitals administered by the Department of Mental Health shall be paid an amount of DSH funds not to exceed the DSH IMD Allotment published annually by CMS.

(5) The disproportionate share hospital allotment remaining after disproportionate share hospital payments have been made to non-state government and state owned hospitals shall be paid to private hospitals, as defined on Attachment 4.19-A Page 3A, using their available cost in relation to total private cost. Disproportionate share hospital payments shall be paid to eligible private hospitals who do not exceed their estimated disproportionate share hospital payment limit calculated at the beginning of the State Fiscal Year.

AL-16-0007 Attachment 4.19-A Page 8E

(6) An initial disproportionate share hospital payment to each hospital shall be made during the first month of the state fiscal year. Additional disproportionate share hospital payments may be made during the fiscal year based on analysis of payments during the fiscal year and changes in Federal allocations. Payments to privately owned and operated hospitals will be made as indicated in paragraph (5) on page 8D.

(7) As required by Section 1923(j) of the Social Security Act related to auditing and reporting of DSH hospital payments, Alabama Medicaid will implement procedures to comply with DSH Hospital Payments final rule issued in the December 19, 2008, Federal Register, with effective date of January 19, 2009, to ensure that the hospital specific DSH limits have not been exceeded.

Beginning with the audit of the Medicaid State Plan Rate Year ended September 30, 2011, the definition of individuals who have no health insurance (or other source of third party coverage) will be based on the definition published in the December 3, 2014, Federal Register, with an effective date of December 31, 2014.

The Medicaid Agency will recoup funds from any hospital that exceeded its hospital specific DSH limit as a result of audits or other corrections and shall redistribute to other eligible hospitals within the state, provided each hospital remains below their hospital specific DSH limit in the following manner:

(a) The amount of the DSH payment made to the hospital will be recouped by the Alabama Medicaid Agency to the extent necessary to reduce the DSH payment to an allowable amount.

(b) Amounts recouped from privately owned and operated hospitals with payments in excess of the audited hospital specific DSH limits, will be placed into a redistribution pool. Redistribution will be made to remaining privately owned and operated hospitals that do not exceed their hospital specific DSH limit. The allocation will be made based on these remaining hospitals available uncompensated care. No privately owned and operated hospital shall exceed its hospital specific DSH limit after redistribution. If any private DSH payments cannot be redistributed within this ownership group, the remaining DSH payments after redistribution to privately owned and operated hospitals will be placed in the redistribution pool described in paragraph (7)(c) on page 8E for qualifying non-state government and state owned disproportionate share hospitals. If any privately owned and operated DSH payments remain after being placed in the redistribution pool described in paragraph (7)(c) on page 8E, the Federal Share of the DSH payments that remain will be returned to the Federal Government.

(c) Amounts recouped from qualifying non-state government and state owned disproportionate share hospitals with payments in excess of the audited hospital specific DSH limits, along with any remaining DSH payments from paragraph (7)(b) on page 8E will be placed into a redistribution pool. Redistribution will be made to remaining qualifying non-state government and state owned disproportionate share hospitals that do not exceed their hospital specific DSH limit. The allocation will be made based on these remaining hospitals available uncompensated care. No qualifying non-state government and state owned disproportionate share hospital shall exceed its hospital specific DSH limit after redistribution. If any qualifying non-state government and state owned DSH payments cannot be redistributed within this ownership group, the remaining DSH payments after redistribution to qualifying non-state government and state owned hospitals will be placed in the redistribution pool described in paragraph (7)(b) on page 8E. If any qualifying non-state government and state owned DSH payments remain after being placed in the redistribution pool described in paragraph (7)(b) on page 8E. If any qualifying non-state government and state owned DSH payments remain after being placed in the redistribution pool described in paragraph (7)(b) on page 8E. If any qualifying non-state government and state owned DSH payments remain after being placed in the redistribution pool described in paragraph (7)(b) on page 8E. If any qualifying non-state government and state owned DSH payments remain after being placed in the redistribution pool described in paragraph (7)(b) on page 8E. If any qualifying non-state government and state owned DSH payments remain after being placed in the redistribution pool described in paragraph (7)(b) on page 8E. If exceed to the Federal Government.

# V. RATE OF RETURN ON EQUITY CAPITAL

The rate of return on average equity capital is a percentage equal to the average of the rates of interest on special issues of public debt obligations issued to the Federal Hospital Insurance Trust Fund for each of the months during the provider's reporting period or portion thereof covered under the program. The rate of return varies as the interest rates on such issues of public debt obligations vary.

# VI. <u>APPROVED CAPITAL EXPENDITURE PROJECTS</u>

(a) Regardless of any other provision in this state plan, the Alabama Medicaid Agency will not recognize any capital project construction costs arising from bed additions, renovation, or any other construction resulting from a Certificate of Need (CON) dated on or after October 1, 1983. (Replacement of equipment is not affected by this limitation.)

(b) For those hospitals with approved capital expenditure projects resulting from a CON dated prior to October 1, 1983, the following procedures and/or any other procedures deemed necessary by the Agency will be performed to reimburse the approved CON projects of those hospitals which qualify under the above listed circumstances:

(1) The hospital will submit a budgeted cost report containing estimated total Medicaid cost.

(2) The Agency will compute a budgeted per diem rate subject to the current ceiling. This rate must exceed the hospital's current rate by 10% (if the current rate is not

# VII. <u>RECORDS</u>

(a) All hospitals must keep financial and statistical records which document and justify costs. Only those costs which can be fully and properly substantiated will be allowed by Medicaid. All records must be available upon request to representatives, employees, or contractors of the Alabama Medicaid Agency, Alabama Department of Examiners of Public Accounts, General Accounting Office (GAO), or the United States Department of Health and Human Services (HHS).

(b) The records of related organizations must be available upon demand to those individuals or organizations as listed in Section VII.(a) of this plan.

# Effective Date: 07/01/88

(c) The Alabama Medicaid Agency shall retain all uniform cost reports submitted for a period of at least three (3) years following the date of submission of such reports and will maintain those reports pursuant to the record keeping requirements of 42 CFR 447.203(a) and 42 CFR 433.32. If an audit by or on behalf of the state or federal government has begun, but is not completed at the end of the three year period, or if audit findings have not been resolved at the end of the three year period, the reports shall be retained until resolution of the audit findings.

# Effective Date: 06/01/90 VIII. COST REPORT PENALTIES

# (a) Failure to File a Cost Report

1. Each Alabama hospital participating in the Alabama Medicaid program shall submit a cost report in the manner prescribed by the Alabama Medicaid Agency. If a complete uniform cost report is not filed by the due date (90 days after the Medicaid elected FYE), the hospital shall be charged a penalty of one hundred dollars (\$100.00) per day for each calendar day after the due date. This penalty will not be a reimbursable Medicaid cost. The Commissioner of Medicaid may waive such penalty for good cause shown. Such showing must be made in writing to the Commissioner with supporting

documentation. A cost report that is over ninety (90) days late may result in termination of the hospital from the Medicaid program.

2. Further, the entire amount paid to the hospital during the fiscal period with respect to which the report has not been filed will be deemed an overpayment. The hospital will have thirty (30) days to refund the overpayments or submit the cost report after which Medicaid may institute a suit or other action to collect this overpayment amount. No further payment will be made to the hospital until the cost report has been received by Medicaid.

## (b) <u>Reporting Negligence</u>

1. Whenever a provider includes a previously disallowed cost on a subsequent years' cost report, if the cost included is attributable to the same type good or service under substantially the same circumstances as resulted in the previous disallowance, a negligence penalty of up to \$10,000 may be assessed at the discretion of the Alabama Medicaid Agency.

2. The penalty imposed under item (b)(1) above shall be in addition, and shall in no way affect Medicaid's right to also recover the entire amount of any overpayment caused by the provider's, or its representative's negligence.

3. A previously disallowed cost, for the purposes of a negligence penalty assessment, is a cost previously disallowed as the result of a desk review or a field audit of the provider's cost report by Medicaid and such cost has not been reinstated by a voluntary action of Medicaid. The inclusion of such cost on a subsequent cost report by the provider, or its representative, unless the provider is pursuing an administrative or judicial review of such disallowance, will be considered as negligent and subject to the penalty imposed by this rule.

# IX. <u>AUDIT</u>

To insure that payment of inpatient hospital costs is being made on a reasonable basis, comprehensive hospital desk review and audit programs have been developed (42 CFR 447.202). Using these programs, Medicaid shall perform the following:

## AL-90-11 Attachment 4.19-A Page 12

### STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

## STATE OF ALABAMA

### METHOD FOR PAYMENT OF REASONABLE COSTS INPATIENT HOSPITAL SERVICES

(a) Desk review the cost reports as filed and include only the appropriately determined allowable cost in the prospective per diem rate calculations.

(b) Determine the necessity, scope, and format for on-site audits.

(c) Perform on-site audits when indicated in accordance with Title XIX Principles of Reimbursement.

(d) Recalculate, when appropriate, the prospectively determined per diem rate giving effect to audit adjustments.

# X. <u>PAYMENT ASSURANCE</u>

The Medicaid Agency will pay each hospital which furnishes allowable services, in accordance with the requirements of the State Plan, the amount determined for services furnished by the hospital according to the standards and methods set forth in the Alabama Title XIX Inpatient Hospital Reimbursement Plan.

# XI. PROVIDER PARTICIPATION

Payments made in accordance with the standards and methods described in this attachment are designed to enlist participation of a sufficient number of hospitals in the program so that eligible persons can receive the medical care and services included in the State Plan at least to the extent available to the general public.

## XII. PAYMENT IN FULL

Participation in the program shall be limited to hospitals who accept, as payment in full, the amount paid in accordance with the State Plan.

## XIII. <u>UPPER LIMITS</u>

In no instance will the Medicaid per diem rate exceed, in the aggregate, the amount which would be paid by Medicare for comparable inpatient services.

## XIV. APPEALS

(1) Except as herein prohibited, any provider of hospital services under the Medicaid program may appeal any action resulting from the provisions of the State Plan in accordance with the

# AL-94-13 Attachment 4.19-A Page 13

# STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

# METHOD FOR PAYMENT OF REASONABLE COSTS INPATIENT HOSPITAL SERVICES

normal appeals procedures of the Alabama Medicaid Program. The following items will not be subject to appeals under these procedures:

- (a) The use of Medicaid standards and principles of reimbursement.
- (b) The method of determining the trend factor.
- (c) The use of all-inclusive prospective reimbursement rates.
- (d) The use of hospital group ceilings.

(2) A hospital may, on the basis of appeal, be granted an exception for one rate period only. Any further exceptions must be appealed individually. As a condition of appeal, the Alabama Medicaid Agency may require the hospital to submit to a comprehensive operational review. Such review will be made at the discretion of the Alabama Medicaid Agency and may be performed by it or its designee. The findings from any such review may be used to recalculate allowable costs for the hospital.

# XV. <u>CO-PAY</u>

Effective Date: 09/01/86

Per diem payments are subject to co-pay; the amount of co-pay per admission is listed in Section 4.18-A of the State Plan.

# XVI. PAYMENT FOR SERVICES RENDERED AT AN INAPPROPRIATE LEVEL OF CARE

Effective Date: 08/01/94

(1) Reimbursement will be made for medically necessary services rendered at an inappropriate level of care (lower than acute). Medical necessity will be determined for eligible individuals by applying the following:

- (a) Medical need criteria for services routinely provided by a nursing facility;
- (b) Verification of no less than a three-day stay (consecutive) for acute care services; and
- (c) Verification of the non-availability of a nursing facility bed.

# AL-94-13 Attachment 4.19-A Page 13a

# STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

# STATE OF ALABAMA

### METHOD FOR PAYMENT OF REASONABLE COSTS INPATIENT HOSPITAL SERVICES

(2) Reimbursement will be made on a per diem basis at the statewide nursing facility average rate per paid day for routine services furnished during the previous calendar year.

(3) Initial certification will not exceed thirty (30) days. If the patient is not placed in a nursing facility at the end of the initial thirty (30) day period, recertification may be made every additional thirty (30) days based on prior authorization by Medicaid.

# XVII. THIRD PARTY PAYMENTS

In the event a Medicaid patient has insurance coverage for inpatient services provided by a hospital, the hospital is required to file for the patient's insurance before a claim for Medicaid payment may be filed. The Medicaid claim must indicate the amount of third party payment received or attach a copy of a rejection notice. Reimbursement to a hospital for inpatient services to eligible Medicaid patients will be made only after such reimbursement has been reduced by all third party payments.

\*HCFA input price index excludes capital, medical education, and medical professional fees. Weights are based on HCFA special studies.

The above relative weights are per Data Resources, Inc. (Health Care Costs) Volume V, Number 7, 3rd Quarter 1985 Series.

> EXHIBIT B Page 3

The National Hospital Input Price Index methodology will be utilized to isolate the effects of prices of goods and services for Alabama hospitals. Such an index will measure the average percent change in prices for a fixed "market basket" of hospital categories of expenses as forecasted by Data Resources, Inc. (Data Resources, Inc., Cost Forecasting Service, Regional Forecasting Models for Selected Components of the Hospital and Nursing Home Cost Index, 1750 K Street, Washington, DC 20006). Such a forecast combined with the historical period data, will provide a price index for hospital inpatient reimbursement in the state.

The National Hospital Input Price Index was developed utilizing a fixed set of weights for each of seven (7) categories of expenses. The article by Freeland, et al., in the <u>HCFA Review</u> (Summer 1979) discussed the various "market basket" comparisons, inputoutput data, and other survey designs which were utilized in the establishment of the Price Index. These were further refined by Data Resources, Inc., to provide a total of fourteen (14) basic Expense Categories. Relative cost weights were established from 1977 data to establish the final National Market Basket Price Proxies published in <u>Health Care Costs</u> (Data Resources, Inc., Vol. 1, No. 1, May 1981). This publication will provide market basket forecasts for a total of sixteen (16) quarters in order to permit a detailed analysis of the basic input categories of goods and services purchased by a hospital or provided to employees through wages and benefits.

### <u>Certified Public Expenditures incurred in providing services to Medicaid and</u> <u>individuals with no source of third party insurance for Disproportionate Share Hospital</u> <u>Expenditures.</u>

The Alabama Medicaid Agency uses the **CMS Form 2552** cost report, which was prepared based on Medicare cost reporting principles, as the basis for ensuring proper cost allocation and apportionment for services provided to Medicaid eligible beneficiaries and individuals with no source of third party insurance. Worksheets from the CMS Form 2552 cost report will be identified as appropriate in this Exhibit to ensure proper calculation of cost to be certified as public expenditures (CPE) for both inpatient and outpatient services, as defined in Attachment 3.1A, by hospitals. The Agency will use the protocol below.

### Cost of the uninsured

 <u>Calculation of Interim Disproportionate Share Hospital (DSH) Limit</u>: A base year will be used to calculate the cost of the uninsured and Medicaid eligible beneficiaries. The base year will be the State fiscal year with the most recent DSH audit being completed. The Interim DSH Limit for each hospital will be the estimated compensated care for inpatient and outpatient services to individuals with no source of third party insurance plus the uncompensated care (including potential surplus) for inpatient and outpatient services to Medicaid eligible individuals.

This computation of establishing interim DSH payment funded by CPEs must be performed on an annual basis and in a manner consistent with the instructions below.

a. Using the CMS Form 2552 cost report for the fiscal year ending during the fiscal year data being used (ex. 2010 data for 2012 payments), a cost to charge ratio will be determined at the facility level. The data sets used to calculate the cost to charge ratio are as follows:

| CMS Form 2552-96                          | CMS Form 2552-10                          |  |

| lines 34-36 (Inpatient Charges)           | lines 44-46 (Inpatient Charges)           |  |

The cost-to-charge ratio (CCR) was determined by dividing total costs by total charges, with the same CCR ratio used for inpatient and outpatient.

AL-13-016 Attachment 4.19-A Page 20.1 Exhibit C Page 2

- b. The inpatient and outpatient Medicaid hospital covered charges will be multiplied by the CCR to determine Medicaid cost. All payments made related to these Medicaid hospital covered charges would be used to offset the Medicaid cost to determine uncompensated Medicaid hospital cost.
- c. The inpatient and outpatient hospital charges related to individuals with no source of third party coverage will be multiplied by the CCR to determine the cost of services to individuals with no source of third party insurance. Payments related to these individuals will be used to offset the cost of services to determine the uncompensated cost of services to individuals with no source of third party insurance.
- d. The uncompensated care of hospital services for individuals with no source of third party insurance will be combined with the uncompensated Medicaid hospital cost to determine the uncompensated care cost. Any Medicaid hospital payments in excess of Medicaid hospital cost will be used to offset uncompensated care of services for individuals with no source of third party insurance.
- e. The uncompensated care cost calculated will be trended by the hospital market basket index as published by Global Insight Health-Care Cost Review to determine the interim DSH limit for the reporting year payments being calculated by applying the Global Insight Health-Care Cost Review from the mid-point of the cost reporting fiscal year to the mid-point of the next State Fiscal Year and then from mid-point of the State fiscal year to the mid-point of the current State Fiscal Year.
- 2. Interim Reconciliation of Interim Disproportionate Share Hospital (DSH) Limit Post Reporting Year: Upon completion of the State's reporting year, each hospital's interim payments paid under the calculations for disproportionate share hospital payments as outlined in paragraph f of Attachment 4.19-A will be reconciled to its CMS Form 2552 cost report as filed to the Medicare Administrative Contractor (MAC) for purposes of Medicare reimbursement for the respective cost reporting period. For hospitals that have a cost reporting period that differs from the State fiscal year end date of September 30<sup>th</sup>, the cost reports that overlap the State fiscal year will be used for the calculation.

This interim reconciliation will be completed within 10 months of the filing of the last electronic CMS cost report filed by a State government owned or operated or a non-State government owned or operated hospital to its applicable MAC that included the September 30<sup>th</sup> fiscal year end of the State.

Each hospital will supply the State with covered detailed days and covered charges information for services provided to Medicaid eligible individuals paid through the Alabama Medicaid Management Information System and for services provided to individuals with no source of third party insurance (referred to as Non-Alabama Medicaid Fee for Service (FFS) Medicaid eligible activity).

AL-13-016 Attachment 4.19-A Page 20.2 Exhibit C Page 3

Uncompensated cost of care for services provided to Medicaid eligible individuals shall be calculated as follows:

a. The hospital cost of services for inpatient routine care services, inpatient ancillary services, and outpatient ancillary services will be determined in accordance with the DSH final rule published on December 19, 2008 and the CMS General DSH Audit Reporting Protocol as follows:

| CMS Form 2552-96                                       | CMS Form 2552-10                                       |

- b. For each organ type, Total Organ Acquisition cost per Worksheet D-4 Part III Line 60 Column 1 will be divided by Total Usable Organs per Worksheet D-4 Part III Line 61 Column 1 to determine the cost per organ for each organ type. The cost per organ for each organ type will be multiplied by the number of organs transplanted obtained from the State's MMIS system for Alabama Fee for Service and from the hospital's internal records for Medicaid Managed Care and Medicaid Out Of State services. Medicare/Medicaid Dual Eligibles individuals will not be included as the amount for Medicaid Services would be offset by the amount reimbursed by Medicare Services.
- c. Combining the cost of Medicaid routine services, cost of Medicaid inpatient ancillary services, cost of Medicaid outpatient ancillary services, the cost of Medicaid organ acquisition costs plus the Medicaid portion of CRNA expense removed on Worksheet A-8 based on the Medicaid utilization of Medicaid charges divided by total charges less the payments received for CRNA services.
- d. The payments received related to Medicaid services provided during the reporting period will be offset against total Medicaid cost of services to determine the Medicaid uncompensated care.

Uncompensated cost of care for hospital services provided to individuals with no source of third party insurance shall be calculated as follows:

a. The cost of hospital services for inpatient routine care services, inpatient ancillary services, outpatient ancillary services, and transplant services will be determined in accordance with the DSH final rule published on December 19, 2008 and the CMS General DSHA Audit Reporting Protocol as follows:

b. For each organ type, Total Organ Acquisition cost per Worksheet D-4 Part III Line 60 Column 1 will be divided by Total Usable Organs per Worksheet D-4 Part III Line 61 Column 1 to determine the cost per organ for each organ type. The cost per organ for each organ type will be multiplied by the number of organs transplanted obtained from the hospital's internal records for individuals with no source of third party insurance.

c. Combining the cost of uninsured routine services, cost of uninsured inpatient ancillary services, cost of uninsured outpatient ancillary services, the cost of uninsured organ acquisition costs plus the Medicaid portion of CRNA expense removed on Worksheet A-8 based on the uninsured utilization of uninsured charges divided by total charges to determine the total cost of services provided to individuals with no source of third party insurance.

d. The payments received during the reporting period related to accounts of individuals with no source of third party will be used as offset to total cost of services to determine the uncompensated cost of care of services provided to individuals with no source of third party insurance

The uncompensated care of hospital services for individuals with no source of third party insurance will be combined with the uncompensated cost of care for hospital services provided to Medicaid eligible individuals to determine the uncompensated care cost. Any Medicaid payments in excess of Medicaid cost will be used to offset uncompensated care of hospital services for individuals with no source of third party insurance.

The State will compare the interim reconciliation to initial DSH limit for each hospital. Any difference to the reimbursement amount will be recorded as an adjustment on the CMS 64 report.

 e. Final Reconciliation of Interim Disproportionate Share Hospital (DSH) Limit Post Reporting Year: Upon issuance of a Notice of Program Reimbursement for CMS 2552 cost report(s) that incorporate the State fiscal year, each hospital's interim reconciliation will be reconciled to its CMS 2552 cost report as adjusted by the MAC for purposes of Medicare reimbursement for the respective cost reporting period(s). For hospitals that have a cost reporting period that differs from the State fiscal year end date of September 30<sup>th</sup>, the cost reports that overlap the State fiscal year will be used for the calculation.

The final reconciliation will be completed by the end of the third CMS Form 64 quarter that follows the CMS Form 64 quarter where the of the filing of the last electronic CMS cost report filed by a State government owned or operated or a non-State government owned or operated hospital to its applicable MAC that included the September 30<sup>th</sup> fiscal year end of the State occurs.

If necessary, each hospital will supply the State with updated covered detailed days and covered charges information for services provided to Medicaid eligible individuals paid through the Alabama Medicaid Management Information System and for services provided to individuals with no source of third party insurance. The State will also update any payment offset if necessary.

Uncompensated cost of care for services provided to Medicaid eligible individuals shall be calculated as follows:

a. The cost of services for inpatient routine care services, inpatient ancillary services, and outpatient ancillary services will be determined in accordance with the DSH final rule published on December 19, 2008 and the CMS General DSH Audit Reporting Protocol as follows:

b. For each organ type, Total Organ Acquisition cost per Worksheet D-4 Part III Line 60 Column 1 will be divided by Total Usable Organs per Worksheet D-4 Part III Line 61 Column 1 to determine the cost per organ for each organ type. The cost per organ for each organ type will be multiplied by the number of organs transplanted obtained from the State's MMIS system for Alabama Fee for Service and from the hospital's internal records for Medicaid Managed Care and Medicaid Out Of State services. Medicare/Medicaid Dual Eligibles individuals will not be included as the amount for Medicaid Services would be offset by the amount reimbursed by Medicare Services.

c. Combining the cost of Medicaid routine services, cost of Medicaid inpatient ancillary services, cost of Medicaid outpatient ancillary services, the cost of Medicaid organ acquisition costs plus the Medicaid portion of CRNA expense removed on Worksheet A-8 based on the Medicaid utilization of Medicaid charges divided by total charges less the payments received for CRNA services will represent the cost of Medicaid eligible hospital services.

d. The payments received related to Medicaid hospital services provided during the reporting period will be offset against total Medicaid cost of services to determine the Medicaid uncompensated care.

Uncompensated cost of care for hospital services provided to individuals with no source of third party insurance shall be calculated as follows:

a. The cost of hospital services for inpatient routine care services, inpatient ancillary services, outpatient ancillary services, and transplant services will be determined in accordance with the DSH final rule published on December 19, 2008 and the CMS General DSH Audit Reporting Protocol as follows:

b. For each organ type, Total Organ Acquisition cost per Worksheet D-4 Part III Line 60 Column 1 will be divided by Total Usable Organs per Worksheet D-4 Part III Line 61 Column 1 to determine the cost per organ for each organ type. The cost per organ for each organ type will be multiplied by the number of organs transplanted obtained from the hospital's internal records for individuals with no source of third party insurance.

c. Combining the cost of uninsured routine services, cost of uninsured inpatient ancillary services, cost of uninsured outpatient ancillary services, the cost of uninsured organ acquisition plus the uninsured portion of CRNA expense removed on Worksheet A-8 based on the uninsured utilization based on uninsured charges divided by total charges to determine the total cost of hospital services provided to individuals with no source of third party insurance.

d. The payments received during the reporting period related to accounts of individuals with no source of third party will be used as offset to total cost of services to determine the uncompensated cost of care of services provided to individuals with no source of third party insurance.

The uncompensated care of hospital services for individuals with no source of third party insurance will be combined with the uncompensated cost of care for services provided to Medicaid eligible individuals to determine the uncompensated care cost of hospital services. Any Medicaid payments in excess of Medicaid cost will be used to offset uncompensated care of hospital services for individuals with no source of third party insurance.

The State will compare the final reconciliation to the interim reconciliation for each hospital. Any difference to the reimbursement amount will be recorded as an adjustment on the CMS 64 report.

\*HCFA input price index excludes capital, medical education, and medical professional fees. Weights are based on HCFA special studies.

The above relative weights are per Data Resources, Inc. (Health Care Costs) Volume V, Number 7, 3rd Quarter 1985 Series.

> EXHIBIT B Page 3

The National Hospital Input Price Index methodology will be utilized to isolate the effects of prices of goods and services for Alabama hospitals. Such an index will measure the average percent change in prices for a fixed "market basket" of hospital categories of expenses as forecasted by Data Resources, Inc. (Data Resources, Inc., Cost Forecasting Service, Regional Forecasting Models for Selected Components of the Hospital and Nursing Home Cost Index, 1750 K Street, Washington, DC 20006). Such a forecast combined with the historical period data, will provide a price index for hospital inpatient reimbursement in the state.

The National Hospital Input Price Index was developed utilizing a fixed set of weights for each of seven (7) categories of expenses. The article by Freeland, et al., in the <u>HCFA Review</u> (Summer 1979) discussed the various "market basket" comparisons, inputoutput data, and other survey designs which were utilized in the establishment of the Price Index. These were further refined by Data Resources, Inc., to provide a total of fourteen (14) basic Expense Categories. Relative cost weights were established from 1977 data to establish the final National Market Basket Price Proxies published in <u>Health Care Costs</u> (Data Resources, Inc., Vol. 1, No. 1, May 1981). This publication will provide market basket forecasts for a total of sixteen (16) quarters in order to permit a detailed analysis of the basic input categories of goods and services purchased by a hospital or provided to employees through wages and benefits.

### <u>Certified Public Expenditures incurred in providing services to Medicaid and</u> <u>individuals with no source of third party insurance for Disproportionate Share Hospital</u> <u>Expenditures.</u>

The Alabama Medicaid Agency uses the **CMS Form 2552** cost report, which was prepared based on Medicare cost reporting principles, as the basis for ensuring proper cost allocation and apportionment for services provided to Medicaid eligible beneficiaries and individuals with no source of third party insurance. Worksheets from the CMS Form 2552 cost report will be identified as appropriate in this Exhibit to ensure proper calculation of cost to be certified as public expenditures (CPE) for both inpatient and outpatient services, as defined in Attachment 3.1A, by hospitals. The Agency will use the protocol below.

