

Alabama Medicaid Agency

Long Term Care Division

PRIVATE DUTY NURSING

Target Group

Private duty nursing services in the home are covered for eligible recipients requiring continuous skilled nursing care. The services are available only for recipients under age 21 and prescribed as a result of an EPSDT screening referral. Private duty nursing services are covered for Medicaid recipients who have medical problems that require education of the primary caregiver and the stabilization of the recipient's medical problem or problems.

Age Requirement

Persons under age 21

Financial Eligibility

Recipients must meet financial requirements to qualify for Medicaid.

Covered Services

Skilled nursing services provided by a Registered Nurse or Licensed Practical Nurse
