

ACHN Questions and Answers - Updated 7/9/18

| | Issue | Question | Response |
|---|---------------|---|--|
| 1 | Participation | According to Medicaid's program briefing, PMPs will now have the choice as to if they participate in the Pivot Program instead of being required as a condition of Patient 1st provider enrollment. Accordingly, providers that choose not to participate in the Pivot Program will only receive the current Medicaid FFS. Please provide information including requirements for PMP enrollment with Medicaid since the existing Patient 1st contact will be invalid. | In addition to the regular Medicaid provider enrollment form, Primary Care Physicians will also be required to complete a PCP Enrollment form. This enrollment form is still under development and will be released closer to implementation of the program. A separate agreement will be required between the PCP and the ACHN entity in order to qualify for bonus payments. |
| 2 | Participation | If there is no impact on FQHCs and RHCs, can they still participate with ACHN? | Yes, there will be an opportunity for bonus payments to PCPs based on quality, cost effectiveness and Patient Centered Medical Home (PCMH) recognition if they contract with the ACHN Entity in their region. |
| 3 | Participation | We currently have two pediatric board-certified specialists (neurology and pulmonology) who are receiving the enhanced bump rate as they meet the requirements. Will they be able to participate in the ACHN Entity and continue to receive the bump rate? If they are participating, what measures would they have to meet to obtain incentive payments as they do not provide check-ups, immunizations or BMI measures? | Yes. All physicians who meet the current requirements to receive "bump" payments AND actively participate with the ACHN Entity will be eligible to receive the ACHN Participation Rate (which replaces the "Bump" rate). |