### Cost of the uninsured

 <u>Calculation of Interim Disproportionate Share Hospital (DSH) Limit</u>: A base year will be used to calculate the cost of the uninsured and Medicaid eligible beneficiaries. The base year will be the State fiscal year with the most recent DSH audit being completed. The Interim DSH Limit for each hospital will be the estimated compensated care for inpatient and outpatient services to individuals with no source of third party insurance plus the uncompensated care (including potential surplus) for inpatient and outpatient services to Medicaid eligible individuals.

This computation of establishing interim DSH payment funded by CPEs must be performed on an annual basis and in a manner consistent with the instructions below.

a. Using the CMS Form 2552 cost report for the fiscal year ending during the fiscal year data being used (ex. 2010 data for 2012 payments), a cost to charge ratio will be determined at the facility level. The data sets used to calculate the cost to charge ratio are as follows:

| CMS Form 2552-96                          | CMS Form 2552-10                          |
|-------------------------------------------|-------------------------------------------|
| Worksheet C Part I Column 1 line 103 less | Worksheet C Part I Column 1 line 202 less |
| lines 34-36 (Total Cost)                  | lines 44-46 (Total Cost)                  |
| Worksheet C Part I Column 6 line 103 less | Worksheet C Part I Column 6 line 202 less |
| lines 34-36 (Inpatient Charges)           | lines 44-46 (Inpatient Charges)           |
| Worksheet C Part I Column 7 line 103 less | Worksheet C Part I Column 7 line 202 less |
| line 34-36 (Outpatient Charges)           | lines 44-46 (Outpatient Charges)          |

| line 34-36 (Total Charges)                | line 44-46 (Total Charges)                |

The cost-to-charge ratio (CCR) was determined by dividing total costs by total charges, with the same CCR ratio used for inpatient and outpatient.

AL-13-016 Attachment 4.19-A Page 20.1 Exhibit C Page 2

- b. The inpatient and outpatient Medicaid hospital covered charges will be multiplied by the CCR to determine Medicaid cost. All payments made related to these Medicaid hospital covered charges would be used to offset the Medicaid cost to determine uncompensated Medicaid hospital cost.
- c. The inpatient and outpatient hospital charges related to individuals with no source of third party coverage will be multiplied by the CCR to determine the cost of services to individuals with no source of third party insurance. Payments related to these individuals will be used to offset the cost of services to determine the uncompensated cost of services to individuals with no source of third party insurance.
- d. The uncompensated care of hospital services for individuals with no source of third party insurance will be combined with the uncompensated Medicaid hospital cost to determine the uncompensated care cost. Any Medicaid hospital payments in excess of Medicaid hospital cost will be used to offset uncompensated care of services for individuals with no source of third party insurance.
- e. The uncompensated care cost calculated will be trended by the hospital market basket index as published by Global Insight Health-Care Cost Review to determine the interim DSH limit for the reporting year payments being calculated by applying the Global Insight Health-Care Cost Review from the mid-point of the cost reporting fiscal year to the mid-point of the next State Fiscal Year and then from mid-point of the State fiscal year to the mid-point of the current State Fiscal Year.
- 2. Interim Reconciliation of Interim Disproportionate Share Hospital (DSH) Limit Post Reporting Year: Upon completion of the State's reporting year, each hospital's interim payments paid under the calculations for disproportionate share hospital payments as outlined in paragraph f of Attachment 4.19-A will be reconciled to its CMS Form 2552 cost report as filed to the Medicare Administrative Contractor (MAC) for purposes of Medicare reimbursement for the respective cost reporting period. For hospitals that have a cost reporting period that differs from the State fiscal year end date of September 30<sup>th</sup>, the cost reports that overlap the State fiscal year will be used for the calculation.

This interim reconciliation will be completed within 10 months of the filing of the last electronic CMS cost report filed by a State government owned or operated or a non-State government owned or operated hospital to its applicable MAC that included the September 30<sup>th</sup> fiscal year end of the State.

Each hospital will supply the State with covered detailed days and covered charges information for services provided to Medicaid eligible individuals paid through the Alabama Medicaid Management Information System and for services provided to individuals with no source of third party insurance (referred to as Non-Alabama Medicaid Fee for Service (FFS) Medicaid eligible activity).

- b. For each organ type, Total Organ Acquisition cost per Worksheet D-4 Part III Line 60 Column 1 will be divided by Total Usable Organs per Worksheet D-4 Part III Line 61 Column 1 to determine the cost per organ for each organ type. The cost per organ for each organ type will be multiplied by the number of organs transplanted obtained from the State's MMIS system for Alabama Fee for Service and from the hospital's internal records for Medicaid Managed Care and Medicaid Out Of State services. Medicare/Medicaid Dual Eligibles individuals will not be included as the amount for Medicaid Services would be offset by the amount reimbursed by Medicare Services.
- c. Combining the cost of Medicaid routine services, cost of Medicaid inpatient ancillary services, cost of Medicaid outpatient ancillary services, the cost of Medicaid organ acquisition costs plus the Medicaid portion of CRNA expense removed on Worksheet A-8 based on the Medicaid utilization of Medicaid charges divided by total charges less the payments received for CRNA services.
- d. The payments received related to Medicaid services provided during the reporting period will be offset against total Medicaid cost of services to determine the Medicaid uncompensated care.

Uncompensated cost of care for hospital services provided to individuals with no source of third party insurance shall be calculated as follows:

a. The cost of hospital services for inpatient routine care services, inpatient ancillary services, outpatient ancillary services, and transplant services will be determined in accordance with the DSH final rule published on December 19, 2008 and the CMS General DSHA Audit Reporting Protocol as follows:

b. For each organ type, Total Organ Acquisition cost per Worksheet D-4 Part III Line 60 Column 1 will be divided by Total Usable Organs per Worksheet D-4 Part III Line 61 Column 1 to determine the cost per organ for each organ type. The cost per organ for each organ type will be multiplied by the number of organs transplanted obtained from the hospital's internal records for individuals with no source of third party insurance.

c. Combining the cost of uninsured routine services, cost of uninsured inpatient ancillary services, cost of uninsured outpatient ancillary services, the cost of uninsured organ acquisition costs plus the Medicaid portion of CRNA expense removed on Worksheet A-8 based on the uninsured utilization of uninsured charges divided by total charges to determine the total cost of services provided to individuals with no source of third party insurance.

d. The payments received during the reporting period related to accounts of individuals with no source of third party will be used as offset to total cost of services to determine the uncompensated cost of care of services provided to individuals with no source of third party insurance

The uncompensated care of hospital services for individuals with no source of third party insurance will be combined with the uncompensated cost of care for hospital services provided to Medicaid eligible individuals to determine the uncompensated care cost. Any Medicaid payments in excess of Medicaid cost will be used to offset uncompensated care of hospital services for individuals with no source of third party insurance.

The State will compare the interim reconciliation to initial DSH limit for each hospital. Any difference to the reimbursement amount will be recorded as an adjustment on the CMS 64 report.

 e. Final Reconciliation of Interim Disproportionate Share Hospital (DSH) Limit Post Reporting Year: Upon issuance of a Notice of Program Reimbursement for CMS 2552 cost report(s) that incorporate the State fiscal year, each hospital's interim reconciliation will be reconciled to its CMS 2552 cost report as adjusted by the MAC for purposes of Medicare reimbursement for the respective cost reporting period(s). For hospitals that have a cost reporting period that differs from the State fiscal year end date of September 30<sup>th</sup>, the cost reports that overlap the State fiscal year will be used for the calculation.

The final reconciliation will be completed by the end of the third CMS Form 64 quarter that follows the CMS Form 64 quarter where the of the filing of the last electronic CMS cost report filed by a State government owned or operated or a non-State government owned or operated hospital to its applicable MAC that included the September 30<sup>th</sup> fiscal year end of the State occurs.

If necessary, each hospital will supply the State with updated covered detailed days and covered charges information for services provided to Medicaid eligible individuals paid through the Alabama Medicaid Management Information System and for services provided to individuals with no source of third party insurance. The State will also update any payment offset if necessary.

Uncompensated cost of care for services provided to Medicaid eligible individuals shall be calculated as follows:

a. The cost of services for inpatient routine care services, inpatient ancillary services, and outpatient ancillary services will be determined in accordance with the DSH final rule published on December 19, 2008 and the CMS General DSH Audit Reporting Protocol as follows:

b. For each organ type, Total Organ Acquisition cost per Worksheet D-4 Part III Line 60 Column 1 will be divided by Total Usable Organs per Worksheet D-4 Part III Line 61 Column 1 to determine the cost per organ for each organ type. The cost per organ for each organ type will be multiplied by the number of organs transplanted obtained from the State's MMIS system for Alabama Fee for Service and from the hospital's internal records for Medicaid Managed Care and Medicaid Out Of State services. Medicare/Medicaid Dual Eligibles individuals will not be included as the amount for Medicaid Services would be offset by the amount reimbursed by Medicare Services.

c. Combining the cost of Medicaid routine services, cost of Medicaid inpatient ancillary services, cost of Medicaid outpatient ancillary services, the cost of Medicaid organ acquisition costs plus the Medicaid portion of CRNA expense removed on Worksheet A-8 based on the Medicaid utilization of Medicaid charges divided by total charges less the payments received for CRNA services will represent the cost of Medicaid eligible hospital services.

d. The payments received related to Medicaid hospital services provided during the reporting period will be offset against total Medicaid cost of services to determine the Medicaid uncompensated care.

Uncompensated cost of care for hospital services provided to individuals with no source of third party insurance shall be calculated as follows:

a. The cost of hospital services for inpatient routine care services, inpatient ancillary services, outpatient ancillary services, and transplant services will be determined in accordance with the DSH final rule published on December 19, 2008 and the CMS General DSH Audit Reporting Protocol as follows:

b. For each organ type, Total Organ Acquisition cost per Worksheet D-4 Part III Line 60 Column 1 will be divided by Total Usable Organs per Worksheet D-4 Part III Line 61 Column 1 to determine the cost per organ for each organ type. The cost per organ for each organ type will be multiplied by the number of organs transplanted obtained from the hospital's internal records for individuals with no source of third party insurance.

c. Combining the cost of uninsured routine services, cost of uninsured inpatient ancillary services, cost of uninsured outpatient ancillary services, the cost of uninsured organ acquisition plus the uninsured portion of CRNA expense removed on Worksheet A-8 based on the uninsured utilization based on uninsured charges divided by total charges to determine the total cost of hospital services provided to individuals with no source of third party insurance.

d. The payments received during the reporting period related to accounts of individuals with no source of third party will be used as offset to total cost of services to determine the uncompensated cost of care of services provided to individuals with no source of third party insurance.

The uncompensated care of hospital services for individuals with no source of third party insurance will be combined with the uncompensated cost of care for services provided to Medicaid eligible individuals to determine the uncompensated care cost of hospital services. Any Medicaid payments in excess of Medicaid cost will be used to offset uncompensated care of hospital services for individuals with no source of third party insurance.

The State will compare the final reconciliation to the interim reconciliation for each hospital. Any difference to the reimbursement amount will be recorded as an adjustment on the CMS 64 report.

# STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT STATE OF ALABAMA

Payment for Medical Care and Services, Excluding Inpatient Hospitals and Long Term Care Services

A description of the policy and methods to be used in establishing payment rates for each type of service, except for inpatient hospital and long term care services, listed in Section 1905(a) of the Social Security Act and included in the Alabama Medical Assistance Program, is set forth in this attachment. Payment methodology for inpatient hospital services is covered in Attachment 4.19-A. Payment for long-term care services is covered in Attachment 4.19-D.

# 1. Rural Health Clinic

Alabama Medicaid uses a Prospective Payment System (PPS) for RHCs as required by S.S.A. §1902(a)(15) [42 U.S.C. § 1396a (a)(15)] and S.S.A. §1902(bb) [42 U.S.C. §1396a(bb)]. The PPS for RHCs was implemented and took effect on January 1, 2001.

# A. <u>Prospective Payment System (PPS) rates</u>

The baseline Prospective Payment System (PPS) for each RHC in FY2002 was developed by weighing the RHC's provider specific reasonable costs for Fiscal Years 1999 and 2000 by the number of Medicaid encounters provided in each year. The RHC is entitled to the previous year's PPS, increased by the percentage increase by the Medicare Economic Index (MEI) for primary care services, and adjusted to take into account any increase (or decrease) in the scope of services furnished by the RHC during that fiscal year.

# Prospective Payment System (PPS) Reimbursement for New Facilities

The rate established for a new RHC shall be equal to 100% of the reasonable cost used in calculating the rates of like RHCs located in the same or an adjacent area during the same fiscal year. The costs that must be considered in calculating the payment rate are those reasonable costs used in calculating the rates for neighboring clinics with similar caseloads.

## **Change in Scope of Services**

The PPS rate for a RHC shall be adjusted to take into account a change (either increase or decrease) in the scope of services furnished by the RHC. A change in scope of services occurs if the RHC has added or dropped any service that meets the definition of RHC services as provided in section 1905(a)(2)(B) and (C) of the Social Security Act or if the service is included as a covered Medicaid service in the state plan. A change in the scope of services is defined as a change in the type, intensity, duration, and/or amount of services provided during a RHC visit. A change in the cost of a service is not considered in and of itself a change in the scope of services.

AL 21-0002 Attachment 4.19-B Page 1a

#### A. <u>Alternative Payment Methodology (APM) Reimbursement</u>

Beginning October 1, 2019, RHCs that are Alabama Coordinated Health Network (ACHN) Certified are eligible to receive an APM reimbursement in addition to the PPS rate, but only if the following statutory requirements are met. First, the APM must be agreed to by Alabama Medicaid and by each individual RHC that participates in the program. Second, the methodology must result in a total payment (PPS plus APM) that is at least equal to the amount to which the RHC is entitled under the Medicaid PPS.

## ACHN Certified Delivering Healthcare Professionals (DHCPs) Enhanced Payment

- ACHN Certified DHCPs will receive an enhanced payment for:
  - i. an initial prenatal visit in the first trimester and/or
  - ii. a post-partum visit.

## ACHN Certified Provider Performance Payments

Performance Payments for ACHN Certified Primary Care Provider (PCP) Groups:

A performance payment pool will be established in the amount of \$15 million annually to fund three (3) performance payments for ACHN Certified PCP groups. The performance payments' pool is allotted as follows: 50% for quality, 45% for cost effectiveness, and 5% for PCMH Recognition.

- a. Quality Performance Payments
  - a. Eligibility: All ACHN Certified PCP groups will be eligible for a performance payment if the PCP group meets the requirements described below.
  - b. Methodology:
    - i. ACHN Certified PCP groups that achieve annual performance benchmarks determined by the Agency are eligible to receive performance payments.
    - ii. Benchmarks will be posted at <u>www.medicaid.alabama.gov</u> by September 1, 2019 and will be updated annually at least 30 days prior to the contract period.
    - iii. The quality benchmarks will be posted to: <u>www.medicaid.alabama.gov</u> Click the ACHN tab/Provider
    - iv. The amount available for the quarterly quality payment will be one-quarter (1/4) of the annual amount described above.
    - v. The first payment will be made in October 2019. Subsequent payments will be made on a quarterly basis.
    - vi. Level One Quality Performance Payment for the period between October 1, 2019 and September 30, 2021:
      - 1. The Agency will make quarterly payments in the first month of the quarter based on provider reporting of necessary data and other activities including provider engagement in the ACHN and their review and response to quality data provided by the Agency, implementing any policies and processes to improve the efficiency of their practices, and engaging with the ACHNs in preparation to be paid based on performance-based quality payments. Providers will also be readjusting their practice guidelines to manage attributed patient populations rather than Agency assigned panels.
      - 2. Payments made in this period are based on the engagement by the PCP group and not for the achievement of quality measurements.
      - 3. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
      - Level Two Quality Performance Payment for the period of October 1, 2021 and beyond:
      - 1. The Agency's quarterly payments beginning with the October 2021 payment will be based on actual quality measure performance as soon as the previous calendar year's performance has been calculated (anticipated date twelve months after the start of the second contract year). For example, the quarterly payments made in October 2021, January 2022, April 2022, and July 2022 will be based on the actual quality measure performance calculated for the period between January 1, 2020 and December 31, 2020.

AL 22-0005 Attachment 4.19-B Page 1b

- 1. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
- b. Cost Effectiveness Performance Payments
  - a. Eligibility: All ACHN Certified PCP groups will be eligible for a performance payment if the PCP group meets or exceeds the cost effectiveness criteria established by the Agency.
  - b. Methodology:
    - i. ACHN Certified PCP groups that achieve annual performance benchmarks determined by the Agency are eligible to receive performance payments.
    - ii. Benchmarks will be posted at <u>www.medicaid.alabama.gov</u> by September 1, 2019 and will be updated annually at least 30 days prior to the contract period.
    - iii. The cost effectiveness performance payment criteria will be posted to: www.medicaid.alabama.gov
      - Click the ACHN tab/Provider
    - iv. The amount available for the quarterly cost effectiveness payment will be one-quarter (1/4) of the annual amount described above.
    - v. The first payment will be made in October 2019. Subsequent payments will be made on a quarterly basis.
    - vi. Level One Cost Effectiveness Performance Payment for the period between October 1, 2019 and December 31, 2020:
      - 1. The Agency will make quarterly payments in the first month of the quarter for review and response to cost effectiveness data provided by the Agency, implementing any policies and processes to improve the efficiency of their practices, and engaging with the ACHNs in preparation to be paid based on performance-based cost effectiveness payments. Providers will also be readjusting their practice guidelines to manage attributed patient populations rather than Agency assigned panels.
      - 2. Payments made in this period are based on the engagement by the PCP group and not for the achievement of cost effectiveness measurements.
      - 3. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
    - vii. Level Two Cost Effectiveness Performance Payment for the period of January 1, 2021 and beyond:
      - 1. The Agency's quarterly payments beginning with the January 2021 payment will be based on actual cost effectiveness performance.
      - 1. The cost effectiveness performance calculation compares a 12-month per member per month (PMPM) to a risk-adjusted expected PMPM based on the costs of similar PCP groups that treat Medicaid recipients. Groups will be ranked by an efficiency score that is derived from actual PMPM versus the expected PMPM. Performance payment will be made for PCP groups that meet a cost effectiveness score of less than 1.0.
      - 2. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.

Patient Centered Medical Home (PCMH) Performance Payments

The purpose of the PCMH Recognition performance payment is to incentivize providers to attain PCMH Recognition thereby ensuring Medicaid Recipients are receiving care through a nationally recognized medical home model.

- 1. Eligibility: All ACHN Certified PCP groups who receive PCMH recognition as described below.
- 2. Methodology:
  - i. PCMH Recognition information may be obtained at: <u>www.medicaid.alabama.gov</u> Click the ACHN tab/Provider
  - ii. The PCP group can obtain PCMH Recognition or certification through a nationally recognized entity such as National Committee for Quality Assurance (NCQA). Details from NCQA can be found at <u>https://www.ncqa.org/programs/helath-care-providers-practices/patient-centered-medical-home-pcmh</u>.
- iii. The amount available for the quarterly PCMH Recognition payment will be one-quarter (1/4) of the annual amount described above.
- iv. The first payment will be made in October 2019. Subsequent payments will be made on a quarterly basis.
- v. Level One PCMH Performance Payment for the period between October 1, 2019 and September 30, 2020:
  - The Agency will make quarterly payments in the first month of the quarter for PCMH Recognition performance payments.
  - a. Payments made in this period are for PCP groups that have already obtained the Recognition or certification and PCP groups that are progressing toward attainment of Recognition or certification. To be eligible for the PCMH Recognition performance payment, PCP groups must attest to the status of their attainment of PCMH Recognition or to their progress towards attainment.
  - b. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
- vii. Level Two PCMH Performance Payment for the period October 1, 2020 and beyond
  - a. Payments made in this period are for PCP groups that attest they have obtained the Recognition or certification. The Agency will review the PCP groups attestation on an annual basis on the last business day of the month prior to the first quarterly payment for the ensuing year. For example, the quarterly payments made in October 2020, January 2021, April 2021, and July 2021 will be based on the PCP groups attestation of their achievement of recognition or certification as of the last business day in September 2020.
  - b. The amount of the performance payment distributed to each PCP group will be based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
  - c. If a PCP group does not meet PCMH Recognition and does not show adequate progress toward meeting recognition, the Agency will not pay the PCMH performance payment.

## 2. <u>Other Laboratory and X-Ray Services</u>

## Effective Date: 04/01/83

a. Payment to laboratories and x-ray facilities will be based on customary charges calculated by methods consistent with Federal Regulations.

Approval Date <u>11/19/19</u>

AL-19-0002 Attachment 4.19-B Page 2

c. For crossover claims the allowable payment to the provider is determined not by the Alabama Medicaid Agency but by Medicare. The Alabama Medicaid Agency will pay no more than the part of the allowable payment not paid by Medicare and other insurers who are obligated to pay part of the claim.

#### 3. <u>Physicians and Other Practitioners</u>

## Effective Date: 01/01/2020

- a. <u>Physician Fee Schedule Payment:</u> A statewide maximum payment will be calculated for each service designated by a procedure code recognized by the Alabama Medicaid Agency as designating a covered service. To determine payments for procedures codes without an established Medicaid rate, the Alabama Medicaid Agency will base rates on the current Medicare rate, and if not available the average commercial rate. Except as otherwise noted in the state plan, state-developed fee schedule rates are the same for both governmental and private physicians and other practitioners. The Agency's fee schedule rates were set as of October 1, 2018 and are effective for services provided on or after that date. All rates are published and maintained on the Agency's website at <u>www.medicaid.alabama.gov</u>. For the most recent Physician Service Fee Schedule click on the Providers tab, select Fee Schedules, check "I Accept" on the User Agreement, and select Physician Fee Schedule.
  - 1. Rural Physician (Enhanced) Payment:
    - Providers in rural counties whose specialty is OB/GYN, Family Practice, General practice or Pediatrics, will be paid an enhanced rate for global delivery codes and delivery codes only. These rates can be found at <u>www.medicaid.alabama.gov</u> To view a Rural Physician Fee Schedule visit <u>http://medicaid.alabama.gov/content/Gated/7.3G\_Fee\_Schedules/7.3G\_Rural\_Physician\_Fee\_Sch</u> <u>edule\_5-27-15.pdf</u>
    - (ii) In order to increase provider participation and improve access to care, both governmental and non-governmental providers of all specialties in rural counties will be paid an additional \$1.00 per office visit or hospital visit.
  - 2. Supplemental Payments for Qualifying Physicians and Professional Services:

#### Physician Access (Enhanced) Payments - Teaching Physicians

Qualifying Criteria:

In order to maintain adequate access to specialty faculty physician (all specialties including general practice, family practice, and general pediatrics) services as required, supplemental payments will be made for services provided to Medicaid recipients by eligible physicians and other professional services practitioners.

To qualify for the supplemental payments, eligible physicians and other professional service practitioners must:

- 1. Be enrolled as one of the following provider types:
  - a. Physicians (as defined in state plan)
  - b. Physician Assistants
  - c. Nurse Practitioners (NPs)
  - d. Certified Nurse Midwives (CNM)
  - e. Certified Registered Nurse Anesthetists (CRNAs) or Anesthesiology Assistants (AAs)
  - f. Clinical Psychologists
  - g. Optometrists

TN No. <u>AL-19-0002</u> Supersedes TN No. AL-18-0003

Approval Date : <u>06/13/22</u>

Effective Date 01/01/20

- 2. Be in a hospital sponsored location as an approved place of service:
  - a. Inpatient hospital
  - b. Outpatient hospital
  - c. Hospital-based clinic
  - d. Hospital affiliated clinic
- 3. Be licensed by the State of Alabama, have an Alabama Medicaid provider agreement and be employed by or under contract with a medical school that is part of the public university system or a children's hospital healthcare system which meets the criteria and receives funding under Section 340E (a) of the U.S. Public Health Services Act (42 U.S.C. 256e) and which operates and maintains a state license for specialty pediatric beds. Participants that qualify under this subsection are:
  - a. The University of Alabama System
  - b. The University of South Alabama
  - c. Children's of Alabama

The services listed below do not qualify under the Physician Access (Enhanced) Payments Teaching Physicians:

- a) Clinical diagnostic lab procedures
- b) Technical component of radiology services
- c) Services provided to dual eligibles
- d) EPSDT
- e) Injectables

Supplemental Payment Methodology

- 4. Calculation of total Medicare equivalent payment rate Teaching Physicians
  - a. Recognize the non-facility Medicare physician fee schedule for the most recent full calendar year.b. Obtain the rates paid by the top five commercial insurance companies in Alabama for each public
  - b. Obtain the rates paid by the top five commercial insurance companies in Alabama for each public university system and children's hospital healthcare system for the calendar year ending December 31, 2021 and calculate the average commercial rate by CPT for each hospital.
  - c. Obtain the units paid during the calendar year from the MMIS system for each procedure code in 4a.
  - d. Anesthesia payment is based on a fifteen minutes unit of service as well as a base payment.
  - e. Calculate the aggregate commercial payment equivalent for the most recent full calendar year by multiplying the Medicaid units identified in 4c above by the commercial rates identified in 4b, then combine the payments for all services. This produces the total commercial equivalent payment amount.
  - f. Calculate the Medicare equivalent payments for the most recent full calendar year by multiplying the Medicaid units in 4c above by the Medicare rates identified in 4a, then combine the payments for all services. This produces the total Medicare equivalent payment amount.
  - g. Divide the total commercial payment amount by the total Medicare equivalent payment amount to determine the Medicare equivalent payment percentage.
  - h. Multiply the Medicare equivalent payment percentage from 4f above times the Medicare fee schedule rates in 4a to determine the Medicare equivalent rates.
  - i. Based on the demonstration for calendar year 2021 Medicaid utilization and the 2021 Medicare based rates, the established teaching physician percentage is 199.23%.
  - j. Reimbursement rates for numeric procedure codes not recognized by Medicare, but recognized by the Alabama Medicaid Agency will be the weighted average rate paid by the top five commercial insurance companies in Alabama for that numeric procedure code for each public university system and children's hospital system, identified in the Qualifying Criteria above, for the most recent full calendar year.

- 5. Calculation of quarterly supplemental payments Teaching Physicians
  - a. Each quarter Alabama Medicaid will query its MMIS for paid Medicaid claims for participants as defined in *Qualifying Criteria* listed above for the preceding quarter to determine units paid and amounts allowed during the quarter.
  - b. Supplemental payments will be paid on the difference between the actual paid claim amounts in 5a above and the Medicare rates of those claims multiplied by the Medicare Equivalent of the ACR percentage determined in 4i above.
  - c. Obtain the Medicare rate (from the non-facility Medicare physician fee schedule for the most recent full calendar year) for each code identified in 5a and multiply them by the Medicare Equivalent of the ACR percentage identified in 4i.
  - d. Multiply the Medicare equivalent rates in 5c by the Medicaid units in 5a for each provider to determine the enhanced payment per code.
  - e. The amount Medicaid allowed for the claims in 5a is subtracted from 5d above to establish the total allowable quarterly supplemental payment amount for the participants in 1 above.

# Non-state governmental entity (Specifically a health care authority or a wholly owned subsidiary thereof - Physician Retention and Access Improvement Program [PRAIP])

## Qualifying Criteria

In order to maintain adequate access to specialty physicians (all specialties, including general practice, family practice, and general pediatrics) services as required, supplemental payments will be made for services provided to Medicaid recipients by eligible physicians and other professional services practitioners.

