**Error affecting 'PHP' claims and 'fee-for-service' claims**

EDS identified a problem which prevented inpatient days from counting against a recipient's inpatient benefit limits, when the services were provided in a Disproportionate Share Hospital, even if the recipient was greater than 6 years old at the time the services were rendered. The problem was corrected as of July 27, 2007. This error affected 'PHP' claims as well as 'fee-for-service' claims. Providers should expect to see these claims on a future EOB. The reprocessed claims can be identified by the ICN's which will begin with a Region Code '51'. Any questions should be addressed to your Provider Representative at 1-800-688-7989 or by e-mail to [shermeria.harvest@eds.com](mailto:shermeria.harvest@eds.com).
