Attachment B

HOSPITAL ADMITTING AGREEMENT

Primary Care Physician Group (Group) is required to establish and maintain hospital admitting privileges or have a formal arrangement with a hospitalist group or another physician or group for the management of inpatient hospital admissions that addresses the needs of all recipients. If a Group does not admit patients, then the Hospital Admitting Agreement must be submitted to the Agency to address this requirement for participation. If the Group has entered a formal arrangement for inpatient services, the Hospital Admitting Agreement must be completed by both parties, and the applicant must submit the original form with the Application for enrollment or within ten (10) days of when a change occurs regarding the Group's management of inpatient hospital admissions.

A formal arrangement is defined as a voluntary agreement between the Group and the agreeable physician/group. The agreeable party is committing, in writing, to admit and coordinate medical care for the recipient throughout the inpatient stay. Admitting privileges or the formal arrangement for inpatient hospital care must be maintained at a hospital that is within a forty-five (45) minute drive time from the Group's practice. If there is no hospital that meets the above geographical criteria, the hospital geographically closest to the Group's practice will be accepted.

Exception may be granted in cases where it is determined the benefits of a Group's participation outweigh the Group's inability to comply with this requirement.

To ensure a complete understanding between the Group and the agreeable physician/group, the Agency and the Alabama Coordinated Health Network (ACHN) Program have adopted the Hospital Admitting Agreement. This Agreement serves as a formal written agreement established between all parties and the required conditions are as follows:

1. The Group is privileged to refer recipient for hospital admission. The below named provider is agreeing to treat and administer the medical needs of these recipients while they are hospitalized.
2. The below named provider will arrange coverage for recipient's admissions during their vacations.
3. Either party may terminate this Agreement at any time by giving written thirty (30) days advance notice to the other party or by mutual agreement.
4. The Group will notify the ACHN Program (Medicaid), in writing, of any changes to or terminations of this Agreement.
5. The Group will provide the below named provider with the appropriate payment authorization number.

For recipients of Medicaid, birth to age twenty-one (21), the Early, Periodic Screening, Diagnosis and Treatment (EPSDT) examination is a comprehensive preventive service at an age appropriate recommended schedule. There are numerous components of the EPSDT and are listed and described in Appendix A of the Alabama Medicaid Provider Manual.

If the Group cannot or chooses not to perform the comprehensive EPSDT screenings, this Agreement allows the Group to contract with another Medicaid Screener (hereinafter known as Screener) serving the Group's area to perform the screenings for recipients in the birth to twenty-one (21) year age group.

2. Maintain, in the office, a copy of the EPSDT physical examination and immunization records as a part of the recipient's permanent record.
3. Monitor the information provided by the Screener to assure that children are receiving immunizations as scheduled and counsel recipients appropriately if found in noncompliance with well child visits or immunizations.
4. Review information provided by the Screener to coordinate any necessary treatment and/or follow up care with recipient as determined by the screening.
5. Immediately notify the Agency and the Agency's Fiscal Agent of any changes to this Agreement.

PRIMARY CARE PHYSICIAN GROUP
24/7 VOICE-TO-VOICE
COVERAGE AGREEMENT

Primary Care Physician Group (Group) must provide recipient with after-hours voice to voice coverage. It is essential that recipients and/or other providers are able to contact the Group to receive instructions for care or referrals at all times to ensure that care is provided in the most appropriate manner related to the recipient's condition. To satisfy the after-hours voice-to-voice coverage requirement, the Group must meet one of the following requirements:

2. The after-hours telephone number must connect the recipient to a live voice, answering service, or a medical practitioner on-call for the physician or Group. In the event that a recipient must leave a message or their call is handled by an answering service, the recipient must receive a call back, with instructions from the Group or Group's authorized medical practitioner, within one (1) hour of the initial contact.

A Group's office telephone line that is not answered after hours or answered after hours by a recorded message instructing recipients to call back during office hours or to go to the emergency department for care is **not acceptable**.

The after-hours coverage requirement will be monitored regularly. If during the monitoring process a provider is not meeting the requirements as stated above, the following will occur:

1. The Group will be contacted in writing and asked to submit within ten (10) business days of receipt of the letter, a corrective action plan (CAP) describing what steps will be taken to comply with the requirement(s).

2. The Group will receive a follow-up monitoring call within thirty (30) calendar days following submission of a CAP to determine implementation of the CAP and continuing compliance. If after the follow-up monitoring call, the Group is not maintaining compliance with the requirement, the Group will be notified in writing of the non-compliance status and will be placed on suspension from the ACHN until further notice. Suspension from participating with the ACHN will result in not receiving bonus payments and/or ACHN Participation Rates. Notification of the suspension status will be forwarded to the Agency's Chief Medical Officer.

3. If the Group fails to submit a CAP within the allotted time, the Group will be notified in writing of the non-compliance status with the Agreement and will be placed on suspension until further notice. The Group will be asked to submit a CAP within five (5) business of receipt of the letter.