To qualify for the supplemental payments, eligible physicians and other professional service practitioners must:

- 1. Be one of the following provider types:
  - a. Physicians (as defined in state plan)
  - b. Physician Assistants
  - c. Nurse Practitioners (NPs)
  - d. Certified Nurse Wives (CNMs)
  - e. Certified Registered Nurse Anesthetists (CRNAs) or Anesthesiology Assistants (AAs)
  - f. Clinical Psychologists
  - g. Optometrists
- 2. Be in a hospital-sponsored location as an approved place of service:
  - a. Inpatient hospital
  - b. Outpatient hospital
  - c. Hospital-based clinic
  - d. Hospital affiliated clinic
- 3. Be licensed by the State of Alabama, have an Alabama Medicaid provider agreement and be employed by or under contract with a non-state governmental entity, specifically a health care authority or a wholly owned subsidiary thereof; and be a participant in the PRAIP. Participants that qualify under this subsection effective 1/1/2020:
  - a) The Health Care Authority for Baptist Health an Affiliate of UAB Health System

- b) The Health Group of Alabama, LLC, a wholly owned subsidiary of The Health Care Authority of The City of Huntsville, Alabama
- c) Houston County Health Care Authority D/B/A as Southeast Alabama Medical Center

The services listed below do not qualify under PRAIP:

- a. Clinical diagnostic lab procedures
- b. Technical component of radiology services
- c. Services provided to dual eligibles
- d. EPSDT
- e. Injectables

## Supplemental Payment Methodology

- 4. Calculation of the quarterly supplemental payment PRAIP
  - a) Recognize the non-facility Medicare physician fee schedule for the most recent full calendar year.
  - b) Obtain the rates paid by the top five commercial insurance companies in Alabama for each PRAIP participant for the calendar year ending December 31, 2018 and calculate the average commercial rate by CPT for each participant.
  - c) Obtain the units paid during the calendar year from the MMIS system for each procedure code in 4a.
  - d) Anesthesia payment is based on a fifteen-minute unit of service as well as a base payment.
  - e) Calculate the aggregate commercial payment equivalent for the most recent full calendar year by multiplying the Medicaid units identified in 4c above by the commercial rates identified in 4b, then combine the payments for all services. This produces the total commercial equivalent payment amount.
  - f) Calculate the Medicare equivalent payments for the most recent full calendar year by multiplying the Medicaid units in 4c above by the Medicare rates identified in 4a, then combine the payments for all services. This produces the total Medicare equivalent payment amount.
  - g) Divide the total commercial payment amount by the total Medicare equivalent payment amount to determine the Medicare equivalent payment percentage.
  - h) Multiply the Medicare equivalent payment percentage from 4f above times the Medicare fee schedule rates in 4a to determine the Medicare equivalent rates.
  - i) Each PRAIP participant will have a percentage based on the demonstration for calendar year 2018 Medicaid utilization and the 2018 Medicare based rates. Participants that qualify and their percentages of Medicare under this subsection are:
    - 1. The Health Group of Alabama, LLC, A Wholly Owned Subsidiary of The Health Care Authority of The City of Huntsville, Alabama, 121.49%
    - 2. Houston County Health Care Authority d/b/a Southeast Alabama Medical Center, 100.22%
    - 3. The Health Care Authority for Baptist Health an Affiliate of UAB Health System, 114.12%

- 5. Calculation of quarterly supplemental payments PRAIP
  - a) Each quarter Alabama Medicaid will query its MMIS for paid Medicaid claims for each PRAIP participant as defined in *Qualifying Criteria* listed above for the preceding quarter to determine units paid and allowed during the quarter.
  - b) Supplemental payments will be paid on the difference between the actual paid claim amounts in 5a above and the Medicare rates of those claims multiplied by the Medicare Equivalent percentage determined in 4i above.
  - c) Obtain the Medicare rate (from the non-facility Medicare physician fee schedule for the most recent full calendar year) for each code identified in 5a and multiply them by the Medicare Equivalent percentage identified in 4i.
  - d) Multiply the Medicare equivalent rates in 5c by the Medicaid units in 5a for each provider to determine the enhanced payment per code.
  - e) The amount Medicaid allowed for the claims in 5a is subtracted from 5d above to establish the total allowable quarterly supplemental payment amount for the participants in 1 above.

## Effective Date: 10/01/19

3. Primary Care (Enhanced) Rates "Bump":

The state will continue to reimburse for services provided by physicians with a primary specialty designation of family medicine, pediatric medicine or internal medicine as if the requirements of 42 C.F.R. § 447.400 remain in effect and there is no signed Alabama Coordinated Health Network (ACHN) agreement on file for ACHN certified Primary Care Physicians (PCPs). A provider must meet one of the following requirements listed below to qualify for the Alabama Medicaid Physicians Primary Care Enhanced Rates "Bump" Program.

- a. A provider must be Board certified with a specialty or subspecialty designation in family medicine, general internal medicine, or pediatrics that is recognized by the American Board of Medical Specialties (ABMS), the American Board of Physician Specialties (ABPS), or the American Osteopathic Association (AOA), and must actually practice in their specialty.
- b. A NON-board certified provider who practices in the field of family medicine, general internal medicine, or pediatrics or a subspecialty under one of these specialties, is eligible if he/she can attest that sixty percent of their paid Medicaid procedures billed are for certain specified procedure codes for evaluation and management (E&M) services and certain Vaccines for Children (VFC) vaccine administration codes during the most recently completed CY or, for newly eligible physicians, the prior month.

## **Payment Methodology**

I. Applies to E&M billing codes 99201 through 99499 that are considered reimbursable by Alabama Medicaid.

- II. Applies to Vaccine Administration
  - a. The state reimburses vaccine administration services furnished by physicians meeting the requirements of 42 C.F.R. § 447.400(a) at the regional maximum administration fee set by the VFC program.
  - b. The Alabama Medicaid Agency requires VFC administration fees to be billed using the specific product code (vaccine codes).

The Primary Care (Enhanced) Rates "Bump" fee schedule is effective October 1, 2019. All rates are published on the Agency's website at www.medicaid.alabama.gov. - 4. Higher Levels of Service Defined by Engagement of ACHN Certified PCP Groups with the ACHN Program: ACHN Certified PCP group may earn higher payment levels (Certified Rates) on 15 E&M codes (refer to 1 (a) under Payment Methodology) and Performance payments (Section III) if they provide a higher level of service by engaging with the ACHN as follows:
  - a. Over a twelve (12) month period, attending in person in at least two (2) quarterly Medical Management Meetings and one webinar/facilitation exercise with the ACHN's Medical Director. Attendance requirements can be met by having one PCP or Nurse Practitioner/Physician Assistant from the group attend;
  - b. Engagement in ACHN initiatives centered around quality measures;
  - c. Reviewing data provided by the ACHN to help achieve Agency and ACHN quality goals;
  - d. Engagement as appropriate in the ACHN's Multidisciplinary Care Team and the development of an individualized and comprehensive Care Plan;
  - e. Certification requirements will be monitored on a monthly basis. ACHNs will report monthly to the Agency a list of PCP groups who are meeting certification requirements. If the ACHN indicates a PCP group is decertified due to failure to meet the certification requirements, then the Agency will confirm with the ACHN as well as the PCP group before allowing the PCP group to receive the ACHN certification rates.
- 5. Higher Levels of Service Defined by Engagement of ACHN Certified Delivering Health Care Professionals (DHCPs) with the ACHN Program:
  - a. DHCPs, which include OB/GYNs, Nurse Midwives, and other physicians, a provide a higher level of service by engaging with an ACHN as described below:
    - i. Providing data to the ACHN;
    - ii. Engagement in the development of the Eligible Individual's (EI's) care plan; and
    - iii. Engagement in the DHCP selection and referral process.
  - b. Certification requirements will be monitored on a monthly basis. ACHNs will report monthly to the Agency a list of DHCPs who they have contracted and engaging with to provide maternity services. DHCPs who fail to meet certification requirements will no longer be referred to by the ACHN or will be able to provide maternity services to the ACHN population.

# ACHN Certified Provider Rates

III. Rates for ACHN Certified PCPs:

ACHN Certified PCPs will receive higher rates for certain E&M billing codes (99201-99205, 99211-99215, 99241-99245) that are considered reimbursable by Alabama Medicaid. The ACHN Certified Rate fee schedule is effective October 1, 2019. All rates are published on the Agency's website at www.medicaid.alabama.gov.

To view the ACGN Certified Rates, visit <u>www.medicaid.alabama.gov</u>

- a. click Providers tab
- b. click fee schedules
- c. click Physician Primary Care "ACHN Certified Rates"

The following provider groups are not eligible to receive the ACHN Certified Rates:

- a. Federally Qualified Health Centers (FQHCs)
- b. Rural Health Centers (RHCs)
- c. OB/GYNs and Nurse Midwives
- d. Nursing Facilities

## IV. Rates for ACHN Certified DHCPs:

а

- ACHN Certified DHCPs will receive an enhanced payment for:
  - i. an initial prenatal visit in the first trimester and/or
  - ii. a post-partum visit.

## V. ACHN Certified Provider Performance Payments

Performance Payments for ACHN Certified PCP Groups:

A performance payment pool will be established in the amount of \$15 million annually to fund three (3) performance payments for ACHN Certified PCP groups. The performance payments' pool is allotted as follows: 50% for quality, 45% for cost effectiveness, and 5% for PCMH Recognition.

- a. Quality Performance Payments
  - a. Eligibility: All ACHN Certified PCP groups will be eligible for a performance payment if the PCP group meets the requirements described below.
  - b. Methodology:
    - i. ACHN Certified PCP groups that achieve annual performance benchmarks determined by the Agency are eligible to receive performance payments.
    - Benchmarks will be posted at <u>www.medicaid.alabama.gov</u> by September 1, 2019 and will be updated annually at least 30 days prior to the contract period.
    - iii. The quality benchmarks will be posted to: <u>www.medicaid.alabama.gov</u> Click the ACHN tab/Provider
    - iv. The amount available for the quarterly quality payment will be one-quarter (1/4) of the annual amount described above.
    - v. The first payment will be made in October 2019. Subsequent payments will be made on a quarterly basis.
    - vi. Level One Quality Performance Payment for the period between October 1, 2019 and September 30, 2021:
      - 1. The Agency will make quarterly payments in the first month of the quarter based on provider reporting of necessary data and other activities including provider engagement in the ACHN and their review and response to quality data provided by the Agency, implementing any policies and processes to improve the efficiency of their practices, and engaging with the ACHNs in preparation to be paid based on performance-based quality payments. Providers will also be readjusting their practice guidelines to manage attributed patient populations rather than Agency assigned panels.
      - 2. Payments made in this period are based on the engagement by the PCP group and not for the achievement of quality measurements.
      - 3. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
    - vii. Level Two Quality Performance Payment for the period of October 1, 2021 and beyond:
      - 1. The Agency's quarterly payments beginning with the October 2021 payment will be based on actual quality measure performance as soon as the previous calendar year's performance has been calculated (anticipated date twelve months after the start of the second contract year). For example, the quarterly payments made in October 2021, January 2022, April 2022, and July 2022 will be based on the actual quality measure performance calculated for the period between January 1, 2020 and December 31, 2020.

- c. Cost Effectiveness Performance Payments
  - a. Eligibility: All ACHN Certified PCP groups will be eligible for a performance payment
  - if the PCP group meets or exceeds the cost effectiveness criteria established by the Agency.Methodology:
    - i. ACHN Certified PCP groups that achieve annual performance benchmarks determined by the Agency are eligible to receive performance payments.
    - ii. Benchmarks will be posted at <u>www.medicaid.alabama.gov</u> by September 1, 2019 and will be updated annually at least 30 days prior to the contract period.
    - iii. The cost effectiveness performance payment criteria will be posted to: www.medicaid.alabama.gov

Click the ACHN tab/Provider

- iv. The amount available for the quarterly cost effectiveness payment will be onequarter (1/4) of the annual amount described above.
- v. The first payment will be made in October 2019. Subsequent payments will be made on a quarterly basis.
- vi. Level One Cost Effectiveness Payment for the period between October 1, 2019 and December 31, 2020:
  - 1. The Agency will make quarterly payments in the first month of the quarter for review and response to cost effectiveness data provided by the Agency, implementing any policies and processes to improve the efficiency of their practices, and engaging with the ACHNs in preparation to be paid based on performance-based cost effectiveness payments. Providers will also be readjusting their practice guidelines to manage attributed patient populations rather than Agency assigned panels.
  - 2. Payments made in this period are based on the engagement by the PCP group and not for the achievement of cost effectiveness measurements.
  - 3. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
- vii. Level Two Cost Effectiveness Performance Payment for the period of January 1, 2021 and beyond:
  - 1. The Agency's quarterly payments beginning with the January 2021 payment will be based on actual cost effectiveness performance.
  - 2. The cost effectiveness performance calculation compares a 12-month per member per month (PMPM) to a risk-adjusted expected PMPM based on the costs of similar PCP groups that treat Medicaid recipients. Groups will be ranked by an efficiency score that is derived from actual PMPM versus the expected PMPM. Performance payment will be made for PCP groups that meets a cost effectiveness score of less than 1.0. This calculation will occur as soon as the previous calendar year's performance has been calculated (anticipated date three months after the start of the second contract year). For example, the quarterly payments made in January 2021, April 2021, July 2021 and October 2021 will be based on the actual cost effectiveness calculated for the period between October 1, 2019 and September 30, 2020 providing three months of claims payment run-out.
  - 3. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.

d. Patient Centered Medical Home (PCMH) Performance Payments

The purpose of the PCMH Recognition performance payment is to incentivize providers to attain PCMH Recognition thereby ensuring Medicaid Recipients are receiving care through a nationally recognized medical home model.

- a. Eligibility: All ACHN Certified PCP groups who receive PCMH recognition as described below.
  - Methodology:

b.

- i. PCMH Recognition information may be obtained at: <u>www.medicaid.alabama.gov</u> Click the ACHN tab/Provider
- ii. The PCP group can obtain PCMH Recognition or certification through a nationally recognized entity such as National Committee for Quality Assurance (NCQA). Details from NCQA can be found at https://www.ncqa.org/programs/helath-care-providers-practices/patient-centered-medical-home-pcmh.
- iii. The amount available for the quarterly PCMH Recognition payment will be onequarter (1/4) of the annual amount described above.
- iv. The first payment will be made in October 2019. Subsequent payments will be made on a quarterly basis.
- v. Level One PCMH Performance Payment for the period between October 1, 2019 and September 30, 2020:
  - 1. The Agency will make quarterly payments in the first month of the quarter for PCMH Recognition performance payments.
  - 2. Payments made in this period are for PCP groups that have already obtained the Recognition or certification and PCP groups that are progressing toward attainment of Recognition or certification. To be eligible for the PCMH Recognition performance payment, PCP groups must attest to the status of their attainment of PCMH Recognition or to their progress towards attainment.
  - 3. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
- vi. Level Two PCMH Performance Payment for the period October 1, 2020 and beyond
  - a. Payments made in this period are for PCP groups that attest they have obtained the Recognition or certification. The Agency will review the PCP groups attestation on an annual basis on the last business day of the month prior to the first quarterly payment for the ensuing year. For example, the quarterly payments made in October 2020, January 2021, April 2021, and July 2021 will be based on the PCP groups attestation of their achievement of Recognition or certification as of the last business day in September 2020.
  - b. The amount of the performance payment distributed to each PCP group will be based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
  - c. If a PCP group does not meet PCMH Recognition and does not show adequate progress toward meeting recognition, the Agency will not pay the PCMH performance payment.

#### Effective Date: 04/01/90

b. For Medicare crossover claims, refer to item 19 in this attachment.

#### Effective Date: 01/01/12

c. Payment to Certified Registered Nurse Anesthetists is 80% of the maximum allowable rate paid to physicians for providing the same service.

#### Effective Date: 01/01/12

d. Payment to physician-employed Physician Assistants and Certified Registered Nurse Practitioners is 80% of the maximum allowable rate paid to physicians for providing the same service except for injectables and laboratory procedure. Injectable and Laboratory procedures are reimbursed at 100% of the amount paid to physicians.

## Effective Date: 01/01/12

e. Pharmacists, employed by pharmacies participating in the Alabama Medicaid program, are reimbursed a vaccine administration fee established at the same rate paid to physicians. The Agency's rate for vaccine administration was set as of January 1, 1999 and is effective for services on or after that date. All rates are published on the Agency's website at <u>www.Medicaid.alabama.gov</u>. Except as otherwise noted in the plan, state developed rates are the same for both governmental and private providers.

## 4. <u>Prescribed Drugs</u>

Medicaid pays for covered outpatient legend and non-legend, brand and generic drugs prescribed by individuals legally licensed to prescribe the drugs authorized under the program and dispensed by a licensed pharmacist or licensed authorized physician in accordance with state and federal laws.

No payments made pursuant to methods and standards described in this Attachment 4.19-B will exceed upper limits established in 42 CFR Section 447, Subpart D.

- **A.** Notwithstanding specific reimbursement described in this section, payment for covered outpatient drugs (both brand and generic) dispensed by a:
  - 1. Retail community pharmacy
  - 2. Specialty pharmacy
  - 3. Long-term care or institutional pharmacy (when not included as an inpatient stay)
  - 340B eligible entities (including 340B contract pharmacies) not listed on the U.S. Department of Health and Human Services Health Resources & Service Administration (HRSA) 340B Drug Pricing Program Database
  - 5. Indian Health Service, Tribal and Urban Indian pharmacy

Shall not exceed the lowest of:

a. The Alabama Average Acquisition Cost (AAC) of the drug; when no AAC is available, the Wholesale Acquisition Cost (WAC) -4% for brand drugs and WAC + 0% for generic drugs, plus a reasonable professional dispensing fee of 10.64,

- b. The Federal Upper Limit (FUL), plus a professional dispensing fee of \$10.64, or
- c. The provider's Usual and Customary (U&C) charge to the general public regardless of program fees.
  - **B.** Payment for blood clotting factor products will be the Average Sales Price (ASP) + 6% plus a professional dispensing fee of \$10.64.
  - C. For eligible 340B entities listed on the U.S. Department of Health and Human Services Health Resources & Service Administration (HRSA) 340B Drug Pricing Program Database, payment shall not exceed the entity's actual acquisition cost for the drug, as charged by the manufacturer at a price consistent with the Veterans Health Care Act of 1992, plus a professional dispensing fee of \$10.64.
  - **D.** For facilities purchasing drugs through the Federal Supply Schedule (FSS), payment shall not exceed the entity's actual acquisition cost for the drug, plus a professional dispensing fee of \$10.64.
  - **E.** For facilities purchasing drugs at Nominal Price, payment shall not exceed the entity's actual acquisition cost for the drug, plus a professional dispensing fee of \$10.64.
  - **F.** Physician Administered Drugs (PADs) are reimbursed at a rate of ASP + 6%. For PADs that do not have a published ASP, the reimbursement is calculated based on published compendia pricing such as Wholesale Acquisition Cost (WAC). For PADs administered by 340B entities, payment shall not exceed the entity's actual acquisition cost for the drug.
  - G. Investigational drugs not approved by the FDA are not covered.
  - **H.** Medication Assisted Treatment (MAT) drugs for Opioid Use Disorder (OUD) are reimbursed as described above in Sections 4. A, C, D, E, and F.

AL-17-0001 Attachment 4.19-B Page 4

## 5. <u>Prosthetic Devices</u>

Reasonable, customary charges submitted by the vendor, not to exceed the amount payable under Title XVIII, Part B or the amount paid by the general public.

## Effective Date: 10/1/14

The pricing methodology is 80% of the 2005 Medicare allowable amount as listed on the Alabama Supplies, Appliances, and DME Fee Schedule. The agency's fee schedule rate is in effect for services provided on or after October 1, 2014. All rates are published on the Medicaid Agency's website (<u>www.medicaid.alabama.gov</u>). Except as otherwise noted in the plan, the Medicaid developed fee schedule rates are the same for both governmental and private providers.

## 6. Eyeglasses

- a. Eyeglasses are procured from a central source selected through the State competitive bid system. Payment is based on reasonable charges, obtained through the bidding procedures, which are included in a contract between Medicaid and the central source contractor. The contracted charges will not exceed the amount paid by the general public or other third party organizations.
- b. The contract between Medicaid and the central source contractor will be on file and available for review in the office of the Single State Agency.
- c. Eyeglasses may, at the option of the provider, be procured from the central source contractor or from any other source, but at a price not to exceed the contract price charged by the central source. However, the quality of the eyeglasses must be equal to or better than that provided by the central source contractor.

- 7. Early and Periodic Screening Diagnosis and Treatment of Individuals under 21 Years of Age
  - a. Screening providers (including physicians not included elsewhere in this State Plan) - Governmental providers will be paid on an interim rate which will be the present rate paid to the Department of Public Health for screening. This rate will be adjusted to actual cost for each governmental agency. Non-governmental providers will be paid their usual and customary charge not to exceed the maximum allowable rate established by Medicaid.
  - b. Hearing aid vendors Providers will be paid their usual and customary charge not to exceed the maximum allowable rate established by Medicaid.
  - c. Physical Therapy for the covered procedure codes the reimbursement is the same as that for a physician. The reimbursement methodology is the same as identified in Attachment 4.19-B, Number 3a of the State Plan.
  - d. Occupational Therapy for the covered procedure codes the reimbursement is the same as that for a physician. The reimbursement methodology is the same as identified in Attachment 4.19B, Number 3a of the State Plan.
  - e. Speech-Language-Hearing Therapy for the covered procedure codes the reimbursement is the same as that for a physician. The reimbursement methodology is the same as identified in Attachment 4.19B, Number 3a of the State Plan.
  - f. Psychology for the covered procedure codes the reimbursement is the same as that for a physician. The reimbursement methodology is the same as identified in Attachment 4.19B, Number 3a of the State Plan.
  - g. Chiropractic for the covered procedure codes the reimbursement is the same as that for a physician. The reimbursement methodology is the same as identified in Attachment 4.19B, Number 3a of the State Plan.
  - h. Podiatry for the covered procedure codes the reimbursement is the same as that for a physician. The reimbursement methodology is the same as identified in Attachment 4.19B, Number 3a of the State Plan.
  - i. Christian Science the reimbursement methodology is 75% of the usual and customary charge for licensed Christian Science providers in the State of Alabama.

- j. Private Duty Nursing the reimbursement methodology is based on an hourly rate for a registered nurse or licensed practical nurse. Rates are established using the lowest rates for agencies surveyed.
- k. Transplant (heart-lung, pancreas-kidney and lung) the reimbursement methodology is the same as identified in Attachment 4.19-B, Number 18 of the State Plan.
- 1. Air Ambulance the reimbursement methodology is the same as identified in Attachment 4.19B, Number 11 of the State Plan.

- m. School Based Services: Medicaid services provided in schools are services that are medically necessary and provided in schools to Medicaid recipients in accordance with an Individualized Education Program, (IEP) or an Individual Family Service Plan (IFSP). Covered services include the following:
  - 1) Audiology Services
  - 2) Occupational Therapy
  - 3) Physical Therapy
  - 4) Counseling Services
  - 5) Personal Care Services
  - 6) Speech/Language Services
  - 7) Nursing Services
  - 8) Transportation Services

For the purpose of making interim Medicaid payments to LEA providers, the Alabama Medicaid Fee Schedule will be applied to claims submitted to the Medicaid Management Information System (MMIS) for the above services. Except as noted otherwise in the plan, state-developed fee schedule rates are the same for both governmental and private providers of Audiology Services, Occupational Therapy, Physical Therapy, Counseling Services, Personal Care Services, Speech/Language Services, and Nursing Services. The agency's fee schedule rate is in effect for services provided on or after 4/1/12. All rates are published at:

http://medicaid.alabama.gov/CONTENT/6.0\_Providers/6.6\_Fee\_Schedules.aspx.

For transportation services, an interim rate will be determined based on a rate that represents the actual cost of providing the transportation service, upon final approval of the SPA and cost allocation plan

(A). Direct Medical Services Payment Methodology:

Beginning with cost reporting period April 1, 2012, the Alabama Medicaid Agency will begin settling Medicaid reimbursement for direct medical services at cost for all Local Education Agencies (LEA's). This reimbursement at cost methodology will include a quarterly Random Moment Time Study, an annual cost report and reconciled settlement as well as quarterly interim settlements. The quarterly interim settlements for services will be based on the quarterly Random Moment Time Study and use of the interim cost reports compiled on a quarterly basis.
However, for transportation services, Item (b) provides the transportation payment services methodology.

# AL-12-003 Attachment 4.19-B Page 6.b

Effective for services provided on or after April 1, 2012 school based services will be reimbursed at cost according to this methodology described in the state plan.

To determine the Medicaid-allowable direct and indirect costs of providing direct medical services to Medicaid-eligible clients in the LEA, the following steps are performed:

- 1. Direct costs for direct medical services include unallocated payroll costs and other unallocated costs that can be directly charged to direct medical services. Direct payroll costs include total compensation of direct services personnel listed in the descriptions for the covered Medicaid services delivered by school districts. Other direct costs include costs directly related to the approved direct services personnel for the delivery of medical services, such as purchased services, direct materials, supplies, and equipment. Medical devices and equipment are only allowable for the provision of direct medical services. For items not previously approved, the LEA must use a pre-approval process to determine suitability, coverage, and reimbursement of medical supplies, material, and equipment. The following process must be followed by the schools at a minimum:
  - a) The medical device must be approved and effective (i.e., not experimental) and within the scope of the school based services shown as covered in the Medicaid state plan;
  - b) The use of the device must be determined suitable for the individual; and
  - c) The service or device must be approved by one of the covered medical professionals and reviewed by the Alabama Medicaid Agency.

These direct costs are accumulated on the annual cost report, resulting in total direct costs. The cost report contains the scope of the cost and methods for cost allocation that have been approved by the Centers for Medicare & Medicaid Services (CMS).

2. The net direct cost for each service is calculated by applying the direct medical services percentage from the CMS-approved time study to the direct cost in 1 above. A time study, which

AL-12-003 Attachment 4.19-B Page 6.c

incorporates a CMS-approved Random Moment Time Study methodology, is used to determine the percentage of time medical service personnel spend on IEP-related medical services, and general and administrative time. This time study will assure that there is no duplicate claiming relative to claiming for administrative costs.

- 3. Indirect costs are determined by applying the school district's specific unrestricted indirect cost rate to its net direct costs. Alabama public school districts use predetermined fixed rates to indirect costs. The State Department of Education (SDE) is the cognizant agency for the school districts, and approves unrestricted indirect cost rates for school districts for the US Department of Education (USDE). Only Medicaid-allowable costs are certified by providers. Providers are not permitted to certify indirect costs that are outside their unrestricted indirect cost rate.
- 4. Net direct costs and indirect costs are combined.
- 5. Medicaid's portion of total net costs is calculated by multiplying the results for Item 4 by the ratio of the total number of Medicaid covered children with IEPSs and IFSPs by the total number of children with IEPSs.
- (B) Transportation Services Payment Methodology

Effective dates of services on or after April 1, 2012, providers will be paid on an interim cost basis. Providers will be reimbursed interim rates for school based health services, specialized transportation services at the lesser of the providers billed charges or the interim rate. On an annual basis, a cost reconciliation and cost settlement will be processed for all over and under payments.

Transportation to and from school may be claimed as a Medicaid services when the following conditions are met:

(1) Special transportation is specifically listed in the IEP as a required service;

# AL-12-003 Attachment 4.19-B Page 6.d

- (2) A medical service is provided on the day that specialized transportation is provided; and
- (3) The service billed only represents a one-way trip

Transportation costs included on the cost report worksheet will only include those personnel and non-personnel costs associated with special education. The cost identified in the cost report includes the following:

- 1) Bus Drivers
- 2) Bus Aides/Monitors
- 3) Mechanics
- 4) Substitute Drivers
- 5) Fuel
- 6) Repairs and Maintenance
- 7) Rentals
- 8) Contract Use Cost
- 9) Vehicle Depreciation

The source of these costs will be audited Chart of Accounts data kept at the school district and the Department of Education level. The Chart of Accounts is uniform throughout the State of Alabama. Costs will be reported on an accrual basis.

- A rate will be established and applied to the total transportation cost of the school system. This rate will be based on the *Total IEP/IFSP Special Education Department (SPED) Students in the District Receiving Transportation*. The result of this rate (%) multiplied by the *Total District or Department of Education Transportation Cost* for each of the categories listed above will be included on the cost report. It is important to note that this cost will be further discounted by the ratio of *Medicaid Eligible SPED IEP/IFSP One Way Trips* divided by the total number of *SPED IEP/IFSP One Way Trips*. This data will be provided from transportation logs. The process will ensure that only one way trips for Medicaid eligible Special Education children with IEP's are billed and reimbursed for.
- 2) Indirect costs are determined by applying the school districts specific unrestricted indirect cost rate to its net direct costs. Alabama school

systems use predetermined fixed rates for indirect costs. The State Department of Education is the cognizant agency for the school systems, and approves unrestricted indirect cost rates for the school systems for the US Department of Education (USDE). Only Medicaid allowable costs are certified by providers. Providers are not permitted to certify indirect costs that are outside their unrestricted indirect cost rate.

3) Net Direct Costs and Indirect costs are combined.

(C). Certification of Costs Process:

On a quarterly basis, each provider will certify through its cost report, its total actual, incurred Medicaid allowable costs/expenditures, including the federal share and the nonfederal share. Providers are permitted only to certify Medicaid-allowable costs and are not permitted to certify any indirect costs that are outside their unrestricted indirect cost rate.

(D). Cost Report Process:

For Medicaid services listed in Paragraph (a) 1-10 provided in schools during the state fiscal year, each LEA provider must complete the following:

- 1) Quarterly Interim Settlement Cost Report. This Interim Settlement Cost Report is due within 90 days from the close of a quarterly reporting period,
- 2) Annual Settlement Cost Report. An annual cost report to reconcile the LEA's final settlement is due on or before April 1 following the reporting period.

The primary purposes of the cost report process are to:

1. Document the provider's total CMS-approved, Medicaidallowable costs of delivering Medicaid coverable services using a CMS-approved cost allocation methodology.

AL-12-003 Attachment 4.19-B Page 6.f

2. Reconcile any interim payments to its total CMS-approved, Medicaidallowable costs using a CMS approved cost allocation methodology.

The Quarterly Interim Settlement Cost Report and the Annual Settlement Cost Report includes a certification of costs statement to be completed certifying the provider's actual incurred costs/expenditures. All filed annual Cost Reports are subject to desk review by the Alabama Medicaid Agency.

(E). The Cost Reconciliation Process:

The cost reconciliation process must be completed by the Alabama Medicaid Agency within twenty-four (24) months of the end of the reporting period covered by the Annual Settlement Cost Report. The total Medicaid-allowable costs based on CMS-approved cost allocation methodology procedures are compared to any LEA provider's Medicaid interim payments delivered during the reporting period as documented in the Medicaid Management Information System (MMIS) as well as amounts received from Quarterly Interim Settlements, to determine the final cost reconciliation and settlement. For the purposes of cost reconciliation, the state may not modify the CMS-approved scope of costs, the CMS-approved cost allocation methodology procedures, or its CMSapproved time study for cost-reporting purposes.

Any modification to the scope of cost, cost allocation methodology procedures, or time study for cost-reporting purposes requires approval from CMS prior to implementation; however, such approval does not necessarily require the submission of a new state plan amendment.

(F). The Cost Settlement Process

# EXAMPLE:

- For services delivered for the period covering January 1, through March 31, the Quarterly Interim Settlement Cost Report is due on or before June 30.
- For services delivered for the period covering April 1, through June 30, the Quarterly Interim Settlement Cost Report is due on or before September 30.

AL-12-003 Attachment 4.19-B Page 6.g

- For services delivered for the period covering July 1, through September 30, the Quarterly Interim Settlement Cost Report is due on or before November 30.
- The Annual Settlement Cost Report will reconcile the costs and payments received through the Interim Claiming process and will be due by April 1 of each year.

If a provider's interim payments exceed the actual, certified costs for Medicaid services provided in schools to Medicaid clients, the provider will remit the federal share of the overpayment at the time the Annual Settlement Cost Report is submitted. The Alabama Medicaid Agency will submit the federal share of the overpayment to CMS within 60 days of identification. If the actual, certified costs of a LEA provider exceed total interim payments, the Alabama Medicaid Agency will pay the federal share of the difference to the provider in accordance with the final actual certification agreement and submit claims to CMS for reimbursement of that payment in the federal fiscal quarter following payment to the provider.

8. <u>Dental Services (Clinics)</u>

All dental clinics, including orthodontic clinics, are paid fee for service.

The agency's rates were set as of April 1, 2012, and are effective for services on or after that date. All rates are published on <u>www.medicaid.alabama.gov</u>. Except as otherwise noted in 4.19-B of the plan, state developed fee schedule rates are the same for both governmental and private providers.

# Effective Date: 04/01/12

# 9. <u>Home Health Care</u>

a. <u>Nursing and Home Health Aide Services</u>

Reimbursement for skilled nursing services and home health aide services will be at a per unit of service rate established by Medicaid. Payments to governmental providers will not exceed actual costs and will meet all requirements of Circular A-87.

Medicaid will reimburse governmental providers at interim rates for skilled nursing and home health aide services. Interim rates will be established based upon final costs per discipline according to the most recent home health cost report settled and approved by the provider's fiscal intermediary. At least annually, reimbursement at interim rates will be reconciled to actual costs per discipline when submitted costs are finalized and approved by the provider's fiscal intermediary. In order to find the Medicaid cost, the average cost per visit from the Medicare cost report will be applied to Medicaid visits per discipline to arrive at total Medicaid costs.

The agency's rates were set as of April 1, 2012, and are effective for services on or after that date. All rates are published on <u>www.medicaid.alabama.gov</u>. Except as otherwise noted in 4.19-B of the plan, state developed fee schedule rates are the same for both governmental and private providers.

AL-18-0001 Attachment 4.19-B Page 7

#### Effective Date: 05/01/18

For DME items described in section 1861(n) of the Social Security Act, the pricing methodology is equal to the Medicare rate, and will be updated on an annual basis based on the January Medicare published rate. The agency's fee schedule rate is in effect for services provided on or after May 1, 2018. All rates are published on the Medicaid Agency's website (www.medicaid.alabama.gov). Except as otherwise noted in the plan, the Medicaid developed fee schedule rates are the same for both governmental and private providers.

## Effective Date: 10/1/14

The pricing methodology is 80% of the 2005 Medicare allowable amount as listed on the Alabama Supplies, Appliances, and DME Fee Schedule. The agency's fee schedule rate is in effect for services provided on or after October 1, 2014. All rates are published on the Medicaid Agency's website (<u>www.medicaid.alabama.gov</u>). Except as otherwise noted in the plan, the Medicaid developed fee schedule rates are the same for both governmental and private providers.

#### Effective Date: 06/01/93

If no Medicare price is available, Medicaid will establish a price for supplies, appliances, and durable medical equipment using the manufacturer's generated invoice to determine provider's actual cost after all discounts are applied. Medicaid will reimburse provider at their actual cost after all discounts are applied, plus 20% markup. If documented invoices cannot be obtained, reimbursement will be based on the Manufacturer Suggested Retail Price (MSRP) minus 40%. Freight and delivery, evaluation and fitting charges are included in the markup percentage for specially constructed wheelchairs.

#### Effective Date: 08/12/94

If no Medicare price is available, reimbursement rates established by Medicaid for EPSDTreferred wheelchair systems will be based on a Discount from Manufacturer Suggested Retail Price (MSRP). Providers are required to submit available MSRPs from three manufacturers for equipment appropriate for the individual's medical needs. Provider must document nonavailability of required MSRPs to justify not sending in three prices. The established rate will be based on the MSRP minus the following discounts:

1. Manual Wheelchair Systems - 20% discount from MSRP.

2. Power Wheelchair Systems - 15% discount from MSRP.

3. Ancillary (add-on) products - 20% discount from MSRP.

# Effective Date: 06/01/11

(d) <u>In-Home Monitoring</u>

Reimbursement for skilled nursing, licensed practical nurse services will be at a per unit of service rate established by Medicaid. Equipment, necessary to upload patient data and support the date base, will be based on a monthly service fee. Rates will be established by Medicaid and based on usual and customary charges.

The agency's rates were set as of April 1, 2005, and are effective for services on or after that date. All rates will be on the agency's website at <u>www.medicaid.alabama.gov</u>. Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers.

# Effective Date: 07/01/87

(2) The Medicaid recipient shall pay the maximum allowable copayment for each prescribed item covered under the Medicaid Supplies, Appliances, and Durable Medical Equipment Program, except for eligible recipients under (18) years of age. The allowable copayment amount shall be collected by the dispensing supplier and credited against the Medicaid payment to the provider for items per copay as explained in Attachment 4.18-A.

AL-93-14 Attachment 4.19-B Page 7.1

# 10. <u>Family Planning</u>

# Effective Date: 01/01/92

- a. Physicians Payment is made pursuant to the method described in section 3 of this attachment.
- b. Hospitals Payment is made pursuant to the method described in Attachment 4.19-A.
- c. Laboratory and X-ray Services Payment is made pursuant to the method described in section 2 of this attachment.
- d. Family Planning Agencies Payment will be a provisional rate based on the cost study conducted according to cost principles outlined in 45 CFR Part 74 and HIM 15 (Medicare

Provider Reimbursement Manual). Rates will be renegotiated upon mutual agreement between the agencies and will not exceed the allowable costs according to the principles for cost determination cited above.

Effective Date: 01/01/92

e. Covered Family Planning drugs prescribed (oral contraceptives and supplies) are paid pursuant to the method described in section 4 of this attachment.

Effective Date: 01/01/92

- f. Covered Drugs prescribed for treatment of conditions identified and referred from an EPSDT examination are paid pursuant to the method described in section 4 of this attachment.
- 11. <u>Ambulance Services</u>

Effective Date: 01/01/2023

Payment for ground or air (for children under the age of 21 years old) ambulance services shall be based on the lesser of the submitted charge or Alabama Medicaid's statewide ambulance service rates. Air transportation for adults 21 years of age and older will be reimbursed at the emergency ground rate. The amount to be paid to outof-state providers shall be their usual and customary fees not to exceed the maximum allowable charges or benefits established by Medicaid. Except as otherwise noted in the plan, payment for ambulance services is based on state-developed fee schedule rates, which are the same for both governmental and private providers. The agency's rates were set as of May 14, 2010 and are effective for services provided on or after that date. The fee schedule is subject to annual/periodic adjustments and all current rates are published and maintained on the Alabama Medicaid Agency's website as follows:

http://www.medicaid.alabama.gov/documents/6.0\_Providers/6.6\_Fee\_Schedules/6.6\_ Ambulance\_Rates\_12-21-11.pdf

<u>Ground Emergency Medical Transport Services Reimbursement Add-On Payment</u> Effective Date: First full quarter after SPA approval

Effective with the first full quarter after receipt of CMS approval:

This program will provide enhancement payments to eligible ground emergency medical transport (GEMT) providers by implementing an add-on reimbursement fee to the base rates for eligible emergency medical transportation services. The reimbursement rate add-on will cover GEMT services and will be applied in lump sum quarterly payments to eligible Healthcare Common Procedure Coding System (HCPCS) emergency transport codes. The base rates for GEMT will not change with this amendment to the Alabama Medicaid's State Plan.

"Emergency medical transportation" means the act of transporting an individual from any point of origin to the nearest medical facility capable of meeting the emergency medical needs of the patient by an ambulance licensed, operated, and equipped in accordance with applicable federal, state and local statutes, ordinances, and regulations.

## Effective 01/01/2023 (as defined 42 CFR § 410.40(b))

A uniform add-on rate per emergency transport will be determined quarterly and will not exceed one hundred percent (100%) of the difference between Medicaid payments otherwise made to each GEMT provider for GEMT services (base rates) and the amount providers would have received from commercial insurers for those services. Commercial rate data will be reported by surveyed providers and used to determine the statewide average commercial rates for each GEMT service. The statewide average commercial rates will be multiplied by the volume of Medicaid paid GEMT services for the previous quarter, to calculate the quarterly ambulance add-on payments total.

The quarterly ambulance add-on payments will not exceed the quarterly funding available. Add-on payments for each GEMT provider will be calculated for each quarter by multiplying the uniform add-on rate by the provider's volume of Medicaid transports billed with HCPCS codes A0429 BLS Emergency, A0427 ALS Emergency (Level 1), A0433 ALS Emergency (Level 2), A0434 Specialty Care Transport, and A0225 Neonatal Emergency Transport, and paid during the preceding quarter as determined through the Medicaid Management Information System. An evaluation of a patient by a GEMT provider is not eligible for an addon payment when a transport is not provided.

GEMT providers not subject to licensure within the State of Alabama will not receive the add-on rate payment. The add-on rate payment does not apply to Medicare crossover transports.

12. <u>Nurse-midwives</u>

Effective Date: 10/01/2011

Payment to nurse-midwives shall be based on payments made to physicians for similar services. Payment to midwives shall be 80% of the amount paid to physicians. Except as otherwise noted in the plan, payment for nurse-midwife services is based on 80% of the state-developed physician fee schedule rates, which are the same for both governmental and private providers. The agency's rates were set as of January 15, 1992 and are effective for services provided on or after that date. The fee schedule is subject to annual/periodic adjustments and all current rates are published and maintained on the Alabama Medicaid Agency's website as follows:

http://www.medicaid.alabama.gov/documents/6.0\_Providers/6.6\_Fee\_Schedules/6.6\_Physicia n\_Fee\_Sched\_8-12-11.pdf

## 13. Outpatient Hospital Services

Effective Date: 10/01/2023

a. Definitions Related to Payments for Outpatient Hospital Services

(1) <u>Supplemental Payment</u>: Eligible hospitals may receive a supplemental hospital payment for services provided to Medicaid recipients. These payments will be in the form of an access payment or enhanced payment as outlined in paragraph b on page 8.2 (Upper Payment Limit Calculation).

(2) <u>Hospital</u>: For purposes of Medicaid base fee schedule payments, access payments, enhancement payments, and DSH payments for the period from October 1, 2013, through September 30, 2024, a facility, which is licensed as a hospital under the laws of the State of Alabama, provides 24-hour nursing services, and is primarily engaged in providing, by or under the supervision of doctors of medicine or osteopathy, inpatient services for the diagnosis, treatment, and care or rehabilitation of persons who are sick, injured, or disabled.

## AL-23-0014 Attachment 4.19-B Page 8.1

(3) <u>Medicare Cost Report</u>: The electronic cost report (ECR) filing of the Form CMS Form 2552-96 or CMS Form 2552-10 Hospital and Hospital Health Care Complex Cost Report, as defined in CMS Provider Reimbursement Manual (PRM) 15-II (hereinafter referred to as "CMS Form 2552").

(4) <u>Privately Owned or Operated Hospital</u>: For purposes of Medicaid base, access and DSH payments for the period from October 1, 2013, through September 30, 2024, a hospital in Alabama other than:

(a) Any hospital that is owned and operated by the federal government;

(b) A hospital that is a state agency or unit of state government, including without limitation a hospital owned by a state agency or a state university.

(c) A hospital created and operating under the authority of a governmental unit which has been established as a public corporation pursuant to Chapter 21 of Title 22 or Chapter 95 of Title 11, or a hospital otherwise owned and operated by a unit of local government pursuant to Code of Alabama of 1975, Section 22-21-1.

(d) A hospital that limits services to patients primarily to rehabilitation services as authorized by Alabama Administrative Code 410-2-4-.08; or

(e) A hospital defined as a Long Term Acute Care Hospital by Alabama Administrative Code 410-2-4-.02(8).

(5) <u>Non State Owned or Operated Government Hospitals</u>: For purposes of Medicaid base fee schedule payments, quarterly adjustment and DSH payments for the period from October 1, 2013, through September 30, 2023, a hospital in Alabama created and operating under the authority of a governmental unit which has been established as a public corporation pursuant to Ala. Code, Chapter 21 of Title 22 or Chapter 95 of Title 11, or a hospital otherwise owned and operated by a unit of local government pursuant to Code of Alabama of 1975, Section 22-21-1.

(6) <u>State Government Owned or Operated Hospital</u>: For purposes of Medicaid base fee schedules, quarterly adjustment and DSH payments for the period from October 1, 2013, through September 30, 2024, a hospital in Alabama that is a state agency or unit of state government, including without limitation a hospital owned by a state agency or a state university.

(7) Rehab Hospitals and Long Term Acute care hospitals referenced in paragraph (4)(d) and (4)(e) above are not included in UPL or reimbursed by Medicaid for base payments, access payments under section 4.19-B.

# **Outpatient Medicaid Base Payments:**

For State fiscal years 2014 through 2021, Medicaid shall pay each in-state hospital a base amount from approved rates based on procedure codes. The Agency's outpatient rates will be set using the fee schedule adopted by the Agency as of October 1, 2011, with a one-time six percent (6%) inflation rate applied for each procedure code at October 1, 2013.

Effective October 1, 2018, Long Acting Reversible Contraceptives (LARCs) will be reimbursed separately from the inpatient daily per diem rate when the LARC is provided as part of the inpatient obstetrical delivery or in the outpatient setting immediately after discharge. A separate outpatient claim may be submitted by the hospital for reimbursement under the appropriate HCPCS code when the LARC is provided in the inpatient setting immediately after delivery.

Effective October 1, 2021, Medicaid shall pay each in-state hospital a base amount from approved rates based on procedure codes as published on the Alabama Medicaid Agency website at https://medicaid.alabama.gov.

AL-23-0014 Attachment 4.19-B Page 8.2

Payment for all out-of-state outpatient hospital services will be from approved rates based on procedure codes. The Agency's rates were set as of October 1, 2009 and are effective for services on or after that date.

Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers and the fee schedule and any annual/periodic adjustments to the fee schedule are published on the Alabama Medicaid Agency's website at <u>www.medicaid.alabama.gov.</u> Certified emergency room visits must be properly documented by the attending licensed physician, nurse practitioner or physician assistant in the medical record. The costs of providing additional care for all non-certified emergency room visits shall be accounted for and reported to Alabama Medicaid as a cost of providing care to Medicaid eligible recipients.

b. Upper Payment Limit

For the period from October 1, 2018, through September 30, 2024, in addition to any other Medicaid covered outpatient service base payments paid to hospitals for outpatient hospital services to Medicaid patients, each eligible hospital, except for hospitals as outlined in paragraph 8 on page 8.3.b below, shall receive outpatient hospital access payments each state fiscal year. The outpatient hospital access payment shall be calculated as follows:

- (1.) Hospitals cost reports with a fiscal year ending during the rate year one year prior to the beginning of the rate year (ex. Cost reports ending in rate year 2012 would be used for rate year beginning October 1, 2013) will be used to determine the upper payment limit.
- (2.) From the CMS Form 2552-10 cost reporting forms, an outpatient ancillary cost to charges ratio was calculated as follows:
  - a. Total cost for each of the following cost centers on Worksheet B Part I Column 24 are obtained: CMS Lines 50-76.99 and 90-93.99 excluding line 60.
  - b. Outpatient charges for each of the following cost centers on Worksheet C Part I Column 7 are obtained: CMS Line 50-76.99 and 90-93.99 excluding line 60.
  - c. Total charges for each of the following cost centers on Worksheet C Part I Column 8 are obtained: CMS Line 50-76.99 and 90-93.99 excluding line 60.
  - d. Outpatient charges for each CMS Line in paragraph b. will be divided by the total charges for each CMS Line in paragraph c. to determine an outpatient percentage of charges.
  - e. The total cost for each CMS Line in paragraph a. will be multiplied by the outpatient percentage of charges for each CMS Line in paragraph d. to determine the outpatient cost.
  - f. Total outpatient cost determined in paragraph e. Will be divided by total outpatient charges from paragraph b. to determine an outpatient ancillary cost to charge ratio.
- (3.) Total Medicaid hospital outpatient covered charges will be obtained from the Alabama Medicaid MMIS system for claims incurred for services for each hospital's cost reporting period which meet the definition of a paid claim which would be covered during SFY 2024. Consistent with paragraph (1.) above, the applicable cost reporting period for each hospital will be the cost report with a fiscal year ending during the rate year one year prior to the rate year (ex. Cost reports ending in rate year 2012 would be used for rate year beginning October 1, 2013). Medicaid utilization impacted by the COVID-19 public health emergency will be adjusted to reflect estimated utilization levels in the rate year prior to the COVID-19 public health emergency.

AL-23-0014 Attachment 4.19-B Page 8.3

- (4.) Total Medicaid outpatient charges in Step (3) on page 8.2 are multiplied by the cost to charge ratio calculated in Step (2) on page 8.2 to determine Medicare cost of Medicaid services for each hospital's cost report year. The Medicaid cost will be increased by the Medicaid outpatient percentage of CRNA cost removed on Worksheet A-8. The Medicaid outpatient percentage is determined by dividing total Medicaid outpatient charges by total charges for the hospital. The Medicaid cost amount will be multiplied by an increase in cost due to the CMS Market basket Inpatient Hospital PPS (https://www.cms.gov/Research-Statistics-Data-and-Systems/Statistics- Trends-and-Reports/MedicareProgramRatesStats/MarketBasketData) and a separate utilization increase based on change in paid ICN claim counts a linear regression completed for the previous five State Fiscal Years, excluding State Fiscal Years 2020,2021, and 2022, and the fiscal year ended during the preceding cost reporting year and preceding rate year..
- (5.) The Medicaid cost for the State Fiscal Year being calculated will be increased by the Medicaid outpatient percentage of provider assessment for the State Fiscal Year being calculated for each privately owned and operated hospital. The Medicaid outpatient percentage is determined by dividing total Medicaid outpatient charges from the cost reports outlined in paragraph (1) on page 8.2 by total charges for the hospital from the cost reports outlined in paragraph (1) on page 8.2.

to the mid-point of rate year.

AL-21-0008 Attachment 4.19-B Page 8.3.a

The amount calculated in this paragraph will constitute aggregate Upper Payment Limit for State owned and operated hospitals and Non-state government owned and operated hospitals as set forth in 42 CFR 447.321. The amount calculated in this paragraph for privately owned and operated hospitals will constitute the Upper Payment Limit for privately owned and operated hospitals as set forth in 42 CFR 447.321.

(6.) The Medicaid allowed amount for claims included in Step (3) on page 8.2 was obtained from the MMIS and includes the utilization adjustment described in Step (3) to constitute the Medicaid payments for cost reporting periods ending in the rate year one year prior to the beginning of the rate year. The utilization increase identified in paragraph (4) on page 8.3 and the cost report factors in paragraph (4) on page 8.3 was applied to the Medicaid allowed amount to standardize all hospital payments to the State Fiscal Year ending in the cost reporting year. The standardized Medicaid payments for mid- point of the State Fiscal Year the cost reporting year ends during were multiplied by the utilization increase amount and adjustment factor in paragraph (5) on page 8.3 to determine the Medicaid payments for the rate year and the preceding rate year.

- (6.) The difference between Medicare cost of Medicaid services determined in Step (5) on page 8.3 and the Medicaid payments in Step (6) on page 8.3.a will be the Upper Payment Limit Gap for each hospital type.
- (7.) Privately owned acute care hospitals, that meet the criteria in (a) and (b) below, may be paid an enhanced payment not to exceed an amount as may be set annually by Medicaid based on amounts paid in prior years and consistent with paragraph (9) and subject to any applicable limits related to the individual hospital's billed charges under provisions of Medicare reimbursement regulations:
  - a. The hospital must be located in a county with a population greater than 200,000 (according to the latest U.S. census), and
  - b. the hospital must participate in the county's largest city's outpatient/emergency room assistance program.

The enhancement payment under this section for the fiscal year ending September 30, 2024 is zero.

- (8.) Each hospital, excluding private free-standing psychiatric hospitals, may receive outpatient access payments. Additionally, qualified hospitals under paragraph (8) shall receive enhancement payments. The total amount of outpatient access payments and enhancements payments shall not exceed the aggregate hospital type Upper Payment Limit Gap set forth in paragraph (7).
  - a. State owned and operated hospitals' outpatient access payments will be distributed first by removing any negative Upper Payment Limit Gap then set University of South Alabama Women and Children's at 115% of UPL. All remaining access will be allocated based on the hospitals Upper Payment Limit Gap in relation to the total Upper Payment Limit Gap.
  - b. Non state government owned or operated hospitals' outpatient access payments will be distributed first by removing any negative Upper Payment Limit Gap then allocating remaining access based on the hospitals Upper Payment Limit Gap in relation to the total Upper Payment Limit Gap.
  - c. Privately owned and operated hospitals' outpatient access payments will be distributed first by removing any negative Upper Payment Limit Gap then reallocate Access necessary to cover the enhancement payments per paragraph
    9. The remaining access will be allocated based on the hospitals Upper Payment Limit Gap in relation to the total Upper Payment Limit Gap.
- (9.) Access payments are paid quarterly.

#### 15. Case Management Services

## Effective Date: 2/1/2012

- (1) The following documentation must be maintained in the recipient's record when billing for services:
  - (a) There must be a current comprehensive service plan which identifies the medical, nutritional, social, educational, transportation, housing and other service needs which have not been adequately accessed and a time frame to reassess service needs.
  - (b) Services must consist of at least one of the following activities:
    - 1. Establishment of the comprehensive case file for development and implementation of an individualized service plan to meet the assessed service needs of the recipient;
    - 2. Assisting the recipient in locating needed service providers and making the necessary linkages to assure the receipt of services identified in the service plan;
    - 3. Monitoring the recipient and service providers to determine that the services received are adequate in meeting the identified needs; or
    - 4. Reassessment of the recipient to determine services needed to resolve any crisis situation resulting from changes in the family structure, living conditions, or other events.
- (2) For target group 4 (Foster Children) and target group 7 (Adult Protective Service Individuals) reimbursement will be as follows:
  - (a) Reimbursement interim rates will be established based on cost as determined by the quarterly Social Services Work Sampling Study. Interim rates will be adjusted annually based on the results of the previous four quarters. Random Moment Sampling may not be used as a method of documenting services provided to recipients. The Work Sampling Study must provide an audit trail that identifies each client whose case is included in the data used for interim rate formulation, and identifies that at least one of the targeted case management core services listed above in B. 1, 2, 3, or 4 has been provided.

Sampling observations are developed using employee position numbers and basic statistical principles. The statistical principle used is random sampling with replacement where each position number has an equal chance of being selected for each observation as described in the federally approved Cost Allocation Plan.

Approval Date: <u>09/29/17</u>

- (b) Governmental Providers for target group 4 (Foster Children) and target group 7 (Adult Protective Service Individuals) will submit an annual cost report not later than 90 days after the close of the following fiscal year. This report will indicate the costs associated with providing the service and also statistical data indicating the units of service, as described in (3) below, provided during the fiscal year. Costs will be included based on the applicable DHR cost allocation plan approved by CMS.
- (c) Cost reports will be reviewed for reasonableness and an average cost per encounter will be computed. The average cost per encounter will be used as the interim reimbursement rate for the succeeding year.
- (d) If the cost report indicates any underpayment or overpayment during the reporting year, a lump sum adjustment will be made.
- (e) A maximum of one unit of case management services will be reimbursed per month for each eligible recipient receiving case management services as defined in (3) below.
- (3) The case management unit of service (encounter) consists of providing any of the targeted case management core services listed above in B. 1, 2, 3, or 4 with the recipient, a family member, significant other, or Agency from which the client receives services. This array of services is provided on an on-going basis during each month. One unit of service (encounter) consists of all contacts during the month. All contacts must be documented in the client's record for the coordination or linkage of services for a specific identified recipient.

AL-21-0004 Attachment 4.19-B Page 8c

- (4) The monthly encounter payment for case management services of target group 4 (Foster Children) is limited to one child per family unit, per month when there is more than one child within a family unit and no child is in an out-of-home placement. If there is more than one eligible child and no child is exclusively identified as the primary recipient of treatment, then the oldest child's recipient ID number **must** be used for billing purposes. However, if a specific child is identified as the primary recipient of treatment, then that child's recipient ID number **must** be used for billing purposes.
- (5) Payment for case management services of target group 7 (Adult Protective Service Individuals) is limited to one person per family unit. However, when adult protective services are needed by other members of the family unit or when encounters are necessary by multiple providers, those services are provided as often as necessary to achieve the objectives of the case plan. These services may include investigation and case management services and are provided pursuant to statutory authority to achieve the degree of protection necessary and to assure the effectiveness of the services.
- (6) For target group 1 (Mentally III Adults), target group 2 (Mentally Retarded Adults), target group 3 (Disabled Children), target group 5 (Pregnant Women), target group 6 (AIDS/HIV), target group 8 (Technology Assisted Waiver for Adults), and target group 9 (Substance Use Disorders) a unit of service is reimbursed in increments of five minutes. Except as otherwise noted in the plan, payment for these services is based on state-developed fee schedule rates, which are the same for both governmental and private providers of Targeted Case Management. The Agency's rates were set as of November 1, 2018 and are effective for services provided on or after that date. All rates, including current and prior rates, are published and maintained on the Agency's website. The fee schedule is published at

http://www.medicaid.alabama.gov/content/Gated/7.3G\_Fee\_Schedules.aspx

- (7) Reimbursement for services provided by Governmental Providers for target group 4 (Foster Children) and target group 7 (Adult Protective Service Individuals) will be based on actual costs and meet all the requirements of 45 CFR §75 Uniform Administration Requirements, Cost Principles, and Audit Requirements for Health and Human Services (HHS) Awards and 42 CFR §413 Principles of Reasonable Cost Reimbursement.
- (8) The monthly encounter rate for case management services of target group 10 (High Intensity Care Coordination) is limited to one recipient, per month. The monthly encounter rates were derived from an analysis of caseloads and staffing configurations, productivity, staffing costs and fee-for-service utilization. Staffing costs include salaries and wages, fringe benefits and operating and support costs. These staffing costs were based on existing costs of community mental health center staff and/or 310 Board staff that would meet the qualifications to perform Intensive Care Coordination.

#### 16. <u>Psychiatric Facilities for Individuals Under 21 Years of Age</u>

#### Effective Dates: 10/01/88 through 09/13/89

Payment for inpatient services provided by psychiatric facilities for individuals under 21 years of age shall be the lesser of the hospital's current Medicare per diem rate, or the prevailing charges in the locality for comparable services under comparable circumstances, or the Alabama Medicaid flat rate, which shall be composed of the average of the per diem rates paid to in-state hospitals for inpatient services. This flat rate shall be subject to change.

#### Effective Dates: 9-14-89 and continuously thereafter

Payment for inpatient services provided by psychiatric facilities for individuals under 21 years of age shall be at the inpatient hospital rate as computed under the methodology found at Attachment 4.19 A of this Plan.

17. <u>Clinic Services Provided by Prenatal Clinic Providers</u>

## Effective Date: 07/01/88

Reimbursement for prenatal clinic services will be at a per visit rate established by Medicaid. Reimbursement shall not exceed the following upper limits: (a) for governmental entities providing these services, the lower of the upper limits under 42 CFR 447.325 or the actual costs of the provider; (b) for Free Standing Clinics other than governmental entities, the upper limits of 42 CFR 447.325 shall apply.

#### 18. Heart, Liver, Bone Marrow and EPSDT Referred Transplants

## Effective Date: 03/01/96

Providers will be paid at the lesser of charges or a global payment up to a maximum of \$145,000 for liver transplants and \$135,000 for heart transplants. This global payment includes pre-transplant evaluation, organ procurement, hospital room, board, and all ancillary costs both in and out of the hospital setting, inpatient postoperative care, and all professional fees.

Providers shall be paid at the lesser of charges or a global payment up to a maximum of \$90,000 for bone marrow transplants. This global payment includes the pre-transplant evaluation, organ procurement, hospital room, board, and all ancillary costs both in and out of the hospital setting, inpatient postoperative care, and all professional fees. These payment maximums in no case shall exceed amounts customarily paid for comparable services under comparable circumstances. These services are not counted toward a recipient's routine benefit limits.

No payments made pursuant to the methods and standards described in this Attachment 4.19-B will exceed upper limits established in 42 CFR §447, Subpart F.

AL-01-01 Attachment 4.19-B Page 10

Providers will be paid at the lesser of charges or a global payment for EPSDT referred non-experimental organ transplants. Global payment includes pre-transplant evaluation; organ procurement; all transplant services including hospital room, board and ancillaries, inpatient post-operative care and professional fees. Global payment maximums are \$150,000.00 for a heart/lung transplant, \$100,000.00 for a kidney/pancreas transplant and \$135,000.00 for a lung transplant.

Any other medically necessary EPSDT referred non-experimental organ transplants will be paid at the lesser of charges or a global payment determined by the Agency. Payment amounts are determined by review of charges made by transplant centers performing the transplant to determine an amount that is reasonable and adequate to secure the required transplant service.

## Effective Date: 02/01/01

As an alternate payment methodology to the above, Medicaid may use an approved prime contractor. Medicaid's approved prime contractor will be responsible for the coordination of and reimbursement for all Medicaid reimbursable organ transplants with the exception of cornea transplants. Payments to providers for heart, lung, heart/lung, kidney, pancreas, kidney/pancreas, liver, small bowel, liver/small bowel and bone marrow transplants shall be made based on the lesser of the charge for the service or the fixed global fee specified by Medicaid based on reasonable cost. This global payment includes pre-transplant evaluation, organ procurement, hospital room, board, and all ancillary costs both in and out of the hospital setting, inpatient postoperative care, and all professional fees. These payment maximums in no case shall exceed amounts customarily paid for comparable services under comparable circumstances. These services are not counted toward a recipient's routine benefit limits.

# 19. Payment of Title XVIII Part A and Part B Deductible/Coinsurance

# Effective Date: 11/10/97

Reimbursement for Part A nursing home claims shall be based on the coinsurance amount due minus prorated recipient liabilities not to exceed the Medicaid per diem rate. Recipient liabilities will not be applied to QMB eligibles.

No payments made pursuant to the methods and standards described in this Attachment 4.19-B will exceed upper limits established in 42 CFR §447, Subpart F.

AL-10-002 Attachment 4.19-B Page 10a

# Effective Date: May 14, 2010

Reimbursement for Part B outpatient claims shall be based on the lesser of the coinsurance and/or deductible amount or the Medicare allowed amount times the outpatient percentage rate minus the Medicare paid amount. Reimbursement for Part B medical crossover claims and Part B nursing home claims shall be limited to the payment of the Medicare Part B deductible and coinsurance to the extent of the lesser of the level of reimbursement under Medicare rules and allowances or total reimbursement allowed by Medicaid less Medicare payment.

#### 20. Federally Qualified Health Center

Alabama Medicaid uses a Prospective Payment System (PPS) for FQHCs as required by S.S.A. §1902(a)(15) [42 U.S.C. § 1396a (a)(15)] and S.S.A. §1902(bb) [42 U.S.C. §1396a(bb)]. The PPS for FQHCs was implemented and took effect on January 1, 2001.

#### A. <u>Prospective Payment System (PPS) rates</u>

The baseline Prospective Payment System (PPS) for each FQHC (including "FQHC look alike clinics") in FY 2002 was developed by weighing the FQHC's provider specific reasonable costs for Fiscal Years 1999 and 2000 by the number of Medicaid encounters provided in each year. The FQHC is entitled to the previous year's PPS, increased by the Medicare Economic Index (MEI) for primary care services, and adjusted to take into account any increase (or decrease) in the scope of services furnished by the FQHC during that fiscal year.

#### Prospective Payment System (PPS) Reimbursement for New Facilities

The rate established for a new FQHC shall be equal to 100% of the reasonable cost used in calculating the rates of like FQHCs located in the same or an adjacent area during the same fiscal year. The costs that must be considered in calculating the payment rate are those reasonable costs used in calculating the rates for neighboring clinics with similar caseloads.

#### **Change in Scope of Services**

The PPS rate for a FQHC shall be adjusted to take into account a change (either increase or decrease) in the scope of services furnished by the FQHC. A change in scope of services occurs if the FQHC has added or dropped any service that meets the definition of FQHC services as provided in section 1905(a)(2)(B) and (C) of the Social Security Act or if the service is included as a covered Medicaid service in the State Plan. A change in the scope of services is defined as a change in the type, intensity, duration, and/or amount of services provided during a FQHC visit. A change in the cost of a service is not considered in and of itself a change in the scope of services.

#### B. <u>Alternative Payment Methodology (APM) Reimbursement</u>

Beginning October 1, 2019, FQHCs that are Alabama Coordinated Health Network (ACHN) Certified are eligible to receive an APM reimbursement in addition to the PPS rate, but only if the following statutory requirements are met. First, the APM must be agreed to by Alabama Medicaid and by each individual FQHC that participates in the program. Second, the methodology must result in a total payment (PPS plus APM) that is at least equal to the amount to which the FQHC is entitled under the Medicaid PPS.

#### ACHN Certified Delivering Healthcare Professionals (DHCPs) Enhanced Payment

- ACHN Certified DHCPs will receive an enhanced payment for:
- iii. an initial prenatal visit in the first trimester and/or
- iv. a post-partum visit.

#### ACHN Certified Provider Performance Payments

Performance Payments for ACHN Certified Primary Care Provider (PCP) Groups: A performance payment pool will be established in the amount of \$15 million annually to fund three (3) performance payments for ACHN Certified PCP groups. The performance payments' pool is allotted as follows: 50% for quality, 45% for cost effectiveness, and 5% for PCMH Recognition.

- a. Quality Performance Payments
  - a. Eligibility: All ACHN Certified PCP groups will be eligible for a performance payment if the PCP group meets the requirements described below.
  - b. Methodology:
    - i. ACHN Certified PCP groups that achieve annual performance benchmarks determined by the Agency are eligible to receive performance payments.
    - Benchmarks will be posted at <u>www.medicaid.alabama.gov</u> by September 1, 2019 and will be updated annually at least 30 days prior to the contract period.
    - iii. The quality benchmarks will be posted to: <u>www.medicaid.alabama.gov</u> Click the ACHN tab/Provider
    - iv. The amount available for the quarterly quality payment will be one-quarter (1/4) of the annual amount described above.
    - v. The first payment will be made in October 2019. Subsequent payments will be made on a quarterly basis.
    - vi. Level One Quality Performance Payment for the period between October 1, 2019 and September 30, 2021:
      - 1. The Agency will make quarterly payments in the first month of the quarter based on provider reporting of necessary data and other activities including provider engagement in the ACHN and their review and response to quality data provided by the Agency, implementing any policies and processes to improve the efficiency of their practices, and engaging with the ACHNs in preparation to be paid based on performance-based quality payments. Providers will also be readjusting their practice guidelines to manage attributed patient populations rather than Agency assigned panels.

- 2. Payments made in this period are based on the engagement by the PCP group and not for the achievement of quality measurements.
- 3. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
- vii. Level Two Quality Performance Payment for the period of October 1, 2021 and beyond:
  - 1. The Agency's quarterly payments beginning with the October 2021 payment will be based on actual quality measure performance as soon as the previous calendar year's performance has been calculated (anticipated date twelve months after the start of the second contract year). For example, the quarterly payments made in October 2021, January 2022, April 2022, and July 2022 will be based on the actual quality measure performance calculated for the period between January 1, 2020 and December 31, 2020.
  - 2. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
- b. Cost Effectiveness Performance Payments
  - a. Eligibility: All ACHN Certified PCP groups will be eligible for a performance payment if the PCP group meets or exceeds the cost effectiveness criteria established by the Agency.
  - b. Methodology:
    - i. ACHN Certified PCP groups that achieve annual performance benchmarks determined by the Agency are eligible to receive performance payments.
    - Benchmarks will be posted at <u>www.medicaid.alabama.gov</u> by September 1, 2019 and will be updated annually at least 30 days prior to the contract period.
    - iii. The cost effectiveness performance payment criteria will be posted to: <u>www.medicaid.alabama.gov</u> Click the ACHN tab/Provider
    - iv. The amount available for the quarterly cost effectiveness payment will be one-quarter (1/4) of the annual amount described above.
    - v. The first payment will be made in October 2019. Subsequent payments will be made on a quarterly basis.

- vi. Level One Cost Effectiveness Performance Payment for the period between October 1, 2019 and December 31, 2020:
  - 1. The Agency will make quarterly payments in the first month of the quarter for review and response to cost effectiveness data provided by the Agency, implementing any policies and processes to improve the efficiency of their practices, and engaging with the ACHNs in preparation to be paid based on performance-based cost effectiveness payments. Providers will also be readjusting their practice guidelines to manage attributed patient populations rather than Agency assigned panels.
  - 2. Payments made in this period are based on the engagement by the PCP group and not for the achievement of cost effectiveness measurements.
  - 3. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
- vii. Level Two Cost Effectiveness Performance Payment for the period of January 1, 2021 and beyond:
  - 4. The Agency's quarterly payments beginning with the January 2021 payment will be based on actual cost effectiveness performance.
  - 5. The cost effectiveness performance calculation compares a 12-month per member per month (PMPM) to a risk-adjusted expected PMPM based on the costs of similar PCP groups that treat Medicaid recipients. Groups will be ranked by an efficiency score that is derived from actual PMPM versus the expected PMPM. Performance payment will be made for PCP groups that meet a cost effectiveness score of less than 1.0.
  - 6. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.

- c. Patient Centered Medical Home (PCMH) Performance Payments The purpose of the PCMH Recognition performance payment is to incentivize providers to attain PCMH Recognition thereby ensuring Medicaid Recipients are receiving care through a nationally recognized medical home model.
  - 1. Eligibility: All ACHN Certified PCP groups who receive PCMH recognition as described below.

#### 2. Methodology:

- PCMH Recognition information may be obtained at: <u>www.medicaid.alabama.gov</u> Click the ACHN tab/Provider
- ii. The PCP group can obtain PCMH Recognition or certification through a nationally recognized entity such as National Committee for Quality Assurance (NCQA). Details from NCQA can be found at <u>https://www.ncqa.org/programs/helath-</u> care-providers-practices/patient-centered-medical-home-pcmh.
- iii . The amount available for the quarterly PCMH Recognition payment will be one-quarter (1/4) of the annual amount described above.
- iv. The first payment will be made in October 2019. Subsequent payments will be made on a quarterly basis.
- v. Level One PCMH Performance Payment for the period

#### between

October 1, 2019 and September 30, 2020:

- a. The Agency will make quarterly payments in the first month of the quarter for PCMH Recognition performance payments.
- b. Payments made in this period are for PCP groups that

#### have

already obtained the Recognition or certification and PCP groups that are progressing toward attainment of Recognition or certification. To be eligible for the PCMH Recognition performance payment, PCP groups must

attest

- to the status of their attainment of PCMH Recognition or to their progress towards attainment.
- c. Payments will be distributed to each PCP group based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.

vii. Level Two PCMH Performance Payment for the period October

- 1, 2020 and beyond
- a. Payments made in this period are for PCP groups that attest they have obtained the Recognition or certification. The Agency will review the PCP groups attestation on an annual basis on the last business day of the month prior to the first quarterly payment for the ensuing year. For example, the quarterly payments made in October 2020, January 2021, April 2021, and July 2021 will be based on the PCP groups attestation of their achievement of Recognition or certification as of the last business day in September 2020.
- b. The amount of the performance payment distributed to each PCP group will be based on the number of Medicaid members attributed to the PCP group for the prior quarterly period.
- c. If a PCP group does not meet PCMH Recognition and does not show adequate progress toward meeting recognition, the Agency will not pay the PCMH performance payment.

## Effective : 10/01/2022

#### 21. <u>Rehabilitative Services</u>

A. A statewide maximum payment will be calculated for each service designated by a procedure code recognized by the Alabama Medicaid Agency as a covered service.

The Medicaid reimbursement for each service provided by a rehabilitative services provider shall be based on the following criteria in accordance with the methodology described below:

(1) For procedure codes with an assigned Medicare rate (i.e. CPT codes), the proposed rate will be the current published Medicare Physician Fee Schedule Rate for Alabama.

(2) For procedure codes without an assigned Medicare Rate on the Physician Fee Schedule (i.e. HCPCS) codes, the reimbursement will be 'By Report'. 'By Report' means paying a percentage of billed charges. The percentage is derived by dividing the previous state fiscal year's total Medicaid reimbursement (total allowed charge) for services included in the Physician Fee Schedule by the previous state fiscal years total Medicaid billings.

- a. Percentage = Total 'Allowed Amount' / Total 'Billed Amount'
- b. Average Billed Amount = Total 'Billed Amount' / Total 'Allowed Quantity'
- c. Proposed Rate = Percentage times Average Billed Amount
- (3) For procedure codes with no utilization one of the three methods below will be used.
- a. Current rate that the Rehabilitative Services State Agencies utilizes.
- b. Current rate from another state for same service.
- c. For those services that need rate different from current Alabama or other state rate a financial cost model will be used to calculate rate.

Except as otherwise noted in the plan, payment for these services is based on state-developed fee schedule rates, which are the same for both governmental and private providers of Rehabilitative Services. The Agency's fee schedule rates were set as of October 1, 2018 and are effective for services provided on or after that date.

All rates are published and maintained on the Agency's website at <u>www.medicaid.alabama.gov</u>. For the most recent Rehabilitative Service Fee Schedule click on the Providers tab, select Fee Schedules, check "I Accept" on the User Agreement, then click the Providers tab, Fee Schedules, and Rehabilitative Option Fee Schedule.

(4) Medication Assisted Treatment (MAT) drugs for Opioid Use Disorder (OUD) as a part of the service for the MAT code are reimbursed as described above in Section (2).

Actual reimbursement will be based on the rate in effect on the date of service. Only those services that qualify for reimbursement will be provided under this program.

## B. Bundle-specific rate setting

Bundled payment rates are added to the Alabama fee schedule according to the methodology described at A. above.

The state will regularly review utilization of services to ensure beneficiaries receive the types, quantity and intensity of services required to meet their medical needs and to ensure that the rates remain economic and efficient based on the services that are actually provided as part of the bundle. Room and board or other unallowable facility costs are excluded from all rates.

Any provider delivering services through a bundle will be paid through that bundle's payment rate and cannot bill separately. Providers delivering separate services outside of the bundle may bill for those separate services in accordance with Alabama's Medicaid billing procedures.

At least one of the services included in the bundle must be provided within the service payment unit in order for providers to bill the bundled rate.

Medicaid providers must maintain records which fully demonstrate the extent, nature and medical necessity of services and items provided to Alabama Medicaid recipients.

| Name of Service   | Service Bundle Includes:                  | Rate Components Include:                        | Unit           |

### 22. Hospice Care Services

#### Effective Date: 10/01/90

- a. With the exception of payment for direct patient care services by physicians, payment is made to the hospice for all covered services related to the treatment of the recipient's terminal illness for each day during which the recipient is Medicaid eligible and under the care of the hospice regardless of the amount of services furnished on any given day.
- b. Payment for hospice care shall be in the methodology and amounts calculated by the Health Care Financing Administration (HCFA). Each rate is a prospectively determined amount which HCFA estimates equals the costs incurred by hospice generally in efficiently providing that type of hospice care to Medicaid beneficiaries. The rates are adjusted by Medicaid to reflect local differences in wages.
- c. With the exception of payment for physician services, Medicaid reimbursement for hospice care will be made at one of the four rates for each day in which a Medicaid recipient is under the care of hospice. The payment amounts are determined within each of the following categories:
  - (1) Routine home care. The hospice shall receive reimbursement for routine home care for each day the recipient is at home, under the care of the hospice, and not receiving continuous home care. This rate is paid without regard to the volume or intensity of routine home care services provided on any given day.
  - (2) Continuous home care. The hospice shall receive reimbursement for continuous home care when, in order to maintain the terminally ill recipient at home, nursing care is necessary on a continuous basis during periods of crises. Continuous home care is intended only for periods of crises where predominately skilled nursing care is needed on a continuous basis to achieve palliation or management of the recipient's acute medical symptoms; and only as necessary to maintain the recipient at home. A minimum of eight (8) hours per day must be provided. For every hour or part of an hour of continuous care furnished, the hourly rate will be reimbursed to the hospice up to 24 hours a day.
  - (3) Inpatient respite care. The hospice shall receive reimbursement for inpatient respite care for each day on which the recipient is receiving respite care. Patients admitted for this type of care are not in need of general inpatient care. Inpatient respite

AL-91-36 Attachment 4.19-B Page 13

care may be provided only on an intermittent, non-routine, and occasional basis and may not be reimbursed for more than five consecutive days, including date of admission, but not date of discharge.

- (4) General inpatient care. The hospice shall be reimbursed for general inpatient care for each day in which the recipient is in an approved inpatient facility for pain control or acute or chronic symptom management. Payment for inpatient care (general or respite) is subject to a limitation that total inpatient care days for Medicaid patients does not exceed twenty percent of the total days for which these patients had elected hospice care. Medicaid recipients afflicted with acquired immunodeficiency syndrome (AIDS) are excluded in calculating the inpatient care limitation.
- d. Reimbursement for drugs not related to the recipient's terminal illness may be made to the dispensing pharmacy through the Medicaid Pharmacy Program.
- e. Medicaid will not restrict hospice services based on a patient's place of residence. If a beneficiary residing in a nursing home elects the Medicaid Hospice benefit, the Medicaid Program will pay the hospice directly a room and board rate in lieu of payments directly to the nursing home. The payment rate will be 95% of the rate Medicaid would have paid the nursing home directly for the same patient.

# Effective Date: 10/01/91

# 23. Prenatal Parenting Education (Extended Services to Pregnant Women)

Governmental providers will be paid on a negotiated rate basis which will not exceed actual costs which result from efficient and economic operation of the provider. Reimbursement of non-governmental providers will be based on reasonable charges which will not exceed the prevailing charges in the locality for comparable services provided under comparable circumstances. These services are limited to 12 visits per recipient during each two-year period beginning with the first date of service.

No payments made pursuant to the methods and standards described in this Attachment 4.19-B will exceed upper limits established in 42 CFR §447, Subpart F.

# 24. <u>Postnatal Parenting Education (Preventive Health Services)</u>

Governmental providers will be paid on a negotiated rate basis which will not exceed actual costs which result from efficient and economic operation of the provider. Reimbursement of non-governmental providers will be based on reasonable charges which will not exceed the prevailing charges in the locality for com-parable services provided under comparable circumstances. These services are covered for Medicaid eligible pregnant women, post-natal women, and the eligible caretaker relatives of eligible children. Only one payment per family unit on the same date of service is permitted. These services are limited to 16 visits per recipient during each two- year period beginning with the first date of service.

# Effective Date: 10/01/91

# 25. Adolescent Pregnancy Prevention Education (EPSDT)

Governmental providers will be paid on a negotiated rate basis which will not exceed actual costs which result from efficient and economic operation of the provider. Reimbursement of non-governmental providers will be based on reasonable charges which will not exceed the prevailing charges in the locality for comparable services provided under comparable circumstances. Services are limited to non-pregnant recipients of child-bearing age who are eligible for treatment under the Early and Periodic Screening Diagnosis and Treatment (EPSDT) Program, regardless of sex or previous pregnancy. There is no limit on the number of visits.

# Effective Date: 01/01/92

# 26. <u>Clinic Services Provided by Children Specialty Clinic Providers</u>

Clinics will be reimbursed at a cost rate per visit (encounter). Governmental providers of such services will be paid at an interim rate which will approximate cost. This rate will be adjusted to actual cost for each service/agency. <u>Nongovernmental</u> providers will be paid their usual and customary charge not to exceed the maximum allowable rate established by Medicaid.

# Effective Date: 01/01/2014

# 27. <u>Tobacco Cessation Counseling Services for Pregnant Women</u>

A statewide maximum payment for tobacco cessation counseling services will be calculated based on 75% of the 2008 Medicare fee schedule rate. These services are covered for Medicaid eligible pregnant women beginning in the prenatal through the postpartum period (the 60 day period following termination of pregnancy) and are limited to four (4) visits per recipient during a 12 month period.

Except as otherwise noted in the plan, payment for these services is based on state-developed fee schedule rates effective January 1, 2014. Current rates are published and maintained on the agency's website at <a href="http://www.medicaid.alabama.gov/CONTENT/6.0\_Providers/6.6\_Fee\_Schedules.aspx">http://www.medicaid.alabama.gov/CONTENT/6.0\_Providers/6.6\_Fee\_Schedules.aspx</a>. Payment rates are the same for both governmental and non-governmental providers and reimbursed at a per visit rate.

# STATE OF ALABAMA

## Policy on Payment for Reserving Beds in an Inpatient Facility

## Effective Date: 08/10/00

Payments to facilities other than ICF/MR facilities will only be made for therapeutic visits not to exceed three days per visit and eight such visits per patient during any calendar year; limited to two visits per calendar quarter to home, relatives or friends. Payments to ICF/MR facilities for therapeutic visits are limited to 14 days per calendar month, not to exceed 14 consecutive days at any time.

## Effective Date: 08/10/00

Neither Medicaid patients, nor their families, nor their sponsor, may be charged for reservation of a bed when they are temporarily absent to a hospital for a period not to exceed four days. After the four-day reservation period, the patient, the family of the patient, or the sponsor of the patient is responsible for making arrangements with the nursing home for the reservation of the bed and any costs associated with reserving the bed for the patient. This policy does not apply to patients while they are on Medicare covered days.

# Effective Date: 02/12/81

The long term care facility must ensure that each therapeutically indicated visit by a patient is authorized and certified as necessary by a physician.

The complete therapeutic leave records will be retained at the long term care facility and will become an audit item for Alabama Medicaid Agency purposes.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

# METHODS/PROCEDURES FOR DETERMINING NURSING FACILITY REIMBURSEMENT

#### I. Introduction

#### Effective Date: 09/01/91

A. The following sections summarize the methods and procedures used by the Alabama Medicaid Agency (hereinafter "Agency") in determining proper reimbursement to nursing facilities. Under this plan, all facilities are considered the same with the exception of NF/IMD (Nursing Facility/Institution for Mental Disease) and NF/IDD (Nursing Facility/Institution for the Developmentally Disabled). This summary does not apply to the classification of ICF/MR, which is an additional functional classification established by the Agency.

#### Effective Date 10/01/90

B. All reimbursement will be determined in compliance with generally accepted accounting principles, principles outlined in the State Plan, Medicare (Title XVIII) Retrospective Reasonable Cost Principles of Reimbursement, and principles and procedures promulgated by the Agency to provide reimbursement of provider costs which must be incurred by efficiently and economically operated nursing facilities. The Agency may, in the absence of applicable procedures, standards, and provisions within published Regulations, apply certain reasonability standards to expenses for which reimbursement is sought, to determine whether reimbursement should be made. The granting of variances to the Agency Reimbursement Principles will be discretionary with the Agency, based on the submission of substantiating documentation and convincing evidence by the provider that services can be provided in a more cost efficient manner if the variance is granted.

C. Providers/Administrators are expected to conduct their business in an efficient and cost-effective manner and to seek reimbursement only for those costs which <u>must</u> be incurred in the conduct of an economically and efficiently operated nursing facility.

D. The Agency will conduct desk reviews and on-site audits to insure that only allowable costs are allowed and reimbursed, and the Agency's previous failure to disallow costs shown in cost reports will not insure their continued allowance if those costs are identified as unallowable. In addition, attempts by a provider to include costs previously disallowed by the Agency may result in additional investigation by the Agency or investigation by the Alabama Attorney General.

Approval Date <u>08/08/91</u>

E. The Agency recognizes the impact of inflation on all costs associated with doing business and has taken this into account in initiating the application of the Agency Inflation Index. The Alabama Medicaid Inflation Index shall be based upon the economic indicators as published by Data Resources, Inc. (DRI) for the Department of Health and Human Services. The indicators shall be the Market Basket Index of Operating Costs - Nursing Facility, which are published quarterly, whereas the Medicaid fiscal year for cost reporting and rate setting purposes ends on June 30. Therefore, the Medicaid Inflation Index for a rate period will be the DRI Index for the twelve-month period ending on the calendar quarter for which the index has been published or made available at October 1st of each year.

# II. Cost Recording and Cost Reporting Procedures

A. All nursing facilities participating in the Alabama Medicaid Nursing Facility Program are required to report costs for the reporting period July 1 to June 30 of each year. The costs included are required to be detailed on the cost reports and must have been recorded by the facility on the basis of generally accepted accounting principles and in accordance with the accrual method of accounting.

B. Each nursing facility must submit its costs for the reporting period on the uniform cost report form provided by the Agency. Each complete cost report must be verified and must be received by the Alabama Medicaid Agency on or before September 15 for the report period ending the previous June 30. Should September 15 fall on a holiday or weekend, the complete, verified cost report must be received by the Alabama Medicaid Agency on the next working day. Failure to comply with the established deadline may result in the imposition of penalties against the facility. Nursing facilities ceasing their operation or terminating their participation in the program must submit a final cost report within seventy-five (75) days of cessation or termination.

C. All nursing facilities are required to maintain financial and statistical records for each cost reporting year, which are accurate and in sufficient detail to substantiate the cost data reported for a period of at least three (3) years following the date of submission of the cost report form to the Alabama Medicaid Agency. Records required by the Alabama Medicaid Agency to be maintained are specified in the Nursing Home Reimbursement Chapter of the Alabama Medicaid Agency Administrative Code. These records must be made available upon request to representatives of the Alabama Medicaid Agency or the United States Department of Health and Human Services.

Approval Date <u>08/08/91</u>

D. The Alabama Medicaid Agency shall retain all uniform cost reports submitted in accordance with the requirements of the Alabama Medicaid Agency for a period of three (3) years following the date of submission of each report and will maintain those reports pursuant to recordkeeping and reporting requirements of the Department of Health and Human Services.

E. For hospital related facilities and domiciliary facilities, the step-down cost findings method must be applied to its allowable costs to ascertain the costs of the various services provided during the reporting period.

# III. Allowable Costs

# Effective Date: 09/01/91

A. Allowable Costs shall include all items of expense which providers must incur in the provision of routine services. Routine services means the regular room, dietary and nursing services, minor medical and surgical supplies, and the use of equipment and facilities.

- 1. Management and Administrative Costs Specific, although not all inclusive, allowable management and administrative costs are set out in the Nursing Home Reimbursement Chapter (Chapter 22) of the Alabama Medicaid Agency Administrative Code. All nursing facilities will be arrayed by the number of beds in the facility, and those operating costs deemed allowable by the Alabama Medicaid Agency for each provider will be separated into two groups, 75 beds or less and 76 beds and over.
- 2. Interest Expenses For this expense to be allowable, it must be reasonable, necessary, and incurred strictly to satisfy a financial need directly related to patient care. Additionally, interest paid to a related party will not be characterized as allowable.
- 3. Laundry Expenses Allowable costs will be limited to the laundry costs which are ordinary and necessary to the operation of the nursing facility and will not include costs associated with the personal laundry of residents. The facilities will be reimbursed for personal laundry at a daily rate determined by the Agency. This rate is determined by Medicaid by an analysis of laundry expenses and income to determine a net revenue. The revenue is divided by total patient days.
- 4. Travel Expenses Travel expenses will be allowed as long as those costs are calculated in strict compliance with Alabama Medicaid Agency standards as set out in the Agency's Administrative Code.

- 5. Property Costs Those costs which are in accord with the standards established by the Alabama Medicaid Agency relating to property will be allowed. A Fair Rental System, as outlined in Chapter 22 of the Alabama Medicaid Agency Administrative Code, will be used to reimburse property costs.
- 6. Funding Qualified Retirement Plans Cost of funding will be allowed for either a defined benefit plan or a defined contribution plan. Any other plan may be considered by the Alabama Medicaid Agency on an individual basis in light of the standards and principles set by the Alabama Medicaid Agency.
- 7. For nursing facilities which are part of hospitals, <u>excessive</u> allocations from the hospitals to the nursing home will be disregarded.

B. All allowable expenses will be examined to determine if costs are incurred from a related party in which case only the net costs to the related party will be allowed, and those net costs cannot exceed the fair market value of the goods or services.

C. All similar allowable costs will be categorized into one of four (4) groups, as follows:

- 1. Operating Costs Administrative costs including medical records consultant.
- 2. Direct Patient Care Costs Nursing services costs, raw foods, medical director, nursing consultant, pharmacy consultant, and dental consultant.
- 3. Indirect Patient Care Costs Costs other than operating cost, direct patient care costs, and property costs such as: Plant operations, dietary (minus raw foods), laundry (less costs associated with patient personal laundry), activities, social services, housekeeping, beauty and barber (if provided free of charge by the facility), dietary consultant, and social services consultant.
- 4. Property Costs Gross asset value, as defined in Chapter 22, of land, buildings, and equipment reduced by outstanding mortgage debt. Interest expense, property taxes, and property insurance are also included.

# Effective Date: 10/01/90

D. Total costs as reported will be offset by certain income items or receipts of the facility, as more fully described within published Regulations.

Effective Date 10/01/93

E. Effective October 1, 1990, rates to nursing facilities took into account the costs of nursing facility's compliance with the requirements of §1919(b) (other than paragraph (3)(F) thereof), (C) and (d) of the Social Security Act.

1. For the period beginning October 1, 1990, nursing facilities were permitted to budget estimated costs of compliance with OBRA 87. Each facility submitted a budget for the estimated annual cost for each position to be filled because of OBRA 87 requirements. Funding would be made available to cover the costs of services required to attain or maintain the highest practicable physical, mental, and psychosocial well-being of each resident. Additional health care staff was authorized as outlined below:

1 RN per 50 Residents for assessments
 1 LPN per Facility for rehab nursing
 1 Qualified Social Worker for facilities of 120 beds and larger
 1 Activities person per 60 Residents

Quarterly, beginning October 1, 1990, through April 1, 1991, each facility submitted a hiring form reporting the annual salary of actual staff, as authorized in approved budgets, hired that quarter. Such costs per day were added to the existing per diem rates outside the ceiling limitation. We estimated the average cost of those budgeted costs to be approximately \$5.44 per day.

2. Effective September 1, 1991, a new reimbursement methodology was implemented to provide for maintaining the highest practicable physical, mental, and psychosocial well-being of each resident. Estimated OBRA 87 costs based on the above staffing requirement were added to the per diem rates and were considered in setting ceiling limitations.

3. Effective January 1, 1992, nursing home reform costs were included in establishing the per diem rates and were included in setting ceiling limitations. This was done by taking the reported nursing home reform expenses in the June 30, 1991, cost report and adding, as a budget figure, the difference between nursing home reform expenses in the cost report and the dollar amount authorized on the October 1, 1990, budget form. Effective with the June 30, 1992 cost reports, and continuing forward, the cost of nursing home reform will be included in with all nursing facility allowable costs.

# Effective Date 10/01/90

# IV. Audits and Rate Computation

A. Nursing facilities will be audited by members of the Audit Staff of the Alabama Medicaid Agency or outside auditors, to insure that reimbursement is made only for allowable costs, as detailed in Section B.

1. A desk review and analysis is made on data submitted on each uniform cost report. The analysis consists of a complete review of historical costs and an examination of costs for the reporting period as set out in the report. Subsequent to the desk review and analysis of all submitted cost reports, a payment rate is established for each facility. This rate is subject to adjustment resulting from an in-depth audit of that facility's records.

2. The Alabama Medicaid Agency will conduct analyses of the uniform cost reports by January 1 of each year for those reports covering the reporting period ending the previous June 30 to verify that a complete cost report has been filed by each facility and to verify that it has properly detailed the costs for which it is seeking reimbursement.

# Effective Date 10/01/98

3. Each nursing facility will be audited as necessary by an in-depth, on-site audit. Unless a waiver is specifically granted by the Alabama Medicaid Agency, all records which substantiate the information reflected in the cost report(s) being audited are to be made available at the facility, and Alabama Medicaid Agency's audit staff is to be provided adequate facilities and privacy to conduct the audit.

Effective Date 10/01/98

4. Subsequent to an audit of a facility, a final report of audit will be forwarded to the facility and certain disallowances of costs as reported on the cost report may be necessitated by the findings of the audit staff, resulting in a change of the per diem reimbursement rate. It is also possible that an audit may obviate underpayments

by the Alabama Medicaid Agency to the provider, both situations resulting in the need to either recoup from or pay to the provider any over or underpayments due.

5. This settlement will be achieved in either event by a lump sum payment from the party underpaying (Alabama Medicaid Agency or being overpaid (the provider), and an adjustment in the per diem rate.

6. Prior to collection of any amount due the Alabama Medicaid Agency as a result of disallowances contained in the final report of audit, the facility will be given thirty (30) days to contest Alabama Medicaid Agency's findings and to request an informal conference to present its position. Subsequent to any informal conference, an administrator who feels the results of the informal conference are adverse to his facility may request a fair hearing in writing within fifteen (15) days of Alabama Medicaid Agency's mailing its determination on the issues presented at the informal conference. All fair hearings are conducted in accordance with Alabama Medicaid Agency regulations governing fair hearings. The Alabama Medicaid Agency will account for overpayments found in audits on the quarterly statement of expenditures no later than sixty (60) days after the overpayment was found.

7. Nursing Facilities will be reimbursed on a reasonable cost-related basis, and payments will be based on the lower of the facility's billing rate or maximum reimbursement rate <u>or</u> the facility's usual and customary charge to the general public for the same range of services minus applicable patient income.

#### Effective Date 01/16/2012

8. For reimbursement, all nursing facility providers will be grouped into three (3) functional categories: NF, NF/IMD, and NF/IDD. All similar allowable costs will be categorized into one of four (4) groups: operating costs, direct patient care cost, indirect patient care cost, and property cost. NF/IMD and NF/IDD facilities will be exempt from all ceilings.

(a) Operating Costs - The ceiling for operating costs will be at the median cost per patient day plus 5% for each of the two bed size groupings. Actual allowable reported cost per patient day up to the ceiling will be used to establish the rates.

The allowable management and administrative cost for each facility will be divided by reported patient days. All nursing facilities will be grouped by the number of beds in the facility and the operating costs for each facility will be separated into two bed size groupings, 75 beds or less and 76 beds and over. Each grouping will be arrayed by the cost per patient day. The median plus 5 percent will be determined for each grouping that will be the ceiling. This ceiling, or actual cost, whichever is less will be used for each provider's rate computation.

Ceilings are determined annually based upon allowable cost submitted in the Alabama Medicaid Nursing Home cost reports ending June 30<sup>th</sup> of each year.

(b) Direct Patient Care Cost - The ceiling for the direct patient care costs is the median cost per patient day plus 10%. Actual allowable reported cost per patient day plus 11% not to exceed the established ceiling plus 11% will be used to establish the rates.

Direct care costs, consisting of nursing services, raw foods, medical director, nursing consultant, pharmacy consultant and dental consultant for each facility will be divided by reported patient days. These costs per patient day will be arrayed and the ceiling for the direct patient care cost center will be the median cost per patient day plus 10 percent. The provider's actual allowable reported cost per patient day plus 11 percent not to exceed the established ceiling plus 11 percent whichever is less will be used for each provider's rate computation.

Ceilings are determined annually based upon allowable cost submitted in the Alabama Medicaid Nursing Home cost reports ending June 30<sup>th</sup> of each year.

(c) Indirect Patient Care Cost - The ceiling for indirect patient care cost is the median cost per patient day plus 10%. Actual allowable reported cost per patient day plus 50% of the difference between reported cost and the ceiling up to the ceiling amount will be used to established rates.

Costs for plant operations, dietary (minus raw foods), laundry (less costs associated with patient personal laundry), activities, social services, housekeeping, beauty and barber (if provided free of charge), dietary consultant, social services consultant, and other allowable costs,

will be divided by reported patients days. These costs per patient day will be arrayed and a median cost per patient day will be determined. The ceiling for indirect patient care costs is the median cost per patient day plus 10 percent. The providers actual allowable reported cost per patient day plus 50 percent of the difference between actual allowable cost and the established ceiling up to the ceiling amount, will be used for each provider's rate computation.

Ceilings are determined annually based upon allowable cost submitted in the Alabama Medicaid Nursing Home cost reports ending June 30<sup>th</sup> of each year.

(d) Property Cost - Property costs will be reimbursed under a fair rental system as set out in the Nursing Facility Reimbursement Chapter (Chapter 22) of the Alabama Medicaid Agency Administrative Code. Facilities categorized as NF/IMD will be reimbursed a usage allowance of 2% for building values and 6 2/3% for equipment instead of the fair rental.

Current Asset Values (CAV) for Nursing Homes are based upon historical data rebased annually using Marshall Swift Evaluation. Effective October 1, 2020, the CAV will be increased by 41.03% due to increased costs of Nursing Homes. Allowable interest expense, property taxes and property insurance are determined from the annual Alabama Medicaid Nursing Home cost report ending June 30<sup>th</sup> of each year or the latest available cost report.

(e) Reimbursement will be the sum of these cost groupings as adjusted under the provisions of Chapter 22 of the Alabama Medicaid Agency Administrative Code.

Allowable cost is determined based upon the annual Alabama Medicaid Nursing Home cost report ending June 30<sup>th</sup> of each year of the latest available cost report.

# Effective Date: 10/01/90

9. The on-site audits conducted in accordance with generally accepted auditing standards will result in an audit report which will contain the auditor's opinion as to whether, in all material respects, the uniform cost report includes only expense items allowable under the Alabama State Plan, as detailed under Section III of this attachment, and that the expense items included are accurately determined, attributed, and are reasonable. These audit reports shall be kept by the Alabama Medicaid Agency for at least three (3) years following the date of submission of such reports, and will be maintained pursuant to the record keeping and reporting requirements of 42 CFR §431.16.

B. Alabama has determined that the payment rates resulting from the Alabama Medicaid Agency methods and standards are at least equal to the level at which the State calculates a facility can be economically and efficiently operated.

C. Payment rates to SNF's and ICF's are determined prospectively with an annual recalculation of applicable rates. Alabama does not, however, adjust the per diem reimbursement rates to a nursing home provider based on service deficiencies or quality of service.

## V. Payment Assurances and Payment Limitations

A. The State will pay each provider of nursing care services, who furnishes services in accordance with the provisions of the State Plan, the amount determined for services furnished under said Plan.

B. State payments made pursuant to the State Plan for nursing facilities shall not exceed the general payment limits established by the United States Congress and implemented through Agency regulations, when such limits are established by the Secretary of Health and Human Services. These payments shall under no circumstances exceed the facility's customary charges to the general public for services.

C. It is a primary intent that payments made in accordance with the methods, provisions, and standards of the Alabama Medicaid Agency Nursing Facility Reimbursement chapter of the Agency's Administrative Code will serve to ensure the participation of a sufficient number of providers of services in the program so that medical care and services included in the State Plan are available to eligible persons at least to the extent that they are available to the general public.

D. The Alabama Medicaid Agency will pay nursing facilities a supplemental fee-forservice payment for care provided to ventilator-dependent residents who are eligible for Medicaid benefits.

The nursing facility and the ventilator-dependent/tracheostomy resident must meet specific requirements established by the Medicaid Agency.

The nursing facility must meet and comply with the following in order to be considered to receive the supplemental fee for ventilator-dependent/tracheostomy residents:

• Comply with all of the State and federal requirements governing nursing facilities, including physical and life safety requirements

• Ensure that an RN or LPN has primary responsibility for the unit

• Ensure that in-house respiratory services are provided by a licensed Respiratory Therapist 24 hours per day

• Provide a program of initial training and ongoing in-service training for direct care staff

• Ensure that physician visits are conducted in accordance with federal regulations for nursing facilities

• Not accept a ventilator-dependent and/or qualified tracheostomy resident if any of the following situations exist:

o Termination of the NF's Medicaid certification is imminent; or

• The NF is a Special Focus Facility, under review by CMS, or the State Survey Agency, or the Alabama Medicaid Agency.

must meet specific requirements established by the Medicaid Agency.

The nursing facility will be reimbursed the daily per diem rate determined for the nursing facility plus an additional daily payment for the ventilator-dependent/tracheostomy resident.

The supplemental fee-for-service payment will be \$120.00 and indexed annually in accordance with the cost of living increases based upon the economic indicators as published by Data Resources, Inc. (DRI) for the Department of Health and Human Services.

E. Providers who participate in the program shall accept as payment in full, those amounts paid to them in accordance with the State Plan.

# VI. Compliance with Provisions, Methods and Standards

In order to assure compliance with its regulations, the Alabama Medicaid Agency has established certain penalties which may be assessed at its discretion, the details of which are fully set out in the Agency Administrative Code.

# VII. Miscellaneous

A. The Alabama Medicaid Agency will utilize appropriate methods of notifying the public concerning proposed, substantial changes in methods and/or standards, and prior to the implementation of any substantial change in methods and/or standards, the public will have an opportunity to review and comment on the proposed changes.

B. Detailed information regarding the reimbursement methodology and related matters appears in Chapter 22 of the Alabama Medicaid Agency Administrative Code.

C. The regulations of the Alabama Medicaid Agency are implemented under the provisions of the Administrative Procedures Act. Through this process, the agency must publish its intent to make any changes in the reimbursement methodology. Copies of the methodology and data used to establish per diem rates may be obtained by the public upon written request and payment of a reproducing fee.

# Effective Date: 5/01/02

D. In order to provide services to Alabama Medicaid recipients when there is no Alabama nursing facility with a suitable bed available that meets the medical needs of the recipient, the Agency may contract with out-of-state facilities at the other states' Medicaid reimbursement rate. The Agency will only make a placement of an Alabama Medicaid recipient into an out-of-state facility if (1) no Alabama nursing facility bed is available that meets the medical needs of the recipient, (2) in-state alternatives for providing services have been exhausted, and (3) prior approval for placement into an out-of-state facility is sought through the Agency. If the Agency determines based upon the prior approval process to make a placement of the Alabama Medicaid recipient into an out-of-state nursing facility as described in 42 CFR 435.403(e) the recipient will remain an Alabama resident. Once an Alabama nursing facility bed meeting the medical needs of the recipient is available, the recipient must return to Alabama to remain eligible for Alabama Medicaid.

Alabama will contract with out-of-state nursing facilities on an as needed basis. Alabama will use the out-of-state facility's survey conducted by its survey and certification agency. No year-end Alabama Medicaid nursing facility cost report will be required from the contracting out-of-state facility nor will there be any requirement for Alabama conducted periodic audits.

# Effective Date: 10/01/20

E. A Quality Incentive Add-on payment will be distributed to nursing homes annually.

## Quality Incentive Component

For each measure, a provider is awarded points. The points are adjusted based on provider total Medicaid patient days and the resulting adjusted point value is used to determine a provider's portion of Quality Incentive funds.

# Process Measures

For each process measure, each provider will be ranked and points will be awarded based on the percentage in which the provider scores in relation to the national average for the measure. For each rate period, the process measures will be calculated using the most recent four quarter average from the MDS Quality Measures from the Nursing Home Compare datasets provided by the Centers for Medicare and Medicaid Services as of July 1 of the year in which the rate period begins.

- 1. Percentage of long-stay residents assessed and appropriately given the seasonal influenza vaccine
- 2. Percentage of long-stay residents assessed and appropriately given the seasonal pneumococcal vaccine
- 3. Percentage of long-stay residents who received an antipsychotic medication

# Outcome Measures

For each outcome measure, each provider will be ranked and points will be awarded based on the percentage in which the provider scores in relation to the national average for the measure. For each rate period, the outcome measures will be calculated using the most recent four quarter average from the MDS Quality Measures from the Nursing Home Compare datasets provided by the Centers for Medicare and Medicaid Services as of July 1 of the year in which the rate period begins.

- 1. Percentage of long-stay residents who were physically restrained
- 2. Percentage of SNF residents with pressure ulcers that are new or worsened

The customer satisfaction process measure will be calculated as reported on the most recent Satisfaction Survey Summary Report as prepared by NRC Health. The survey measure will evaluate the combined Resident and Family response to the "Willingness to Recommend" survey element. For Year One of the Quality Incentive the Agency will only evaluate the response rate of the combined Resident and Family surveys. Starting with Year Two the points will be based on actual survey results.

## Quality Incentive Add-Ons

- 1. To be eligible for the Quality Incentive a facility must:
  - a. Accept Medicaid recipients;
  - b. Participated and completed the most recent Satisfaction Survey by NRC Health; and
  - c. Earned a minimum of four (4) points based on the below criteria.

| Process       |                     |              |               |                  | Max Points<br>Per Provider |

|                         |                     |                | Score           |                  |                   |  |

\*Year over Year improvement is calculated as the change from the year preceding the current year to the current year measurement. For Year One there will be no calculation for annual improvement as it will be considered the Baseline Year performance.

\*\*For Year One of the Quality Incentive the facility must achieve a combined response rate of thirty percent (30%) on the Resident and Family surveys. If the response rate is achieved the Facility will receive three points. If the response rate is not met, the facility will receive zero (0) points and would only be eligible for the Incentive if they achieve at least 4 points in the other catergories.

- 3. Three Quarter points for year over year improvement are only awarded to providers who do not meet the criteria to earn 1-3 points within the measure.
- 4. Providers must have a quality score of at least the four (4) points to qualify for a quality incentive payment.
- 5. Participation in the Quality Incentive Add-On is voluntary and a facility has the option to opt out and not participate.
- 6. The weighted provider score for each qualifying provider is calculated by multiplying the provider quality points by the number of annualized Medicaid days as reported on the most recent June 30 cost report received by the Alabama Medicaid Agency. The payment per quality point is established by dividing the total quality budget by the sum of all weighted provider scores. The per diem quality incentive component is calculated by multiplying a provider's weighted quality score by the payment per quality point.

# METHODS/PROCEDURES FOR DETERMINING REIMBURSEMENT RATES FOR INTERMEDIATE CARE FACILITIES FOR THE MENTALLY RETARDED (ICF/MR)

## Effective Date: 10/12/88

I. Introduction

A. The following sections summarize the methods and procedures used by the Alabama Medicaid Agency (hereinafter "Agency") in determining proper reimbursement to providers operating long term care facilities functionally classified as Intermediate Care Facilities for the Mentally Retarded.

B. All reimbursement will be determined in compliance with generally accepted accounting principles, principles outlined in the State Plan, Medicare (Title XVIII) Retrospective Reasonable Cost Principles of Reimbursement, and principles and procedures promulgated by the Agency to provide reimbursement of provider costs which must be incurred by efficiently and economically operated ICF/MRs. The Agency may, in the absence of applicable procedures, standards, and provisions within published Regulations, apply certain reasonability standards to expenses for which reimbursement is sought, to determine whether reimbursement should be made. The granting of variances to the Agency Reimbursement Principles will be discretionary with the Agency, based on the submission of substantiating documentation and convincing evidence by the provider that services can be provided in a more cost efficient manner if the variance is granted.

C. Providers/Administrators are expected to conduct their business in an efficient and cost effective manner and to seek reimbursement only for those costs which must be incurred in the conduct of an economically and efficiently operated facility.

D. The Agency will conduct desk reviews and on-site audits to insure that only allowable costs are allowed and reimbursed, and the Agency's previous failure to disallow costs shown in cost reports will not insure their continued allowance if these costs are identified as unallowable. In addition, attempts by a provider to include costs previously disallowed by the Agency may result in additional investigation by the Agency or investigation by the Alabama Attorney General's Medicaid Fraud Control Unit.

E. The Agency recognizes the impact of inflation on all costs associated with doing business and has taken this into account in initiating the application of an inflation index. The inflation index shall be based upon the economic indicators as published by Data Resources, Inc. (DRI) for the Department of Health and Human Services. The indicators shall be the Market Basket Index of

Operating Costs - Skilled Nursing Facility, which are published quarterly, whereas the Medicaid fiscal year for ICF/MR for cost reporting purposes ends on September 30. Therefore, the inflation index for the rate period will be the DRI Index for the twelve-month period ending on the calendar quarter for which the index has been published or made available at October 1st of each year.

This factor shall be used to inflate allowable historical operating costs (excluding salaries and wages for State owned facilities). This factor shall not apply to depreciation, interest, lease payments, insurance, taxes or any other property costs. Salary increases shall be computed separately for state owned facilities. Property costs will be computed separately, and projections on these items will be allowed if they are not prohibited or limited by other provisions of this plan.

# II. Cost Finding and Cost Reporting Procedures

A. All ICF/MR facilities are required to report costs for the twelve months ending September 30th of each year.

B. All ICF/MR facilities are required to detail their costs for the entire reporting year, or for the period of participation in the plan, if less than the full reporting year, for allowable costs under the Alabama Plan. These costs are recorded by the facility on the basis of generally accepted accounting principles and the accrual method of accounting. Cash basis accountability will be allowed only for those ICF/MR facilities operated by, or for, an agency of the Federal, State or county governments.

C. All ICF/MR facilities are required to report costs on the uniform cost report form provided by the State Agency. All uniform cost reports must be filed with the State Agency within sixty (60) days of the close of the cost reporting year, unless an extension is authorized, or adequate justification is provided. Failure to comply with the established deadline may result in the imposition of penalties against the facility.

D. All nursing facilities are required to maintain financial and statistical records for each cost reporting year, which are accurate and in sufficient detail to substantiate the cost data reported for a period of at least three years, plus the current year, following the date of submission of the cost report form to the State Agency. These records must be made available upon demand to representatives of the State Agency or the United States Department of Health and Human Services.

E. The State Agency shall retain all uniform cost reports submitted in accordance with paragraph "C" above for a period of three years, plus the current year, following the date of submission of such reports and will maintain those reports pursuant to the

Approval Date <u>10/22/92</u>

record keeping and reporting requirements of the Department of Health and Human Services.

## III. Allowable Costs

A. The following items of expense are allowable costs under the Plan:

1. All items of expense which providers must incur in meeting certification standards, to include costs involved in meeting the definition of intermediate care facility for the mentally retarded as contained in the Social Security Act or H&HS publications, costs to comply with the standards prescribed by the Secretary of Health and Human Services, costs to comply with the standards established by the State Agency responsible for establishing and maintaining health standards under the authority of 42 CFR §442.400 and costs to comply with any other requirements for licensing under State law. Some cost center limitations are detailed in Chapter 42 of the Alabama Medicaid Administrative Code.

2. Allowable costs include reasonable costs of providing quality care. Implicit in the intention that reasonable costs be paid is the expectation that the provider seeks to minimize its costs and that its costs do not exceed what a prudent and cost conscious buyer pays for a given item of service or product. If costs are determined to exceed the level that such buyers incur, in the absence of clear evidence that the higher costs were unavoidable, the excess costs are not allowable costs. Costs related to resident care include all necessary and proper costs involved in developing and maintaining the operation of resident care facilities and activities. Necessary and proper costs related to resident care are usually costs which are common and accepted occurrences of similar providers. They include such costs as property costs, resident care costs, maintenance costs, administrative costs, etc.

3. An allowance for return on equity capital for proprietary providers is also provided. This rate of return shall be equal to the average of the rate of the Federal Hospital Insurance Trust Fund for the twelve-month period ending September 30th of each cost reporting year.

## Effective Date: 03/01/96

4. Depreciation will be an allowable cost for non-governmental providers. In lieu of depreciation for the use of buildings and improvements, State and local units of government will be compensated through use allowance. A use allowance for buildings and improvements may be computed at an annual rate not exceeding two percent of acquisition cost.

Approval Date <u>04/25/96</u>

Major movable equipment for State owned and operated local units will be depreciated.

# Effective Date: 10/01/92

5. Interest Expenses - For this expense to be allowable, it must be reasonable, necessary, and incurred strictly to satisfy a financial need directly related to patient care. Additionally, interest paid to a related party will not be characterized as allowable.

6. Bad debts of patients and charity and courtesy allowances shall not be included in allowable costs.

7. Costs applicable to services, facilities, and supplies furnished to a provider by organizations related to a provider by common ownership or control shall not exceed the lower of the cost to the related organization or the price of comparable items purchased elsewhere. Providers shall identify such related organizations and costs in their cost reports.

8. A multiple-facility complex which has an ICF/MR and other components, such as a hospital, must establish separate cost entities to insure an equitable distribution of indirect costs to all cost centers. This allocation method must be approved by the Alabama Medicaid Agency and any excessive allocation to the ICF/MR facility will be disregarded.

# B. <u>Audits and Rate Computation</u>

Description of State's Procedures for Audits - General: ICF/MR facilities will be audited by members of the audit staff of the Alabama Medicaid Agency or by an independent audit firm to ensure that reimbursement is being made only for allowable costs.

1. A desk review and analysis is made on data presented in the Uniform Cost Report. This analysis consists of a review of historical costs and an evaluation of budgeted changes. A payment rate is established based on this analysis and this payment rate is subject to modification, based on findings disclosed by a subsequent in-depth audit.

The standards, desk review, and on-site audits will be sufficient to ensure that only expense items allowable under the Alabama Plan are included in the facility's Uniform Cost Report and that the expense items included are accurately determined and attributed and are reasonable. 2. The State Agency will conduct analyses of the Uniform Cost reports by January 1st of each year of the reports submitted for the reporting year ending the previous September 30th to verify that the facility has complied with paragraphs (1) and (2) above in Section A.

3. When certain budgeted data presented in the cost report appears to be disproportionate to the historical costs or to prevailing conditions in other facilities, additional analysis or audit is performed before a rate is established.

4. An in-depth, on-site audit of each facility will be conducted as necessary. The audit standards set forth in Health Insurance Manual (HIM-18) will govern the audit procedures, along with the more specific guidelines established in the Alabama Medicaid Audit Guide for ICF/MRs. Financial records and other pertinent documents will be closely analyzed. These on-site audits will be conducted in accordance with generally accepted auditing standards and will be sufficiently comprehensive in scope to determine that only proper items of cost were included in the Uniform Cost Report and complies with paragraph (B)(1) above.

5. The on-site audits conducted in accordance with paragraph (B)(4) above shall produce an audit report, which shall meet generally accepted auditing standards and shall declare the auditor's opinion as to whether, in all material respects, the Uniform Cost Report includes only expense items allowable under the Alabama Plan, and that the expense items included are accurately determined and attributed, and are reasonable. These audit reports shall be kept by the State Agency for at least three years following the date of submission of such reports, and will be maintained pursuant to the record keeping and reporting requirements of the Department of Health and Human Services.

6. Subsequent to an audit of a facility, a Report of Audit will be forwarded to the facility. Certain disallowances of costs as reported on the cost report may be necessitated by the findings of the audit staff, resulting in a change of the per diem reimbursement rate. It is also possible that an audit may obviate underpayments by Medicaid to the provider, both situations resulting in the need to either recoup from or pay to the provider any over or underpayments due.

7. This settlement will be achieved in either event by a lump sum payment from the party underpaying (Alabama Medicaid

Agency) or being overpaid (the provider), and an adjustment in the per diem rate.

8. Prior to collection of any amount due the Alabama Medicaid Agency as a result of disallowances contained in the final report of audit, the facility will be given thirty (30) days to contest Medicaid's findings and to request an informal conference to present its position. Subsequent to any informal conference, an administrator who feels the results of the informal conference are adverse to his facility may request a fair hearing in writing within fifteen (15) days of Medicaid's mailing its determination on the issues presented at the informal conference. All fair hearings are conducted in accordance with Alabama Medicaid Agency rules governing fair hearings.

9. Payment rates to ICF/MRs are determined prospectively and are redetermined annually effective with rates established after the first cost reporting year.

#### Effective Date: 10/01/93

10. ICF/MRs will be reimbursed on a reasonable cost-related basis and payments will be based upon the lower of the facility's billing rate or maximum reimbursement rate or the facility's usual and customary charge to the general public for the same range of services minus applicable patient income. In the above statement, the billing rate is equal to the rate determined using the following methodology:

(a) Net reported costs (Schedule B, Column 5 of the cost report) shall be adjusted for cost recovery items, unallowable cost and excess administrative costs.

(b) Costs as adjusted in (a) above (less any property cost) Shall be separated into Salaries and other cost. The other cost will be multiplied by the Medicaid inflation index to calculate a budgeted increase in other expense. To determine a projected increase in salaries, the amount or % increase specified by the provider shall be used.

(c) Budgeted increases/decreases (rent, depreciation, interest, major repairs) shall be calculated using as a basis data supplied by the provider.

## Effective Date: 03/01/96

(d) In lieu of depreciation for buildings and improvements, a use allowance shall be determined for governmental entities. Major movable equipment for governmental entities will be depreciated (see Appendix A).

Effective Date: 10/01/93

(e) The allowable equity capital will be multiplied by the percentage rate of return specified in Rule No.

560-X-42-.13 and the product will be the allowance for Return on Equity Capital. (This allowance applies to proprietary providers only.)

(f) The sum of the amounts as determined in (a) - (e) above shall be divided by total patient days as reported by the provider. The resulting average cost per day will be arrayed within each of the two functional groupings of facilities. The number of facilities in each grouping will be multiplied by 90% to determine the position of the facility that represents the 90th percentile. If the 90th percentile does not fall on a whole number, the Agency will round up or down to the nearest whole number. If the number falls on .0 to .49, we will round down. If the number falls on .50 or higher, we will round up. Counting from the bottom of the arrayment (upward) that facility's cost in each grouping will be the ceiling reimbursement rate for all costs of the homes within that functional class.

(g) The ICF/MR facilities are considered a separate class under the Alabama Long Term Care Program. Within this class are two groupings of facilities:

(1) Institutionally based, larger than fifteen (15) beds

(2) Institutionally based, with at least four (4), but no more than fifteen

(15) beds

Within each of these facility groupings, the maximum reimbursement rate per day for a particular facility is the maximum reimbursement (as determined in (f) above) for the category in which the facility is assigned.

(h) Once the percentile ceilings have been established for a calendar year, they will be final and not normally subject to revision or adjustment during the year. Since the ceiling rates are based on information contained in the cost reports, it is to the benefit of each provider to insure that the provider's information is correct and accurate. If obvious errors are detected during the desk audit/review process, providers will be given an opportunity to submit corrected data.

(i) Finally, if a change in ownership or level of care or number of beds licensed has occurred, a facility may project the costs which are then divided by the projected total inpatient days.

(j) The monthly rate is computed by multiplying the per diem rate by 30.42 days. This rate is valid for patients in the facility for a full month. For partial month coverage, the per diem rate is multiplied times the number of days.

## IV. Payment Rates Resulting from Methods and Standards

Alabama has determined that the payment rates resulting from these methods and standards are at least equal to the level which the State reasonably expects to be adequate to reimburse the actual allowable costs of a facility that is economically and efficiently operated.

#### V. Payment Assurances and Payment Limitations

A. The State will pay each provider of ICF/MR services, who furnishes the service in accordance with the requirements of the State Plan, the amount determined for services furnished by the provider under the Plan.

B. State payments made pursuant to the State Plan for ICF/MR facilities shall not exceed the general payment limits established by the United States Congress and implemented through Agency regulations, when such limits are established by the Secretary of Health and Human Services. These payments shall under no circumstances exceed the facility's customary charges to the general public for services.

C. Payments made in accordance with methods and standards described in this attachment are designed to enlist participation of a sufficient number of providers of services in the program, so that eligible persons can receive the medical care and services included in the State Plan at least to the extent these are available to the general public.

D. Alabama does not adjust rates based on service deficiencies or quality of service; no payment will be made for services rendered at an inappropriate level of care.

E. Providers who participate in the program shall accept as payment in full those amounts paid to them in accordance with the State Plan.

Approval Date <u>05/31/94</u>

#### VI. Compliance with Provisions, Methods and Standards

In order to assure compliance with its regulations, the Alabama Medicaid Agency has established certain penalties which may be assessed at its discretion, the details of which are fully set out in the Agency Administrative Code.

#### VII. Miscellaneous

A. The Alabama Medicaid Agency will utilize appropriate methods of notifying the public concerning proposed, substantial changes in methods and/or standards, and prior to the implementation of any substantial change in methods and/or standards, the public will have an opportunity to review and comment on the proposed changes.

B. Detailed information regarding the reimbursement methodology and related matters appears in Chapter 42 of the Alabama Medicaid Agency Administrative Code.

Addendum to B. 10.(d) (Page 16)

Depreciation will be computed using the American Hospital Association Estimated Useful Lives of Depreciable Hospital Assets. Equipment that has been amortized through a use allowance will have its remaining book value determined and that value will be depreciated over its remaining useful life. Should the remaining useful life be zero, the book value will be written off in the current year.

#### **DEFINITION OF A CLAIM**

Effective Date: 10/01/80

Within the guidelines of 42 CFR 447.45(b), the definition of a claim for each of the several types of covered services provided recipients through the Alabama Medicaid Program is included in this attachment. In each of the definitions the term "claim form" is used. This does not limit the submission of claims to hardcopy. Submission of claims in any Medicaid prior approved method is acceptable. This could include magnetic tape, diskettes, or continuous form of billing.

Effective Date: 10/01/14

1. Inpatient Hospital Claim

An inpatient Hospital Claim is a bill for all services provided a recipient by a provider and submitted for payment on an approved Medicaid claim for each in-hospital period in a calendar year. Except for children under the age of one, or under the age of six who are receiving medically necessary inpatient services in a hospital which has been designated by Medicaid as a disproportionate share hospital, or additional inpatient days that have been authorized for deliveries, or children who have been referred for treatment as the result of an EPSDT screening. For rate year beginning October 1, 2014, the 16 day reimbursement limit will no longer be effective.

Effective Date: 10/01/11

2. Outpatient Hospital Claim

An Outpatient Hospital Claim is a bill for all services except physician charges provided a recipient by a provider and submitted for payment on an approved Medicaid claim for each visit, except for chemotherapy, physical or occupational, and radiation therapy which may be span billed for services rendered during a calendar month.

Effective Date: 07/01/87

3. Rural Health Clinic Claim

A Rural Health Clinic Claim is a bill for all services provided a recipient by a provider and submitted for payment on an approved Medicaid claim form for each encounter.

Requirements for Third Party Liability -Identifying Liable Resources

Automated data exchanges with the Department of Industrial Relations (SWICA and Workmen's Compensation) and the Department of Public Safety (Motor Vehicle) are performed quarterly. Employment data identified thru the SSA Wage and Earnings File and by IV-A is referred to the Third Party Liability (TPL) Section by the certifying agency for Medicaid upon identification of same. Diagnosis and trauma code edits are performed on a monthly basis.

TPL data received as a result of SWICA, SSA and IV-A data exchanges is incorporated into the Eligibility File and TPL data base within thirty days of receipt of verification of coverage. Health insurance information identified by Medicaid certifying agencies during application and redetermination is incorporated into the Eligibility File and TPL data base by the TPL section within sixty days of receipt of verification of coverage.

The data exchange with the Department of Public Safety identifies drivers and pedestrians only if an injury code is listed on the accident report. The data exchange produces a listing of matches which the TPL submits to the Department of Public Safety with a request for copies of each accident report. The accident reports are reviewed by the TPL staff within 30 days of receipt. If potential TPL is identified, a case file is established within 30 days of identification of TPL. Pertinent insurance information is documented in the third party data base if there is a reasonable expectation that the carrier will pay future related medical expenses.

Paid claims identified monthly through trauma and diagnosis code edits result in recipient questionnaires which are computer generated and mailed to the recipients within sixty days of the end of the month in which the claim is paid.' A follow-up letter is computer generated to the recipient sixty days after the initial letter if no reply is received. Recipient responses are reviewed upon receipt for probable third party liability and case files are established within sixty days of receipt of the recipient questionnaire if a determination of probable third party liability is made. Insurance information is added to the third party data base when there is a reasonable expectation that the carrier will pay future related medicals.

Requirements for Third Party Liability – Payment of Claims

The Medicaid Agency's TPL program primarily functions as a cost avoidance system. Claims for medical services, unless excluded by federal law, are cost-avoided when a third party liability policy exists with the Medicaid Agency's claims payment system. Claims paid prior to the identification and input of third party coverage into the claims payment system are pursued by a vendor for post-payment recovery.

Provider compliance with third party billing requirements (42 CFR 433.139(b)(3)(ii)(C)):

The State Plan as referenced herein requires providers to bill liable third party coverage. When a probable third party coverage is established, the Medicaid Agency notifies the provider that the claim was cost-avoided due to the existence of TPL. TPL cost-avoided claims are identified with an Explanation of Benefit Code which provides the third party payer information on the provider's Remittance Advice. Exceptions to the cost-avoidance process:

- claims as specified in 42 CFR 433.139(b)(3)(i),
- when the pursuit of liable third party can result in harm to the beneficiary (Good Cause exemption under 42 CFR 433.147(c)(2)),
- any approved cost-avoidance waiver.

The Medicaid Agency will apply cost-avoidance procedures for prenatal services, including labor, delivery and postpartum care services.

In accordance with 42 CFR 433.139(b)(3)(i), the Medicaid Agency will make payment without regard to potential TPL for pediatric preventive services and will seek recovery from the carrier, unless the state has made a determination related to cost-effectiveness and access to care that warrants cost-avoidance for 90 days. If a provider has billed a third party for pediatric preventive services and has not received a response, the provider will be required to submit proof that at least 90 days has passed from the date of service before the Medicaid Agency will pay the claim.

Where the third party liability is derived from a parent whose obligation to provide medical support is being enforced by the State Title IV-D Agency, providers will be required to bill the third party before filing Medicaid. If a provider has billed a third party and has not received payment, the provider will be required to submit proof that at least 100 days has passed from the date of service before the Medicaid Agency will pay the claim.

AL-24-0002 Attachment 4.22-B Page 2

Providers are monitored for compliance with insurance billing requirements through post payment recovery by a vendor. If a report of prior payment to either the provider or insured person is received, the amount paid by the carrier is recouped from the provider.

Third Party Collection Procedures to be Cost-Effective:

The Medicaid Agency's MMIS uses a \$50 threshold in determining whether to seek recovery from a health insurance carrier for all except drug claims. Claims which do not exceed a paid amount of \$50 are placed in an automated suspense file. The suspense file is read monthly to identify recipients whose accumulated claims exceed the threshold. Claims are carried on the suspense file for up to twelve months. The Medicaid Agency's MMIS uses a \$25 threshold for drug claims. Drug claims are accumulated monthly for submission to a third party. Accumulated claims which exceed a \$25 paid amount are submitted to the third party carrier.

The Medicaid Agency uses a \$250 threshold for casualty recovery. Once a liable third party is identified, the entire recipient paid claims history is reviewed. If the accumulated total of paid claims related to the injury third party exceeds \$250, recovery is sought from the liable third party.

The Medicaid Agency ensures that regulations are in effect that bar liable third-party payers from refusing payment for an item or service solely on the basis that such item or service did not receive prior authorization under the third-party payer's rules. These regulations comply with the provisions of section 202 of the Consolidated Appropriations Act, 2022.

# STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT State/Territory: <u>Alabama</u>

# 1906 of the ActState Method on Cost Effectiveness of Employer-Based Group<br/>Health Plans (Private Health Insurance Buy In – PHIBI)

The State of Alabama will use two methods to determine the likely cost effectiveness of a group health plan:

1. Cost effectiveness based on Average Expenditure Projection

The likely cost effectiveness of a health insurance policy to Medicaid may be determined by comparing the cost of the premiums, deductibles, copayments, plus the administrative cost of analysis and processing by the state against the average Medicaid expenditure for a recipient in the recipient's eligibility classification for types of service(s) covered under the policy. The premium shall be paid even if the policy covers other non-Medicaid person(s), but only to the extent when the premium portion of the recipient cannot be paid separately from the non-covered person.

2. Cost Effectiveness Based on Actual Expenditures

The likely cost effectiveness of health insurance may be established by documentation of actual expenditures (Explanation of Benefits) from the insurer which, based on a recipient's existing condition, are likely to continue and that exceed the cost of the policy as described in paragraph 1. above for the period of anticipated Medicaid coverage.

# Methodology for Determining Cost Effectiveness of the Health Insurance Premium Payment Program (HIPP)

The purpose of the Health Insurance Premium Payment Program (HIPP) is to identify Medicaid cases in which payment of employer related group health insurance premiums would be cost effective.

Approval Date: 09/29/09

Effective Date: 08/01/09

In order to qualify for HIPP, a person must be eligible for and receiving Medicaid, participate in a group health insurance plan, and payment of the health insurance premium by the Alabama Medicaid Agency must be determined to be cost effective. The recipient or a person acting on the recipient's behalf shall cooperate in providing information necessary for the Agency to establish availability and the cost effectiveness of group health insurance.

# THIRD PARTY LIABILITY

Once a person is determined eligible for HIPP, the insurance will be treated as a third party resource. The policy will be listed on our third party file. The group insurance will become the primary payer. Medicaid will provide for payment of items and services to Medicaid recipients under the State Plan that are not covered in the group health plan.

# **COST EFFECTIVENESS**

Cost effectiveness means that Medicaid payments for certain services will probably be greater than the cost of paying the health insurance premiums for those services. When determining if a health insurance plan is cost effective, the following data will be considered:

- The cost of the insurance premium, coinsurance and deductibles
- The category of services covered under the insurance plan, including exclusions for pre-existing conditions, etc.
- The average anticipated Medicaid use, by coverage group, for person covered under the insurance plan
- The specific health related circumstances of the person covered under the insurance plan

# **COVERAGE OF NON-MEDICAID ELIGIBLE FAMILY MEMBERS**

When it is determined to be cost effective, the Agency will pay for health insurance premiums for Non-Medicaid eligible family members if a Non-Medicaid eligible family member must be enrolled in the health insurance plan in order to obtain coverage for the Medicaid eligible family members. The needs of the person/persons not covered by

Medicaid will not be taken into consideration in determining cost effectiveness. Payments of deductibles and coinsurance will not be made on behalf of family members who are not Medicaid eligible.

# **EXCEPTIONS TO PAYMENT**

Health insurance premiums will not be paid under the following circumstances:

- The insurance plan is that of an absent parent
- The insurance plan is an indemnity policy which supplements the policyholder's income or pays only a predetermined amount for services covered under the policy (example: \$50.00 per day for hospital services instead of 80 percent of the charge)
- The insurance plan is a school plan offered on the basis of attendance or enrollment at the school
- The person/persons covered under the plan are <u>not</u> Medicaid eligible on the date the decision regarding eligibility for HIPP is made.

# **DUPLICATE POLICIES**

When more than one health insurance plan or policy is available to a recipient, the Agency will pay for the most cost effective plan. In a situation where a recipient is on Buy-in (the Agency is paying the cost of the Medicare Part A or Part B premiums), the cost of premiums for a Medicare supplemental insurance policy may be paid if the Agency determines it to be cost effective.

# **DISCONTINUATION OF PREMIUM PAYMENTS**

When a recipient loses Medicaid eligibility, premiums payments will be discontinued as of the month of Medicaid ineligibility. When part of a household loses Medicaid eligibility, a review will be completed in order to determine whether or not payment or the health insurance premium continues to be cost effective.

# **EFFECTIVE DATE OF PREMUM PAYMENT**

The effective date of premium payments for cost effective health insurance plans will be the month in which the plan is determined to become cost effective as long as all necessary requirements have been met (e.g., Cobra forms are on file with employer, HIPP application is on file with Third Party, etc.).

# **REVIEW OF COST EFFECTIVENESS**

A redetermination of cost effectiveness will be completed at least every six months for employer related group health plans and annually for non-employer related group health plans. Also, redeterminations will be completed whenever a predetermined premium rate, deductible or coinsurance increases, a person covered under the policy loses full Medicaid eligibility or there is a decrease in services covered under the policy.

# TIME FRAMES FOR DETERMINING COST EFFECTIVENESS

The Agency will determine cost effectiveness of the insurance plan and notify the recipient of the decision regarding payment of premiums within 45 days of the receipt of the HIPP application. Additional time may be granted when, for reasons beyond the control of the Agency or recipient, information needed to establish cost effectiveness cannot be obtained within the 45 day period.

# **NOTICES**

An adequate notice shall be provided to the Medicaid recipient or person responsible for the recipient under the following circumstances:

- To inform the recipient of the initial decision regarding cost effectiveness and premium payment
- To inform the recipient that premium payments are being discontinued because Medicaid eligibility has been lost by all persons covered under the policy
- To inform recipient that premium payments are being discontinued because the insurance plan is no longer available (e.g., employer drops insurance coverage or the insurance company terminates the policy)
- To inform recipient that payment of premiums is being discontinued because the Agency has determined the policy is no longer cost effective.

# RATE REFUND

The Agency will be entitled to any rate refund made when the health insurance carrier determines a return of premiums to the policyholder is due, because of lower than anticipated claims for any period of time for which the Agency paid the premium.

#### METHOD FOR ISSUANCE OF MEDICAID ELIGIBILITY CARDS TO HOMELESS INDIVIDUALS

#### 1. SSI Recipients

Monthly eligibility cards are forwarded to the address provided the Alabama Medicaid Agency through the State Data Exchange (SDX) update tapes. When the local Social Security Office presents an SSI assistance check to an eligible individual reporting to the office, the recipient's name and the local Social Security Office postal box number is provided the main Social Security headquarters in Baltimore, Maryland. This information is then entered on the next SDX update tape for Alabama. The Medicaid eligibility file (AMAES) is updated from the SDX tape with the appropriate Social Security Office address which is then imprinted on the Medicaid monthly eligibility card and forwarded to the local Social Security Office identified in the address.

#### 2. Non-SSI Recipients

Monthly eligibility cards for programs administered by the Department of Human Resources may be forwarded to the DHR County office where the Medicaid recipient was certified eligible, or at recipient's choice the card will be mailed to a recipient's postal box or to the U.S. Post Office General Delivery Section indicated in the address.

REQUIREMENTS FOR ADVANCE DIRECTIVES UNDER STATE PLANS FOR MEDICAL ASSISTANCE

The following is a written description of the law of the State (whether statutory or as recognized by the courts of the State) Concerning advance directives. If applicable, States should include definitions of living will, durable power of attorney for health care, durable power of attorney, witness requirements, special State limitations on living will declarations, proxy designation, process information and State forms, and identify whether State law allows for a health care provider or agent of the provider to object to the implementation of advance directives on the basis of conscience.

#### YOUR RIGHT TO MAKE YOUR OWN DECISIONS ABOUT MEDICAL CARE (A summary of the law in Alabama)

This document was prepared by the Alabama Department of Public Health, the Alabama Medicaid Agency, and the Alabama Attorney General, with the assistance of health law experts throughout the state. It is provided to you in compliance with federal law.

#### DECIDING FOR YOURSELF WHAT TREATMENTS YOU WANT

---IF you are nineteen years of age or older,

---AND IF you are reasonably alert and mentally capable of understanding the consequences of your own decisions,

THEN Alabama law allows you to stop hospitals, nursing homes, physicians, nurses, or other health care workers from performing a medical procedure or treatment on you against your wishes. This includes life-saving emergency treatments, life-sustaining treatments, and the provision of food and liquids by artificial means. Examples of life-saving treatments include cardio-pulmonary resuscitation ("CPR") and cardiac defibrillation, which is a procedure where electric current is applied to your chest to stabilize your heartbeat. Examples of life-sustaining treatments include mechanical ventilators to assist breathing and kidney dialysis. Other life-sustaining treatments include administration of food and liquids, which may be done through a tube inserted in your nose and down your throat, or through a tube surgically placed directly into your stomach.

#### Deciding about your health care

If you are 19 or older, the law says you have the right to decide about your medical care.

If you are very sick or badly hurt, you may not be able to say what medical care you want.

If you have an advance directive, your doctor and family will know what medical care you want if you are too sick or hurt to talk or make decisions.

#### What is an advance directive?

An advance directive is used to tell your doctor and family what kind of medical care you want if you are too sick or hurt to talk or make decisions. If you do not have one, certain members of your family will have to decide on your care.

You must be at least 19 years old to set up an advance directive. You must be able to think clearly and make decisions for yourself when you set it up. You do not need a lawyer to set one up, but you may want to talk with a lawyer before you take this important step. Whether or not you have an advance directive, you have the same right to get the care you need.

## Types of advance directives

In Alabama you can set up an Advance Directive for Health Care. The choices you have include:

A living will is used to write down ahead of time what kind of care you do or do not want if you are too sick to speak for yourself.

A proxy can be part of a living will. You can pick a proxy to speak for you and make the choices you would make if you could. If you pick a proxy, you should talk to that person ahead of time. Be sure that your proxy knows how you feel about different kinds of medical treatments.

Another way to pick a proxy is to sign a durable power of attorney for health care. The person you pick does not need to be a lawyer.

AL-99-06 Attachment 4.34-A Page 3 OMB No.:

You can choose to have any or all of these three advance directives: Living will, proxy and/or durable power of attorney for health care.

Hospitals, home health agencies, hospices and nursing homes usually have forms you can fill out if you want to set up a living will, pick a proxy or set up a durable power of attorney for health care. If you have questions, you should ask your own lawyer or call your local Council on Aging for help.

# When you set up an advance directive

Be sure and sign your name and write the date on any form or paper you fill out. Talk to your family and doctor now so they will know and understand your choices. Give them a copy of what you have signed. If you go to the hospital, give a copy of your advance directive to the person who admits you to the hospital.

# What do I need to decide?

You will need to decide if you want treatments or machines that will make you live longer even if you will never get better. An example of this is a machine that breathes for you.

Some people do not want machines or treatments if they cannot get better. They may want food and water through a tube or pain medicine. With an advance directive, you decide what medical care you want.

# Talk to your doctor and family now

The law says doctors, hospitals and nursing homes must do what you want or send you to another place that will. Before you set up an advance directive, talk to your doctor ahead of time. Find out if your doctor is willing to go along with your wishes. If your doctor does not feel he or she can carry out your wishes, you can ask to go to another doctor, hospital or nursing home.

Once you decide on the care you want or do not want, talk to your family. Explain why you want the care you have decided on. Find out if they are willing to let your wishes be carried out.

Family members do not always want to go along with an advance directive. This often happens when family members do not know about a patient's wishes ahead of time or if they are not sure about what has been decided. Talking with your family ahead of time can prevent this problem.

# You can change your mind any time

As long as you can speak for yourself, you can change your mind any time about what you have written down. If you make changes, tear up your old papers and give copies of any new forms or changes to everyone who needs to know.

Survey and Certification Education Program

The State has in effect the following survey and certification periodic educational program for the staff and residents (and their representatives) of nursing facilities in order to present current regulations, procedures, and policies.

The Division of Licensure and Certification (DLC) as a subsidiary of Public Health maintains a vital interest and active involvement in the education of the staff, residents and their representatives in facilities throughout the state. The programs provided by DLC for the educational benefit to meet the needs of the populous include:

(1) Active participation in a Standardization Committee which jointly includes members of this division and members of the Alabama Nursing Home Association. This committee meets regularly to discuss issues pertinent to this area of medical care. Through questions and comments submitted by the Nursing Home Association, DLC responds with answers which are discussed and solved in writing. The questions, answers and pertinent areas of sussion are then distributed to the long term care facilities and veyors throughout this state in an effort to increase communication and consistency.

(2) DLC Newsletters are published to address pertinent information, issues, and clarification of information. Also addressed are changes within regulations, requirements and survey procedures.

(3) Statewide tours addressing the CLIA regulations will be conducted by this agency who will be responsible for regulating these facilities.

(4) DLC staff participates in workshops around the state as requested by various industry members.

Process for the Investigation of Allegations of Resident Neglect and Abuse and Misappropriations of Resident Property

The State has in effect the following process for the receipt and timely review and investigation of allegations of neglect and abuse and misappropriation of resident property by a nurse aide or a resident in a nursing facility or by another individual used by the facility in providing services to such a resident.

The Alabama Department of Public Health, Division of Licensure and Certifications, Complaint Unit is responsible for this function. The complaint unit consists of eight (will be increased by 100% by FY93) Licensure & Certification nurses (RN's) specially trained to investigate abuse, neglect and misappropriation of residents funds or property, two Steno II administrative support personnel, and is supervised by a Licensure and Certification officer with extensive experience in health care management, i.e., Hospital and Nursing Home Administration. A one page Abuse Allegation Report form has been developed and distributed to the nursing home industry to be utilized to eport an allegation of abuse, neglect or misappropriation of property. ,See attachment one) This unit also has in-state toll free: "Hotline" that is manned 8 hours per day on normal duty days. The Hotline also has voice mail capability for recording allegations seven days per week, twenty-four hours per day. When an allegation is received in the complaint unit, a case number is assigned and the allegation is reviewed by the supervisor. The supervisor prioritizes the cases by degree of severity and assigns a survey nurse to make an unannounced on-sight visit to investigate the allegation. \*(See Priority Below) When the nurse is unable to obtain sufficient evidence to substantiate the allegation the facility management and the accused is notified in writing, and the case When sufficient evidence is found, the allegation is is closed. substantiated and the process of adding the accused's name to the abuse register is implemented. A permanent file is established (and maintained in the complaint unit) which contains a complete report and supportive documentation of the allegation investigation, and disposition of each case.

\*Priority 1. (Initiate investigation within two working days of receipt) Physical abuse, temporary or permanent injury, disability or death.

\*Priority 2. (Initiate investigation within 45 days) All abuse, neglect or misappropriation of resident's property that do not fall into priority 1.

Procedures for Scheduling and Conduct of Standard Surveys

The State has in effect the following procedures for the scheduling and conduct of standard surveys to assure that it has taken all reasonable steps to avoid giving notice.

The division of Licensure and Certification has in place a Security Plan to assure that all long term care on-site surveys are unannounced. All reasonable steps have been taken to avoid giving notice. Computer listings of surveys (recertification and follow-up) are distributed only to directors and supervisors that require this information. The schedule is distributed to the Director of Field Services and Quality Assurance, Director of Health Care Facilities Section, Director of Long Term Care Section, Long Term Care Supervisors, Complaint Supervisor, and Life Safety Code Supervisor. These schedules are carefully protected by the management staff. Surveyors are not given a copy of the schedule and do not have access to the schedule. Assignments are given to surveyors the Friday prior to a Monday survey or on the Monday prior to a Tuesday survey. Advance hotel/motel reservations are not made; however, if room twailability is questionable, the surveyor may make an advance reservation using a fictitious name.

In checking out a State Motor Pool vehicle, surveyors do not list the cities involved in travel. This assures confidentiality of the survey towns. Surveyors are notified upon employment with the Division of the requirement that all surveys are unannounced. They are made aware of the federal monetary fine as well as DLC's policy of disciplinary actions for divulging and unannounced survey.

Programs to Measure and Reduce Inconsistency

The State has in effect the following programs to measure and reduce inconsistency in the application of survey results among surveyors.

The state agency has a comprehensive Quality Assurance program which was designed to increase accuracy in documentation and consistency in surveyors' interpretations of regulation as well as reduce surveyor inconsistency in the application of survey results. This program is multi-dimensional and consists of 5 major areas.

 <u>Supervisor contact with team on survey</u> During surveys in which significant problems are found, there is supervisor contact with the team as information is being collected and observations are being made. This increases consistency in the quality and type of information that is obtained, as well as the quality of information that is documented in the Statement of Deficiencies.

- <u>Review Process</u> Deficiencies go through a multi-step review process.
  - a. <u>A Peer Review</u> of the deficiency by another surveyor is done prior to the deficiency being submitted.
  - b. The <u>team leader</u> reviews the entire packet of information including the Statement of Deficiencies prior to submitting the packet to a long term care supervisor.
  - c. A Long Term Care RN Supervisor reviews the survey information for:
    - 1.) Accuracy
    - 2.) Completeness
    - 3.) Content and clarity. Deficiencies are edited if needed.
    - Information and examples in the deficiencies are tracked back to the worksheets for substantiation and verification of findings.
- 3. <u>Training based on QA results</u>

The state agency's RN training officer is appraised of the results of QA reviews; and surveyor training needs are developed into inservice programs and presented to staff.

Process for Investigations of Complaints and Monitoring

The State has in effect the following process for investigating complaints of violations of requirements by nursing facilities and monitors onsite on a regular, as needed basis, a nursing facility's compliance with the requirements of subsection (b), (c), and (d) for the following reasons:

- the facility has been found not to be in compliance with such requirements and is in the process of correcting deficiencies to achieve such compliance;
- (ii) the facility was previously found not to be in compliance with such requirements and has corrected deficiencies to achieve such compliance, and verification of continued compliance is indicated; or
- (iii) the State has reason to question the compliance of the facility with such requirements.

(Also see (c) & (d) on preprint

PRIORITY 3 - General non-health care related complaints that are referred to an Ombudsman.

These complaint investigations are conducted at the facility during an unannounced on-site visit by a Licensure & Certification nurse assigned to the complaint unit. Investigations are documented on appropriate state agency and HCFA forms plus a complete narrative report is written to address each allegation, the findings of the investigation, a conclusion as to the validity of the allegation and the disposition of the complaint. Complaint investigation files are maintained by facility and are separate from the facility Licensure and Certification file. Follow-up surveys are conducted within 90 days after a complete investigation that results in a Statement of Deficiencies being issued. These follow-up visits are conducted by the LTC certification survey teams in conjunction with routine survey visits when possible. When LTC routine surveys are not scheduled within this allotted 90 day period, the follow-ups are conducted by the complaint unit The facility complaint file is reviewed by the LTC nurses. survey team immediately prior to a routine certification surveyor follow-up visit to a facility. |                  | health facility or school district providing<br>school-based health services). A government<br>agency which merely administers the Medica<br>program, in whole or part (e.g., managing the<br>claims processing system or determining<br>beneficiary eligibility), is not, for these<br>purposes, considered to be an entity.                                                                                                                                                                |
|                  | An entity will have met the \$5,000,000 annual<br>threshold as of January 1, 2007, if it received<br>or made payments in that amount in Federal<br>fiscal year 2006. Future determinations<br>regarding an entity's responsibility stemming<br>from the requirements of section 1902(a)(68)<br>will be made by January 1 of each subsequen<br>year, based upon the amount of payments an<br>entity either received or made under the State<br>Plan during the preceding Federal fiscal year. |
|                  | (B) An "employee" includes any officer or employee of the entity.                                                                                                                                                                                                                                                                                                                                                                                                                            |
|                  | (C) A "contractor" or "agent" includes any<br>contractor, subcontractor, agent, or other<br>person which or who, on behalf of the entity,<br>furnishes, or otherwise authorizes the<br>furnishing of, Medicaid health care items or<br>services, performs billing or coding functions<br>or is involved in the monitoring of health care<br>provided by the entity.                                                                                                                          |
| (2)              | The entity must establish and disseminate written<br>policies which must also be adopted by its<br>contractors or agents. Written policies may be on<br>paper or in electronic form, but must be readily<br>available to all employees, contractors, or agents.<br>The entity need not create an employee handbook<br>if none already exists.                                                                                                                                                |

|                  |         |  |

- (3)An entity shall establish written policies for all employees (including management), and of any contractor or agent of the entity, that include detailed information about the False Claims Act and the other provisions named in section 1902(a)(68)(A). The entity shall include in those written policies detailed information about the entity's policies and procedures for detecting and preventing waste, fraud, and abuse. The entity shall also include in any employee handbook a specific discussion of the laws described in the written policies, the rights of employees to be protected as whistleblowers and a specific discussion of the entity's policies and procedures for detecting and preventing fraud, waste, and abuse.
  - (4) The requirements of this law should be incorporated into each State's provider enrollment agreements.
  - (5) The State will implement this State Plan Amendment on January 1, 2007.
- (b) <u>ATTACHMENT 4.42-A</u> describes, in accordance with section 1902(a)(68) of the Act, the methodology of compliance oversight and the frequency with which the State will re-assess compliance on an ongoing basis.

## ALABAMA MEDICAID AGENCY

# METHODS OF PROGRAM ADMINISTRATION TO ASSURE NONDISCRIMINATION UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

#### A. Purpose

To describe the Alabama Medicaid Agency methods of administration to assure that each program or activity for which it receives federal financial assistance is operated in accordance with Title VI of the Civil Rights Act of 1964.

# B. <u>Policy</u>

The Alabama Medicaid Agency shall comply with the provisions of Title VI of the Civil Rights Act of 1964 and 45 C.F.R., Part 80, and will monitor compliance by providers to ensure that their employees and Medicaid patients are not, on the grounds of race, color, creed, religion, national origin, age, sex, or disability, excluded from participation in, or denied the benefits of, or otherwise subjected to discrimination under any program or service administered for the Alabama Medicaid program.

#### C. Dissemination of Information

- Alabama Medicaid recipients, providers and the general public are informed through brochures, pamphlets, official communications, and public media announcements that Medicaid services are provided on a non-discriminatory basis as required under Title VI regulations.
- The Alabama Medicaid Agency ensures that its staff fully understands their Title VI responsibilities through in-service training, bulletin board notices, and distribution of policies and rules.

## D. Administration

 The Alabama Medicaid Agency does not utilize any criteria or methods of administration which will result in, or have the effect of, distinction being made between individuals solely on the basis of race, color, creed, religion, national origin, age, sex, or disability, or which have the effect of impairing accomplishment of Title VI requirements of the Medicaid Program with respect to recipients and providers of service.

- 3. The Alabama Medicaid Agency has implemented and maintains complaint policies and procedures that provide appropriate recourse for any aggrieved person without regard to race, color, creed, religion, national origin, age, sex, or disability through an Affirmative Action Committee and a Grievance Committee. A current Affirmative Action Plan is available to all employees.
- 4. The Alabama Medicaid Agency Civil Rights Coordinator will be responsible for Title VI Civil Rights compliance by the Alabama Medicaid Agency and its providers of services. The Coordinator will handle complaints of discrimination, and the dissemination of information pertaining to Title VI Civil Rights.
- 5. The Alabama Medicaid Agency will schedule and perform visits on-site to institutional and non-institutional providers to review compliance with the Civil Rights Act, and to investigate Title VI complaints by Medicaid recipients or employees of Alabama Medicaid providers of services, as appropriate.
- 6. It is the policy of the Alabama Medicaid Agency that recruiting, employment, training, promotion, remuneration, and all personnel administrative practices shall be conducted without regard to race, color, creed, national origin, religion, age, sex, politics, or handicap. A formal orientation program will be established which will include the Agency Grievance Procedures and Affirmative Action policies and procedures. Training selection methods and records of participants will be reviewed at the Agency level to ensure that they are nondiscriminatory and are preparing women and minorities in accordance with Affirmative action goals.
- 7. To ensure that the utmost importance is placed on Civil Rights enforcement, the Executive Commissioner of the Alabama Medicaid Agency has been designated as the Civil Rights Coordinator for the Agency.
- 8. The procedures to be administered during the processing of complaints which may be filed involving alleged violations of Title VI provisions have been developed and provided Medicaid staff, the Medicaid recipients and Medicaid District Offices for public display. The procedures have also been published in newspapers for the general public.

## METHODS OF ADMINISTRATION

SECTION 504 OF THE REHABILITATION ACT OF 1973

Alabama Medicaid Agency - Methods of Administration

#### A. Purpose

The Alabama Medicaid Agency, agrees that within the provisions of Section 504 of the Rehabilitation Act of 1973, hereinafter called Section 504, and regulation 45 C.F.R. Section 84.1 <u>et</u> <u>seq</u>, that the Medical Assistance Program shall be conducted in such manner that no qualified handicapped individual shall, solely by reason of his/her handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.

# B. Policy

- 1. In determining the type of activities, services, financial aids, or other benefits, or facilities which will be provided or included under the Alabama Medicaid Program, The Alabama Medicaid Agency will not utilize any criteria or method of administration which will result in or have the effects of distinction being made between individuals solely on the basis of handicap. The Alabama Medicaid Agency will not establish any rule; regulation, or procedure that will interfere with or reduce compliance with Section 504, Rehabilitation Act of 1973.
- The Alabama Medicaid Agency has executed and submitted HHS Form 641, Assurance of Compliance, to the Federal Office of Civil Rights, Washington, D.C.

#### C. Responsibility

The Alabama Medicaid Agency shall be responsible for the following:

- a. Investigate complaints of discrimination within the Alabama Medicaid Agency.
- b. Disseminating of Section 504 information to Alabama Medicaid Agency staff, beneficiaries, and interested members of the general public.
- c. Maintaining documentation of compliance actions taken and the submission of any such reports as might be required by the Department of Health and Human Services (HHS) to ensure compliance with the regulation through state methods of administration. Rec'd\_\_\_\_\_HCFA#\_86\_\_/9\_\_\_

- d. Acting as liaison between the Office of Civil Rights, handicapped groups and other community groups concerned with the delivery of services.
- e. Providing training and technical assistance on Section 504 and the needs of the handicapped.
- f. Making determinations concerning compliance with program requirements.
- g. Conducting compliance reviews of vendors and institutional providers of services.
- h. Maintaining and monitoring essential files and records relative to implementation and surveillance of Title VI and Section 504 programs.

## D. Section 504, Rehabilitation Act of 1973

1. The Alabama Medicaid Agency Compliance Responsibility

The following actions will be taken to ensure that the Alabama Medicaid Agency staff fully understands its responsibilities and obligations under Section 504:

- a. General provisions of Section 504 will be distributed to all employees.
- b. Alabama Medicaid Agency managers shall receive Section 504 orientation.
- c. Appropriate notices pertaining to Section 504 shall be posted on Alabama Medicaid Agency bulletin boards.
- d. Section 504 information shall be included with in-service training programs.
- 2. Provider Compliance

The following procedures and policies have been established in recognition that the Alabama Medicaid Agency's obligation for compliance extends to providers of Medicaid services, service contractors, and other providers of services:

- a. The Alabama Medicaid Administrative Code is available to all Medicaid providers; it includes a list of applicable requirements and states that non-discrimination is prohibited.
- b. In cooperation with provider associations in-service programs as appropriate may be conducted on a statewide basis to ensure understanding of their responsibilities under Section 504. Rec'd\_\_\_\_\_\_HCrA# 86\_\_19\_\_

- c. All freestanding intermediate care facilities (Medicaid only) and any other Medicaid only health facilities are required to submit a signed HHS Form 641, Assurance of Compliance, for certification.
- d. Participants have been instructed that the submission of a signed Assurance of Compliance does not automatically indicate that actual compliance with Section 504 and the regulation is acceptable.
- e. Continuous evaluation will be made of contracted institutions.
- f. All other providers are reviewed on a complaint basis.
- 3. Informing Beneficiaries

In accordance with 45 C.F.R. Section 84.1, et seq, the Alabama Medicaid Agency has taken the following steps to notify beneficiaries and the general public of Section 504 compliance policy:

- a. Alabama Medicaid Agency brochures, pamphlets, contracts, and other similar materials contain a statement of compliance with Section 504.
- b. All customary referral sources have been advised in writing that services and benefits are provided in a nondiscriminatory manner.
- c. A statement of compliance is posted in appropriate places within the Alabama Medicaid Agency. All providers have been provided appropriate compliance statements with instructions to post them in prominent places.
- d. Assistance from local civic groups and organizations interested in the handicapped will be requested for appropriately notifying persons as needed with impaired hearing or vision of the Alabama Medicaid Agency's compliance policy.
- 4. Complaint Policies and Procedures

The Alabama Medicaid Agency has established a grievance procedure providing appropriate due process (hearing) to any aggrieved employee, without regard to race, color, creed, national origin, age, sex, religion, political affiliation or handicap. All employees have been informed of this grievance procedure and copies of the procedure are posted on employee bulletin boards. The Affirmative Action Committee has the responsibility of ensuring complaints are processed in accordance with the established procedure. It is Alabama Medicaid Agency policy that: Rec'd\_\_\_\_\_\_KCFA\_86-19

- To be considered by the Alabama Medicaid Agency Affirmative Action Committee, a complaint must be filed within six (6) months from the date of the alleged discriminatory act(s).
- b. The Alabama Medicaid Agency Commissioner may extend the time for filing the complaint if the complaint is alleged to be of a continuing nature.
- c. No person who has filed a complaint, testified, assisted, or participated in any manner in the investigation of any complaint will be intimidated, threatened, coerced, or discriminated against.
- d. The Chairman of the Affirmative Action Committee shall bring any complaints to the attention of the Civil Rights Coordinator and the Commissioner of the Alabama Medicaid Agency.
- e. All complaints shall be investigated in a prompt and thorough manner.
- f. The established grievance procedure provides for intermediate levels of discussion, fact-finding, hearing and appeal to the grievance committee if necessary. Recommendations of the Committee will be made to the Commissioner.
- g. The complainant will be advised in a timely fashion of the findings regarding his/her complaint and be advised of the rights to appeal to the Office of Civil Rights if not satisfied with the Alabama Medicaid Agency decision.
- h. Documentation (records) will be maintained of the complaint, details of the investigation, and the actions taken.
- i. In those cases where the complaint is initially filed with the Office for Civil Rights, the Alabama Medicaid Agency will conduct the investigation and provide the Office for Civil Rights with full information.
- 5. Nondiscrimination Policy

The Alabama Medicaid Agency has adopted and published a policy of compliance with Section 504 which effectively communicates that the services, financial assistance and other benefits of its programs are provided /in A\_HCFA# 86-19\_nondiscriminatory manner.

42 CFR 435.222 1902(a)(10)(A)(ii)(I) 1902(a)(10)(A)(ii)(IV)

**Reasonable Classification of Individuals under Age 21 -** The state elects to cover one or more reasonable classifications of individuals under age 21 who are not mandatorily eligible and who have income at or below a standard established by the state and in accordance with provisions described at 42 CFR 435.222.

• Yes ( No

The state attests that it operates this eligibility group in accordance with the following provisions:

Individuals qualifying under this eligibility group must qualify under a reasonable classification by meeting the following criteria:

Be under age 21, or a lower age, as defined within the reasonable classification.

Have household income at or below the standard established by the state, if the state has an income standard for the reasonable classification.

Not be eligible and enrolled for mandatory coverage under the state plan.

MAGI-based income methodologies are used in calculating household income. Please refer as necessary to S10 MAGI-Based Income Methodologies, completed by the state.

The state covered at least one reasonable classification under this eligibility group under its Medicaid state plan as of December 31, 2013, or under a Medicaid 1115 Demonstration as of March 23, 2010 or December 31, 2013, with income standards higher (including disregarding all income) than the current mandatory income standards for the individual's age.

• Yes C No

The state also covered at least one reasonable classification under this group in the Medicaid state plan as of March 23, 2010 with income standards higher (including disregarding all income) than the current mandatory income standards for the individual's age.

#### Other Reasonable Classifications Previously Covered

The state covers reasonable classifications of children <u>not</u> covered in the Medicaid state plan as of March 23, 2010, but covered under the Medicaid state plan as of December 31, 2013 or under a Medicaid 1115 Demonstration as of March 23, 2010 or December 31, 2013 with an income standard higher than the current mandatory income standard for the age group.

#### C Yes 💽 No

#### Additional new age groups or reasonable classifications covered

If the state has <u>not</u> elected to cover the Adult Group (42 CFR 435.119), it may elect to cover additional new age groups or reasonable classifications that have not been covered previously. If the state covers the Adult Group, this additional option is not available, as the standard for the new age groups or classifications is lower than that used for mandatory coverage.

The state does <u>not</u> cover the Adult Group and elects the option to include in this eligibility group additional age groups or reasonable classifications that have not been covered previously in the state plan or under a Medicaid 1115 Demonstration. Any additional age groups or reasonable classifications not previously covered are restricted to the AFDC income standard from July 16, 1996, not converted to a MAGI-equivalent standard.

#### MAGI-Based Income Methodologies

1902(e)(14) 42 CFR 435.603

The state will apply Modified Adjusted Gross Income (MAGI)-based methodologies as described below, and consistent with 42 CFR 435.603.

In the case of determining ongoing eligibility for beneficiaries determined eligible for Medicaid on or before December 31, 2013, MAGI-based income methodologies will not be applied until March 31, 2014, or the next regularly-scheduled renewal of eligibility, whichever is later, if application of such methods results in a determination of ineligibility prior to such date.

In determining family size for the eligibility determination of a pregnant woman, she is counted as herself plus each of the children she is expected to deliver.

In determining family size for the eligibility determination of the other individuals in a household that includes a pregnant woman:

O The pregnant woman is counted just as herself.

O The pregnant woman is counted as herself, plus one.

• The pregnant woman is counted as herself, plus the number of children she is expected to deliver.

Financial eligibility is determined consistent with the following provisions:

| When determining eli | gibility for new | applicants, fi | nancial elig | gibility is b | ased on curr | ent monthly | income a | nd |
|----------------------|------------------|----------------|--------------|---------------|--------------|-------------|----------|----|
| family size.         |                  |                |              |               |              |             |          |    |

When determining eligibility for current beneficiaries, financial eligibility is based on:

• Current monthly household income and family size

O Projected annual household income and family size for the remaining months of the current calendar year

In determining current monthly or projected annual household income, the state will use reasonable methods to:

Include a prorated portion of a reasonably predictable increase in future income and/or family size.

Account for a reasonably predictable decrease in future income and/or family size.

Except as provided at 42 CFR 435.603(d)(2) through (d)(4), household income is the sum of the MAGI-based income of every individual included in the individual's household.

In determining eligibility for Medicaid, an amount equivalent to 5 percentage points of the FPL for the applicable family size will be deducted from household income in accordance with 42 CFR 435.603(d).

Household income includes actually available cash support, exceeding nominal amounts, provided by the person claiming an individual described at  $\frac{435.603(f)(2)(i)}{1000}$  as a tax dependent.

### Provide a description of the phase-out or transition plan for the Health Homes Program that is being terminated

#### Describe the reason for termination

Alabama Medicaid will end the Health Home program on September 30, 2019 and will implement the Alabama Coordinated Health Network (ACHN) Program beginning October 1, 2019 based on the authority of the recently approved 1915 (b) waiver AL-09

#### Describe the overall approach the state will use to terminating the program

The Health Home population will continue to receive care coordination services by nurses and social workers through the ACHN program.

| Indicate method of termination                                                                                   | Termination effective date |

The state will phase-out the termination of participation in the Health Homes Program

#### Describe the process the state will use to transition all participants and how referrals will be made to other health care providers

The ACHN will provide a single care coordination delivery system that effectively links patients, providers, and community resources in seven defined regions of the state.

The Health Home population will continue to receive care coordination services by nurses and social workers through the ACHN program. With the implementation of the ACHN, Primary Care Physician's (PCPs) will continue to provide a medical home and the focus will be on activity and quality. PCPs that engage with the ACHN will qualify for bonus payments related to quality, cost effectiveness and Patient Centered Medical Home recognition. PCPs that engage with the ACHN, will also receive a higher payment for certain Evaluation and Management codes. Medicaid is hopeful these changes will produce a more quality driven program.

Care coordination services will be provided for the recipients that were previously in the Health Home Program by the ACHN Program beginning November 1, 2019. Before then, recipients can contact the ACHN recipient number for assistance. If you have any questions about this notification of termination, please contact Jerri Jackson at 334-242-5630 or via e-mail at jerri.jackson@medicaid.alabama.gov.

#### AL - Submission Package - AL2022MS0001O - (AL-22-0007) - Eligibility

The state provides continuous eligibility for pregnant individuals and extended postpartum coverage in accordance with the following provisions:

#### A. Mandatory Continuous Eligibility for Pregnant Women

The state provides continuous eligibility to pregnant individuals who were eligible and enrolled under the state plan, without regard to any changes in income that otherwise would result in ineligibility, through the last day of the month in which a 60-day postpartum period (beginning on the last day of the pregnancy) ends. This extension does not apply to pregnant individuals eligible only during a period of presumptive eligibility.

#### B. Optional 12-Month Postpartum Continuous Eligibility for Pregnant Women

The state provides continuous eligibility to pregnant individuals who were eligible and enrolled under the state plan while pregnant (including during a period of retroactive eligibility) through the last day of the month in which a 12-month postpartum period (beginning on the last day of the pregnancy) ends. The 12-month postpartum continuous eligibility option applies for the period beginning on the effective date of this reviewable unit and is available through March 31, 2027 (or other date as specified by law).

Yes

🔵 No

- 1. This extension does not apply to pregnant individuals eligible only during a period of presumptive eligibility.
- 2. Full benefits are provided for a pregnant or postpartum individual under this option. This includes all items and services covered under the state plan (or waiver) that are not less in amount, duration, or scope than, or are determined by the Secretary to be substantially equivalent to, the medical assistance available for an individual described in subsection 1902 (a)(10)(A)(i) of the Act.
- 3. Continuous eligibility is provided to pregnant individuals eligible and enrolled under the state plan through the end of the 12-month postpartum period who would otherwise lose eligibility because of a change in circumstances, unless:
  - a. The individual requests voluntary termination of eligibility;
  - b. The individual ceases to be a resident of the state;
  - c. The Medicaid agency determines that eligibility was determined incorrectly at the most recent determination or redetermination of eligibility because of agency error or fraud, abuse or perjury attributed to the individual; or
  - d. The individual dies.
